WIARTON WILLIE WELCOMES
Jennifer Valentyne

from

BT on **Citytv**

Jennifer started her career in 1987 at Citytv as a weekend intern while attending school and performing as a cheerleader for the Toronto Argonauts...

She was hired full-time as a graphics operator for MuchMusic, and created on-air promos for both MuchMusic and Citytv. You may remember her as the Citytv Prize Queen. She was 'discovered' when singing at a staff party and was hired as the "Singing Weathergirl" on "BT-BreakfastTelevision."

Jennifer travels each morning to locations around and beyond the Greater Toronto Area with LiveEye, giving viewers a first hand account of events in and around our city. On any given day Jennifer can be found doing anything from the flying trapeze at Circus School, milking a goat at the Winter Fair, building a house with Habitat for Humanity, Repelling down a building in support of Easter Seals or jumping in Lake Ontario on for the Polar Bear Dip in support of World Vision.

Jennifer presents celebrations every morning on "BT," announcing peoples' birthdays, anniversaries, engagements and graduations.

Join Jenn and Breakfast Television ***LIVE*** at Bluewater Park on Tuesday, February 2nd, 2010 from 6-9am for Willies Prediction
