FROM EARTH ON MARS

Last week Mr L. Chapman found the remains of a plastic balloon with a battery and small bulb tied to it with a cord, near his barn, on Lot 3, Conc. 1, Leitch township.

The white balloon had substantially disintegrated, and the battery was dated 1953. However, the battery with cotton batting wrapped around it, the bulb and cord were in excellent condition, and could scarcely have been where they were found for very long.

The articles were so clearly of terrestrial manufacture that Mr Chapman is not looking for any little men from Mars, but he would be interested in knowing where the flight was from.

Members of the Women's Association met at the home of Mrs W. Hennessy last Wednesday evening. Mrs A. F. Dodds led the devotional period on "Good Housewives." The roll call was answered by "Words of cheer for the day". Mrs Dodds took the quilt top and back of same to the meeting and Mrs H. Trumbull took it home to be quilted there. Arrangements were made for a Spring sale to be held May 16, owing to an unforseen meeting on May 9 which a couple of members might wish to attend. It was reported that our Sunday School is being fairly well attended and the matter of sending girls to camp is being studied. As the Presbytery Woman's Association is meeting April 30th in Ansonville United Church a delegate was appointed and plans were made to attend this meeting. Mrs Hennessy served lunch after the meeting closed.

A nice party was held at the home of Mr and Mrs F. W. Knight Saturday evening. All enjoyed watching the game of hockey in which the Canadiens captured the Stanley cup, but also a few games of "500" as well. Winners were Mrs B. Dodds and John E. Thompson.

Messrs Vernon and Clayne Trumbull and Gordon Knight left Thursday morning for Toronto, arriving back Saturday night with a new truck and other supplies.

The directors and conveners of the Clute W.I. met Friday evening to plan for the year's programme. The May meeting is being held May 1 at Mrs G. Knight's home and agriculture will be the subject of study. The programs will be mimeographed and distributed among the women of the community.
