Heard's Improv'd HARROWS.

Artemesia, June 16th, 1883.

MR. JOHN H. HEARD.

Dear Sir,—I take pleasure in testifying that the set of ten-bulled Harrows I purchased from you last April has given me entire satisfaction. It being given to me on trial, I closely watched its operations when at work to find a fault with it, but I failed to see any. It is no heavier on my team than my six-bull wooden harrow. I am yours truly, JOHN WHITBY.

Horse Shoeing a Specialty.

Flesherton, Feb. 12, 1884.

True Words Spoken in Jest.

ITHACA, March 22.—Yesterday morning Taylor Walls of South Danby, who works for Michael Hardy, said to Hardy's daughter: "I hope I shall die before night; can you find a place to bury me if I do?" Two hours afterward while at work in an orchard he was struck by a limb of a tree. In three hours he was a corpse. He returned to consciousness after the accident.

Cattle Disease in Kansas.

NEOSHO FALLS, Ks., March 22.—Veterinary surgeons in consulation here decide that the cattle disease is not contagious. Dr. Salmon says as soon as he saw the cattle he thought of ergot, and they proceeded to examine the hay. This had not been done before. They found it contained a large amount of wild rye, which was full of ergot. The surgeons all say they never saw one-twentieth part as much ergot in a bunch of feed. The theory is that the ergot, by contracting the blood vessel and otherwise retarding circulation in the extremities, caused the feet to freeze.

Singular Condition of a Young Girl.

READING, Pa., March 22.—A 14 year old girl in a semi-trance is creating a commotion in religious circles here. She is in a family belonging to the Rev. Musselman's congregation of the evangelical mennonite denomination. Musselman says the girl's soul is in heaven at times, and she is under the same conditions in which St. John was when he penned the Revelation. The girl lies on a pillow on the floor, and her descriptions of heaven and the angels are given in a loud tone of voice, and are highly sensational. The local press here is noticing the strange affair at length.

Cruelly Murdered.

In the Province of Ontario every year thousands are being slowly murdered by taking unsuitable, untried nostrums for such complaints as Costiveness, Indigestion, Liver Complaint, Kidney Troubles, etc, who might easily regain lost strength and energy by using McGregor's Speedy Cure. To convince them that such is the case we will give them free trial bottle at Richardson's Drug Store. Price 50c. and $1. See testimonials from persons in your own town.

Manitoba Troubles.

Bruce Herald.

The handful of people in Manitoba who are talking independence and secession can have no idea that it will amount to anything but talk. It is hardly likely that the people of the Dominion, who purchased and paid for the North West, and have spent a large amount of money in the construction of its railways would permit it to go beyond talk. What grievance have the Manitoba people which the rest of the Dominion does not have. Do they suppose that the money to build railways is lying around loose and can be had for the picking up. And in what worse a position are they in regard to railway monopoly than the people of Ontario or any other Province of the Dominion. Those in Ontario who are aiding and abetting the discontents in Manitoba are the same who are trying to hand over the whole of Ontario to the tender mercies of the Grand Trunk monopoly. Who does not know that the Globe and the Grit party made a political stalking horse of the Grand Trunk when they had suspicions that the officials of this railway were showing their influence in support of the present Government. Then every accident and every train that happened to be five minutes late were faithfully reported, and in strong colors. But a change has taken place in the attitude of the Grand Trunk towards the Government. The company demands that certain railways in Ontario shall be handed over to it, thereby giving a complete monopoly of the carrying trade of this Province to that railway. But what is thought to be good by the Globe is regarded as very bad for Manitoba, and they are aiding the discontent then by every means in their power. It shows very clearly the spirit by which they are actuated Anything in fact to give the Government trouble is their motto. But this Manitoba row is too small a matter to cause any uneasiness. It may be a source of comfort for the present to the agitators, but will amount to nothing. That Province and the North-West are better provided with railway accommodation, in proportion to the population, than any other part of the Dominion. They are only wasting their time in talking independence or secession, and perfectly well know this. They may injure the country by their senseless agitation but the time has not yet come when they can be allowed to take their neighbors property and set themselves up in business with it.

Fluid Lightning.

Fluid Lightning is the only cure for Toothache, Headache, Earache and Neuralgia. It does not take a day or an hour to cure it, but in less than a minute all pain is gone. Thousands have tested its merits within the last year. Fluid Lightning is also a positive cure for Rheumatism. The worst possible cases have been permanently cured in one week. Price 25 cents at Richardson's Drug Store.

An Emigrant Train Telescoped.

A Large Party from Durham, Ont., Bound for Manitoba, on Board.

MINNEAPOLIS, Minn., March 22.—The westbound express on the Chicago, Milwaukee & St. Paul road telescoped a special westbound freight and emigrant train standing on a side track at Red Wing to day. The freight train consisted of twentyeight cars, two coaches being crowded with emigrants and a caboose on the rear. The caboose was entirely demolished, and thrown from the rails. The rear coach, containing seventy emigrants, was turned against the steamboat freight house and wrecked. The engine of the passenger train and several cars were badly broken up. The accident was the result of Bradbury, the conductor, of the emigrant train, forgetting to flag the express. The emigrant party is from Durham Ont., and is bound for Winnfpeg. Seventeen of the passengers in the last emigrant car are terribly injured, and two at least will die. After the collision the cars took fire, but the flames were extinguished. The news was received at the local office shortly after the disaster, and a special train with surgeons and road officers departed for Red Wing. Among the injured reported are; Alexander Payner, his wife and two daughters, Nina and Matilda, and two sons, George and John, all seriously cut or bruised. The father had his arms broken. William Ruddy, his wife and infant Maggie, were all wounded in the head, and the child having its skull crushed.

A MARVELOUS STORY

TOLD IN TWO LETTERS.

FROM THE SON: "28 Cedar St., New York, Oct. 28, 1882.

"*Gentlemen:* My father resides at Glover, Vt. He has been a great sufferer from Scrofula, and the inclosed letter will tell you what a marvelous effect

Ayer's Sarsaparilla

has had in his case. I think his blood must have contained the humor for at least ten years; but it did not show, except in the form of a scrofulous sore on the wrist, until about five years ago. From a few spots which appeared at that time, it gradually spread so as to cover his entire body. I assure you he was terribly afflicted, and an object of pity, when he began using your medicine. Now, there are few men of his age who enjoy as good health as he has. I could easily name fifty persons who would testify to the facts in his case.

Yours truly, W. M. PHILLIPS."

FROM THE FATHER: "It is both a pleasure and a duty for me to state to you the benefit I have derived from the use of

Ayer's Sarsaparilla.

Six months ago I was completely covered with a terrible humor and scrofulous sores. The humor caused an incessant and intolerable itching, and the skin cracked so as to cause the blood to flow in many places whenever I moved. My sufferings were great, and my life a burden. I commenced the use of the SARSAPARILLA in April last, and have used it regularly since that time. My condition began to improve at once. The sores have all healed, and I feel perfectly well in every respect—being now able to do a good day's work, although 73 years of age. Many inquire what has wrought such a cure in my case, and I tell them, as I have here tried to tell you, AYER'S SARSAPARILLA. Glover, Vt., Oct. 21, 1882. Yours gratefully,

HIRAM PHILLIPS."

AYER'S SARSAPARILLA cures Scrofula and all Scrofulous Complaints, Erysipelas, Eczema, Ringworm, Blotches, Sores, Boils, Tumors, and Eruptions of the Skin. It clears the blood of all impurities, aids digestion, stimulates the action of the bowels, and thus restores vitality and strengthens the whole system.
