MIDLAND DISTRICT NOTES.

—Dr. Sangster, Goldwin Smith's opponent, has taken up his residence at Port Perry.

The Cobourg Railway Co. advertise for tenders for the completion of Rice Lake bridge.

The Cobourg, Peterboro and Marmora Railway shut down for the season last Saturday evening.

Whitby is organising a Board of Trade, and a certificate of incorporation has already been applied for

Mr. W. K. Foot, of Bracebridge, has been appointed Fishery Overseer of the Muskoka lakes and rivers.

The latest thing in Kingston is a child wonder, an infant having four arms, four legs, and four ears.

Mr. Joseph Pringle, of Unionville, accidentally shot off part of his thumb with a revolver, Monday week.

A sturgeon weighing 75 pound was caught in Lake Simcoe by Mr. D. C. Burke, while trolling, on Monday.

Mr. Thomas Myers has purchased "The Grove," Bracebridge, the late residence of Mr. T. A. McMurray.

The Peterboro school board made a mistake of $3,600 in their little bill against the ratepayers for the current year.

The lands of the Bowman Estate in Bowmanville have been placed on the market with results beneficial to the town

The Y. M. C. A. of Whitby is following the example of the Oshawa Association, and is arranging to open a free reading room

The rails on the Grand Junction have been laid as far as Hayden's Corners. The staff of men so employed lay about half a mile a day

Government engineers are engaged surveying the Port Darlington harbor, with a view to ascertain its adaptability for a harbour of refuge.

A man named Archie McLean was burned to death in the Collingwood lock-up last week. The fire originated from a spark from the stove.

On Thursday night twenty one bags of barley were stolen from the barn of Mr H Gray, lot 35, 8th con., Darlington. The thief is unknown

The Ontario Central Railway proposes to ask a bonus of five thousand dollars per mile, or seventy five thousand dollars from the township of Pickering.

The Chronicle says that the Whitby clock factory shipped sixty cases last week to Berlin, and also filled a large order for a wholesale firm in Montreal

The people of North Hastings are troubled with bears, which are prowling through the county, and appear to be uncommonly fat as to what kind of stock they pick up. In Bonnex they are also snooping.

Mr Henry Brice, with an Osborne machine, on Summerdale Farm, township of Hope, threshed out 1,245 bushels of barley (no guessing about it,) in about two day's time. Who can beat that? asks the Port Hope *Guide*.

Mrs. Hobart, wife of Mr G. S. Hobart, of the Medical Hall, Kingston, died on Monday morning, in the presence of her husband, while undergoing the operation of having a tooth extracted. Chloroform and brandy had been administered

Last week a large pile driver used by the Northern Railway Co. in the construction of the railway bridge over the Severn, fell on the foreman, Mr Gilchrist, while at work. His arm was broken in three or four places between the elbow and wrist

Some land explorers who have been out near Lake Nipissing, about the same latitude as Lake Nipissing, report good timber forests and excellent land. It is situated some hundreds of miles northwest from Peterboro and not very far from the Ottawa River.

Monday afternoon last a little girl, about three years old, daughter of Mr. James Lunn, 10th concession of Clarke, was fearfully burned about the body, head, neck and face. It appears that the child's clothing caught fire by some means, during the absence of its mother and other adult members of the family

Two children aged about six and eight years, sons of Mr. Reid, were killed by a falling tree on the 20th inst. in the township of Brooke. The two little fellows carried a drink to their father who was making hoops close by the shanty where they lived, and on their return, just as they were entering the door, the tree fell

The Whitby Railroad Co. offer a reward of $200 for the apprehension of the rascal, or rascals, who were wicked enough on the night of the 30th ult., to place a piece of timber between the rails and another across the track, between Prince Albert and Port Perry. The engine of the Saturday morning train received some slight injuries therefrom

The Nipissing Railway Company has had new sidings laid at various points along the road to facilitate the handling of freight, and a quantity of steel rails are about to be laid in the vicinity of Markham and Scarboro' junction, and it is understood that the intention is ultimately to have all the road south of Uxbridge laid with the same material.

A sad accident occurred in Messrs. R C Strickland & Co.'s mill Monday morning. A lad named Harry Heath was caught by a board and thrown on to one of the butting saws, and nearly severed in two. There is no hope for his life. His father and brother were working in the same mill at the time, and it has caused great grief to his family, who only came out from England last spring. The loss of their eldest boy is a great blow.

Mr. James Smith, of the firm of Thomas Smith & Co., near Enniskillen, met with a fatal accident. While driving a load of wood from the mills to his residence, it was necessary to go down a very steep hill at Alex McLaughlin's and while doing so the wood, which was cut in stove lengths, gave way in front and came in contact with the horses, causing them to run. Mr. Smith, in attempting to jump from the waggon, became entangled in the lines and was precipitated on his head, producing fracture of the spinal column in the region of the neck, and otherwise seriously injuring him. He died a few hours after.

A new way of doing business came before the Port Hope Harbour Commissioners Monday week, and is thus described by *Times*. It appears sometime ago a quantity of glass arrived here for an Orillia firm. Messrs. Tudhope & Co., C O D $550. Our obliging harbour master, Mr A Cochrane, as usual being willing to do his best for parties unable to look after goods arriving here telegraphed to Orillia, asking the firm if they wished him to receive the goods. They replied they were anxious to get them at once, and Mr. Cochrane paid the money for them, but the anxiety of the firm to have them ceased when they found the goods were paid for and in safe custody here, and they have remained in store at the wharf ever since. Mr. Tudhope now appears before the Board and offers a joint note at three months to release the goods. If that is not "cheek," we would like to know what is. The very large sum of $8.50 is what our harbour realizes for tolls out of the transaction, and this very shrewd business man coolly thought to wheedle the Board in delivering him the glass on a three months note endorsed by strangers about whom no one here knew anything. Need we say he did not succeed!

CAMBRAY.

WHO CAN BEAT THIS?

Correspondence of The Post

Cambray versus any other village of equal dimensions in Ontario for neatness, and dispatch in the manufacture of carriages. A young man named Wesley Owens, succeeded in performing an amount of work unprecedented in the history of our village, namely, the ironing of a shell sided cutter complete in the short space of six hours and seventeen minutes. It is not our purpose or province to exaggerate or boast, but we would like to hear of another who can do so in less time. We consider great praise due the young man for acquiring such dexterity in and knowledge of the business.

and all others in proportion. Having bought a very large quantity of PRUNELLAS I obtained them at lower rates than any other house in Canada, except a Hamilton firm, and will give my customers the benefit of buying cheap. In this line I cannot be undersold. Always in stock full lines of the celebrated Prunellas manufactured by King & Brown, who are the best manufacturers in the province of fine goods.
