FRIDAY, DECEMBER 18, 1885.

BETHANY.

Special to The Warder

Now that the snow has come and the roads to again possable things are beginning to look a little more lively in our village.

Our merchants report business good and our grain buyers inform me that their shipments this fall exceed any previous season's.

In consequence of the low price of butter I understand there will be an effort made shortly to form a joint stock company to establish a creamery here of which I will give particulars again.

Our municipal council has completed the building of the side paths to the different churches, a boon which is appreciated by pedestrians, but which I fear will meet with the approval of the country ratepayers on account of the heavy liquidation day is quite loonable.

It is the opinion of the knowing ones that we will have a sharp contest this time and that some of the veterans will be forced to remain at home next year in order to make room for new blood.

We are pleased to know that our popular and efficient teacher, Mr. Preston, has been engaged for another year. As a teacher, Rob is hard to beat.

The enterprising firm of Preston Bros. is determined to maintain its reputation for stock raising, having during the past week purchased a very fine thorough-bred shorthorn bull of the Booth family noted alike for their deep milking and extraordinary beefing qualities.

Talk in the clubs lately has been entirely on the Riel question but of course the government is to be sustained and the man who says otherwise is considered to be laboring under a "Riel" delusion.

The Methodist Sunday school here intend having their annual Christmas tree and entertainment in the town hall on Christmas evening. The children are already preparing dialogues and recitations for the occasion.

Mrs. Preston, relict of the late Porter Preston and her daughter have moved from their home in the country to their new residence in this village. Miss Sarah Preston is going to give up teaching school at Christmas. She intends travelling for a few years for the good of her health.

The population of our village has received an increase. On Nov. 20th the wife of Mr Wm. Weslie of a son. As it is a first born son you may be sure there is great rejoicing on Weslie street.

Shingles have lately been laid from the main street to each of the three churches. It was a want that has long been felt by our village people.

Notwithstanding the flourishing..... Good sleighing yesterday but it is nearly all gone to-day.... Roads almost impassable.... Dr. C. Mr. Brereton is erecting a new office....Our skating rink has been pulled down, no skating for the young folks in Bethany this winter.....Mercuroscering in full breeze just now....Terpsichore in your last issue you nearly frightening some of your correspondents from ever writing again fearing they should be taken for a goose.

BALSAM LAKE.

Special to The Warder.

On the 4th inst., we had a heavy fall of snow sufficient to make good sleighing only for it drifting off the road in some places.

Sickness.—Mr. Jas. Haggarth, of this place, was seriously ill last week but under the treatment of Dr. Wood, of Kirkfield, he is now entirely recovered. Mr. Miles Haggarth is ill with a very sore face caused by a small cancer which he had removed by Dr. DeGrassi, of Lindsay. We hope he will soon be able to be out and that he will entirely recover from any further trouble on that account.

Returned from the Hunt.—The Cunningham brothers and D. McPhail returned from the north on the 4th inst., where they had been for a hunt. The game captured in bulk was 12 deer, 1 bear, 1 otter, 25 partridge and 1 woodcock. The game as killed by each party seperately. Duncan McPhail 4 deer, 1 bear and 11 partridge, John Cunningham 5 deer, 14 partridge and 1 Woodcock, J. F. Cunningham 3 deer and 1 otter. The hunt was conducted in that way known to hunters as still hunting and considering that there was very little snow and that being frozen after the heavy rain the boys think they did not do so bad for two weeks hunt.

L. O. L. 996 held their annual meeting on Tuesday, Dec. 8th. Bro. Thos. Austin, W. M. in the chair. The attendance was very good. After the annual report the election of officers took place, Bro. Thos. Austin, W. M. (re-elected); Bro. Wm. McIntosh, D. M.; Bro. Wm. McKewon, chap.; Bro. H. Deyman, Rec-Sec.; Bro. Wm. Deyman, Fin-Sec.; Bro. John Argue, Tres.; Bro. T. Roberts, Lect. After the election of officers the members of the lodge presented the Master with a small token of esteem accompanied by the following address:—

To Our Worthy Master and Bro. Thomas Austin.—The brethren of L. O. L. 996, have great pleasure in presenting you a token of regard and esteem, for your services, rendered this lodge in the past. That your efforts have succeeded in meeting general approbation, is known to the most casual member of the lodge, and in addition to the dignified position you have been elected as master of, L. O. L. 996. The moral and social condition of the lodge, as well as financial speaks well for the master that leads. That you may long be spared by the Great I AM to continue to discharge your many important duties in connection with the Orange Association with the same zeal which you have displayed in the past and may abundant success always attend you in your duties is the sincere desire of all the Brethren of this lodge. Signed on behalf of the Brethren of L. O. L. 996

BURY'S GREEN.

Special to The Warder.

Your correspondence from this part in future, judging from last week's issue will be rather poetical but unlike other poets our one has disowned his production. This is to be regretted as readers may give the honor to the wrong person which would be very unfair. We advise him to make arrangements to have them distributed in ply sheets with the paper so that they will be easily handled.

Missionary service which was held in St. Peter's church on Nov. 24th proved a great success. Rev. Dr. Smithett, of Omemee, was the speaker.

On the Lookout.—Farmers are on the lookout for higher prices for their grain and stuffs.

The main street of Bury's Green needs some repairs as it is dangerous to travel.

Last Warning.—Now boys we advise you to return Mr. D. Curtis's cutter which caused such fun on Hallowe'en night. If not we will be obliged to publish you.

Mr. B. Smith has a calf which refuses milk out of a pail but drinks it freely from a bottle all fall.

Scraps.—Good sleighing....Parties all the go....No poetry this week.

BALSOVER.

Special to The Warder.

The hotel in this place was burned to the ground last Wednesday. The driving shed and stable was saved. J. D. McRae and some others ran right in face of the extreme heat and threw on water, and did almost as well as a small fire engine. The fire scourge has done much to injure our village from time to time, two saw mills, two shingle mills, planing factory and woollen factory have al been swept away, and not rebuilt.

Our new miller, Mr. Fowler, is doing excellent work in the grist mill which he has rented from Mr. Stoback for a term. Mr. Horton, the former proprietor of the grist mill, has moved to Woodville.

The Presbyterian people here are overhauling their church. They hold their services in the Methodist church until their own is ready.

Our popular teacher, Mr. Conly, is leaving us to go to Brechin, to teach the Separate school. We are getting a young man from Egypt school in Thorah.

We have good sleighing, and it is making quite a stir here.....Our wagon maker is turning out some fine market sleighs.....Our nimrods are doing some good hunting this season. They find it is more profitable to still hunt than to run with dogs. The snow storm drove them home for a few days, but they are determined to try it again.....Mr. Editor, could you send us a recipe to keep young boys out of mischief these long evenings; by doing so you would confer a favor on our village.

Catarrh—A New Treatment

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissue, Mr. Dixon at once adapted his cure to their extermination this accomplished, he claims the Catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure Catarrh in this manner, and no other treatment has ever cured Catarrh. The application of the remedy is simple, and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 305 King street west, Toronto, Canada, and enclose stamp for their treatise on Catarrh.—*Montreal Star* Nov. 17 1885.—52-1y.

BRICK AND TILE

FOR THE MILLION.

LINDSAY BRICK & TILE WORKS

are now in full blast and turning out Brick at the rate of from ten to twelve thousand per day, and we intend to make that amount as soon as we can get more dry sheds erected. We are getting a tile machine that will turn out from 15 to 20 thousand tile per day. We intend to keep the market fully supplied with Brick and Tile in the future. The works are only about fifty rods from the Lindsay station, and will be connected with the R. R. by a short switch, so that we can load direct from the sheds, save the expence of teaming to those wanting Brick or Tile by rail.
