In the matter of petition for permission to cross tracks of Chicago and North Western Railway Company at grade and to widen an existing crossing near Crystal Lake, McHenry County, Ill.

Mr. P. F. Gault, Com. Att'y., Chicago & North Western Ry. Co., Room 1422, 400 W. Madison St., Chicago, Illinois.
Mr. Vincent S. Lumley, State's Attorney, McHenry County, Woodstock, Illinois.
Mr. Henry L. Cowlin, Attorney, Crystal Lake, Illinois.

Dear Sir:

Enclosed please find certified copy of order entered by the Commission on March 24, 1936 in the above entitled matter.

Kindly acknowledge receipt.

Yours trul,
ILLINOIS COMMERCE COMMISSION
WWH-bb WILLIAM H. HART, Sec'y

State of Ill., Ill. Commerce Commission Co. of McHenry, Ill., vs. C & N. W. Railway Co., and Dept. of Public Works and Bldgs., Division of Highways - 23743

In the matter of petition for permission to cross tracks of Chicago and North Western Railway Company at grade and to widen an existing crossing near Crystal Lake, McHenry County, Ill.

Order

By the Commission:

On July 27, 1935 a petition in the above entitled matter was filed by McHenry County, Illinois. A hearing in the matter was held on September 11, 1935, and it appearing that negotiations were in progress the matter was continued at the request of the parties from time to time. A further hearing was held at the offices of the Commission in Chicago on March 11, 1934, pursuant to due notice as required by law and by the rules and regulations of the Commission. At the said hearing the petitioner, the Chicago and North Western Railway Company and the Department of Public Works and Buildings, Division of Highways, were each represented.

The Commission having considered the aforesaid petition and all of the evidence, both oral and documentary, is of the opinion and finds:

(1) That McHenry County, Illinois, has undertaken the constructtion, reconstruction and improvement of a certain highway known as State Aid Route 8-A McHenry County, otherwise being known as Section 6 Motor Fuel Tax Route and that the said highway extends southwardly from Crystal Lake, Illinois, partly upon new right of way and partly along the route of an existing highway to a connection with the existing State highway system;

(2) That in constructing a portion of the said proposed highway on new alignment near the community of Crystal Lake the said petitioner proposes to cross at grade two tracks of the Chicago and North Western Railway and that the grade crossing thus proposed to be formed will be a new and additional grade crossing;

(3) That in reconstructing the aforesaid proposed highway along existing alignment it is proposed by the petitioner to widen a certain existing highway grade crossing both the crossing referred to in this finding and in the next preceding finding being shown more specifically upon a certain map attached to and made part of the petition in this case and to which reference is hereby made;

(4) That the Chicago and North Western Railway Company is a public utility engaged in the operation of a line of railroad through Crystal Lake, McHenry County, and that the grade crossings hereinbefore referred to are proposed to be made over the tracks and right of way of the said Chicago and North Western Railway;

(5) That the Chicago and North Western Railway Company and the County of McHenry have entered into an agreement with reference to the making of the proposed crossings, the manner of division of expense, and the protection of the said crossings, a copy of which agreement has been admitted in evidence in this case and is contained in the files herein;

(6) That at the proposed new grade crossing (deemed the more northerly of the two crossings here under consideration) the crossing angle is approximately 13 degrees 56 minutes and there are certain obstructions to view of approaching trains and that by reason of the said sharp angle of crossing and obstruction the said crossing would be extra hazardous if not properly protected by automatic signals; that automatic flashing light signals would be a suitable form of protection for the said crossing; that the aforesaid agreement between the parties contemplates the installation of said flashing light signals and that the installation and operation of such flashing light signals should be made a condition to the Commission's permission to establish the said proposed new grade crossing;

(7) That the proposed highway with said grade crossing will constitute a material improvement in the highway connections to and from the community of Crystal Lake, especially with respect to traffic between said community and points east and south thereof, and that the public convenience reasonably requires for the purposes of said highway and improved connections that the said crossings be established, all subject to conditions as herein set forth;

(8) That permission and authority should be granted to the County of McHenry to extend the aforesaid highway across the tracks and right of way of the Chicago and North Western Railway Company as proposed in its petition, provided however that automatic flashing light signals be installed at the new crossing thus proposed to be used; and permission should further be granted for the improvement and widening of an existing grade crossing on said highway as in the said petition set forth; and

(9) That the prayer of the petition is reasonable and should be granted.

IT IS THEREFORE ORDERED that permission and authority be, and it is hereby, granted to the County of McHenry to extend a certain highway known as State Aid Route 8-A McHenry County, otherwise known as Section 6 Motor Fuel Tax Route, at grade across the tracks and right of way of the Chicago and North Western Railway Company in the manner and at the place set forth upon a certain blueprint map marked Exhibit A attached to and comprising part of the petition in this case, to which map reference is hereby made, all provided that the right to cross the property of the said Chicago and North Western Railway Company first be secured as required by law and that the said grade crossing when opened for public travel and thereafter until otherwise ordered by this Commission be protected by automatic flashing light signals of present standard type with lamp units having lenses or roundels 8 3-8 inches in diameter and giving the same size and intensity of indication in both direction along the highway, with standard black backgrounds 20 inches in diameter and with standard reflector type signs mounted on each mast setting forth the inscription "Stop On Red Signal" and also stating the number of tracks crossed.

IT IS FURTHER ORDERED that permision and authority be and it is hereby granted to the said petitioner to widen and improve an existing crossing over a track of the respondent railway company as set forth in its petition and more specifically shown on the aforesaid blueprint plan marked Exhibit 1, attached to and comprising part of the said petition.

IT IS FURTHER ORDERED that Chicago and North Western Railway Company shall make report to the Commission, in writing, of the date on which the said crossing is opened for public travel and the flashing light signals put in operation, said report to be mailed to the Secretary of the Commission within fifteen (15) days after the date of opening of the said crossing and establishment of flashing light signal protection.

By order of the Commission at Chicago, Illinois, this 24th day of March, 1936.

(Signed) WILLIAM W. HART,
(Seal) Secretary

Asst. Supr. Rosenthal addressed the Board and stated that at the morning session of this meeting a discussion was had with regard to the purchase of right of way on Route 139 Extension 67 but no action was taken, and that he would move at this time that the new Right of Way Committee be instructed to ascertain the cost of the right of way in mention and report at the next meeting. Said motion was duly seconded by Supr. Stewart and declared unanimously carried.

Supr. Hemmer addressed the Board and stated that due to the I. E. R. C. being terminated the first of next month, the WPA Recreation Project in McHenry County was going to be without a sponsor and that Mr. Nelles, who was present at the meeting, who had this work in charge, would like to have the County of McHenry sponsor said program. Supr. Hemmer further stated that this program employed approximately 20 WPA workers in McHenry County and that the County in sponsoring this said program would not be assuming any financial obligation. After some discussion it was regularly moved by Supr. Hemmer and duly seconded by Supr. Wright that the Board of Supervisors of McHenry County, Illinois, act as sponsors of the WPA Recreational Project in McHenry County. Motion declared unanimously carried.

George W. Hess, County Veterinarian, appeared before the Board and expressed his gratitude for his appointment as County Veterinarian and the splendid cooperation given him in his work by the Board of Supervisors and the people of McHenry County, and expressed his regrets upon severing his connections in his work locally but felt that the field into which he was going, was an advancement. He also urged the Board to continue eradication work in McHenry County.

There being no further business to come before this meeting, it was regularly moved by Supr. Kuecker and duly seconded by Supr. Hale to adjourn. Motion carried. Thereupon the Board adjourned.

J. G. STEVENS, Chairman.

The following resolution on Right of Way costs, Engineering Services, was presented and read, to-wit:

Resolution

WHEREAS, there is now available for the use of McHenry County, Illinois, out of the Motor Fuel Tax of 1929, the sum of $6.12 and,

WHEREAS, it is permissible under said Motor Fuel Tax Law, approved March 25, 1929, to purchase Right of Way for the improvement of State Aid Roads, and,

WHEREAS, the Right of Way Committee of the Board of Supervisors of McHenry County, Illinois, have secured the engineering service of Wayne Mentzer to the following Highway Dedications for the improvement of State Aid Route Number 17-A, McHenry County, Illinois:

State Aid Route 17-A, between S. B. I. Rt. 173 and S. B. I. Rt. 19

Wayne Mentzer, engi. service	$6.00
Lester Edinger, Co. Treas., treas. fees	.12
	$6.12

THEREFORE, be it resolved by said Board of Supervisors of McHenry County, Illinois, that the above amount of $6.12 of the Motor Fuel Tax of 1929 be used for the purchase of said right of way above mentioned, and,

BE IT FURTHER RESOLVED, that Raymond D. Woods, oCunty Clerk, is hereby directed to certify a copy of this resolution to the Department of Public Works and Buildings, Division of Highways, Springfield, Illinois, for its approval for voucher.

It was thereupon regularly moved by Supr. Kuecker and duly seconded by Asst. Supr. McConnell that the resolution be adopted by this Board and the roll being called, said motion was declared unanimously adopted.

The Committee on Roads and Bridges made the following report which on motion of Supr. Palmer and duly seconded by Supr. Hemmer and the roll being called was declared unanimously adopted, to-wit:

Mr. Chairman and Gentlemen of the Board of Supervisors, McHenry County, Illinois:

The undersigned members of the road and bridge committee for said County, would beg leave to submit the following report on the matters before them:

That we met at Woodstock, Illinois, on the 25th day of April, 1936, and examined petitions regarding pole lines along State Aid Roads and turned them over to the State's Attorney for further negotiations. We also considered and looked over the site of a proposed 2 mile addition to the State Aid System of Roads in Seneca Township and we favor said addition if satisfactory arrangements can be made for additional right of way at two right angle turns near the Evergreen School. We also inspected roads in the west part of the County.

Your Committee also met and inspected roads on the County Patrol System on April 30th and May 5th. The past winter proved to be very destructive to roads in general and a large amount of gravel ought to be used to repair this damage. We noted that the County's 3 sections of asphalt came through in good condition not a single break. Some bridge and culvert repairs also need to be made.

We again met on the 9th day of May, 1936 at Woodstock, Illinois, and audited and paid bills chargeable to the McHenry County Patrol System of roads, of a general nature including insurance $1442.36, supplies and repairs and overhauling County owned machinery totaling the sum of $2281.87.

Bills chargeable to the various sections of the County Patrol System of Roads for labor and materials at rates heretofore approved by this board were audited and ordered paid as follows:

Section 1	$ 40.00
Section 3	159.17
Section 4	72.00
Sections 5, 6	135.53
Sections 7, 10	171.09
Section 8	88.50
Section 9	230.54
Section 11	59.00
Section 12	346.27
Section 13	47.00
Section 14	176.84
Section 15	218.05
Section 16, 18	50.31
Section 17	186.58
Total	$4,262.65

Your committee also audited and ordered paid out of the motor fuel tax funds bills itemized as follows:

State Aid Rt. 13-13A Sec. 4, Maint.	$8.93
State Aid Rt. 2, Sec. 7, Maint.	25.51
State Aid Rt. 2 Sec. 7-1-T engineering labor	18.13

The proposed one mile of concrete road extending Main St. in Crystal Lake, Illinois south to State Bond Issue Route 19, known as M. F. T. Sec. 6 is advertised for bids for May 14, 1936.

The matter of hauling gravel on the County Roads was discussed and it was decided to recommend that the patrolmen using trucks be allowed 50 cents per cu. yd. for satisfactory gravel dropped and spread in the first mile from pit, and 10 cents per cu. yd. additional for each additional mile of one way haul. This is a cut from the old price to teams and trucks of 55c for 1st. mile and 15c additional per mile.

Several of the County's experienced machinery operators have been given a leave of absence and we think the rest of the grader and crusher gang should be allowed to work full time until further notice.

Your committee estimates that there will be necessary for the care of the McHenry County Patrol System of Roads an appropriation from the County highway tax funds the sum of $3500 until the June meeting of this Board.

All of which is respectfully submitted.

A resolution presented by the Public Service Company of Northern Illinois asking permission to extend their lines upon and along State Ad Route 22 was presented and on motion of Supr. Kuecker and duly seconded by Asst. Supr. McConnell was referred to the Road and Bridge Committee and the State's Atty. for investigation and report.

The Clerk presented several resolutions received from the Public Service Company showing corrections suggested by the State's Atty. of McHenry County and the Road and Bridge Committee, and after some discussion it was decided that action on said resolutions be deferred until the afternoon session for the O. K. of the State's Atty.

Jack Smith, a Service Station owner of Crystal Lake on U. S. 14, addressed the Board and stated that the road from U. S. 14 to the stub of 67 connecting Marengo was very much in need of markings; that it was nearly impossible to direct traffic over said road and that there was a great deal of traffic due to it being a connecting link to the Grant Highway. After some discussion it was regularly moved by Supr. Hale and duly seconded by Supr. Filip that said matter be referred to the Road and Bridge Committee giving said committee full power to act. And the roll being called said motion was declared unanimously carried.

The clerk presented lists of claims against the County and on motion of Supr. Wright and duly seconded by Supr. Palmer and declared carried, the Board adjourned to 1:30 o'clock P. M. for the approval of said claims.

1:30 O'CLOCK P. M.

Board met pursuant to adjournment and upon roll call same members were present including Supr. Hughes, constituting a full Board.

Mr. Allman of the State Department on noxious weeds was called upon and outlined in detail the work that is being done by the State Department in ridding the rural communities of noxious weeds, especially Canada Thistles. A general discussion was then had by the members of the Board and Mr. Allman, pertaining to said matter. After which it was regularly moved by Supr. Hale and duly seconded by Supr. Turner that the special committee on noxious weeds be made a permanent committee, and they be instructed to get in touch with the thistle commissioners of the various townships and try to work with them in the eradication of Canada thistles. Motion declared carried.

The committee on Claims, Labor, Fees and Supplies made the following report which on motion of Supr. Ackman and duly seconded by Supr. Palmer and the roll being called was declared unanimously adopted, to-wit

Mr. Chairman and Gentlemen of the Board of Supervisors:

Your Committee on Labor, Fees and Supplies claims would beg leave to report that they have examined all claims presented to them, and recommend the payment of the following, and that the clerk be directed to issue orders on the County Treasurer to the Claimants for the several amounts allowed, as follows, to-wit:

A general discussion was had by the members of the Board with regard to the Warfel children now being cared for in the Evangelical Lutheran Orphan's Home at Addison, Illinois. A bill for care was presented by said Home in the amount of $540.00 in the above and foregoing report, but no action taken for the payment of same. Upon the advice of State's Atty., Lumley, it was decided that said matter be laid over for investigation.

Asst. Supr. McConnell wondered why there was no action taken with regard to the claims of the Woodstock Hospital and Dr. Sandeen, and was informed by Supr. Harrison that the claims represented operation and hospitalization for a Krezan child and took place June 26th of last year, and that he knew nothing about it until the bills were presented to him, and if he had known about it, he could have had the whole matter taken care of for about $35.00.

It was regularly moved by Supr. Kuecker and duly seconded by Supr. Harrison that the report of the Committee on County Poor be adopted by this Board, and that the Clerk be directed to issue orders to the Supervisors for said claims and that $6000.00 be appropriated from the General Fund to the Pauper Fund for the payment of said claims, and the roll being called said motion was declared unanimously carried.

Supr. Harrison brought up the matter of the appropriation made to the National Reemployment Office at Woodstock, Illinois amounting to not to exceed $40.00 per month to cover incidental expenses and stated that in his opinion the County should not pay same. Several other Supervisors voiced like opinions, and after some discussion it was regularly moved by Supr. Harrison and duly seconded by Supr. Wright that said appropriation be discontinued. Several Supervisors then voiced their opinion favorable to the Employment Office, and stated that they had received in the past very good service, and after further discussion the motion and second was withdrawn and said matter continued temporarily.

The following resolution on Right of Way Dedication costs was presented and read which on motion of Supr. Ackman and duly seconded by Supr. Turner and the roll being called was declared unanimously adopted, to-wit:

Resolution

R. O. W. Purchase

WHEREAS, there is now available for the use of McHenry County, Illinois, out of the Motor Fuel Tax of 1929, the sum of $51.01 and,

WHEREAS, it is permissible under said Motor Fuel Tax Law, approved March 25, 1929, to purchase Right of Way for the improvement of State Aid Roads, and,

WHEREAS, the Right of Way Committee of the Board of Supervisors of McHenry County, Illinois, have secured the services of the Recorder to the following Highway Dedications for the improvement of State Aid Route Nos. 173-47-176, McHenry County, Illinois:

Route 173

To Will T. Conn, Recorder, recording three dedications	$15.00
To Lester Edinger, Co. Treas., Treas. fee	.30
	$15.30

S. A. Rt. 23, S. B. I. Rt. 47

To Will T. Conn, Recorder, recording 2 dedications	$10.00
To Lester Edinger, Co. Treas., Treas. fee	.20
	$ 10.20

S. A. Rt. 23, S. B. I. Rt. 176

To Will T. Conn, Recorder, recording 5 dedications	25.00
To Lester Edinger, County Treasurer, Treas. fee	.51
	$25.51
Grand Total	$51.01

THEREFORE, be it resolved by said Board of Supervisors of McHenry County, Illinois, that the above amount of $51.01 of the Motor Fuel Tax of 1929 be used for the purchase of said right of way above mentioned, and,

BE IT FURTHER RESOLVED, that Raymond D. Woods, County Clerk, is hereby directed to certify a copy of this resolution to the Department of Public Works and Buildings, Division of Highways, Springfield, Illinois, for its approval for voucher.

The clerk stated to the Board that he presented resolutions of the Public Service Company to the State's Atty. that were brought up at this morning's session for his approval, and that he approved same. And after some discussion it was regularly moved by Supr. Ackman and duly seconded by Supr. Beck that the following resolutions be adopted by this Board, and the roll being called Suprs. Stockwell, Wright, Palmer, Beck, Clawson, Hughes, Kuecker, Ackman, Hemmer, Stewart, Turner, May, Freund, Hale, Filip, and Asst. Suprs. McConnell and Rosenthal voted aye. Supr. Harrison voted nay. Motion declared carried, to-wit:

Be It Resolved by the Board of Supervisors of the County of McHenry

Section No. 1. That permission be, and the same is hereby granted to the Public Service Company of Northern, Illinois, its successors, lessees and assigns, to erect, operate and maintain:

"Upon and along the west side of State Aid Route No. 9 (Cary-Algonquin Road) from a point approximately 500 feet north of the east and west center line of section 23 to a point approximately six-tenths of a mile further north, in Algonquin Township, McHenry County";

"Upon and along State Aid Route No. 1 from Alden South approximately four miles, in Alden and Hartland Townships";

"Upon and along State Aid Route No. 1 from a point approximately two-tenths of a mile south of State Aid Route No. 3 southeasterly for a distance of approximately two miles, in Hartland Township";

"Upon and along the west side of State Aid Route No. 13 from a point approximately one-quarter mile south of Ridgefield to a point approximately .6 of a mile further south, in Dorr and Nunda Townships";

poles, wires and equipment necessary and convenient for the transmission and distribution of electric current.

Section 2. Said poles, wires and equipment shall be so placed as not to interfere with public travel on said highway, and the Board reserves the power, thru its engineers to supervise the erection and maintenance of said poles, wires and equipment, as far as may be necessary to protect the public in its free and safe use of said highway.

Section 3. The permission here given shall continue for a period not to exceed twenty years from the date of the passage of this resolution, provided that the continuance and exercise of this permission shall be subject at all times as to the public convenience in the use of said highway as determined and declared by said County Board, and provided further that the said Public Service Company of Northern Illinois will pay all damages to the owners of the property abutting upon said highway, which they may sustain by reason of the placing of said poles, wires and equipment, the same to be ascertained and paid in the manner provided by law in similar cases.

Section 4. This permission shall not become effective until a written acceptance thereof by said Public Service Company of Northern Illinois has been filed with this Board.

Section 5. The Board of Supervisors reserves the right to order a change in the location of said poles or any of them at any time, to a different location in said highway, to conform to possible conditions that may arise, by giving said Public Service Company of Northern Illinois, its successors, lessees and assigns, reasonable notice of the necessity for such removal and its request so to do, and in case said company fails so to do, said Board of Supervisors reserves the right to remove said poles at the expense of said Public Service Company of Northern Illinois.

Section 6. That the said Public Service Company of Northern Illinois will save and keep harmless and will defend the said McHenry County from any and all damages, claims or suits for damages which may result in any manner by reason of the erection, operation and maintenance of said transmission and distribution line to be erected in accordance with this franchise and that the Bond dated December 6, 1929, heretofore filed shall indemnify and be operative as though originally given for this permit.

The following petition presented by the Commissioner of Highways of Riley Township was read to the Board, to-wit:
