FELL IN LOVE WITH NURSE

ROMANTIC MARRIAGE OF MISS BRYSON, OF FENELON FALLS.

As Hospital Nurse She Saved the Life of Her Future Husband.

The Chicago Tribune publishes the story of a romantic marriage recently solemnized in that city, in which the heroine was Miss Margaret Bryson, formerly of Fenelon Falls, who was graduated from Nicholls Hospital, at Peterboro, about six years ago. The facts as given by the Tribune are as follows:

"All the essentials of a melodramatic are contained in the romance of H. C. Pierce, revealed yesterday by the announcement of his marriage. His bride is a trained nurse, the daughter of Dr. W. G. Bryson, 4918 Calumet avenue. This will afford a clue to the plots unfolded in the acts which follow:

Act one is laid in Elgin, with green fields and placid river in the distance behind the Pierce homestead. The time is a year ago. The only son of a wealthy mother, young Pierce decides to leave home and win his own way in the world. He came to Chicago.

Fortune making is not always easy in Chicago, and act two, time March 18 last, finds Pierce working as conductor or a North Halsted electric car. Not a particular romantic avocation for a hero, but wait.

Is Shot by a Highwayman.

First comes a villain, a negro highwayman, who holds up Pierce's car. The conductor fights to save the company's money and the watch his mother gave him. There is a struggle and Pierce is shot. The robber escapes, but the watch and money are saved.

The rising of the curtain for act three discloses the conductor unconscious and apparently dying in the Presbyterian hospital. White clad interns and nurses hover about him, but the bullet has pierced the abdomen and the case is declared hopeless.

Dr. Nicholas Senn is called in for consultation, and he summons Margaret Bryson, a graduate nurse, to care for the wounded man. She is considered an expert in emergency cases, and hour after hour, she watches over Pierce.

Dawn of Hospital Romance.

At the end of three days the wounded man rallies and not till then does Miss Bryson seek rest. The fall of the curtain leaves Pierce out of danger and showing the incipient signs of an affection of the heart.

All through act four Miss Bryson watches over her patient, who rallies rapidly from the bullet wound. But the heart malady grows as rapidly. There are symptoms, too, that the young nurse is taking more than a professional interest in her patient. When the day comes on which he is discharged as cured, Pierce takes Miss Bryson's hand;

"You saved my life," he tells her, "now make it worth saving. Without you existence is worse than the grave. I love you, Margaret."'

Last Act in the Romance.

The last act was yesterday. Miss Bryson and Pierce were married in Chicago on Sept. 18th, but the ceremon was kept a secret. In the morning Pierce and his bride returned to the homestead in Elgin. He rings the door bell, they enter the house and then his mother appears.

"Mother," says Pierce, "this is my wife. She saved my life when others declared I must die." The elder woman clasps the younger in her arms. And the curtain goes down.

Robbery at Burnt River.

A bold robbery was perpetuated on November 6th last at Burnt River, when over $300 in cash and $500 in notes and cheques were stolen from Mr. Wm. Robson, storekeeper at that place. The theft is supposed to have been committed by a Swede named Alfred Oieson, who had been employed for part of the summer on the Trent Canal between Kirkfield and Beaverton. He is described as follows. Aged about 24, height 5 feet 7 or 8 inches, weight about 180 lbs., dark complexion, clean shaven, dressed in navy blue coat and vest, and checked pants, navy blue peaked cap, with boots with heavy sole

RESULT OF VOTING FOR HUGHES AND McLAUGHLIN:

The Former's Majority will Likely be in the Neighborhood of 300.

Below we present an unofficial but likely correct return of the votes polled in this riding on Thursday, Nov. 3rd. It should be remembered that the townships of Dysart, Dudley, Cardiff, Monmouth and Glamorgan, which have been added to the riding from West Peterboro, contributed 136 votes to Col. Hughes' majority, while Galway, which gave a Liberal majority of 80 in the 1900 contest, is transferred to West Peterboro, the change reducing Mr. McLaughlin's total by at least the vote formerly polled.

WEEKLY POST LETTER BOX

AN EXPLANATION.

(To the Editor of The Post.)

Dear Editor,—Mr. Lang, of Toronto, is fitting up the fine hall over A. H. Campbell's grocery warehouse on William-st. for bath rooms, in which will be given massage and hydrotherapy treatments.

Miss Baker, who has been in Lindsay for over two years giving these treatments under advice of the doctors of the town, has realized the necessity of a place where women may be free to come and get such treatments, also to those who have no conveniences in their homes. The bath rooms will be open to such, and they may have the privilege of a good cleansing bath.

Allow me to make a correction to the article in last week's Post, headed, "A Chapel for the Adventists." It is stated that this hall is being fitted up for a chapel, in which Seventh Day Adventists will hold worship. It was distinctly understood, when I rented this hall from Mr. Lang, that it was not to be a place for public worship, but that it was to be strictly set apart as a place where medical work is to be carried forward under the advice and encouragement of the town doctors. The rooms are to be furnished on or before December 24th, at which time they are expected to be ready for use.—Yours etc.,

SADIE BAKER.

Lindsay, Nov. 9th.

EXCESSIVE PROFITS.

(To the Editor of The Post.)

Sir,—I only moved here a month or so ago with my family, yet I think I have a good cause of action against your Town Council. I was told there was a good market here, and that taken all around, it was a cheap place to live in. What do I see and learn? First, that you get at the butchers a 25c. steak for 40c., and that some at least of your milk dealers are merely middlemen, do not keep cows, and take 100 per cent. merely handling; and worst of all, a notice appears in the papers that the bakers are asking cash, that is worth 5 per cent., and cutting the loaf down a quarter in weight, which really means an advance of 30 per cent. In the face of this I read in the Port Hope papers an advertisement of th eHarold Barrett Co., "Do you know that you make 150 pounds of bread from one bag of Barrett's flour. This will cost you $2.60 to $2.90. The same quantity of bakers' bread now costs you $6.00. The price of flour have been reduced from 25c. to 30c. per barrel."

Port Hope bakers are not selling pound and a half loaves, nor are they selling at the price Lindsay bakers are asking. Have not I, Mr. Editor, a fair cause of action against this town for false pretences.—Yours, etc.,

HOUSEHOLDER.

Lindsay, Nov. 10th.

HAD BOTH ARMS BROKEN.

Sad Accident to a Young Man in Manvers Township Yesterday.

A most unfortunate accident happened to Nellis, son of Mr. Wm. Arthurs of Janetville, Friday morning, whereby both of his arms were broken at the wrists. It seems that he and a younger brother were fooling with a whip on the previous evening, and thinking it had been thrown on the stable roof, Nellis got up early to investigate and climbed onto the roof. Owing to a coating of frost on the shingles the footing was very uncertain, and he slid to the ground, a distance of twelve feet, with the above results. Dr. Nesmyth was immediately summoned and reduced the fractures. The young sufferer stood the shock well, and is resting easily.

Chamberlain's Cough Remedy is Pleasant to Take

The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Mr. W. L. Roderick, of Poolsville, Md., in speaking of his remedy, says: "I have used Chamberlain's Cough Remedy with my children for several years and can truthfully say it is the best preparation of the kind I know of. The children like to take it and it has no injurious after effect. For sale by all druggists.

ACCEPTED BY RUSSIA.

Commission On North Sea Affair Is to Meet At Once.

St. Petersburg, Nov. 10.—Final details covering the Anglo-Russian convention regarding the North Sea incident have been completed by the acceptance by Russia in writing of certain points. Invitations will now be issued jointly by the two Governments to the United States and France to appoint admirals to serve on the commission, which will meet at the earliest possible moment in Paris to select the fifth member.

Britain Will Take Part.

London, Nov. 10.—President Roosevelt's invitation to Great Britain to take part in a second peace conference at The Hague has been presented by Ambassador Choate to the Foreign Office. No formal answer has yet been made, but the Ambassador received verbal assurances of its cordial welcome.

Engineer Scalded.

Toronto, Nov. 10.—By the bursting of the throttle valve in the engine-room of the Ontario Sewer Pipe Manufacturing Company, at Mimico, Luke Thompson, the engineer, was so severely scalded yesterday that he is now lying in Grace Hospital, in a critical condition. The mishap occurred about 6.45 a.m. Other workmen shut off the steam and as quickly as possible rescued the unfortunate man, whose head, shoulders, arms and hips were severely scalded. Thompson is a married man, about 55 years of age.

Crushed Beneath Elevator.

Toronto, Nov. 10.—Sydney Mingel, aged 18, who lived at 14 Scollard street, and who operated an elevator at the Massey-Harris works, was so seriously injured yesterday that he died a few minutes after the discovery of the accident. He had been only in his present position for a week, and seems to know how the fatality occurred, but the body was found jammed in between the elevator and the flooring of ceiling. Chief Coroner Johnston is investigating.

Railway Conductor Kills Self.

Montreal, Nov. 12.—J. H. Doherty, a Canadian Pacific parlor car conductor, committed suicide last evening by shooting himself near the Academy of Music.

Country Life

Ought, it would seem, to give exemption from the diseases which prey upon the residents of thickly populated cities. But there is no exemption from disease, and in the country, as in the city, one may see the checks grow hollow and the eyes grow dull while the frame wastes away with that terrible disease, consumption.

Weak lungs are made strong by the use of Dr. Pierce's Golden Medical Discovery. It cures obstinate and stubborn coughs, bronchitis, bleeding of the lungs and other symptoms which, if neglected or unskillfully treated, terminate fatally in consumption. The action of Golden Medical Discovery in the curing of wasting diseases is entirely philosophic. Emaciation, and consequent loss of weight, are among the most striking symptoms of what are known as wasting diseases. The body is not being adequately nourished, and the cause of this lack of nourishment is not lack of food but lack of ability in the stomach and the other organs of digestion and nutrition to prepare the food for the assimilation and nutrition of the body. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and the organs of digestion and nutrition, and so enables the body to be nourished back to strength in the only way by which strength can come; that is, by food perfectly digested and assimilated.

Dr. Pierce's Golden Medical Discovery is a temperance medicine. It contains no alcohol, neither opium, cocaine or any other narcotic.

Accept no substitute for "Discovery." There is nothing "just as good" *for you*, though many things may pay the dealer a larger profit.

CAUGHT COLD.

"The first day of this year," writes Mrs. Kate Schey, of 716 St. Paul Avenue, Milwaukee, Wis. "I caught a heavy cold, which settled on my lungs and brought on a hemorrhage. From that time on until the first of April I bled from my lungs five different times. I was so weak and undone I could only do the lightest work. The doctor told me I was going into consumption. My breath was short and at times I could hardly get my breath at all. This is the state I was in when I began to take Doctor Pierce's Golden Medical Discovery. After the first bottle I was much better, and I could walk two or three blocks without trouble. My breath was not so short and I was much improved. After taking four bottles I could work all day, and I never felt better in my life. I think your medicine the best in the world and I recommend it to all who are troubled as I was."

WILL MAKE AFFIDAVIT.

"I was sick for about three months, had chills, fever, and coughed a great deal," writes Mr. W. L. Brown, of McDearman, Jackson Co., Tenn. "Most of my neighbors and friends thought I had consumption. I was reduced in flesh, and was very weak—only weighed 110 pounds; my physician thought there was little hope for my recovery.

"My wife went to the store to get some antifebrin, quinine, etc., for me and a friend of mine (Mr. W. W. McDearman), who had been taking Dr. Pierce's Golden Medical Discovery recommended this medicine for me. Finally I decided to use it, after my physician told me that it would be good for me. I sent and got one bottle, and before all was taken I weighed 149 pounds—a gain of 39 pounds. I am still taking the Golden Medical Discovery, have taken nearly two bottles, and now weigh 164 pounds, which is more than I ever weighed. I am still gaining strength and taking the 'Discovery.' I wish to say that this is a recent recovery, that only two months ago I only weighed about 110 pounds.

"I can and will make affidavit to this full statement any time. If you wish to use this as a testimonial do so, and I will answer all letters from inquiring sufferers."
