Heard's Improv'd HARROWS.

Artemesia, June 16th, 1883.

MR. JOHN H. HEARD.

Dear Sir,—I take pleasure in testifying that the set of ten-bulled Harrows I purchased from you last April has given me entire satisfaction. It being given to me on trial, I closely watched its operations when at work to find a fault with it, but I failed to see any. It is no heavier on my team than my six-bull wooden harrow. I am yours truly, JOHN WHITBY.

An Alleged Attempt to Blow Up Parliament Buildings.

OTTAWA, April 10.—A man who gives his name as "Dr." Coss, from Chicago, has waited on the premier and informed him that he was one of the gang of fenians who had arranged to blow up the parliament buildings. He offered his services to thwart the scheme, which were accepted conditionally. The result is that a couple of detectives are watching the movements of the "Dr."

Three Months in a Pit.

MONTREAL, April 10.—A well-known farmer of Coteau St. Pierre mysteriously disappeared three months ago. He was addicted to drink, and was financially embarrassed. A search being instituted, his clothes were found at the edge of an airhole in the ice on the river. He was mourned as dead, but it seems he secreted himself in an unoccupied potato pit until a day or two ago, when in his midnight walks he sprained his ankle. He was picked up and taken to the hospital, where his wife found him.

Diseased Sheep in Quebec.

MONTREAL, April 10.—The government inspector of live stock has lately returned from La Prairie county and reports that four-fifths of the sheep in that country are infected with disease and that a strict quarantine in the infected districts to prevent the spread of the malady is being enforced. Some of the sheep are without any wool whatever and their meat is not recommended for food.

A CASE MUCH TALKED OF.—The case of Mr. John Morrison, of St. Ann's, N. S., who was afflicted with a serious dropsical disease of the kidneys. The best medical aid having failed, his life was despaired of. Two bottles of Burdock Blood Bitters cured him. His statement is vouched for by J. D. McLeod, J. P., who knew his condition. The cure is considered marvellous in this town.

AYER'S Cherry Pectoral.

No other complaints are so insidious in their attack as those affecting the throat and lungs: none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness. AYER'S CHERRY PECTORAL has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be taken in all cases without delay.

A Terrible Cough Cured.

"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me. HORACE FAIRBROTHER."
Rockingham, Vt., July 15, 1882.

Croup.—A Mother's Tribute.

"While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude? Sincerely yours, MRS. EMMA GEDNEY."
159 West 128th St., New York, May 16, 1882.

"I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effectual remedy for coughs and colds we have ever tried. A. J. CRANE."
Lake Crystal, Minn., March 13, 1882.

"I suffered for eight years from Bronchitis, and after trying many remedies with no success, I was cured by the use of AYER'S CHERRY PECTORAL. JOSEPH WALDEN."
Byhalia, Miss., April 5, 1882.

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung troubles. E. BRAGDON."
Palestine, Texas, April 22, 1882.

No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will *always cure* when the disease is not already beyond the control of medicine.
