ENGLAND.

Otho, King of Greece, is about to visit England.

It is stated that recently one firm in Sheffield manufactured in the space of three months no less than 280 tons of crinoline steel.

Lord Lyndhurst has never appeared in the Peers since Lord Campbell's exit. The suddenness thereof considerably startled him.

Lord Palmerston has recently purchased two large estates adjoining Broadlands, one of them being Grove Place, Nevesling, the house of which was a fishing box of Queen Elizabeth. His lordship's estates now extend to within four miles of Southampton.

Miss Nightingale.—This lady is devoting her attention and much of her spare cash to the establishment of educational institutions for the soldier, and was recently on a visit of inspection to one of these institutions in Chatham. It will rejoice her many friends and admirers to know that she has so far recovered from her illness as to be able to undertake this labor of love.

The Great Eastern.—In her homeward trip the Great Eastern established her reputation for speed, ease, and comfort; nothing like vibration or sea sickness was experienced by the passengers. The immense ship promises to be a triumph success. She returns to New York.

Dog of Vernon.—It is very generally believed that if a healthy dog should bite a man and at any *subsequent* period became rabid, the man will also became rabid—no matter how many months or years may have elapsed. The consequence of this absurd prejudice is, that healthy dogs are frequently killed in order to prevent their becoming rabid. There was an example of this only a few weeks ago in London; and unhappily the bitten man died a victim to the terrors of hydrophobia. It was quite clear, from the symptoms, that he was not affected by hydrophobia; and the magistrate very properly expressed disapprobation at the folly of destroying the dog before it was evident whether or not it was rabid.

Crops in England.—Wet, ungenial weather for the ten days previous to the leaving of the last steamer, has cast a gloom over English farmers. The potatoe disease has appeared earlier than common and with unusual energy. Wheat is effected with rust and mildew to a great extent, and the former is particularly injurious, and effects most seriously the white varieties, particularly the Russian White. The Mangel Wurtzel, particularly in the South of England, is affected with the blight of the leaves, from which a great injury to the crop is anticipated; but a greater evil than this is found in the swarms of aphis, which cover the leaves in very many fields. For this Dr. Lindlay remarks, there is no certain cure, except such as would involve a greater expense than the worth of the plants.

A CARD.

It has been stated that Mr. J. McSWAIN, of Mariposa, was so energetically assisted in removing our goods at the late fire, charged for his labor on that occasion. This is not the case. Mr. McSwain, along with many others, worked as if for their lives, and would accept of no remuneration for their trouble. They will please accept of our best thanks for their exertions on our behalf.

IS pleasantly situated at the head of St. Paul Street, amongst the largest wholesale houses, in the city. It has (with business men generally, and especially with the best Merchants of both Provinces) become so great a favourite, that it is now acknowledged to be THE Business Hotel of Montreal. To meet the extensive increase during the last year in the business of the house, the proprietor has built a large addition. The Dining-Room has been extended and made more commodious; there have been completed a new wing, a great number of well ventilated sleeping-rooms, and the House throughout has been refitted, and now contains many improvements and conveniences hitherto unknown to its guests. The whole of the beds have been furnished with NEW SPRING MATTRESSES. The proprietor expects that by continuing his personal management of the concern, "The Albion," to say the least of it will continue to be, as it now is, the best DOLLAR and a HALF HOTEL in Canada.

W. L. McDONALD & CO.

BEG to inform the inhabitants of Lindsay and the county of Victoria generally, that having escaped the late disastrous fire that destroyed the town of Lindsay, they still occupy the

BRICK STORE BELONGING TO DAVID BROWN.

They are led to believe that their customers in the country think that they cannot purchase goods as usual, or at former prices, in Lindsay, on account of the great fire, but they beg to assure them that they have not only a larger stock than ever on hand, but even

STILL LOWER THAN EVER WAS SOLD BEFORE IN LINDSAY.

Having just returned from Montreal, they have added over $7,000 worth of goods to their already large stock, and now feel assured that they can offer inducements that have never before been offered in this town. They have a larger stock and greater variety than any other three stores in town, and for cheapness and superiority cannot be surpassed even in Montreal or Toronto.

They have just opened, and now offer for Sale, a

Large Assortment of Dry Goods,

READY-MADE CLOTHING FOR THE MILLION,

LIQUOR DEPARTMENT.—Port and Sherry Wine; Pale and Dark Brandy; Holland and Old Tom Gin; Toddy and Common Whiskey; Porter, Ale, and Rum; also, Beer by the barrel.

LEATHER DEPARTMENT.—Spanish Sole, Upper Leather, Calf Skins.—*Inspection.*

As they are well acquainted with the best markets, and have agents constantly on the look out for bargains at wholesale, they are warranted in asserting that they cannot be undersold by any other house in Lindsay, a statement which all who purchase from them are enabled to endorse. Give them a call, and they will spare no effort in securing your custom by giving good value for your money.

They do not quote the prices of their goods, preferring to let parties call and examine for themselves, in which case if goods and prices are not satisfactory, visitors need not buy.

Particular attention is directed to the Wholesale Department which is now complete, and goods can be purchased at this store cheaper than they can be had either at Toronto or Montreal.

To those persons (especially to those from the country) who so generously aided them on the day of the fire, they beg most respectfully to return their sincere thanks, and assure them that their acts of kindness shall never be forgotten.

THE LIFE
OF OUR LORD AND SAVIOUR
Jesus Christ.

By Rev. JOHN FLEETWOOD, D.D.,
Carefully revised by Rev. Joseph Belcher, D.D.

THE LIFE OF CHRIST is the Philosophy of true religion. It exhibits the Principles of Christianity in their purity and beauty. Its perfect excellence personified, that the mind of man may grasp it, and be changed into the same image. The inspired writers have given it to us in detached descriptions. Dr. Fleetwood has arranged these in one harmonious whole, with such comments, explanations and incidental information as to render it alike acceptable to the scholar, as to "him who knows no more, but knows his Bible true." Belcher's revised edition contains the Lives of the Apostles, History of the Jews, and an Essay on the Evidences of the Bible. It is printed in a clear and open type, in one royal octavo volume, handsomely illustrated, and will be furnished in the following styles:—

Cloth Extra	Price, $2 00
Law Sheep	" 2 50
Cloth, Full Gilt	" 3 00

NEW COPPER-PLATE MAP OF C.W.

MESSRS. TACKABURY, BROS. AND CO. of LONDON, C.W.,

Are about to publish a large, full and complete Topographical County-Township Map of CANADA WEST. This Map is being prepared from full and complete surveys of the Province, thirteen Counties of which are already completed or in progress, and will show Upper Canada with far greater minuteness of detail than any work of the kind heretofore attempted. The Map will be drawn on the scale of six miles to the inch, and will show each County divided into Townships, and in each Township the concessions and lots will be shown with their respective numbers. All roads will be shown, and those which are travelled will be distinguished from surveyed roads which are not opened. Particular attention will be given to main, gravel, plank or macadamized roads. The location of all towns and villages will be shown, and those which have post-offices will be designated from those which have not. All the rivers, lakes and hills will be shown, with the general topography of the country. The various Railroad lines will be a prominent feature of their Map, and each depot and station will be carefully shown. Prominence will be given to the cities and principal towns by an enlarged plan of each, in the margin of the Map.

There will also be zoological and meteorological Maps, as well as a Time-Table, Table of Distances, and the general statistics of the Province as shown by the new census, also a business directory of the cities and principal towns.

The size of the Map will be 64 inches square, will be handsomely engraved on copper, beautifully colored and mounted, and finished in the highest style of art; will be furnished to subscribers at six dollars per copy—while other works of a similar style sell at ten dollars.—Agents are now canvassing for subscribers in those parts of the Province not already canvassed, and all will be called upon in due time.

☞ The public is cautioned to beware of imposition, as parties are endeavouring to obtain subscribers for a map which purports to be similar, but it is only intended to be lithograph map, which can in no way compare with a Copper-plate Engraving. The Lithograph Map does not show the Divisions into Lots, and is not to be published for several years.
