CHANGED HANDS
Palmerston Pump and Windmill Factory,
(Formerly Carried on by Geo. McWilliams)
DICKSON'S RACE.
I take great pleasure in announcing to the people of Peterborough and surrounding country that I have bought out the entire Plant, Patterns, Machinery and Agencies of the above well-known Factory on Dickson's Race.
I have also made arrangements to continue the lease and to carry on the manufacture of Iron and Wooden Force and Lift Pumps, Cisterns, Steel Windmills, Tanks, Fanning Mills, Hand Feeders, Churns, Washing Machines and every other line formerly manufactured in the above premises.
I have also removed the temporary Pump Shop which I opened on Charlotte street a short time ago—and will now be found at my Factory on Dickson's Race.
With the long, practical experience I have had in this business, and with the splendid facilities which I now have for turning out good work, I am confident that I will be able to guarantee perfect satisfaction to all who may favor me with their orders.
My Millbrook Pump and Windmill business will still be continued in the Old Stand, on Tupper Street, Millbrook.

THE OMEMEE MIRROR.

OMEMEE, THURSDAY, SEPT. 24, 1896.

Liquor Arithmetic.

Out of the numberless illustrations of the awful drain that the liquor business is to us as a people, the following, from the Christian Observer, is well worthy of careful attention and thought:

"Boy at the head of the class, what are we paying for liquor as a nation?"

"$900,000,000 annually."

"Step to the blackboard, my boy. First take a rule and measure this silver dollar. How thick is it?"

"Nearly an eighth of an inch."

"Well, sir, how many of them can you put in an inch?"

"Between eight and nine."

"Give the benefit of the doubt; call it nine. How many inches would it require to pile these $900,000,000 in?"

"100,000,000 inches."

"How many feet would that be?"

"8,333,333 feet."

"How many rods is that?"

"505,050 rods."

"How many miles is that?"

"1,578 miles."

"Miles of what?"

"1,578 miles of silver dollars, laid down, packed closely together, our national liquor bill would make. This is only one year's grog bill."

Reader, if you need facts about this temperance question, nail that to a post and read it occasionally. It would take ten men with scoop shovels to throw away money as fast as we are wasting it for grog.—Ram's Horn.

The October Number of the Delineator is Called the Autum Number,

And its many colored Plates of Dress Modes and Millinery reflect the rich but subdued tints characterizing autumnal fashions. Mothers will find especially helpful the Directions for fitting out the family with autumn and winter clothing. The literary matter shows a continuance of the high quality lately noted, two brilliant additions to the list of contributors being made in Frances Lynde and Aiola Allen. The former is represented by a spirited story of the Tennesaee Mountains, crisp and vivid as an etching. The latter brings her experience as leading lady at the Empire Theatre, New York City, to the discussion of The State as a Profession for Women. Both hostess and guest will enjoy what Mary Cadwalder Jones has to say about hospitality. Also a number of other articles by popular authors.

Address communications to The Delineator Publishing Co., of Toronto, Ltd., 33 Richmond St., West, Toronto, Ont., or the local agent for The Butterick Patterns.

Subscription price of The Delineator, $1.00 per year, or 15c. per single copy.

No Cause for Complaint.

The following storey is told of a poor widow in the Highlands of Scotland:

A kind hearted gentleman, hearing about her condition, called, and she told him, "I am very, very poor, sir, though I should not be so. I have a son in Australia, who is well off, but he only sends me a letter once a month, with a picture in it."

"Let me see the pictures."

When they were produced, the gentleman said they were drafts for ten pounds (fifty dollars) each.

He said to her, "Why, my good woman, you are rich, not poor, as you think. All you have got to do is to put your name on the back of these pictures, present them at the bank, and you will get a lot of money."

She was living in abject misery, complaining to all whom she met of her son's neglect, notwithstanding he had been very liberal to her.

How to Ruin a Son.

Let him have his own way—allow him free use of money—suffer him to rove where he pleases on the Sabbath day—give him access to wicked companions—call him to no account for his evenings—furnish him with no stated employment. Pursue any one of these ways, and you will experience a most marvelous deliverance, if you have not to mourn over a debased and ruined child. Thousands have realized the sad result, and have gone mourning to their graves.
