Death.—We regret to announce the death of Mrs. Ellen Selena Morton, wife of Mr. T. H. Morton, postmaster, Little Britain, at the early age of 37 years. Consumption that fell destroyer, from which there is rarely a case recovery, was the cause of death. We extend to Mr. Morton our sympathies on his bereavement.

Dr. Coulter Remains in Lindsay.—Dr. Coulter has taken into partnership Dr. J. Simpson, late physician to the Rockwood Asylum, Kingston. Dr. Simpson has been in practice for ten years, and has already made many friends in town. We congratulate Dr. Coulter on getting such a good partner, and wish the new firm success.

Dr. Simpson, son of the late Hon. John Simpson of Bowmanville, has formed a partnership for the practice of his profession, with Dr. Coulter of this town. Dr. Simpson is a graduate of the university of Trinity college, Toronto, member of the college of physicians and surgeons of Ontario, and late physicus of Rockwood asylum, Kingston.

The Rifles.—At the weekly competition on Friday of the rifle association, the following scores were made in the spoon competion: 1st Class—1, R. H. Sylvester, 68; 2 Dr. Kenny, 63. 2nd Class—1, Dr. Kenny, 63; 2, D. Sinclair 58. Dr. Kenny it will be seen by the above score, althoug in the second class, took second place in the first class.

A Dangerous Spot.—On the vacant lot, corner of Russell street and Victoria Avenue, there is an open well with about eight feet of water in it. As the lot is not enclosed, and people "cut the corner" and walk across, close to the well, it is very dangerous both to the pedestrians and children playing. The town authorities should do something about it.

Baseball Challenge.—The Warder received the following communication yesterday:—"Toronto, June 11th, 1890. Would you insert in your paper that the Diamond base ball club of Toronto, (of the Toronto Amateur League,) would like to arrange a game with the local club for Dominion Day. Address, A. C. Winterbury, secretary Diamond base ball club, Toronto."

Gas Vitalized Air.—Mr. Neelands is using the very latest improved inhalers for administering gas. He has given gas continuously for 23 years to thousands of persons without a particle of pain in extracting teeth. By the use of his new hydro carbon gas furnace he inserts real porcelain fillings in teeth, and inserts beautiful teeth on roots, giving splendid satisfaction and defying detection.—32-3.

Capt. Ball of Cartwright with his steamer "Express," for two Saturdays has brought upwards of thirty passengers to Lindsay, and each day upwards of $200 have been left in Lindsay. This is a very important item for the town, for a beginning. The worthy captain wishes a wharf at the prolongation of Kent street so that an easy landing may be effected. Will the council kindly consider the matter?

Military Church Parade.—On Sunday evening next, 15th inst., members of the companies commanded by Captains Hunter, Wallace, Evans and Holtorf; and Lieuts. Thornton, Williamson, Graham, Baker, Macdougall; with the battalion staff officers, Col. Deacon, Major Hughes, Capt. Hopkins, and others will attend divine service at St. Andrew's presbyterian church, when Rev. R. Johnston will preach.

All citizens of Lindsay who take an interest in base ball, take notice that a meeting will be held this Friday evening, sure, in the parlor of the Royal hotel, to organize and arrange to run a team in this town on systematic principles and arrange for a dozen or more matches during the summer. As there is the best of material for a good base-ball team in this town all those interested should attend.

Joseph Thompson, Esq., aged 68 years, the worthy reeve of Dalton, has challenged the four crack shots of the Victoria County Rifle association to a match, 200, 400, 500, and 600 yards. Joe will make up a team of himself, his "boys," and the Adams boys, and other crack shots in Dalton. We admit defeat to Lindsay, for we know what the north country lads can do. What we want is to have them with us as members. They would soon work their way to Wimbleton.

Base Ball.—The Young Canadian's base ball club played the Cambray Juniors of that place on Saturday, June 7th. After a hotly contested game, the result was a victory for Cambray with a score of 9 to 7, in nine innings. The boys wish to express their thanks to Mrs. Feir, for her kindness, both by giving them their dinner and not allowing them to leave without their tea. The return match is to be played on the Agricultural grounds on Saturday 14th, weather permitting. J. Sanders, sec., J. Williams, captain.

Calisthenics and Drill Exhibition.—The exhibition under the auspices of the Collegiate Institute of calisthenics and drill exercise in the skating rink this evening, promises to be a success, as anything Mr. Hardy takes in hand to do invariably is. The exhibition will consist of calisthenics drill, club swinging, bayonet drill, dumb bell drill, fancy marching, club swinging and calisthenics drill. The band will be in attendance. Doors open at 7.30, entertainment begins at 8 o'clock. Don't fail to see this exhibition, principally by the young ladies of the institute, as all of the foregoing except the bayonet drill will be by them.

Maple Grove Stock Farm.—On Tuesday, 27th May last, at about five o'clock in the afternoon, the extensive out-buildings and stables furnishing accommodation for 50 head of horses and horned cattle on Maple Grove stock farm, Ops, the property of Mr. Thomas Adam of Lindsay were observed to be on fire, and within one hour nothing remained but a heap of smouldering ruins. Mr. Adam on the morning in question had just taken from the premises fifty head of stockers and grazers to his splendid Talbot river ranche, north of Bolsover, and on that evening was seated enjoying the hospitalities of Mr. Thomas Rear, who lives a little south-east of Woodville, at the very hour when his property was being consumed. Had this fire not occurred till some two or three hours later, Mr. Adam's loss though very large, would no doubt have been very much more serious, as over $3000 worth of horses and colts some thirty in all, in addition to three fat cattle would have been tied up in their comfortable quarters. Happily, the more than probability of a huge holocaust was thus prevented. The insurance carried by Mr. Adam on the six buildings destroyed was $1200 on buildings and $1300 on farm produce in the Western, represented by Mr. J. B. Knowlson; in his former policy with the same company he carried $1800 on live stock and $400 on farming implements which were not renewed. There were destroyed over 1000 bushels of barley and oats, in addition to the product of twelve acres of stoke unthreshed, a large stack of hay and about $600 worth of farming implements, on which the war by an oversight or misunderstanding in the application under the heading of ordinary contents no insurance, the whole sum of $1300 being applied on farm produce. Mr. Adam estimates his loss over and above insurance of more than one thousand dollars. The inspector for the company, Mr. Hoe, an old Irish gentleman was here on Tuesday, 10th inst., and adjusted the losses satisfactorily, expressing himself well pleased with the claims set up and the values attached by Mr. Adam being well within the mark, and as the whole very remarkable Phœnix-like Mr. Adam will rebuild on Maple Grove stock farm larger and more commodious buildings than before. As to the cause of the fire that remains a mystery.

A marriage license for $1.00 at Porter's book store.—2-tf.

The Rifle League. The Lindsay team of the Rifle League, will commence the third week's shooting today at 1.30 sharp.

County Council.—The county council is in session this week. A report of the proceedings, owing to a pressure on our columns in this issue, has been laid over to next week.

Dog Lost.—On Wednesday evening, strayed from a carriage on the road between Lindsay and Oakwood, a Skye terrier. Any information concerning it will be thankfully received at Mr. Hamilton's carriage shops.

Brevities.

Military parade at Cameron this Friday evening.

Hellebore insect power. Paris green, pure. Perrin's.—32-3.

Mr. Robert Free of Campbellford, has been visiting friends in this district.

Congratulations to Master Deacon on passing his final examination for druggist.

Mr. John McCracken one of Dalrymple's honored citizens visited Lindsay this week.

Drs. Coulter & Simpson have entered into partnership. See their card in another column.

The collegiate institute excursion on Saturday last, to Washburn Island, was a grand success.

The baptist church is having the spire newly trimmed. It will present a handsome appearance.

Parents and all interested are invited to attend the examination in music and vocal culture in the public schools next week.

We are requested to state that the report circulated last week that Dr. Coulter was going away for some time had no foundation in fact.

Mr. Stanley Smyth, son of R. Smyth, Mayor of Lindsay, left on Tuesday last for La Crosse, Wis., where he enters into a business situation.

Rev. W. Logan of Fenelon Falls, and J. H. Delamere of Minden went to Toronto on Monday last, to attend the Synod of the church of England.

Why allow your life to be made miserable by buzzing insects, when Wilson's Fly Pads will annihilate them and give you peace? Try them. Sold by all druggists.—33-4.

All who want to improve their understandings should call at once on Bryans & Co. and see the stock of boots and shoes that the new firm offers at unprecedentedly low prices for cash.

Mrs. Thomas of Hamilton township, near Port Hope, mother of Mrs. Burton of Lorneville, was buried on Tuesday last. Deceased was one of the most respected of the many old residents of the district.

Michael Thorndyke, Esq., of Oakwood is erecting a fine new barn with stone stabling and foundation. Mr. William White of Mariposa is doing the masonry, and Mr. Thos. Wallis the carpenter work.

The Post office authorities seem very careless about the delivery of papers, Norland Warders for some weeks have been late. They should never be later than Saturday. There is a screw loose somewhere.

Mrs. Day, one of the most respected ladies of north Victoria, and among the oldest settlers on the beautiful shores of Dalrymple or Mud lake in Carden, is enjoying a visit with her daughter, Mrs. A. W. Lee, in town.

Mr. Geo. Jarrett, reeve of Carden, recently captured a large bear. The animal had been destroying sheep, so Mr. Jarrett set a trap and caught master Bruin. A charge of buckshot settled him. The hide was sold for nine dollars.

Mr. E. Veitch was in Toronto last Friday, and came down on the same train as brought the grits Tait, Preston and Arthur Mowat. The boys went down to meet Veitch; but the old man was disgusted with the rest of the company.

Mr. R. Bryans, formerly lumber merchant, is the manager of the business for the new firm of Bryans & Co., who have opened out this week with a large and varied assortment of boots and shoes. See the advt. of the new firm in another column.

Don't forget to attend the excursion to Washburn's Island, on Friday, June 20th., under the auspices of the methodist church Sunday school, Duneford. Tickets 25 cts. Children 15 cts. Boat leaves Bobcaygeon at 6 a.m., and Lindsay at 9 a.m. For intervening points see posters.

To see a good game of base ball, go to Salem, Mariposa, on Monday next, 16th inst., where the Lindsay, Cannington and Salem clubs will compete for a purse of $10. The Salem Sunday school anniversary will be held the same day, so don't fail to attend and take in both. [We regret to see base-ball clubs competing for money. It looks and is professional. Why not compete for a prize of gloves, masks, pads, etc.? Ed. Warder.]

A child may be suffocated by a bad attack of Croup. Wilson's Wild Cherry gives immediate relief and quickly cures Croup, Whooping Cough, Cold in the Head, Bronchitis and similar diseases. Get a bottle and keep it in the house, it may save your child's life as it has done in many cases. It is so pleasant that children take it like syrup. For Coughs and Colds in adults it has no equal. Get the genuine in white wrappers.—33-4.

Two priests in Lindsay went around among those they could influence on election day and saw that they went to the polls. One loyal "Canadian" catholic refused to vote grit, so did not enter the booth at all. The priestly influence might prevent his voting; but it could not make him cast a grit ballot. The example of the independent priest who refused to meddle with his people should be followed by the Lindsay fellows.

Congratulations to Mr. Will F. McCarty and his bride, nee Miss Mary A. Foster on their marriage. The ceremony was performed by Rev. Robert Johnston, of Lindsay, last Wednesday, 4th June, at the residence of Mr. James Patterson, brother-in-law of the bride. Miss Eva McCarty was bridesmaid and Mr. W. A. Atchison groomsman. The young couple enjoyed a trip to Toronto and other western parts, and have returned home to the stern realities of life.

Messrs. Alex. Thorburn and W. McCracken of Sonya were in town on Tuesday last on business. Mr. McCracken reports that Mr. Ronald Macdonald, with himself as chief manager, has opened a store on the Mariposa side in Sonya. Thus with a splendid store such as Mr. Varcoe has and such a genial fellow as he is, coupled with the new store and its proprietors, Sonya will become a more lively business centre. A railway siding and grain buyers will come next.

One great victory achieved by American women more than by American men, in some respects, has just received the seal of approval from the Supreme Court of the United States, which has affirmed the right of the Government to confiscate the property of the Mormon Church. It was, above all things, the cause of right of American women that inspired the fight against the Mormons, which is now ending in victory. They realized that the sanctity of the family was at stake above all things, and on this ground the contest was maintained with unremitting perseverance. Had it been an affair for men alone, politics would doubtless have entered into the question and the result would certainly have been much longer delayed. Not only have women inspired the war, but several women have taken an active part in it on the lecture platform and elsewhere.—The Illustrated American.
