THE British American:

A MONTHLY MAGAZINE DEVOTED TO LITERATURE, SCIENCE AND ART.

Notwithstanding the repeated attempts which have been made in Canada to establish a Monthly Magazine devoted to Literature and Science, it is nevertheless apparent, that success has not been the reward of those who have engaged in the undertaking.

The Canadian Institute at Toronto, the Natural History Society of Montreal, the Literary and Historical Society of Quebec, aided by the Government grants they enjoy, regularly publish their proceedings, and thus occupy, to a greater or less extent, the several fields which form the special objects of their incorporation. But the public at large are still unsupplied with a periodical Magazine devoted to general Literature of Canadian origin and growth, and to Science divested of unattractive technicalities and adapted to the requirements of those who do not profess familiarity with its sterner details.

It is the design of the originators of the British American Magazine to occupy this vacant field, and endeavor to satisfy a want which is so generally felt to exist.

Each monthly issue will contain one hundred and twelve pages, of the same size as the English Monthlies, which will form at the close of the year two volumes containing 672 pages each.

The publishers hope to be able to commence their issue in April next, and from the success which has already attended their efforts to procure subscribers, they anticipate that they will be able to present the British American Magazine to the public with a subscription list amounting to 10,000 copies for the first number.

Terms $2 per annum, payable in advance.

WISTAR'S BALSAM

—OF—

WILD CHERRY

has been used for nearly

HALF A CENTURY,

with the most astonishing success in curing

Coughs, Colds, Hoarseness, Sore Throat, Influenza, Whooping Cough, Croup, Liver Complaint, Bronchitis, Difficulty of Breathing, Asthma, and every affection of

THE THROAT, LUNGS AND CHEST,

including even

CONSUMPTION.

There is scarcely one individual in the community who wholly escapes, during a season, from some one, however slightly developed, of the above symptoms—a neglect of which might lead to the last named and most to be dreaded disease in the whole catalogue. The power of the "medicinal gum" of the Wild Cherry Tree over this class of complaints is well known; so great is the good it has performed, and so great is the popularity it has acquired.

In this preparation, besides the virtues of the Cherry, there are commingled with it other ingredients of like value, thus increasing its value ten fold, and forming a Remedy whose power to soothe, to heal, to relieve, and to cure disease, exists in no other medicine yet discovered.

[Certificate from L. J. Racine, Esq., of the Minerva.]

Montreal, L.C., Oct. 20, 1858.

S. W. Fowle & Co., Boston,—

Gentlemen:—Having experienced the most gratifying results from the use of Dr. Wistar's Balsam of Wild Cherry, I am induced to express he great confidence which I have in its efficacy. For nine months I was cruelly afflicted with a severe and obstinate cough, accompanied with acute pain in the side, which did not leave me, summer or winter. In October the symptoms increased alarmingly, and so reduced was I that I could walk but a few steps without resting to recover from the pain and fatigue which so slight an exertion occasioned. At this juncture I commenced taking the Balsam, from which I found immediate relief, and after having used four bottles I was completely restored to health. I have also used the Balsam in my family and administered it to my children with the happiest results. I am sure that such Canadians as use the Balsam can but speak in its favor. It is a preparation which has only to be tried to be acknowledged as the remedy *par excellence.*

Your obedient servant, L. J. RACINE.

A CURE FOR WHOOPING COUGH.

St. Hyacinthe, C.E. Aug 21, 1856.

Messrs. Seth W. Fowle & Co.

Gentlemen:—Several months since a little daughter of mine, ten years of age, was taken with Whooping Cough in a very aggravated form, and nothing we could do for her seemed in any way to relieve her suffering. We at length decided to try a bottle of your Dr. Wistar's Balsam of Wild Cherry. In three hours after she had commenced using it, she was greatly relieved, and in less than three days was entirely cured, and is now well. I have since recommended the Balsam to many of my neighbors, who have used it, and in no case have I known it fail of affecting a speedy cure.

You are at liberty to make any use of the above you may think proper. If it shall induce anybody to use your Balsam I shall be glad, for I have great confidence in it.

Yours, P. GUITTE,
Proprietor of the "Courier de St. Hyacinthe."
