BOARD OF SUPERVISORS MEETING.

Proceedings of Session Held at Wheaton Jan 19th.—March Grand Jurors Chosen.

Proceedings of the board of supervisors at a special meeting held at the court house in Wheaton, on Tuesday, Jan. 19, pursuant to call of chair. Meeting called to order with Supervisor Betts presiding. On roll-call all members were present. Proceedings of the last meeting read and declared approved.

All bills and communications on file with the clerk were read and referred to their respective committees

The following report, presented and read by Supervisor Churchill, chairman of the county farm committee, was on motion of Supervisor Bartlett approved, except as to the clause referring to George Hildebrandt

Your committee on county farm would respectfully report that they met at the county farm January 4, and audited the accounts and inspected the several departments and found everything in satisfactory condition. They also inquired into the matter of liability for the care of George Hildebrandt. It was the unanimous opinion of the committee that he was a citizen of the town of Winfield, and the superintendent of the county farm was so instructed.

Your committee also took up the case of Thomas McCarthy. For many years this man has been a wanderer, going from place to place in and out of the county, not remaining any place long enough to acquire a residence. Your committee had him examined by the county doctor who pronounced him as being able to work and to earn a living, so your committee discharged him on said January 4.

On the 14th day of January your committee visited the Kane county farm and was received with marked attention by Mr. and Mrs. Keyes, and was shown through every department. Your committee was especially pleased with the laundry and refrigerating plant, which were equipped with the latest improved machinery. Every department giving evidence of most thorough and painstaking care. This public institution in common with our own is the best testimony of the value of our civilization that can be given.

On the 16th day of January your committee visited the city of Chicago and purchased a drying plant of the Troy Manufacturing company for $200, to be installed as soon as possible. At the present time your committee is investigating and planning for a refrigerating plant, which we hope to have in place in time for summer use.

On motion of Supervisor Bartlett Geo. Hildebrandt was declared a county charge.

On motion of Supervisor Hammerschmidt the board took a recess to 1:30 this date.

Report of E. B. Howe, county farm superintendent, was read and ordered on file.

ILLINOIS AT THE WORLD'S FAIR.

The Illinois commissioners for the world's fair are in receipt of information from the university of Illinois, that both the electrical and mechanical engineering colleges are preparing elaborate but compact displays of their different departments. The former is capable of making a very elaborate and attractive exhibit, should the space allotted permit day illumination. At any rate it will show different styles of wiring—exposed and conduct—concealed lamps, roof effects, etc An exhibit of photographs is in preparation showing buildings and laboratory views of methods of instruction which will be of insterest to the public.

The mechanical engineering department display will contain photographic views of its magnificent hall and minor buildings which of itself is most interesting. It will show work from the departments of machine design, steam engineering and railway engineering. From the shops it will send complete sets of work illustrating a two years course of instruction, with blue prints illustrative of the examples, and from the special advanced department a 65-horse power tandem compound steam engine, a compound yacht and other engines, sample workbench, drawings illustrating courses of instruction in the three departments—machine design, steam engineering and railway engineering. Railway Test Car No. 17, will doubtless also be put on exhibition. This will include apparatus used and results of work done by the car. The work of graduates and undergraduates will be accompanied by photographs, charts and diagrams.

The civil engineering department exhibits will contain bound volumes of class work in field practice, drawings showing railroad maps, masonry arches and bridges; and as in many of the other departments, showings will be made of the attendance in the college for a given number of years. Photographs of buildings, interiors, etc., will also be exhibited.

The state commissioners have set aside $8,000 to aid the university to make its display.

It is understood that Mrs. Eugenie M. Bacon of Decatur, president of the Illinois Federation of Woman's clubs, is considering plans for having a great conference of Illinois club women in the Illinois building on the fair grounds during the fair.

SAVED FROM TERRIBLE DEATH.

The family of Mrs. M. L. Bobbitt of Bargeton, Tenn, saw her dying and were powerless to save her. The most skillful physicians and every remedy used, failed, while consumption was slowly but surely taking her life. In this terrible hour Dr. King's New Discovery for consumption turned despair into joy. The first bottle brought immediate relief and its continued use completely cured her. It's the most certain cure in the world for all throat and lung troubles. Guaranteed bottles 50c and $1.00. Trial bottles free at all druggists.

TAX COLLECTOR'S NOTICE.

Notice is hereby given that the undersigned, township collector of Downers Grove township, will be at W. H. Barnhart's office in Downers Grove on Mondays and Tuesdays in each week, and at James McClintock's office in Hinsdale on Fridays and Saturdays in each week for the collection of taxes. A "TOUCHING" MATTER.

This is the season of the year when a large number of subscription accounts fall due. We dislike to mention the matter but it would afford us particular pleasure just now to affix our name to a receipt showing all arreages paid by any of those indebted to us. If you are one of the fortunate ones referred to don't let any feeling of modesty deter you from calling at headquarters.

DOMESTIC TROUBLES.

It is exceptionable to find a family where there are no domestic ruptures occasionally, but these can be lessened by having Dr. King's New Life Pills around. Much trouble they save by their great work in stomach and liver troubles. They not only relieve you, but cure. 25c, at all druggists.

My Lungs

"La grippe left me with a bad cough. My friends said 'consumption.' I then tried Ayer's Cherry Pectoral and was promptly cured."
A. K. Randles, Nokomis, Ill.

You forgot to buy a bottle of Ayer's Cherry Pectoral when your cold first came on, so you let it run along. Even now, with all your hard coughing, it will not disappoint you. There's a record of sixty years. Three sizes: 25c., 50c., $1.00.

Consult your doctor. If he says take it, then do as he says. If he tells you not to take it, then don't take it. He knows.

One of Ayer's Pills at bedtime aids the Cherry Pectoral greatly in breaking up a cold.

J. C. AYER CO., Lowell, Mass.

WONDERFUL NERVE.

Is displayed by many a man enduring pains of accidental cuts, wounds, bruises, burns, scalds, sore feet or stiff joints. But there's no need of it. Bucklen's Arnica Salve will kill the pain and cure the trouble. It's the best Salve on earth for for piles, too. 25c, at all druggists.

A NEW BOOK ABOUT NEBRASKA.

The best and most comprehensive work on Nebraska ever produced has just been issued by the Burlington Route. It has 48 finely illustrated pages packed full of just the sort of information a prospective settler wants. In addition there is a large sectional map of the state which is accurate in every detail. There is no country under the sun where men of push and energy have a better chance to succeed. It is a paradise for "good renters," for they will not be compelled to rent long in Nebraska. Send today for a copy of the book. No charge. P. S. Eustis, Passenger traffic manager, 209 Adams street, Chicago.

WEEDS

Consumption is a human weed flourishing best in weak lungs. Like other weeds it's easily destroyed while young; when old, sometimes impossible.

Strengthen the lungs as you would weak land and the weeds will disappear.

The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest.

The time to treat consumption is when you begin trying to hide it from yourself. Others see it, you won't.

Don't wait until you can't deceive yourself any longer. Begin with the first thought to take Scott's Emulsion. If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win.

Scott's Emulsion, fresh air, rest all you can, eat all you can, that's the treatment and that's the best treatment.

We will send you a little of the Emulsion free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.
