Nine Nations

Now Use Liquozone. Won't You Try It—Free?

Millions of people, of nine different nations, are constant users of Liquozone. Some are using it to get well; some to keep well. Some to cure germ diseases; some as a tonic. No medicine was ever so widely employed. These users are everywhere; your neighbors and friends are among them. And half the people you meet—wherever you are—know some-one whom Liquozone has cured.

If you need help, please ask some of these users what Liquozone does. Don't blindly take medicine for what medicine cannot do. Drugs never kill germs. For your own sake, ask about Liquozone; then let us buy you a full-size bottle to try.

We Paid $100,000

For the American rights to Liquozone. We did this after testing the product for two years, through physicians and hospitals, after proving, in thousands of different cases, that Liquozone destroys the cause of any germ disease.

Liquozone has, for more than 20 years, been the constant subject of scientific and chemical research. It is not made by compounding drugs, nor with alcohol. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of $1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetal matter.

There lies the great value of Liquozone. It is the only way known to kill germs in the body without killing the tissue, too. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Asthma	Hay Fever—Influenza
Abscess—Anæmia	Kidney Diseases
Bronchitis	LaGrippe
Blood Poison	Leucorrhea
Bright's Disease	Liver Troubles
Bowel Troubles	Malaria—Neuralgia
Coughs—Colds	Many Heart Troubles
Consumption	Piles—Pneumonia
Colic—Croup	Pleurisy—Quinsy
Constipation	Rheumatism
Catarrh—Cancer	Scrofula—Syphilis
Dysentery—Diarrhea	Skin Diseases
Dandruff—Dropsy	Stomach Troubles
Dyspepsia	Throat Troubles
Eczema—Erysipelas	Tuberculosis
Fevers—Gall Stones	Tumors—Pleurisy
Goitre—Gout	Tapeworm
Gonorrhea—Gleet	Women's Diseases

All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisoned blood.

In nervous debility Liquozone acts as a vitalizer, accomplishing what no drugs can do.

50c. Bottle Free.

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In justice to yourself, please, accept it to-day, for it places you under no obligation whatever.

Liquozone costs 50c. and $1.

20th Century Miracle.

Dr. J. H. Perkins (Latest photograph)

Mr. G. H. Arnold, Woodstock, N.B., says: "It is with feelings of thankfulness that I communicate to you the facts concerning my case. In '02 I was stricken down with a serious form of kidney trouble, resulting in Bright's Disease, dropsy setting in and spreading all over my entire body. I consulted with some of the best physicians with no results whatever. My bloating continued until I had increased in weight from 147 to 225 pounds. I was tapped thirty times, having about 75 gals. of water taken from me in ten mos. My physician saw my case was hopless and called in all the doctors here, and after a thorough examination, pronounced my case incurable. I was recommended to try Perkins' American Herbs, and after a faithful and persistent treatment of over a year has made me a well man."

Price 25c. 50c and $1.00 a box.

FOR SALE IN LINDSAY AT

A. C. BABCOCK & SONS',

WILLIAM STREET.

LINDSAY RINKS WON TWICE,

DEFEATED PETERBORO IN THE MORNING, ORILLIA IN THE AFTERNOON.

Orillia Lost the Shepherd-Needler Cup by 37 Points Plus 27.

Never in the history of curling has such progress been made in the game as during the present year. Those who have dropped in to see the regular rink games have watched game after game where the playing has been in Tankard form, and as a result of keen and earnest play in the local matches, when rinks have been chosen for foreign games they have invariably put up a first-class game, and though the rinks were chosen March 2nd to give as many players as possible chance to play, still, the result in both games—the game with Peterboro in the morning, and the game against Orillia in the afternoon—was the same old story; "Lindsays up."

The local players were very glad to have another chance of meeting Peterboro in a friendly game, and we trust that more of these friendly games may be played. On looking over the back numbers of The Post we notice that back in the eighties and early nineties it was a rare thing to have a week pass without a match with Peterboro. May the good old times return. The game against Peterboro Thursday, March 2nd were close enough to be interesting. Two of the Lindsay rinks were up all the time, and though the third rink was behind enough to keep the score fairly close, the game ended with Lindsay six up. Full score:

Peterboro—		Lindsay—
M. Mills		B. Eyres
R. Hicks		R. A. Millar
A. Stratton		F. Johnstone
T. Brightman, sk	6	T. W. Greer, sk 13

SHEPHERD-NEEDLER TROPHY.

In the afternoon was played the second game for the Shepherd-Needler Cup. The first game resulted in a win for Lindsay by 27 shots, and so our rinks were playing with a good margin to come and go on, and though many of the "old reliables" were unable to play, the game went our way this time by 37 shots. In Orillia three out of the four rinks were up, each of them five points, and only one rink down. Too much credit cannot be given to Mr. A. Watson and his rink for tehir victory over one of Orillia's "good uns" on Orillia ice. It seems that there is plenty of coming material.

All the rinks playing at home were up. The President, Mr. O'Connor, headed the procession, winning by the good margin of 13 points; he had his man guessing all the time. His rink was strong and they played a fine game. The other games were closer, but not close enough to cause any excitement, and as a result a smaller "gallery" than usual was present. Full score:

Orillia—		Lindsay—

HOW TO KEEP WELL.

Strengthen the Stomach With Mi-o-na and Get Perfect Health.

The source of health is the stomach and the digestive system. When acting as nature designed they should, the organs of digestion do their work regularly and unconsciously, like a perfect machine.

Those who use Mi-o-na do not have a sallow complexion, sunken cheeks, nor flabby flesh. Their skin has a ruddy glow, the eyes are bright, the breath sweet and the step elastic. In short, the users of Mi-o-na have the maximum of good health and are plump, rosy and robust.

Nine-tenths of all sickness comes from a weak stomach, causing loss of flesh, shattered nerves, flatulency, heartburn, sick headaches, backache, spots before the eyes, rheumatic troubles, and general weakness and debility. Take a Mi-o-na tablet before each meal, and all irritation, congestion and inflammation in the stomach or bowels will be immediately soothed and relieved. In fact, the stomach will become well and strong and the whole system filled with strength and vitality.

Even if a weakened stomach has brought you to a chronic stage of ill health, where life is one long drawn out pain, do not despair. Mi-o-na will effect a cure if the simple directions in each 50c. box are faithfully followed. Druggists everywhere are asked to refund the money on Mi-o-na bought from them should it fail to give satisfaction. If the dealer from whom you bought does not care to refund the money, mail the empty box to R. T. Booth Co. Ithaca, N.Y., or Toronto, and your money will be sent to you at once. Mail orders promptly filled on receipt of price, 50c. a box.

Life at 40.

(New York Journal).

Pay no attention to Dr. Osler's thoughtless remark.

Forty, as a matter of fact, is the age to begin, not at the age at which to end.

At 40 a man begins to realize that life is real, that knowledge is the only thing worth while.

The man of 40 should begin his real life, his real study, his real thinking, and his real work.

If he has done anything before that and got a good start, so much the better. But let no man think himself mature at 40 or past the age of work and achievement.

At 40, Disraeli, the great Jew, was patiently trying to make the English Parliament listen to him.

A generation after that he was bossing English land, making the Queen Empress of India, the country that his people came from, buying the Suez Canal for England, fixing up the trouble at Berlin and grabbing Cyprus out of the scrimmage.

Young man, take care of your health. Keep your mind active and sober, that you may begin at 40 to live earnestly and usefully.

Do you catch cold easily? Does the cold hang on? Try

Shiloh's Consumption Cure The Lung Tonic

It cures the most stubborn kind of coughs and colds. If it doesn't cure you, your money will be refunded.

FOUGHT OFF THE WOLVES.

SPENT FOUR TERRIBLE NIGHTS ON THE YUKON TRAIL.

Lonely Man's Awful Journey With a Corpse in Alaska—Brutes Never Left Him for Days.

Few men could go unharmed through the terrible experiences which recently befell Mr. M. A. Mahoney, of Fairbanks, Alaska, near Dawson City, on the Yukon river, says the Daily Mail.

Mr. Mahoney brought out with him from Fairbanks to Seattle, in the Washington state, the body of the late ex-Mayor of the latter city, Mr. Humes. Placing the corpse on a sleigh drawn by ten dogs, he set off alone on the trail for Vendez, on the Pacific side of Alaska.

After two days' travelling he was attacked by timber wolves, who made a desperate assault on him and his dogs. That night the lonely traveller kindled a huge fire, drew the coffin containing the corpse as close to the blaze as he could, and, seating himself upon it, kept an all-night vigil, watching intently the slinking forms of the beasts in the shadows and the gleaming of their eyes in the firelight.

A FEARFUL VIGIL.

Unluckily for him, the Yukon Valdez trail is not much travelled, and he met no one during his long journey.

The next night he had to go through the same ordeal, the big fire being the only protection from the ravening pack which snapped and howled round the little camp.

On the third morning, through sheer exhaustion, he fell asleep, but was awakened by feeling the paws of a wolf on his breast. Instantly he was on his feet, snatched a burning brand from the fire, and waved it round his head, thus driving away the beast.

The following night matters reached a climax. The lonely man was utterly worn out, and could hardly keep his eyes open even by the strongest effort of will. He had eaten nothing since the early morning, while the disappointed wolves had become much bolder, and even as the weary traveller sipped tea out of his pannikin one of the leaders of the pack sprang at the coffin. Mr. Mahoney was obliged to leave his supper unfinished and began a fight with the wolves, that lasted all night. With flaming pine branches full of resin, he stabbed and thrust at the faces of his foes all night long.

Once he caught himself actually falling asleep on his feet, clutching the flaming wood bayonet-fashion, while a dozen of the grey brutes raced madly around him, snapping at the end of the torch.

Several times by a dexterous thrust he managed to plunge his burning spear into the eye or down the throat of some unwary wolf.

Half mad with hunger, want of sleep and fear, the unfortunate man contrived once more to harness up his team at daybreak, and at noon, after three days' continuous fighting, reached a house some seven miles out of Valdez. After eighteen hours' sleep Mr. Mahoney found himself none the worse for his terrible journey, except that his hair had turned partially grey from the awful strain of the last three days.

Gentlemen who are Bald

Or have thin hair, should call on Prof. Dorenwend at Benson House, Lindsay, on Saturday, March 11th, and see his wonderful devices in Toupees and Wigs worn on over 75 000 heads. Explanation and demonstration free. Private apartments at hotel. Don't fail to see his new invention, patented all over the world.

Every Two Minutes

Physicians tell us that all the blood in a healthy human body passes through the heart once in every two minutes. If this action becomes irregular the whole body suffers. Poor health follows poor blood; Scott's Emulsion makes the blood pure. One reason why

SCOTT'S EMULSION

is such a great aid is because it passes so quickly into the blood. It is partly digested before it enters the stomach; a double advantage in this. Less work for the stomach; quicker and more direct benefits. To get the greatest amount of good with the least possible effort is the desire of everyone in poor health. Scott's Emulsion does just that. A change for the better takes place even before you expect it.

We will send you a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

WEEKLY POST LETTER BOX

LIBRARY FOR "DOMINION."

(To the Editor of The Post.)

Sir,—One of the largest and finest battleships that is now being built for the Imperial navy in a class of four, and including the "Commonwealth," "Africa" and "New Zealand" is out of compliment to Canada, to be called the "Dominion." In England it has been customary of late years, when battleships have been named after certain counties or districts, for a people's subscription of one shilling each to be taken up, chiefly by the newspapers of such district, and a presentation for a ship's library, or such other furnishings as may seem desirable for the use of the ship's company has been made. As the "Dominion" is, I think, the first first-class battleship to be named after this country, it seems to be that it would be an appropriate and pleasant incident for the leading newspapers in each of the principal towns to take a contribution of twenty-five cents each from its readers.

I now write to ask if you would undertake this in your local district. It has been represented by friends in England, who are interested in the growth of the Imperial idea, that such a contribution on the part of Canadians would be highly appreciated. Mr. D. R. Wilkie, General Manager of the Imperial Bank, has kindly consented to act as treasurer of the fund.—I remain, yours.

HENRY DE VOEUX.

Toronto, March 1st, 1905.

RICH WARM BLOOD

Absolutely Necessary to Health, Comfort and Strength – Good Blood Banishes Disease.

People with rich, red blood do not feel the cold of winter. When your feet are cold, your fingers numb and your face blue and pinched, it is a certain sign that your blood is thin and your circulation weak. Your blood needs building up with Dr. Williams' Pink Pills. They make new blood; they stimulate the circulation. The new blood they make races through your veins to every part of your body from finger tips to toes, and makes you warm, happy and healthy. Mr. Alphonse Lacoussiere, St. Leon, Que., says; "About a year ago my blood became impoverished and I was badly run down. My hands and feet were always cold and I could not stand the least exertion. My trouble was further aggravated by pains in my kidneys and bladder, and often I could not go about without aid. I consulted doctors, but they did not help me, and I was almost in despair when I was advised to use Dr. Williams' Pink Pills. I got six boxes and before they were all gone I knew I had found a medicine to cure me. I took the pills for about a month longer and every symptom of my trouble was gone, and I have since enjoyed the best of health."

Dr. Williams' Pink Pills cure after doctors and common medicines have failed, because they actually make new, rich blood, and so strengthen all the organs and brace up the nerves. That is the way they cure indigestion kidney and liver troubles, rheumatism, nervousness, neuralgia, palpitation of the heart, St. Vitus' dance, partial paralysis and the secret ailments that fill the lives of so many women with misery. Do not take any pills without the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around each box. Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for $2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.

First and Last.

(Chicago News.)

The hardy pioneers first come
With rifles, plows and axes;
Then politicians follow with
Elections, graft and taxes.

Ladies look Younger

Which is the desire of all. Take the trouble of visiting Prof Dorenwend's private show rooms at Benson House, Lindsay, on Saturday, March 11th, and see the many beautful inventions in styles of Human Hair Coverings, Wigs, Bangs, Switches, etc., and inspect his new patent structure.

Saturday's Market.

Saturday's market was well attended and produce was plentiful. Eggs took a drop, but chickens were sold at various prices. Eggs, 20c., 22c., 23c. and 25c.; butter, 22c. and 25c.; cream, 20c. and 30c. a qt; chickens—small ones 45c. and 75c. a pair; large ones $1.10 a pair. A pair of large chickens sold at $1 each, weighing some six pounds; beef, 5 1-2c. for forints, 6 1-2 for hinds, and some at 7c. for hinds; pork, 9c. and 10c. and 8c. and 9c.; hay $7, $7.50 and $8 per ton.

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and by the proper treatment of these diseases, a threatened attack of pneumonia may be warded off. There is no question whatever about this, as during the thirty years and more that Chamberlain's Cough Remedy has been used, we have yet to learn of a single case of cold or attack of the grip having resulted in pneumonia when this remedy is used. It is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." For sale by all druggists.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this.
