HUMANE SOCIETY HOLDS TAG DAY ON SATURDAY

The third annual tag day of the Lincoln County Humane Society in Grimsby and Grimsby Beach will be held on Saturday, the 27th, with Mrs. Robert Glaessner, Miss Florence Brown and others interested in the cause of dumb creatures in charge.

The object of the S.P.C.A., the world over, is to prevent cruelty and the first step to this is, humane education. It is to prevent cruelty and to further humane education as well as the general running expenses of keeping the ambulance on the roads of Lincoln County, investigating reports of cruelty, of finding homes for unwanted dogs, cats and other animals, rather than allowing them to be turned loose to forage for themselves or starve, that your generous contribution is asked on Saturday.

Remember the Humane Society is a public service, maintained mainly by the generousity of the people. So don't pass the taggers, who are so generously giving their time.

More than 11,000 warm air furnaces were manufactured in Canada during the first quarter of 1947.

Vinemount News

Friends and neighbours of Mr. Sam King, a native of Tweedside, but now residing in Hamilton, held a community shower in the Vinemount women's Institute hall Friday night, in honour of his approaching marriage to Miss Helen Beach, Hamilton. Weding September 27th. A program consisted of solos, duets, violin, etc., by the following. William and Dave Kernahan, twin brothers; Frank Start, Mrs. E. Miller and Mrs. E. Nichols, accompanist. The young people received many lovely gifts. Mr. James Stewart was chairman. The rest of the evening was spent dancing. Refreshments were served.

The Vinemount Women's Institute held its fall meeting in the W.I. hall, with the president, Mrs. G. A. Gliddon, presiding. The secretary-treasurer, Miss Anne Johnston, gave a fine report on the several activities in the hall during the summer months. The meeting was primarily a business meeting, making plans for the winter's work. It was unanimously decided to sponsor the Teen-age canteen again this year with other activities under consideration. The president gave a report of the S. W. W. I. executive meeting held last Saturday in the Agricultural Office, Hamilton.

WE CLOSE AT 6 O'CLOCK SATURDAYS

(By PEG 'N LYNN)

The melodious strains of Star Dust, our theme song, once again floated through the halls last Friday night. At approximately 9 o'clock the high school's first dance got under way. The fun had started at 8 o'clock when second form went to work on the innocent grade niners. They were really put through their paces.

The fun had begun that morning when the freshmen arrived at school. Each one was required to carry a six quart basket. Eleven quarts and a bushel basket were assigned to the new teachers and Mr. Awde respectively. The girls had to wear ties, odd shoes and socks, and could not wear makeup, or anything in their hair. The boys were required to wear their ties backwards and their trouser legs rolled up and odd shoes and socks. At the party the first stunt consisted of five girls "making up five boys." Then eight boys dressed up in old clothes. Then in old pirate tradition the first formers were made to walk the plank.

The teachers did not escape the fun (?) either. They were paraded up to the stage, the ladies with ties on; the men with their trousers rolled up and ties backwards. There they had kerchiefs put on their heads and were commanded to eat what ever they were handed. Various things appeared from a cob of corn to a stalk of celery. A race was called next. Each teacher was given a cracker to eat. When finished he or she was to whistle Jingle Bells. The winner was Mrs. Johnston. Mr. Sneider arrived late and had to be initiated by himself later in the evening.

A surprisingly good crowd turned out for the first dance. We hope this attendance will continue. At 10.30 a lunch of sandwiches, cookies and chocolate milk was served. Dancing continued until 11.30. Good-byes were said to our last year's fifth formers, who have now left for University, and also to Lewis Jones and Don McAlonen, both of whom have joined the Air Force. The two boys will be leaving sometime in the future. From what we hear a good time was had by all.

"FIT AND FAIR" or "How to be glamourous in three easy lessons."

Miss Anne Delafield, founder of the Dubarry Success Course, visited our school this week through the medium of our movie projector. She gave three rules for beauty; the first and most important being —good posture, secondly—the proper food and sleep and thirdly—the art of applying make-up and its proper use. We are sure all the girls found this film to be interesting and instructive.

TEACHERS OF THE WEEK

Mr. A. M. Piper

Mr. Piper comes to us from Wingham High School. He is a graduate of Varsity, majoring in Latin and French. Mr. Piper heard the call of the "practical side of life" however, and teaches Grade 9 English and 10-13 Commercial. We like our town very much.

Mr. Saunders

Mr. Saunders graduated from Ontario Agricultural College in 1941, then entered the Army. After his discharge he attended Ontario College of Education to become a science teacher. His classes are Grade 9-10-11 Agricultural Science and 9-10 Department of Agriculture.

His hobbies are baby Philip and no doubt his new home and garden on Oak street.

SMALL TALK

It was a bright shiny Sunday afternoon—the perfect day for a family walking party, papa tomato decided. Little baby tomato wanted to listen to the radio, but his father said, "You're coming!" Once they got going, the baby kept lagging behind, till his father lost his temper. He walked back to the little tomato stepped on him and claimed, "Catsup."

And—

Have you heard about the Kentucky cow which ate blue grass and mooed indigo?

An old-timer is the one who can recall when it was popular for a fellow to have a gold tooth in front of his mouth.

TIME CHANGE

Town Clerk Geoffrey G. Bourne draws the attention of the citizens to the fact that there will be a change of time in Grimsby on Sunday when this municipality with all other municipalities in Ontario go back on Standard Time.

Set your clock back one hour before going to bed on Saturday night as Grimsby goes off Daylight Time at two a.m. Sunday morning.

There will also be a change in timetable on the C.N.R. on Sunday so you had better communicate with "Lindy" and see what the new train times are. That is better than missing a train and then blaming the railroad.

Lions Club

The Autumn Advisory Meeting of Zone 5 District A2 Lions International was held Tuesday evening in the Village Inn. Representatives were present from Beamsville, Chippawa, Dunnville, Grimsby, Fonthill, Fort Erie, Merritton, Niagara Falls, Niagara-on-the-Lake, Ridgeway, St. Catharines, Port Colborne and Welland Lions Clubs.

Addresses were given by District Governor William Phipps of Paris, District Secretary Bruce Malcolm of Toronto, and International Counsellor Lou Whittaker of Welland. Past Deputy District Governor George Smith of Port Colborne, showed a number of coloured films of the International Convention in San Francisco. Deputy District Governor P. V. Smith presided at the meeting. Plans were made for the year's activities in Lions work for Zone 5. All delegates were loud in their praise of the hospitality of the Village Inn.

Wolf Cub Pack

Due to weather conditions, the outdoor exercise planned for last week was postponed and an indoor games night was held.

John Brooks was presented with his second service star, Don Geis his third and Murray Shaw his first.

Bean Bag bowling was won by the Blue and Green Sixes.

The Knot tying relay was slowed up considerably by the Tenderpads getting tied up in their own knots.

The Four Sixes of A Pack gave skits at the camp-fire while B Pack put on a new Jungle Dance, Tabaqui, the Jackal.

A new song of Tenderpad Tim was sung around the Red Flower.

Plans are nearly ready for the Jamboree at Beamsville and instructions will be given out this Friday.

Boy Scouts

1st Grimsby (Lions) Troop

The Jamboree is on next Tuesday and Wednesday. There are three items of interest to those interested in the work and training of Scouts and Cubs, the "Council Fire" on Tuesday at 7.30 p.m., the March Past and Grand Howl" by the Cubs at 1.30 p.m.; and "Jungle Dances" by the Cubs at 3 p.m.

At last Monday's Troop meeting there was a considerable amount of studying by the recruits to learn their tenderfoot tests. Ronald Wicharuk and Albert Mitchell passed their tests and with others will be invested on Monday.

"Apple Day" will be October 18. Scouts keep this day open for an united effort to help build up the Group and Troop Funds.

Troop Orders

Next regular meeting at High School on Monday, Sept. 29th, at 7 p.m.

Dress: Full uniform. Investiture of scouts as tenderfoot. Rehearsal for Jamboree.

The collection of coloured comics should be carried on by all Scouts.

Details and time table will be given and at next meeting for Scouts attending the Jamboree. Leave Grimsby 2 p.m. The following equipment to be taken. Full uniform, leather shoes, warm underclothing, pack or sack, plate or mess tin, knife, fork, spoon, cup, sugar, towel, soap, toothbrush, hairbrush, flash light, pencil and note book, blankets (3 suggested) waterproof.

PLAYERS' GUILD

The Grimsby Players' Guild is reorganizing for the 1947-48 season. The reorganization meeting will be held in the Parish Hall, Grimsby, on Monday, September 29th, at 8 p.m. Anyone who is interested in the field of dramatics is welcome to attend the meeting and become a regular member of the Guild.

September 18th—To Morley and Mrs. Ortt, Caistor Centre, a daughter.

• • •

September 19th—To Norman and Mrs. Lunt, R.R. No. 1, Grimsby, a son.

• • •

September 23rd—To Allan and Mrs. Purdy, Beamsville, a son.

• • •

September 24th—To Michael and Mrs. Pasowysty, R.R. No. 2, Grimsby, a daughter.

Obituary

JOHN FANNING KERBY

Interment of the ashes of John Fanning Kerby, father of Mrs. Harriet Kerby Cushing of Philadelphia, took place in St. Andrew's churchyard following Sunday morning's service with Rev. E. A. Brooks, officiating. Mr. Kerby's mother, prior to her marirage, was Miss Harriet Nelles, of Grimsby.

MRS. WILLIAM BLAND

Ill for some time, Mrs. William Bland, 95 Lake Avenue, Stoney Creek, the former Florence Eliza Chiswell, died Sunday at her residence.

Born in Devonshire, 79 years ago, she had been a resident of Stoney Creek for the last 33 years.

She was a member of the Anglican Church in Stoney Creek.

Besides her husband William Bland, she is survived by a son, W. E. Bland, of Stoney Creek; and two daughters, Mrs. Dorothy Hughes, of Stoney Creek, and Mrs. Leonard Eames, of Hamilton, and Grimsby Beach.

Funeral services were held on Tuesday afternoon, with interment in Stoney Creek cemetery.

JAMES DUFF

James Duff, of Glanford Station, clerk of Binbrook Township and former member of the township council, died Friday afternoon at St. Joseph's Hospital.

Born in Binbrook Township 66 years ago, he had been a lifelong resident and farmer of that district.

He was a member of Knox Presbyterian Church, Binbrook.

His wife predeceased him 10 years ago, and a son, Harley, was killed in Italy.

Surviving are three sons, John, Harold and Edwin; three daughters, Miss Helen Duff, and Mrs. Norman Parson of Hamilton, and Mrs. Garfield Young, of Binbrook; 17 grandchildren; and a sister, Mrs. Roy Wilson of Waterford.

The remains rested at the Cotteral Funeral Home, Mount Hamilton, where services were conducted on Monday afternoon with interment being made in Knox Presbyterian cemetery, Binbrook.

Casket bearers were: Niram R. Fletcher, Ralph DeGrow, Louis Laidman, Stanley Laidman, Jack Woodward and James Beaty.

GET YOUR COMICS READY FOR SCOUTS

Just to remind our citizens that the Boy Scouts will be calling on them for the coloured comic section of the weekly newspapers and Coloured Comic books, Tarzan, etc. Please save them in good condition as they are to be sent to England and the collection will assist the Scout Troop. When the drive is finally organized the Scouts will call about every two or three weeks.

PERMIT IS NEEDED

Crown Attorney E. H. Lancaster, K.C., states that there must be a special permit issued whenever any alcoholic beverages are consumed at any private picnic or other affair. The case which prompted the advice was one where Mike Garkovitch and Joseph Vanecko were charged with having liquor in an unlawful place, a picnic in North Grimsby township, where the accused were in charge of the liquid refreshments. The pair, represented by P. K. Kerwin were fined $50 and costs.

TOOTH-BRUSH TYPES

Not everyone needs the same type of toothbrush. Only a dentist can advise one on particular requirements. Some people need only the regular use of the small, standard-size brush Others should use a specially-shaped brush with a certain type of bristle. Still others need to use dental floss to clean between the teeth.

OLDEST AIR TRAVELLER

FLIES AT 101 — Mrs. Clara Eddelstone, of 5129 HarperAvenue, Chicago, 101 years old, who claims the title of World's Oldest Airl'assenger, thinks she might like to be an airliner stewardess if she were "just a fw years younger" She is shown here trying on the hat of Trans-Canada AirLines Stewardess Isabel Oliver, just before taking off from the Municipal Aport, Chicago for Montreal. Mrs. Eddelstone made the trip to attend a reception for one great-granddaughter and the wedding of another, and to await he expected birth of a great-great-grandchild.

"FIRE DEMON" IN YEAR CLAIMS 408 VICTIMS

Ounce Of Prevention Worth Ton Of Water Is Best Remedy, Says Dominion Commissioner.

"The fire demon in Canada continues relentlessly to destroy human life and property," states W. L. Clairmont, Dominion Fire Commissioner, in a message to the Industrial Accident Prevention Associations.

He points out that last year 408 lives were lost through fire, and property damage amounted to more than $49,000,000. In industry alone the property loss was nearly $11,500,000.

Urging the co-operation of industry during "Fire Prevention Week" (October 5th-11th), Mr. Clairmont lists these fire dangers:

1. Poor housekeeping.
2. Electrical hazards: It is claimed that 20 per cent. of fires in industrial plants are of electrical origin.
3. Smoking: Smokers' thoughtlessness is the cause of 9 per cent. of fires in industry.
4. Hot bearings due to improper lubrication.
5. Handling of volatile liquid: Volatile liquids play an important part in manufacturing processes. Every employee handling them should understand their hazardous characteristics.

Mr. Clairmont adds: "We say 'an ounce of prevention is worth a pound of cure.' In the fire prevention field we say 'an ounce of prevention is worth a ton of water."

LOVE SECRET OF NURSE ANIMATES SISTER KENNY

A touching romance extending through the years, but doomed to defeat, is told in RKO Radio's biographical film, "Sister Kenny," authentic story of the Australian bush nurse who developed a new treatment for infantile paralysis. Rosalind Russell and Alexander Knox co-star, and Dean Jagger is top featured.

It is not generally known that Elizabeth Kennyfell in love as a young girl with Kevin Connors, (Dean Jagger) an Australian Army officer. Thir romance lasted all through their lives and many times the wedding date was fixed, and each time pstponed owing to Nurse Kenny's iterest in the cause to which she has dedicated her life. A professional ning barred nurses from marrying unless they left their profession.

"Sister Kenny" laid great store by her love, and he whole life was a struggle betwen love and duty, but duty always won. Kevin Connors died just about the time the picture went ino production, still faithful to his love. The role of Connors in the picure was personally approved by Sister Kenny herself.

"Sister Kenny" is rated a memorable picture, for the performances of Miss Russell in the title role and Knox as her staunch friend who helps her fight her battle for recognition. Dudley Nichols produced and directed.

This fine picture will be showing at the Roxy on Monday and Tuesday of next week.

TREMBLING ASPEN

Have you ever heard of the tree that fans itself? No? There is such a tree. It grows in warm dry places, usually. Trees breathe through the surface of their green leaves, and without air and sunlight they would, of course, soon die.

The tiny leaves of the aspen tree are able to get more air by trembling, just as you get more air and feel cooler when you fan yourself or sit in front of an electric fan or in a place where cool breezes can reach you. The aspen leaves hang on their stems so lightly and easily that the slightest current of air moves them, and this motion in turn brings them more air to breathe.
