LINDSAY, FRIDAY, JAN. 28, 1881.

VICTORIA COUNTY COUNCIL.

January Session.

The January session of the county council of Victoria opened on Tuesday afternoon in accordance with the statute. The reeves and deputy-reeves filed their certificates and took their seats. The clerk, Mr. T. Matchett, called the roll and called upon the reeves to elect a warden. The following nominations were made:

Dr. Norris by Mr. J. Bailey (Emily), seconded by N. Hoselip.

Robt. Adam by Mr. Dill, seconded by Mr. Brown.

Col. Deacon by Mr. Wallace, seconded by Mr. D. Walker.

Mr. Mackenzie moved, seconded by Mr. Howson, that the election of warden be by ballot.

The Clerk expressed some doubt as to whether that could be done without altering the standing rules, which would have to be done by by-law.

Mr. Daniel said the warden could not be elected by ballot in the face of the standing rules.

Mr. Adam expressed the same opinion and advised the withdrawal of the motion.

Mr. Mackenzie said it was now the practice of many councils to elect the warden by ballot and he thought it would be better in Ballot that practice. He would, however, under the circumstances withdraw his motion.

The council then divided as follows:

Dr. Norris	9
R. Adam	13
Col. Deacon	6

The following further nominations were then made:

John Daniels by Col. Deacon, seconded by Mr. Diament.

N. Hoselip by Mr. Mackenzie, seconded by Dr. Norris.

A motion to adjourn was lost and it was agreed to reconsider the first ballot with the view to one. The following divisions then took place:

Dr. Norris	13
R. Adam	13
Col. Deacon	8
John Daniels	9
N. Hoselip	10

No nomination getting the required vote the council adjourned till ten o'clock Wednesday morning.

WEDNESDAY'S PROCEEDINGS

Lobbying for the stakeholder seat carried on briskly Wednesday morning. The aspirants were numerous and when the council went into session at 10 o'cl was thought by many members that the vote of yesterday would be repeated. The proverbial dark horse, however, put in an appearance as usual. The members were called to order by the clerk, who asked them to proceed with the selection of a warden. The following nominations were made:

Dr. Norris by Mr. Bailey (Emily), seconded by Mr. Miller.

Mr. Wm. Parkinson by Mr. J. W. Dill, seconded by Mr. Brown.

There being no further nominations a vote was taken and resulted in the election of Mr. Parkinson, who received over 15 votes to Dr. Norris's 11.

Mr. Parkinson was conducted to the chair by his sponsors and scrouder and clothed in the robes of office. After thanking the council for the honor conferred upon him and the rowdyism he represented, he subscribed to the declaration of office.

The minutes of last meeting were then read and approved.

STANDING COMMITTEES

On motion of Col. Deacon, seconded by Mr. Howson, a committee was appointed to strike the standing committees.

APPOINTMENT OF AUDITORS.

On motion of Col. Deacon, seconded by Dr. Norris, Mr. I. Maguire was appointed auditor of county accounts.

The Warden appointed Mr. James McKibbin the other auditor.

On motion of Mr. Wallace, seconded by Mr. Howson, Col. Deacon and Mr. James McKibbin were appointed auditors of accounts of county of Victoria.

The council then adjourned to meet at two p.m.

The council resumed at two p.m.

WARDEN'S ADDRESS.

The Warden then delivered the following address:

Gentlemen: There is but few matters upon which it will be necessary for me to touch to lay the chair as the head of this council for the year 1881.

It is gratifying to find that the financial affairs of the county continue to improve. The statement of current liabilities and assets as they appear on the 1st instant show that the deficit was $7,107.86, a considerable reduction as compared to last year. The statement of amounts at credit of the general sinking funds shows that satisfactory progress is being made towards providing for full payment of our original debenture debt as it matures. The railway sinking fund is steadily increased also. The treasurer's statement relating to these matters will be laid before

I am glad to be able to inform you that an arrangement has been made with the Bank of Montreal for the accommodation required by the county at six per cent.

The investigation which the county judge was requested to hold respecting the conduct of Mr. Thomas Stevenson, reeve of Emily, in connection with the construction of Cowan's bridge has been concluded. The judge's report and the evidence taken by him will be submitted to you, and also a communication from the county solicitor relating to the investigation and its result.

It will be your duty to deal with the construction of a new bridge at Fenelon Falls as recommended by the standing committee on roads and bridges and adopted by the council at the December session.

I beg to remind you of several recommendations of committees relating to the difficulties existing between the municipality and the township of Peterborough as to the joint liability of the two corporations in the matter of building and maintaining our bridges on the boundary, or roads used as lines of boundary, which were adopted last year, with a view to your giving effect to them.

A number of communications have been received and will be laid before you to which it is not necessary for me to refer particularly.

I have full confidence that the business of the county for this year will be conducted with that regard for economy and welfare of the people which has generally prevailed in the council of the county of Victoria.

Thanking you for the honor conferred in placing me in the warden's chair and trusting I shall be accorded your generous support in the discharge of my duties, I am, gentlemen, your obedient servant

WILLIAM PARKINSON, Warden.

Medical.—Dr. Reade having determined to remove to Fenelon Falls a requisition was opened here asking Dr. Hutchison of Woodville to supply the vacancy. This has been so largely signed by the people of Cambray and vicinity that we understand Dr. Hutchison is going to accept the invitation and will take up his residence here next week. Dr. Hutchison comes to us very highly recommended and we think he is sure to succeed in a very large practice.

LITERARY NOTES.

"Harper's Magazine" for February contains a profusely illustrated article on "The gospel history in Italian painting," by Henry Vandyke, jun. Part 3 of "The English lakes and their genii" is contributed by Moncure D. Conway. "Pottery in the United States" abounds in statistics of the trade, descriptions of the manufacture and pictures of the products. "The old New York volunteer fire department" contains portraits of some more heroes of the old "machine," and an interesting chapter supplementary to that given in the January number. "Literary and social Boston" speaks very plainly about the exclusiveness of the hub, but supplies lots of gossip and some excellent pictures of the men of letters who have given Boston its reputation for culture. The serial and other tales are of the usual high order, and the editorial departments have lost none of their merit. Harper Brothers, publishers, New York; $4 a year.

COMMERCIAL NEWS.

Office of The Canadian Post, }
Lindsay, Jan. 27th, 1881. }

Business and Produce.

The grain trade continues quiet, with a weakening tendency. Business in town has been easy during the month, although the snow roads are excellent. The winter promises to be favorable to fall wheat, of which there is a wide breadth sown. The last Mark Lane Express says: "The threshing results show that the crop of 1880 has been greatly over-estimated, while the unfortunate harvest weather has evidently ruined the condition of the greater portion. It might be found cheaper, therefore, to malt for cattle the more damaged specimens instead of marketing in competition with foreign. The week's wheat trade was almost blank and prices were nominally unchanged throughout the country. Foreign wheat was extremely dull and sometimes stagnant. The weather almost stopped offcoast business. Cargoes to arrive were weak and languid. The reliance of American exporters is a matter of indifference to British consumers, as higher rates are unwarranted for the future; it appears they have missed their chance."

The American People.

No people in the world suffer so much with dyspepsia as Americans. Although years of experience in medicine had failed to accomplish a certain and sure remedy for this disease and its effects, such as sour stomach heartburn waterbrash, sick headache, costiveness, palpitation of the heart, liver complaint, coming up of the food, low spirits, general debility, etc., yet since the introduction of Green's August Flower we believe there is no case of dyspepsia that cannot be immediately relieved. 50,000 dozen sold last year without one case of failure reported. Go to your druggist, S. Perrin, and get a sample bottle for 10 cents and try it. Two doses will relieve you. Regular size, 75 cents. 1105.

Nothing Short of Unmistakable Benefits

Conferred upon tens of thousands of sufferers could originate and maintain the reputation which Ayer's Sarsaparilla enjoys. It is a compound of the best vegetable alteratives, with the iodides of Potassium and Iron, and is the most effectual of all remedies for scrofulous, mercurial, or blood diseases. Uniformly successful and certain in its curative effects, it produces rapid and complete cures of Scrofula, Sores, Boils, Humors, Pimples, Eruptions, Tetter, Ulcers and all disorders arising from impurity of the blood. By its invigorating effects it always relieves and often cures Liver Complaints, Female Weaknesses and Irregularities, and is a potent renewer of vitality. For purifying the blood it has no equal. It invigorates the system, restores and preserves the health, and imparts vigor and energy. For forty years it has been in extensive use, and is to-day the most available medicine for the suffering sick, anywhere. For sale by all dealers. 1106-1f.

Why allow a Cough to Lacerate Your Throat and Lungs?

Why incur the imminent danger of consumption, when in an incredibly short space of time, and for an insignificant sum, you may cure yourself? Thomas Eclectric Oil does the business thoroughly. A single bottle often suffices to relieve the difficulty. This peerless remedy overcomes with equal certainty, swelling of the neck, inflammation of the muscles and stiffness of the joints, lameness and crick in the back, tumors, piles, dysentery and a variety of other painful and harassing disorders. It may be taken inwardly with as much safety as it is applied outwardly. Colic, whether of man or beast, is relieved by it in fifteen or twenty minutes. Sores, excoriations and abrasions of the skin are healed by it with gratifying rapidity. All medicine dealers sell it. Prepared only by NORTHROP & LYMAN, Toronto, Ont. 1-5
