A Racking Cough

Cured by Ayer's Cherry Pectoral. Mrs. P. D. HALL, 217 Genessee St., Lockport, N. Y., says:

"Over thirty years ago, I remember hearing my father describe the wonderful curative effects of **Ayer's** Cherry Pectoral. During a recent attack of La Grippe, which assumed the form of a **catarrh, soreness of the lungs,** accompanied by an aggravating **cough,** I used various remedies and prescriptions. While some of these medicines partially alleviated the coughing during the day, none of them afforded me any relief from that spasmodic action of the lungs which would seize me the moment I attempted to lie down at night. After ten or twelve such nights, I was

Nearly in Despair,

and had about decided to sit up all night in my easy chair, and procure what sleep I could in that way. It then occurred to me that I had a bottle of **Ayer's** Cherry Pectoral. I took a spoonful of this preparation in a little water, and was able to lie down without coughing. In a few moments, I fell asleep, and awoke in the morning **greatly refreshed** and feeling much better. I took a teaspoonful of the Pectoral every night for a week, then gradually decreased the dose, and in two weeks my cough was cured."

—Misfortunes never come singly Those financial statements had to be got out, and job work was pushing and the REPORTER, the greatest paper on earth, could not be neglected altogether, although considerable news is left over, and then to cap it all our devil had to take a round with la grippe and of course came out second best, so if you are a little disappointed in the matter and time of issue of the REPORTER this week just think of Santa Claus and keep mum.

For the Good of Others

Rev. Mr. Williams Heartily Endorses Hood's Sarsaparilla.

We are pleased to present this from Rev. A. A. Williams, of the Sillsbee street Christian Church, Lynn, Mass.:

"I see no reason why a clergyman, more than a layman, who knows whereof he speaks, should hesitate to approve an

Article of Merit

and worth, from which he or his family have been signally benefited, and whose commendation may serve to extend those benefits to others by increasing their confidence. My wife has for many years been a sufferer from severe

Nervous Headache

for which she found little help. She has tried many things that promised well but performed little. Last fall a friend gave her a bottle of Hood's Sarsaparilla. It seems surprising what simply one bottle could and did do for her. The attacks of headache decreased in number and were less violent in their intensity, while her general health has been improved. Her appetite has also been better. From our experience with

Hood's Sarsaparilla

I have no hesitation in endorsing its merits."
A. A. WILLIAMS.

HOOD'S PILLS are the best family cathartic, gentle and effective. Try a box. Price 25c

—Messrs. Geo. Leach and Alf. Russell skated over the crust, across the country to Peterboro', last Sunday. The deed was certainly noticeable whether the day was suitable or not.

Feeble and capricious appetites are best regulated by the use of Ayer's Cathartic Pills. They do not debilitate, by excessive stimulation; but cause the stomach, liver, and bowels to perform their functions properly. As an after-dinner pill, they are unequaled.

—The Canadian Oddfellows have made arrangements to present to the lovers of high class reading and recitation, in Millbrook on Friday the 29th inst., an evening's recital by Miss Lauretta A. Bowes of Boston. See press notices and don't neglect to hear her.

People who have tried it say that there is no better medicine for dyspepsia than Ayer's Sarsaparilla. It may not give one the stomach of an ostrich, but it so strengthens the ailmentary organs that digestion of ordinary food because easy and natural.

—By the death of Mr. Alfred Ainley we lose a resident of our village who was the highest type of a good citizen and neighbor. Taken away in the prime of manhood and life's work thus suddenly ended, what we cannot understand we submissively accept and tender to the afflicted family our rympathy and condolence.

—On account of the severe storm the Jessie Alexander concert was postponed until Jan. 15. Those who waded out through storm and snow were not allowed to go away entirely disappointed, a few vocal selections of music were given and the meeting dispersed, looking forward to that date to hear Miss Alexander. I did na' ken we had any Scotch singers in Millbrook.

—Last Saturday's *Globe* was its Xmas number and to say that it was a great credit to that progressive journal is praise too scant, and that it excells many of those so called Xmas editions of other publications which charge from 25c. to 50c. per copy casts no reflection on the enterprise of these papers. It is attractive and newsy, and the artistic and literary excellencies are worthy the highest encomiums.

—We are now engaged printing the financial statements of the village and townships of Cavan and Manvers. In order that you can give an intelligent vote, electors should make a point to see these before nomination day if possible so that they may have knots unravelled or explanations made on that day. If you cannot see statement before nomination day see it before you vote. The municipal act provides that a copy must be posted up in every postoffice in the municipality, in the Clerk's and Treasurer's office and in at least twelve conspicious places within the municipality. The Clerk shall send or mail a copy (as long as they last) to all those electors requesting them, and have a number on hand nomination day. If you dont see them its your own fault.

Everybody Suffers Pain.—It is the result of violation of nature's laws. Perry Davis has done much to allay the suffering of the people by giving them out of nature's storehouse "a balm for every wound." Such is the Pain-Killer; it stops pain almost instantly, is used both internally and externally, and is of all other pain remedies the *oldest and best*. New size Big Bottle, 25c.
