"The Only Thing That Will Relieve Neuralgia."

The piercing pains of Neuralgia, which often follows a bad cold or La Grippe, are frequently almost unbearable and few medicines afford any relief to the sufferer.

"I am a rural mail carrier and have been a user of the Dr. Miles medicines for years.

Dr. Miles' Anti-Pain Pills can't be beaten. They are the only thing I have found that will relieve my neuralgia and I have tried most everything, besides medicine from the doctor. I am willing to tell anyone what the Anti-Pain Pills did for me."

CHARLES HILDERBRANDT,
Box 205 Woodvill. Ohio

If you, like Mr. Hilderbrandt, "have tried most everything" in vain, why not do as he did, fight your aches and pains with Dr. Miles' Anti-Pain Pills. Let the pills bear the brunt of the battle. No matter how stubborn the contest, they will come out victorious.

Dr. Miles' Anti-Pain Pills stand on their record, which is a long list of cures extending back a generation.

Druggists everywhere sell them. If first package fails to benefit, your druggist will return your money.

ONE WOMAN'S JOB.

Mrs. Hayter Reed Is an Expert Improver of Big Hotels.

There are women in Canada earning large salaries at various occupations, but the most original method of obtaining the highest income seems to have been discovered by Mrs. Hayter Reed, whose home is in Montreal.

Independently wealthy, with a multitude of social duties, she still finds time to give enough attention to outside affairs to win a salary of $10,000 a year from the Canadian Pacific Railroad, in a field and in a position such perhaps as never before was filled by a woman of her prominence. She has no distinctive title on the railroad's payroll, but for want of a better one she may be called the arbiter of elegance and comfort.

Some one high in the councils of the Canadian Pacific discovered some years ago that there was one jarring note in its system of hotels. Architects might lavish their knowledge upon this structure or that, and might spend thousands of dollars to develop an idea of decoration, but somehow there was an incompleteness to the whole. No one of the hotels seemed perfect. One might appear to advantage in one particular line, but each had some marked defect. The man who discovered there was some error in the whole hotel plan was wise in his day. It was he who suggested that the company look for some one of fine artistic sense, of culture and refinement and of exquisite taste, to give his attention and services to the company.

They looked long and far for the man to fill the bill, but couldn't find just the one person who combined all the qualities they sought. Then somebody suggested that they might search America over and find no one so well fitted for this particular task as Mrs. Hayter Reed. The next thing to be considered was whether a woman of her social prominence would accept employment. The situation was put to her diplomatically and rather adroitly, and to the delight of the negotiator the idea appealed to her and she became an employe of the great railroad of the north.

Mrs. Reed was one of a large family. She has a sister, Grace, who is now Mrs. Gordon, of Seattle, and a sister, Dorothy, who married Edmund Bristol, M.P. for Centre Toronto. Another sister, Eliza Armour, became Mrs. John Drynan, of Toronto, and besides her brother, Dr. Donald Armour, she has another brother, Douglas Armour, K.C., a barrister in Montreal, and still another, Eric Armour

She is tall and of handsome appearance, with small, well-formed features. Her manner is usually gracious and winning.

Aside from her social prominence and the unique character of her employment, her case has a wide significance and is of especial interest to girls and women. In schools of design, in art establishments of every sort throughout the country, in studios for the development of interior decorating, are thousands of women studying architecture, harmonies of color, periods of historic art, composition and all those things which go toward preparation for such work. To these girls the example of Mrs. Hayter Reed should be an inspiration and a spur.—Canadian Courier.

Two Trinities.

The modest poster exhibited to advertise Mr. Harry Lauder and representing the vaudeville comedian, Sir Walter Scott and Robert Burns, and the three gifts which "Scotland gave to the world" has caused considerable amusement. As one wit remarked: "Burns and Scott were dead lucky to get on the bill free of costs."

The incident recalls to mind a little anecdote told about Col. Denison. It is a well-known fact that Toronto's local chief magistrate is an admirer of the philosophy of Josh Billings. On one occasion after making a conviction in the police court, he remarked to the lawyer who was appearing on behalf of the prisoner: 'These cases always remind me of Josh Billings' remark. He says: 'When a man decides to become a knave, he better examine and see if he isn't better fitted to become a fool'."

"That was not original with Josh Billings," replied the lawyer ironically, "Solomon said something to the same effect many years ago."

"That is just the point," [illegible] the magistrate, "you see, we agree perfectly, King Solomon, myself and Josh Billings."—Saturday Night.

Could Do That.

Col. Sam Hughes, who has made the awful discovery that swords imported from England, are really "made in Germany" is the sponsor of the following anecdote. It shows the extraordinary opinion some people hold concerning the public service. One of the gallant Colonel's constituents, who had been for some years a more or less eccentric character and was once confined in an asylum, called on him a few days ago. Col. Hughes courteously granted an interview, and his visitor said: "Well, Colonel, you've known me for years, and you know I'm generally thought to be crazy."

The Colonel nodded a smiling assent. "Well, what can I do for you?" he asked.

"Well," retorted the visitor, "I feel quite sure I could hold down a Government job!"—Saturday Night.

Suffered With Nerve Trouble For Two Years.

WAS IMPOSSIBLE FOR HIM TO SLEEP.

Mr. Chas. W. Wood, 34 Torrance Street, Montreal, Que., writes:—"For two years I suffered with nerve trouble, and it was impossible for me to sleep.

It did not matter what time I went to bed, in the morning I was even worse than the night before. I consulted a doctor, and he gave me a tonic to take a half hour before going to bed.

"It was all right for a time, but the old trouble returned with greater force than before.

"One of the boys, who works with me, gave me half a box of Milburn's Heart and Nerve Pills. I took them and I got such satisfaction that I got another box, and before I finished it I could enjoy sleep from 10 p.m. until 6 a.m., and now feel good."

The price of Milburn's Heart and Nerve Pills is 50 cents per box, or 3 boxes for $1.25. They are for sale at all dealers, or will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

NEW BRUNSWICK HEARD FROM AGAIN

ANOTHER SPLENDID CURE BY DODD'S KIDNEY PILLS.

MR. BEN GAUVANG HAD BACKACHE SO BAD HE HAD TO QUIT WORK.—DODD'S KIDNEY PILLS FIXED HIM UP.

Puellering Settlement, Kent. Co., N. B., Jan. 12.—(Special). — Every corner of New Brunswick, tells of cures made by Dodd's Kidney Pills, and this settlement can contribute its share. Mr. Ben Gauvang is one man who without hesitation states that he owes his good health to the great Canadian Kidney remedy.

"Yes, Dodd's Kidney Pills certainly did me good," Mr. Gauvang says in an interview. "Before I started taking them my back ached so that I had to give up work and I also had to be careful how I walked and moved about. I took nine boxes, all told, and they fixed me up. They are the best medicine for all diseases of the kidneys."

Dodd's Kidney Pills are no cure-all. They only cure the kidneys. But they always cure the kidneys, and with cured kidneys you can't have backache, rheumatism, Bright's disease, diabetes or dropsy.

A PSALM OF LIFE

Tell me not in mournful numbers,
"Life is but an empty dream!
For the soul is dead that slumbers,
And things are not what they seem."

Life is real! life is earnest,
And the grave is not its goal;
"Dust thou art, to dust returnest,"
Was not spoken of the soul.

Not enjoyment, and not sorrow,
Is our destined end or way;
But to act, that each to-morrow,
Find us farther than to-day.

Art is long, and time is fleeting,
And our hearts, though stout and brave,
Still, like muffled drums, are beating
Funeral marches to the grave.

In the world's broad field of battle,
In the bivouac of life,
Be not like dumb, driven cattle!
Be a hero in the strife!

Trust no future, howe'er pleasant!
Let the dead past bury the dead!
Act—act in the living present!
Heart within, and God o'erhead.

Lives of great men all remind us
We can make our lives sublime,
And, departing, leave behind us
Footprints on the sands of time:
Footprints, that perhaps another,
Sailing o'er life's solemn main,
A forlorn and shipwrecked brother,
Seeing, shall take heart again.

Let us, then, be up and doing,
With a heart for any fate;
Still achieving, still pursuing,
Learn to labor and to wait.

We present our readers with this old and familiar poem, because of its beauty and appropriate suggestions for the New Year. It is one of the finest poems in language and will repay additional thought and study.—(Editor.)

POPULAR MAJORITY BIG

SIR JAMES WHITNEY'S MAJORITY RUNS OVER 45,000.

Sir James Whitney's popular majority in the recent election was over 45,000. All the returning officers from 106 ridings in the province have made their returns to the clerk of the Crown in Chancery, save the officer for Algoma. The Conservative majorities total 53,311 and the Liberal majorities total 8,001. These majorities of course only represent the ridings where voting actually took place. Seventeen members were returned by acclamation. Despite the size of the popular majority it also must be recalled that a small percentage of the vote was actually polled. Only five Conservative members and three Liberal members were elected by majorities less than 100.

WOULD ENRICH PRAYER BOOK

The question of the adaptation and enrichment of the prayer book of the Church of England in Canada is at the present time being laid before the clergy of the Dominion, with a view to obtaining the concensus of opinion upon proposed changes, and also with a view to obtaining suggestions as to its revision.

A committee of the general synod under the chairmanship of the Primate of Canada and the vice-chairmanship of the Lord Bishop of Huron has prepared a large number of questions which the clergy are requested to answer, and this is now being done.

Certain limitations have been imposed by the general synod which are to the effect that no change is to be made in either text or rubric, which will involve or imply a change of doctrine or of principle; to make out such changes as are necessary to meet the requirements of the Church of England in Canada, and to keep within the lines of the resolutions of the Lambeth conference of 1908. The principles laid down by that English conference were that there should be an adaptation of rubrics to present customs as generally accepted, the omission of parts of the service to obviate repetition or redundancy, additions to present services, the provision of alternatives in the form of public worship and other minor changes.

There are in all seventeen questions asked and a number of suggestions made which the committee desire the opinion of the clergy upon.

The documents are to reach the secretary, Rev. Dean Bidwell, of Kingston, Ont., by the end of this month.

OBITUARY.

MRS. JOHNSTON.

The death of Mrs. Johnston, of Sussex-st., took place at her home on Tuesday evening at seven o'clock. The deceased lady had been a sufferer from pneumonia for about four weeks, and though medical aid was in attendance at all times, she succumbed to the malady despite all endeavors to stay the hand of death. Janetville was her birthplace, from which village she removed to Lindsay eight years ago. Her husband predeceased her previous to coming to town about 13 years ago. The deceased was 52 years of age. In religion she was a fervent and devout Methodist, and an attentive church member, doing the work of a good christian, and at all times endeavoring to spread a halo of religion around those with whom she associated. She is survived by one daughter, Mrs. Williams, of town and five sons, viz.: Messrs. Lloyd, late of Calgary; Harold, of Winnipeg; Bert, Arthur and William of Lindsay.

Convicted of a very brutal assault on Geo. Gallinger, aged 81, of Cornwall, Fred. White, 18, will serve 3 years in St. John's reformatory, Toronto. James Tyo, aged 15, was allowed to go.

And there are a number not in the hospitals, but headed toward jail, who seem to prefer living on a liquid diet.

OPERATION HER ONLY CHANCE

Was Cured by Lydia E. Pinkham's Vegetable Compound

Lindsay, Ont.—"I think it is no more than right for me to thank Mrs. Pinkham for what her kind advice and Lydia E. Pinkham's Vegetable Compound has done for me. When I wrote to her some time ago I was a very sick woman, suffering from female troubles. I had inflammation of the female organs, and could not stand or walk any distance. At last I was confined to my bed, and the doctor said I would have to go through an operation, but this I refused to do. A friend advised Lydia E. Pinkham's Vegetable Compound, and now, after using three bottles of it, I feel like a new woman. I most heartily recommend this medicine to all women who suffer with female troubles. I have also taken Lydia E. Pinkham's Liver Pills and think they are fine."—Mrs. FRANK EMSLEY, Lindsay, Ontario.

We cannot understand why women will take chances with an operation or drag out a sickly half-hearted existence, missing three-fourths of the joy of living, without first trying Lydia E. Pinkham's Vegetable Compound.

For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration.

Set of Furs Presented to The Organist

Zion, Fenelon, Jan. 2.—A very pleasant evening was spent at the home of Mr. and Mrs. Weldon Brown, when a large number of friends and neighbors assembled to express their appreciation of the services rendered by their daughter, Miss Dorothy as organist. During the evening an excellent program was rendered, after which Miss Brown was presented with a beautiful set of furs, and the following address was read, to which Miss Brown made a suitable reply. The ladies served a dainty lunch, when the assembly broke up having spent a pleasant evening. The address:

Dear Miss Brown,—We, a number of your friends and neighbors of the Zion church have met here this evening for the purpose of showing our full appreciation of the efficient services you have rendered us as organist of our church. Your regular attendance and untiring efforts most duly deserve a becoming reward, and we ask you to accept this token of our appreciation, and we hope that you may long remain with us and enjoy those furs and also that you will still continue to lend us the needed assistance that you are now doing, and we can assure you that God will reward you in a way that we are unable to do, in his one good time and way when He shall come to number up His friends. And we assure you of our hearty support.

Signed in behalf of your Zion friends.

KICKED BY COW.

The other evening Walter Irwin, a lad between twelve and thirteen years of age, a son of Mr. Wm. Irwin, who lives near Rosedale, had a piece of his skull driven into and imbedded in his brain by a kick from a colt which he was trying to catch in a field some distance from the house. His screams attracted attention, and he was found in an almost unconscious condition in the field, it is supposed about half an hour after the accident occurred, as the fingers of the right hand were badly frozen and the snow was packed down for a considerable space around in his efforts to get up. Dr. Graham, of Fenelon Falls, was summoned by telephone, and on arriving found what he at first thought was only a scalp wound, but on examination he discovered that a piece of the skull had been completely broken off and imbedded in the brain. The piece of bone could not be seen, but after careful probing it was located and extracted, requiring a very deli- brain, about an eggcupful in quantity, had also to be removed. The piece of bone broken from the skull measured two and one-eighth inches in length by one inch and a quarter in width. At last reports the young man is making very favorable progress.

DEATHS.

JOHNSTON.—In Lindsay, on Tuesday, Jan. 9, 1912, Mrs. Isabella Johnston, beloved wife of the late Robert Johnston, aged 52 years, 3 months, 12 days.

The funeral will leave her late residence, 97 Sussex-st, on Saturday, Ja. 13, 1912, at 11.30 o'clock. Service at the house half an hour earlier. Interment at Janetville cemetery.

You wash dishes about two hours every day. That's one hour wasted!

Dishes get dirty, greasy and sticky and soap will not clean them. Soapy dish water merely cleans the surface; it doesn't *dig* out the corners and drive out the decayed food particles. Moreover, soap leaves your dishes with a soapy, animal-fat smell, that is far from inviting.

GOLD DUST is the sanitary dish washer. It not only cleans the surface, but digs deep after hidden particles of dirt and kills the germs of decayed food which ordinary dish-water overlooks. GOLD DUST sterilizes as well as cleanses.

Besides doing the work better than soap or any other cleanser can, GOLD DUST will save just half the time you spend in washing dishes.

GOLD DUST is sold in 5c size and large packages. The large package offers greater economy.

A NEW BILL.

PETERBORO MEMBER WOULD DO AWAY WITH DEPOSIT.

The bill introduced by Mr. Burnham (W. Peterboro) at the opening session of parliament at Ottawa on Wednesday, to abolish the deposit of $200 at present required from candidates for parliament under the dominion elections act, was not read a second time, as the prime minister intimated that a special committee would be appointed to deal with the question from a Federal standpoint and also for the purpose of producing, if possible, uniformity on the subject in provincial legislation.
