Saw Mill & Timber Land For Sale or To Let.

In the **Township of Artemesia,** in the County of Grey, 4 miles from Flesherton Station, the Canadian Pacific Railway. The Mill is situated at Little Falls, in a block of about 400 acres Timber Land, with other timber land surrounding. The building is substantiolly built on stone foundation. The machinery is all good and driven with great power by a 23 inch Leffel wheel, under 36 feet head of water. There are 1 Large Circular Saw for cutting logs; 2 Small Circulars for sawing Laths and Broom Handles; 1 Guage Lathe for turning Broom Handles, &c.; 1 Shingle Machine with Jointer and Packer complete. The Water-Power is excellent, the stream being very regular. There are several other good Mill Sites on the property. The land in this valley is considered the best in the country. The place would make an excellent Stock Farm when the timber is taken off

This offers a good opportunity for a practical, energetic man to go into this kind of business, as the place will be sold or let on FAVORABLE TERMS. The bush is so convenient to the Mill, logs can be trucked in summer time. Immediate possession given.

FIRE AT RODNEY.

From the St. Thomas Joarnal.

Rodney, for the second time within the past year, suffered a most destructive loss by fire last night. About half-past seven o'clock, flames were discovered issuing from the railway station, which in less than an hour cousumed the entire station house and all its contents, money, books, freight, express goods, Montreal Telegraph property, etc., etc. Mr. Will. Keifer, the agent, (eldest son of Mr Geo. Keifer, Flesherton) was away to his tea just before, and on returning, he went about his usual business in the office when he detected the smell of

SOMETHING BURNING.

and upon going to the door of the freight department and opening it he found the whole in a mass of flames, which rushed in upon him, compelling him to leave without even his hat or coat. In the pocket of the coat were a number of private papers and $10 in money. In a few minutes the whole population of the village were on hand, and a great number worked like heroes toward saving the surrounding property. Six cars, some of them laden, were pushed along the track out of danger. A great portion of the platform was torn up and carried out of reach of the devouring element. The stock yard was saved, with other railway' property, also about 1,000 cords of wood belonging principally to Messrs. T. W. Kirkpatrick, J. Gallagher and J. J. Mistele. Water was carried from all parts of the village in pails, until nearly every well was drained, and all that could possible be saved was made secure. Mr. T. W. Kirkpatrick broke open the freight shed, and got out his trunk, which had arrived on the train shortly before. A few benches were pulled out of the waiting room and a large number of agricultural implements, such as reapers, drills, plows, etc., belonging to Mr. Green, of Essex Centre, were taken out of the warehouse, but by the superhuman effort of the citizen the warehouse was saved. although on fire a number of times, Altogether it was somewhat astonishing the amount of property saved, but there fortunately was no wind at the time, though there had been a firm gale all the earlier part of the day. The station house was a nice large frame structure, one of the best along the line out side of towns and cities, and the loss thereof casts a gloom over the village. It was remarkable the number of people who stood around watching the fire, too proud or too lazy, or doubtless both, to turn in and give a helping hand, notwithstanding some were interested parties: but probably this is usual upon such occasions. However, those who did work, worked with a will as long as they could possibly do so.

HALL'S
Vegetable Sicilian
HAIR RENEWER

was the first preparation perfectly adapted to cure diseases of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth, and youthful beauty. It has had many imitators, but none have so fully met all the requirements needful for the proper treatment of the hair and scalp. HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparalleled success can be attributed to but one cause: *the entire fulfilment of its promises.*

The proprietors have often been surprised at the receipt of orders from remote countries, where they had never made an effort for its introduction.

The use for a short time of HALL'S HAIR RENEWER wonderfully improves the personal appearance. It cleanses the scalp from all impurities, cures all humors, fever, and dryness, and thus prevents baldness. It stimulates the weakened glands, and enables them to push forward a new and vigorous growth. The effects of this article are not transient, like those of alcoholic preparations, but remain a long time, which makes its use a matter of economy.
