SKATING BOOTS

SOUTH AMERICAN LEATHER

THE ORILLIA CURLERS played the Peterboro club yesterday, and will polish off Port Hope to-day.

LINDSAY RACES. Arrangements have been completed for holding races on Goose Isle the last week in February. Liberal subscriptions have been received and more are expected. The promoters intend having the races carried out in a straightforward manner.

IMPROVING. A correspondent writing in the *Christian Guardian* of last week respecting the Methodist church in this town says: "Our financial condition under the judicious and earnest management of Rev. J. Greener, is rapidly improving."

OYSTERS. The St. George's restaurant is daily supplied with fresh oysters of the best brands and are served in George's superior style. All the other delicacies in canned goods and fancy sugar goods always in stock. Seasonable fruits now in stock in great abundance. 2004.

THE WEEKLY GLOBE and THE POST. These two papers will be clubbed this year for $3.25. In consequence of the enlargement of the *Weekly Globe* by the addition of the *Canada Farmer* the lowest club rate for that paper is $1.75. Names and money may be left at Mr. Porter's bookstore, or at the office of THE POST. Keenan's. 2054

ST. PAUL'S CHURCH. Hymns for January.

Day	Morning.	Evening.
1th	47, 311, 107	15, 217, 101
21st	17, 31, 201	146, 24, 113
28th	91, 193, 221	39, 228, 239

The hymns and tunes are selected from Rickersteth's Hymnal Companion to the Book of Common Prayer.

LAUGHING GAS. Dr Colton, the originator of the novel laughing gas for drawing teeth, in a letter dated Dec. 26, 1876, to J. NEYLANDS, of this town states that at a time he had administered the gas to 140 persons without an accident. J. NEYLANDS made a special study of this gas under Dr. Colton. The gas has been successfully given at the rooms of NEYLANDS & BRO., to several days and parties without an accident. They are now administering the gas for those having new teeth inserted. 2054

AWAY A RUNAWAY. While descending the hill on Caroline st., East Ward, Tuesday evening, the horse belonging to Dr Burgess took fright from a portion of the horse giving way, and had it not been for the strength of the robe and the Doctor's coachman, no bodily or serious accident to the horse, cutter and occupant would have been the result. The horse ran across the Lindsay st. bridge and up Kent st., where it was turned into Colborne st., the cutter running up against his heels every step he took. No damage done.

A WORD LATE. Mr. Vennor, in his latest prediction to the Witness that Monday afternoon, says: "Another gale on Friday and heavy snow storm is expected for January, and then a clear, cold, spell." There will be a brief lull in the course of the winter, which will form an interval in our programme. Feb. will be cold on the whole, and be ushered in with some heavy blockades of snow and steady winter weather, but towards the latter part a change will be made, and the spring will commence with a marked influence. Heavy rains will have to take the termination of the month, and when these arrive we may be considered as once more on the Parallelogram. We are in the track of Dr Herriman has been a great source of jealousy, and with the Orillia club he has entered into partnership in Paris, for them to play Herriman & Philp. Dr Herriman's reputation as a careful, attentive and skillful practitioner and surgeon is widely known throughout the country from Dr Philp is a gentleman of ability in his profession. He has been practising four years in Chicago, only four months spent in Paris, and the Dr. and Philp hospitals of New York city. We wish the firm success.

PORT HOPE. We see by the Port Hope Times, that the worthy ex-Warden of Peterboro, Mr. H. C. Gilbert, formerly of this town, was presented with a handsome clock on New Year's Day. Mr. H. C. Gilbert, of this town, was among the pioneers of the settlement of the Queen's Bush, and was a member of the Legislative Assembly for the Riding of Peterboro' for many years. We wish the Doctor success in his new home.

PORT PERRY. We see by the Port Perry Reader, that our worthy friend Mr. H. F. Gilbert, formerly of this town, was presented with a handsome clock on New Year's Day. Mr. H. F. Gilbert, of this town, was among the pioneers of the settlement of the Queen's Bush, and was a member of the Legislative Assembly for the Riding of Peterboro' for many years. We wish the Doctor success in his new home.
