THE HOLIDAYS OVER

Now Buckle Down to Work and Study.

Most people have now got back from their summer vacations. The men must settle down to work again and the boys go back to school. Let no one lament the time spent in taking a holiday once a year. The relaxation given to aid exhausted nature is money well earned and saved. You return to quickly overtake and pass the man who has remained at his desk at the sacrifice of health and strength.

Our Bodies Wear Out too Quickly and so do our CLOTHES.

While you have been trying to save health and strength, the wear and tear of CLOTHING has gone on worse than before, and now you discover how seedy-looking and faded your outfit has become. No beating about the bush—
