"ZEKE" BACON

Gus Freund had high score for last week with 259 and gets a free greasing for his 'Lizzie' at John Stillings. This is the highest score rolled on the alleys so far this season, but it won't be long now ere someone will likely step up and crack it. The way some of these low average bowlers are toppling them the last week or so most anything is liable to happen. And that's what puts the kick in the game.

Playground baseball still is holding its own on the sport calendar and Lefty Lou Smith is still holding his own on the mound. Last Sunday there was one of those "bloody" contests pulled off on the spur of the moment and the general success of the game led to talk of another in the very near future. Probably will be using snowball after they knock the covers off the playground ball.

Quite a startling to the baseball world was the news that Rogers Hornsby was to play second base with the St. Louis Cardinals next season. Most everyone thought that the ex-Cub manager was through with baseball, especially as a player, but evidently Rog and Gabby Street have their own ideas on the subject. Too bad he and Hack couldn't get together on the same team. What a crowd they would draw when they return to Wrigley field!

Purdue far outclassed Northwestern in that game Saturday but barely escaped with a tie score. Though out first-downing them 19 to 6 the Lafayette, Indiana, lads executed some poor judgment, according to football experts, and this cost them a chance for a tie for the goose in the Big Ten race. Chicago pulled the unexpected by trimming Indiana 13-6 so all in all it was a good day for Chicagoland and a mighty poor one for Indiana—except for Notre Dame.

Miss Doherty has the high school girls' after school activities in full swing, basketball occupying the spotlight at present. The Senior girls proved to be the best in volleyball and won the interclass title but they are having plenty of opposition in the cage sport. A large number of frosh have turned out this year and, together with a generous turnout in general, have caused the girls to set a new record for participation in athletics this year.

Quite a terrible week the Old Timers had in their last session. The scores were woefully low with but three men, Bickler, Hughes and Joseph N. Schmitt, having 500 or better. As usual, Billy Bickler's team won the high score prize and stretched their lead to a safer margin. Hughes' boys took second place from Grangers and from now will spend their time sharpening their appetites for the big feed. Jim Sayler rolled the lone 200 game but flopped after that exertion.

Leo 'Red' Winkel and Harry Townsend were interested spectators at the Notre Dame-Carnegie exhibition at South Bend last Saturday. Fred Justen also made the trip but spent the day visiting his daughter, May, a senior at St. Mary's this year. Red and Harry pronounce the ND boys as being right up to all press notices and predict an undefeated season for them. The game was awesome the way those lads played it, the one-sided score just luring them to take chances which they made to appear commonplace.

It's rather surprising the effect that the colder, heavier air has on the flight of a golf ball. Besides shortening the distance of the drives, the slices and hooks are accentuated to a far greater degree. It also has quite an effect on one's appetite and if you are doubtful just step around eighteen holes or so with the air having just a nice twang in it. There is still plenty of company on the course for anyone who enjoys a nice snappy game of golf. The course is in the finest condition ever, being helped considerably by the recent rains.

There are as yet but three teams prepared for the opening of the Commercial league, or whatever title they may hang on it after the organization meeting next Tuesday night. Two teams from Fox Lake and Joe F. Freund's are ready to go but the fourth team is only about half organized. Among the most essential things missing is the sponsor which must be someone willing to stake the team to the entry fee for the risk of getting it back plus the value of the publicity which will be given him through the reports of the games in the newspaper.

The MCHS eleven played a scoreless tie with Lake Geneva at the latter's field Saturday afternoon. The game was a relapse from the schedule with the teams in the county but proved to be mighty interesting with Coach Jonas boys proving stronger than had been expected. Next Saturday Elgin will send their 'B' team to do battle with the Orange and Black and Coach Orr is expecting a thrilling victory if his lads play the way they are capable of doing. The team has progressed rapidly in the fundamentals and are now adapting them to the general play with a nicety that predicts better football teams in the near future.

Accidental Discovery

Louis Pasteur was engaged in experiments on "diseases" of wine when he made his famous discovery that he could destroy germs in liquids by heating.

Turtle Plates Welded

The tortoise shell of commerce is obtained from the hawksbill turtle, the plates of which, being thin, are heated and welded together until of the required thickness.

Bowling

K. OF C. LEAGUE

Conways	4	2	.667
Stillings	4	2	.667
Fretts	3	3	.500
Bolgers	1	5	.167

Stillings took three straight from the Bolgers to go into a tie for first place honors with the strong Conway quintet in the KC league Monday night. Bacon and Buss led the assault on the pins for the winners with Weber carrying the lead for the ambitious, if noisy, Bolgers. Captains Bolger and Stilling were both among the missing.

On the other alleys the mighty Conway five took two out of three from the handicapped Fretts with Ed Smith turning in the high game for the night with 220. George Worts led the Frett men with two fine games. It was his first night out.

Next week the league leadership will be at stake when the Stillings and Conways tangle for the first time this season.

OLD TIMERS' LEAGUE

Bicklers	4976
Hughes	4726
Grangers	4603
Schaefers	4516

Experiencing one of the toughest nights since the innovation of the league several years ago the Old-timers turned in some mighty low scores. It was just "one of those nights" for everyone and it brought the averages down the sliding scale to a point near rock bottom. The Bicklers again led the scoring with Captain Bill high man for the night with a niggardly 532. Jim Sayler had high game with 221 only to fall below the coveted mark. However, it helped the Hughes to second place by a goodly margin.

BELIEVE IT OR NOT!

Bert Seip, well known Lake Zurich resident, gained fame last week when he was one of the subjects of Ripley's "Believe it or not" column in the Herald and Examiner. His picture was included in the October 11 issue of the cartoon, under the title, "The Blind Postman, Bert Seip, totally blind, who has been delivering mail for 30 years in Lake Zurich. He has never made a mistake."

Mr. Seip, we all know, is a marvel. In spite of his unfortunate affliction, he is at all times of jovial spirit and much alert. He is also abreast of the times—good ones or times of depression.

Mr. Seip lost his sight in a hunting accident when but a young lad. He is now 65 years old. Hats off to "Bert."

Erwin Neigren, 32 years old, of Chicago, lost his life in Channel Lake last Thursday and his companion, John Miller, also of Chicago, had a narrow escape from death when their canoe capsized and they were thrown into the lake. Miller managed to cling to the overturned canoe until help arrived. The drowning occurred near the Howard Smith's Slide Inn at 9 a. m. and the body was recovered with grappling hooks an hour later.

Anatomist's Point of View

It was a saying of the late Flo Ziegfield that "No woman is truly beautiful when she is half-starved and bony." He did not deny, of course, that this kind of woman has her points.—Boston Transcript.

M. C. H. S. Football

WARRIORS BATTLE LAKE GENEVA 0 TO 0

Last Saturday the McHenry Warriors journeyed to Lake Geneva for a tough football game, which ended 0 to 0.

McHenry had two opportunities the last half to score, but failed each time.

Our good defensive line had no trouble holding their own. We were outweighed and Lake Geneva seemed to have a much larger reserve than McHenry, but we were satisfied bringing home the score 0 to 0, after going down to defeat 12 to 0 last year on our own field.

Duker and Howard did some brilliant playing on defense for McHenry.

Lake Geneva's field looked like a potato, being marked off with dry lime which suffocated the boys a little when their noses were pushed in the lime.

McHenry having a little over 200 in high school and Lake Geneva having a little over 300, so we feel quite well satisfied.

The little Piccalo Players went down in defeat, 13 to 0. They also put up a nice battle, but were outweighed and outclassed.

We play Elgin B here Saturday at 2:30, who we hope to take into camp, but are not sure because they beat us last year at Elgin.

This is our last home game so there is going to be a bonfire and pep meeting Friday night at 7:30. Come out and boost the McHenry Warriors for their last home game. In case of rain or bad weather the pep meeting will be held in the high school gym.

Here is the lineup for the Lake Geneva game:

McHenry—		—Lake Geneva
Kinsala	LE	Swance
Granger	LT	Mass
Bouril	LG	Huber
Duker	C	Brugger
C. Howard	RG	Johnson
Brefeld	RT	Sharp
Lay	RE	Heiling
Lockwood	QB	Cannon
Walkington	LH	Conley
Bacon	RH	Schicpe
R. Howard, Capt.	FB	Quinn

Substitutes—D. Whiting for L. Lockwood; L. Lockwood for D. Whiting; Raeger for Kinsala; Kinsala for Lay; Frisby for Bouril.

LARGE GOLDEN EAGLE SHOT BY HUNTERS

Hunting possibilities in this vicinity are becoming greater and if there are no ducks to be found, well, they shoot eagles instead.

Last week Bruno Kathrein of Chicago reported shooting a golden eagle at Slocum lake while hunting with two other companions. They saw the bird flying just over the tops of some nearby trees with a pigeon in his claws. Kathrein brought it down with one shot from his 12-gauge shotgun. The eagle had a wing spread of six feet. Kathrein plans to have the specimen mounted.

Expect to Finish World War Story in 15 Years

London.—By the year 1950, if all goes well, British military students will be able to read about that historic event known as the World war.

The British official history of the war, on which work was started at the close of the conflict, now has been half completed. The generals of the war office have spent fourteen years getting to the battle of the Somme, and if the funds hold out, they expect to be out of the trenches by fifteen years from this Christmas.

By then, according to the law of averages, the country will have started a new war.

So far, the official history of the last war has cost $1,000,000. With the government straining to economize in every department, the war office generals have begun to arouse the impatience of critics. The more sarcastic foresee a race between the war office and the Academie Francaise, which has been working on its dictionary near a hundred years.

GIRL SCOUT WEEK BEING OBSERVED

Girl Scouts.

Motto—"Be Prepared."

Slogan—"Do a Good Turn Daily."

This is Girl Scout week. Throughout the United States this week the Girl Scouts are being particularly recognized because this month is the anniversary of the birth of Mrs. Julia Low, who founded the Girl Scouts of America.

When Sir Robert Baden-Powell founded the Boy Scout movement in England it proved too attractive and too well adapted to youth to make it possible to limit its great opportunities to boys alone. The girls' organization, known in England as the "Girl Guides," developed and flourished with equal success. Mrs. Juliette Low, an American visitor in England and a personal friend of the Father of Scouting, realized the tremendous future of the movement for her own country and with the active and friendly co-operation of the Baden-Powells she founded the Girl Guides in America, enrolling the first patrols in Savannah, Ga., in March, 1912. They were re-christened the Girl Scouts in a very few months, however, as that name was more appropriate in America.

In 1915 national headquarters were established in Washington, D. C., but the following year they were moved to New York City.

The object of the Girl Scout organization is to give girls through natural, wholesome pleasures, those habits of mind and body which will make them responsible, useful women.

Some of the activities of the Girl Scouts are: Home-making, home nursing, first aid, songs and games, arts and crafts, camping, nature work, hiking and swimming, signalling and knot-tying.

The Girl Scout promise is: "On my honor, I will try: To do my duty to God and my country. To help other people at all times. To obey the Girl Scout laws."

The Girl Scout laws are: A Girl Scout's honor is to be trusted, a Girl Scout is loyal, a Girl Scout's duty is to be useful and to help others, a Girl Scout is a friend to all and a sister to every other Scout, a Girl Scout is courteous, a Girl Scout is a friend to animals, a Girl Scout obeys orders, a Girl Scout is cheerful, a Girl Scout is thrifty, a Girl Scout is clean in thought, word and deed.

There is a Girl Scout salute and many tests and pursuits which make the work interesting.

On Dec. 6, 7, 8 and 9 from 7 to 9 p. m., at Woodstock, a woman from national headquarters will conduct a course in Girl Scout leadership. Anyone interested in the Girl Scouts is cordially invited to attend these meetings. For further information call the Plaindealer office.

M. E. CHURCH

You are invited to attend services at the M. E. church every Sunday.

Sunday school, 10 a. m.

Morning worship, 11 a. m. Sermon subject, "The Almost Christian."

Those interested in the Sunday school were made happy by the large attendance last Sunday when ninety-four were present at the Sunday school session. This is the largest attendance for some time and teachers and members are enthusiastic over the possibilities which are opening up. Young people and adults are invited to the Sunday school session as well as to the worship service which follows.

LUTHERAN CHURCH SERVICES

The Zion Evangelical Lutheran church will hold its annual mission service on Sunday, Oct. 30.

The afternoon service will commence at 2:15 o'clock and will be in the German language. The evening service will be at 7:30 o'clock, conducted by Rev. M. N. Carter, colored missionary.

HOME-COMING AT DEKALB

Lowell Nye, who is attending school at DeKalb, spent the week-end at his home here. Others from this vicinity attending the school were home for the week-end also. The home-coming, which took place last week, was one of the finest in the history of the school where a larger attendance than ever before is recorded. More than 800 students are enrolled.

TOPNOTCHERS by KET

Boy Scouts

Over-night hikes in the open have, indeed, been a success this fall, thirty-one boys having participated in the three ventures. Such experiences as sleeping without tents, sleeping on the ground, learning how to keep warm all night long, learning to fry pancakes, eggs and bacon, and other meats, etc., are a few that the boys have come in contact with.

Last Monday evening twenty-nine registered scouts, six visitors and three leaders were at "attention" as Gordon Granger received his prize, an Eversharp pencil, for having won a pancake flipping contest. Following this an election was held to determine who should fill the four posts as patrol leaders for the oncoming year. The results were Ray Hughes 25 votes, Bruce Granger 25, Stanley Vycital 25, George Frisby 10, George Johnson 4, Donald Granger 4, Richard Vycital 3, Chester Howard 2, James McAndrews 1, and Melvin Peterson 1.

Following the election, plans were laid for a First Aid Contest to be held sometime before Christmas vacation. Each patrol will select five boys to enter the contest, and from the troop five will be selected to enter a county meet. If they come out successful in this attempt, they may compete with a Beloit team.

M. L. SCHOENHOLTZ.

Nature's Protection

Most animals are colored darker on the upper side, and lighter beneath, so that when light falls upon the upper surface and makes it lighter and shadows on the lower side make it darker, the extremes blend.

Admission 10 and 35c

ST. MARY'S WINS AGAIN

St. Mary's won another game of the year, making it three consecutive games in a row.

Following is the lineup:

St. Mary's (20)		Public School (6)
C. Sutton	RE	E. Schaefer
E. Smith	RT	J. McAndrews
R. Meyers	RG	D. Kamholz
R. Smith	C	Jim McAndrews
L. Diedrich	LG	F. Johnson
C. Althoff	LT	H. Conway
L. Brefeld	LE	W. Klapperich
R. Kilday	QB	H. Taxman
D. Justen	LH	E. Adams
J. Wolf	RH	H. Anderson
G. Frisby	FB	L. Huck

Score 20 to 6.

George Frisby was the man who was doing most of the work, making three touchdowns. He ran all over the other guys in gaining yardage and scoring touchdowns.

There will be another game this Saturday at 9 a. m. at the high school

About Ourselves

We would do well to get our kindnesses done while they will do good, giving cheer and encouragement, and not keeping them back till there is no need for them.

"No hunting" signs can be obtained at the Plaindealer office. Any number desired. Carried in stock. Size 11x17 inches.
