REMOVAL, CLEARING SALE OF

The Press.—Rev. R. Cavens, of Orangeville, addressed the Town Council of Brampton on Monday evening. Rev. Dr. Scott was drawn in Toronto attending conference.

48th Batt Band.—Mr. D. Cavens, late leader, of the O. T. R. Band in Port Hope, has been appointed director of the 48th Batt. Band of this town. The members have commenced practice, trusting that the better judgment of the representatives of the people in the council will lead them to deal liberally with the band. The Port Hope Times has this good word to say for the new teacher:—"The Band has greatly improved of late, and it is a credit to the town. Mr. D. Cavens, recently Band Master, has accepted a similar position in Lindsay. We congratulate the people of our sister town on the acquisition of such a thorough musician as Mr. Cavens, and have no doubt their band will prosper well under his leadership."

Dominion Bank.—The stockholders of this bank had the satisfaction of learning at their meeting last week, that for another year, over ten per cent. upon the paid capital had been earned by that institution. After providing for eight per cent. annual dividend, $35,000 was added to the rest, making it $910,000, or about 32 per cent. of the paid capital. Among the features shown by the general statement, we note that the reserve for interest is $89,984, and the circulation is near three quarters of a million; the available assets are $958,000. The directors derive some encouragement for the future from an improved demand for lumber, and they lay stress upon an expected large harvest. A branch of the bank was opened during the year at Napanee. Monetary Times.

The Orangeville "Advertiser."—This paper has been purchased by Mr. E. H. Newton, who has for several years been in the office of The Post, and who will we are confident from his ability and experience make the *Advertiser* a first-class country paper and an able exponent of liberal principles. We believe Mr Newton will show that he has marked aptitude for journalism and as he is a painstaking and industrious young man, with practical knowledge of his work, he will undoubtedly succeed. He will be assisted by his brother, Mr. Ernest A. Newton, who has been in this office ever since he was knee-high to a grasshopper, and had attained a position of trust and responsibility, where he was greatly esteemed and his services highly valued. Their friends here wish the brothers all success in their venture.

The Masonic Excursion to Brampton.—As the details for the excursion are being marked out it becomes evident that fair weather is all that is required to make this the most complete and successful thing of the kind that has had its origin in this section. The tickets have arrived and are for sale. The committee have conferred a boon on the people who purpose attending the excursion by the manner in which they have provided against chances, as is usual in cases of similar excursions. The tickets have attached all the coupons to be used over the various roads going and returning. They will be found for sale at the places and from the persons advertised. We learn that the Grand Trunk have placed twenty coaches at the disposal of the committee. This will prevent crowding, and there being no change of cars the trip can be made as free from inconvenience as on regular trains.

A Comprehensive Motto.—"Tupperism and Toperism. The Tory Plague." The Lindsay banquet committee must have been under the impression that a man is known by the company he keeps when they printed the above motto for their banquet hall. It is certain that it was not inappropriate as referring to Mr. Tupper's associations. It is not our desire to strike too severe a blow at Mr. Tupper and many of his friends, but they should remember that evil associations like evil communications influence the manners of even heaven-born politicians, and the Lindsay committee must have felt the wisdom of placing the hand-writing on the wall of the Conservative party, and to some extent the cause of their sorrow. It may be unfortunate for a statesman that his opponents can *play* so easily on his cognomen, but no one will doubt the appropriateness of the motto of the Lindsay committee. It may convey a useful lesson also.—[Peterboro Examiner.

Personal.—The Fairbairn Family have been playing in Providence, R. I., and Fall River, Mass., recently, and elicited favorable comments from the leading papers. At the latter place they took part in a benefit entertainment to the manager of the Academy of Music and the following is what the Daily *Herald* has to say about the singing of the Misses Fairbairn: "They sky Caller Herrin" was sung in costume, with dance, by Miss Polly, and from the peculiar tune of the song was very interesting. Miss Bessie after she had sung Robin Adair was encored, and on her appearance was presented with a large and handsome bouquet of flowers.

Rev. Jas. Norris, of Omemee, has been re-elected Grand Chaplain of the Grand Orange Lodge, B.N.A. Mr. Norris has held this position for a number of years. Rev. Dr. Smithett was at the same time elected a deputy Grand Chaplain.

Mr. S. Conway, formerly of the Railway House here, is shortly to open in the hotel business in Manilla. Mr. Peter Walker, son of Mr. Andrew Walker, Ops, left on Monday of last week for Dubuque, Iowa, to enter the law office of his uncle, Mr. F. T. Walker. His numerous Ops companions will be glad to learn that he arrived safely on the following Wednesday and liked the place. Mr. Frank H. Weston has been very ill at Oakwood for the last week but is now recovering. Mr. John McCrimmon, M. D., has arrived at Edinburgh, where he is to pursue his medical studies for a time. We have a note from him in which he says he had a very pleasant voyage. Mr. J. Sharpe, assistant train-despatcher on the Midland, has received the appointment of despatcher on the Hamilton and North Western Railway. Mr Sharpe's many friends in Lindsay will be pleased to hear of his advancement. We wish him success. Mr. J. Whimsih, of Manilla, left town yesterday on a trip to Glasgow, for the benefit of his health. He expects to be gone eight or ten weeks. The many friends of Mr. D. Jackson, of Jackson & McClarty, will be pleased to learn that he has safely arrived in Manitoba, and is now busy prospecting. He speaks very highly of the country and its prospects, and gives some very interesting descriptions. Some extracts from his letters will appear in The Post.

Ops Council Proceedings.—The Council of Ops met in Lindsay on Thursday, June 6th, pursuant to adjournment. Present the Reeve and Councillors Walker, Clarke and Fitzpatrick. Absent, the Deputy Reeve. The minutes of a meeting having been read and ratified, it was moved by Mr. Fitzpatrick, seconded by Mr. Walker, that a culvert be made across the 3rd concline at lot No. 28. Carried. Moved by Mr. Clarke, seconded and took his seat. Moved by Mr. Fitzpatrick, seconded by Mr. Bryans, that a by-law be passed to appropriate the sum of $1,200 to be expended on roads and bridges for the year 1878. Carried. By-law passed. Moved by Mr. Clarke, seconded by Mr. Walker, that this Council will grant $30 to improve the east boundary of Lindsay, across lots 21 and 22, on condition that the Council of Lindsay grant an equal amount for the same purpose, the Reeve of Ops and Coun. Clarke to be Commissioners on the part of Ops to expend the same. Carried. Moved by Mr. Fitzpatrick, seconded by Mr. Bryans, that this Council will grant $20 to improve the western boundary of Lindsay, across lots 19 and 20, on condition that the Council of Lindsay grant an equal amount for the same purpose, Councillor Fitzpatrick to be Commissioner to expend the same on the part of Ops. Carried. Moved by Mr. Walker, that this Council will grant $15 to improve the boundary of Sanders at Wm. Stuce's hill on condition that Manvers grant an equal amount for the same purpose, James Bryans to be Commissioner to expend the same on the part of Ops. Carried. Moved by Mr. Clarke, seconded by Mr. Fitzpatrick, that a by-law be passed to regulate the Clerk's salary. By-law passed. Moved by Mr. Walker, seconded by Mr. Clarke, that Silas Reynolds be appointed cathmaster instead of Edward Carlin. Carried. Moved by Mr. Bryans, seconded by Mr. Walker, that an order for $3 be given Wm. Black for a drain across the Post Road—making a drain. Carried. Moved by Mr. Bryans, seconded by Mr. Walker, that at the next meeting of this Council a by-law will be passed to open St. Peter's street across lot number 23.—Carried. Moved by Mr. Fitzpatrick, seconded by Mr. Bryans, that an order for $4.50 be granted John McKenzie for furnishing a scraper. Carried. Moved by Mr. Bryans, seconded by Mr. Clark, that an order be granted the Collector for $648.50 being $517 for statute labour charged on the roll and performed, $23.71 for charges in error, and $6.79 abatements. Carried. Moved by Mr. Clarke, seconded by Mr. Bryans, that an order for $110 salary and 50 cents postage be granted George McHugh, Collector. Carried. Moved by Mr. Walker, seconded by Mr. Bryans, that the Clerk be paid one quarter's salary, $37.50; also that an order be granted to John Kennedy for $42.55 money paid for contract on the 5th con. line, between Lindsay and Sturgeon Bridge. Carried. The Council then adjourned until Monday, 15th July, at 10 a.m.

St. Andrew's Church.—Rev. R. Dobson Fraser, M. A., of Toronto, will preach in St. Andrew's church, Lindsay, on Sabbath next, 16th inst.

Victoria Railway.—The Directors of the Victoria Railway Co. and a number of friends passed up the line Tuesday on a tour of inspection. They came in the luxurious director's car of the Northern Railway, and after going out the extension came back to the Sturgeon Point Hotel and had a pleasant time there. They returned Thursday morning.

The Ottawa Agricultural.—We observe by a paragraph in the Ottawa *Citizen* that in consequence of some false and malicious reports as to shareholders being dissatisfied with the standing of the company, a meeting of stockholders was held at Hazeldean, Goulbourn, and resolutions of confidence in the directorate were unanimously adopted. They also exonerated the directors from any blame as to the little mishap consequent on the dishonesty of the late secretary-treasurer. The Ottawa Agricultural is considered to be in a satisfactory condition.

Honor List.—The pupils who obtained highest marks at the last monthly examination are:—*Class* I., R. Hanley, 438; Wm. King, 418; A. Wood, 411; C. Coulter, 405; A. Morgan, 387; Lizzie Herriman, 386; M. Gallen, 385. *Class* II., F. Growden, 391; C. Naylor, 375; T. Matthews, 370; R. Bigelow, 365; M. Keith, 364; E. Finch, 362; T. Brown, 360; M. Smith, 349; J. Presentation.—At the regular monthly meeting of L. O. L. No. 394, J. T. Switzer, Past Dep. Master, was made the recipient of a magnificent family Bible, accompanied by an address, as a parting token of the respect and esteem in which he is held by brethren of the lodge of which he is a worthy member. Mr. Switzer carries with him to his new home the best wishes of all with whom he has been associated.

Who is to Blame?—I wish you would change my name from Coboconk to Raddow, for when there is anything special in The Post in the way of politics we do not always get it. It must be that the Tories get it out of the office. It will do them good anyhow, and will lead them to see the error of their ways. I did not, for instance, get my Post with the Lindsay demonstration speeches in it, so you must send me a copy to Raddow.

[The Post of the 31st was a day late in leaving the office, but it should have reached all our subscribers. This is not the first complaint we have had of non-subscribers getting the paper from the post office probably for their neighbours. The proper way is to subscribe like a man.—Ed. Post.]

The Crops are looking very well in this part of the country. The last two frosts have cut the barley and early potatoes some.

COBOCONK.

[Correspondence of The Post.]

Liquor Case.—Patrick Fox, hotel-keeper, Victoria Road, was down here at the instance of the inspector, Mr. A. A. McLauchlin. Patrick acknowledged the corn and paid his fine of $20 and saved costs. He in turn had George Richmond here on Saturday last for throwing stones at his house and himself. We expect Patrick up again knowing that he has a Tartar to deal with this time.

The Excursion at Rosedale under the auspices of the temperance people was a grand success. Many people came from the south, staid at Coboconk, where they had ample facility to have a good day's boating and fishing. We noticed a number from Cannington. We hope to see the appropriateness of the motto of the Lindsay committee. It may convey a useful lesson also.—[Peterboro Examiner.

COBOURG.

Serious Accident.—Last Friday some half a dozen young men were frolicking around the brewing room of Mackenzie's brewery, and one of them, James Shearer, aged twenty-three, fell into a vat of scalding boiling beer, and was very badly scalded. The skin peeled off in large sheets when his clothes were taken off, and he now lies in a very precarious condition.

The Coming Camp.—The Durham Field Battery and Port Hope Garrison Battery will put in their drill at the same time and place as the Cavalry, which will be at Port Hope on the 16th inst. The camp will comprise the following:—Cavalry, 4 officers, 68 non-commissioned officers and men, and 63 horses; Field Battery,—3 officers, 74 non-commissioned officers and men, and 46 horses; Garrison Battery,—2 officers, and 49 non-commissioned officers and men. Total,—12 officers, 191 non-commissioned officers and men, and 109 horses, making a very nice military camp, under Lieut.-Col. Boulton as Commandant.

VICTORIA ROAD STATION.

[Correspondence of The Post.]

Sad Accident.—On Friday the 7th inst., a melancholy accident occurred on the Nipissing Railroad at Raven Lake mills. While running some flats on the siding, a little boy named Bartly, about 12 years of age, tried to jump on the car as it was in motion, but missed his jump and fell under and was run over by the wheels. His two legs and one arm were broken. He was taken home, but a short distance, and Drs. Wood and Pitcher were called in, but all efforts to save his life were in vain, and a few hours terminated his suffering. On Saturday, 8th inst., an inquest was held by A. A. McLauchlin, coroner, when a jury was sworn, John Keys, foreman. The verdict of the jury was that the boy came to his death by his own darina. This should be a warning to other boys.

Horses Killed.—About two weeks ago two horses belonging to Mr. Tuskey near the same place were killed by a passing engine.

Where is He?—What has become of your Kirkfield correspondent? Or has that place got behind the age anyway? Some people will forget that there was such a hamlet.

WOODVILLE.

Mislaid.—An interesting item from a correspondent regarding proceedings on the Queen's Birthday at that place was mislaid. It is not too late to state that an event of the day was the very successful mission soiree in Spencer's Hall, under the auspices of the Methodist Church, and at which the esteemed pastor, Rev. A. C. Wilson, presided. After a bountiful tea and other customary proceedings, Rev. Dr. Jeffers delivered one of his most popular and eloquent lectures, which was listened to throughout with rapt attention. On the platform were Rev. J. L. Murray, Rev. J. McNabb, Presbyterian ministers, and Rev. G. Washington, and Rev. Messrs. Culbert and Sherin.

Accidents.—Mr. Gregor Campbell met with a rather serious accident. It was occasioned by his team running away, pitching him under the wagon, then two of the wheels passed over him, considerably bruising his right shoulder and left leg, and inflicting an ugly bruise and cut on the left hand. Mr. Neil Gilchrist, of Hartley, received a severe accident one day last week. He was training a colt, and fearing the beast would crush him against the side of his shop, he placed his right hand on its shoulder, when the animal leaned its weight against him and broke the arm above the wrist. Mr. Gilchrist desires us to state that he has a man at work in his stead, so that his customers need not get their work done as usual. Since writing the above Mr. Gilchrist has received another and still more serious accident, when on his way home last night from this village, where he had been to get the broken arm dressed. He stopped at D. McIntyre's Hotel, Lorneville, and in getting into the rig again stumbled over a block and in attempting to save the wounded arm from injury broke his right leg between the ankle and knee. Dr. Clarke was sent for and set the fracture; the patient was then conveyed home to Hartley. Mr. Gilchrist has been most unfortunate of late, a short time before the arm accident he had two ribs broken by a kick from a horse which he was shoeing, then followed the broken arm and now the leg.—[Advocate.

OAKWOOD.

[Correspondence of The Post.]

That Picnic Meeting.—In the last *Warder* appeared an abusive letter regarding a paragraph in this correspondence about the recent meeting to consider the Sunday School picnic. As the only person at the meeting who caused any difficulty was Mr. James Thorndyke, it is clear he either wrote or inspired the letter and if he had the manliness to attach his name it should have made no reply as the community would have known exactly what value to place upon his statements. The writer of this anonymous letter intimates in a cowardly insinuation which no respectable newspaper would have printed. All I can say is that I defy Mr. Thorndyke to go before a committee of members in good standing of any church in Oakwood and formulate and prove any charge against me or any member of my family for the past thirty years of residence in Oakwood. Could he do the same? It was a most improper thing for the *Warder* to allow any allusion to be made to my wife, but I am not, I am told, the first one to suffer in this respect, and if such be the case he will have no sympathy should some one handle him roughly.

Personal.—Rev. Mr. Scott, successor of Rev. Mr. Taylor, is well pleased with his reception by the people of his new charge and looks forward hopefully in his good work....Rev. T. Pooley is proposing to join the Missouri M. E. Conference and goes there with Rev. D.R. Lake on his return thither in a few days. Rev. Mr. Rilance, C. M. Minister from North Augusta, is now here on a visit to his friends and preached in the C. M. Church last evening to an attentive congregation.....Rev. D.D. Lake gave a lecture on his "Ten Years Residence in the Western States" to a pleased audience on Monday evening last, for which he received a hearty vote of thanks. Mr. Jerose Weldon did duty as chairman in his accustomed satisfactory manner....Rev. Mr. Savage is away at Conference and from a first draft by the Stationing Committee is to be Pastor. Rev. A. C. Wilson for Oakwood....Mr. J. F. Cunnings is absent at the B. C. Conference at Mitchell as a lay delegate from the congregation here....F. R. Weston's many friends will be glad to hear that he is getting around again after a very severe attack of illness, Drs. Coulter and Herriman attending him, Dr. Jeffers being away on his wedding tour.

Hymeneal.—Quite a little flurry was caused in our village on the occasion of the marriage last week of Miss M.A. Williams, daughter of Mr. John Williams. The ceremony was performed by the Rev. W. Jeffers, D.D., at the residence of the bride's father.

Real Estate.—Mr. Charles Silver, one of our most enterprising citizens, purchased the old Town Hall property by auction last week for $300. The township has been offered $1,000 for the property. The building originally cost $400, the half acre, $100—$500 in all. Mr. Cameron gave $500 for half the lot, and now the Council gets $300 for the balance. It is said Mr. Silver intends turning the building into shops.

A JACKDAW IN BORROWED PLUMES.

[*To the Editor of* The Canadian Post.]

Sir,—In last week's *Warder* there is a long-winded article headed "That Flag" over the signature of J. C. Rodden, who pretends to be an authority in flags, he says, from his long continued services in the Royal Navy, but he forgot to say what was his rank and the number of years he served. I am credibly informed that his vaunted services did not reach two years and his rank was that of a Midshipman. His vessel was lying at Quebec and he left without leave and finding the country so congenial he failed to rejoin his ship, the country thereby losing his services as a bounding boy. You may have noticed him on certain gala days, to wit, the Queen's birthday, Dominion Day, etc., strutting about the streets in naval uniform. He is then the jackdaw for he is in borrowed plumes. The said uniform formerly belonged to Mr. Logie's father, who was a Lieutenant in the Royal Navy. Rodden borrowed them to wear as a ball given in Lindsay and forgot to return them, although both Mr. Logie and his father repeatedly requested him to do so. His parading himself in the borrowed plumage aforesaid is akin to his statement that he was educated in the Royal Military Academy at Woolwich, England, when he dubs himself Civil Engineer. Now, Sir, none but Artillery and Engineer Officers are educated in said Academy, so that in one way or other he belies himself, for he could not have entered the navy from said institution, but was most likely drafted into a training ship from the Blue Coat Poor School, an institution kept up by voluntary contributions for the education of some of reduced gentlemen, many of whom are received into the navy as Midshipmen, and some of whom turn out shining lights and arrive at high distinction, others are black sheep, desert their colours and become frauds. But I will not take up any more space in your valued journal with such an unworthy subject. I am fully persuaded I have given the true version of Mr. Rodden's long services in the Royal Navy which go to prove that he is not a very good authority to refer to when examining "That Flag."—Yours truly,

English Grain Trade.

The following extract from the last weekly review in the Mark Lane Express is cabled:—"This has ben another week of cold, depressing weather, with high winds and rain. Until the beginning of May the weather had been most favourable, and the appearance of the crops was a matter for congratulation; but since then farmers' hopes have been seriously dampened. The rain commenced early in May, and at the end of the month advices from many important districts are alarming. By the most hopeful observers it can scarcely be said that the state of the wheat and barley on heavy, low-lying land is other than extremely critical. The crops are weak, discoloured, and rotted, in some places, from prolonged immersion, and even on the light lands the harvest prospects are two or three sacks per acre worse than a month ago. If the rain speedily ceases, and a long spell of hot, dry weather succeeds, some, but not all, of the damage may be repaired. Such an unfavourable change in the prospects of the English wheat crop would once have had a marked effect upon prices, but so independent has this country become of indigenous grain, that the reverse has actually been the case, and values have receded in to 2s. all over the Kingdom, both for English and foreign produce. The immediate cause of this depression are the enormous shipments from America, with the splendid prospects of an abundant crop this year, and the general feeling that our differences with Russia will be pacifically adjusted. The result is a general stagnation of trade, which has moved within the narrowest limits throughout the week. Wheat and maize are only salable at 1s. reduction, and even then only in retail quantities. Quotations are now at a peace level. It is possible that a revival of the continental demand may occur to rally prices somewhat against the depressing effect of the heavy productive supplies from America and Russia. The sales of English wheat last week were 35,535 quarters at 51s. 2d., against 29,573 quarters at 48s. 6d. last year. The imports into the Kingdom for the week ending May 25th, were 749,504 cwt. wheat, and 99,081 cwt. of flour.

Bank of Montreal.

The annual general meeting of the Bank of Montreal, was held last Monday. The Directors' report after providing for a dividend of twelve per cent. kept a balance of $190,177 to be carried forward, and showed a considerable increase in the business and the net earnings of the bank—which was pronounced very satisfactory by the shareholders. We quote the following from the report:—The vigorous contraction practised by sound and prudent merchants is highly to be commended, and the forced withdrawal of many from the overcrowded ranks of commerce may be viewed without regret until we reach a point, if we have not already done so, at which business can be conducted with some degree of confidence and with moderate profit. Some classes of manufacturers have experienced more encouraging results during the year, while others continue to struggle against excessive competition, and but little improvement in the lumber trade can yet be recorded. On the other hand, last year's abundant harvest has not only added to the wealth of the country, but also stimulated a movement of unemployed labor from the cities and older settlements to the new lands of the Western Provinces. This movement has been more marked in the neighboring republic, and some of whom turn out shining lights and arrive at high distinction, others are black sheep, desert their colours and become frauds. But I will not take up any more space in your valued journal with such an unworthy subject. I am fully persuaded I have given the true version of Mr. Rodden's long services in the Royal Navy which go to prove that he is not a very good authority to refer to when examining "That Flag."—Yours truly,

OLD SALT.

Toronto Live Stock Market.

Cattle.—The cattle trade was very brisk during the week in consequence of large orders from Britain. The arrivals footed up to 1,600 head, and among these the number of choice was insufficient for exportation requirements. Dealers complain that the country is becoming drained of animals suitable for shipment, and good supplies will not be obtainable until next winter. Choice ranged from $5 to $5.50, while medium for local wants brought $3 to $4.50.

Sheep.—Arrivals numbered 2,500 head during the week. Of these 1,000 head leave by steamer this week from Montreal for England, having been purchased at $4 a hundred, live weight. First-class brought $6 to $6, second-class $4 to $5, and third-class $3 to $3.50.

Spring Lambs.—Sold to a good demand at $3.50 to $4 for first-class, $2.75 to $3.25 for second-class, and $2 to $2.50 for third.

Calves.—The arrivals amounted to 400 head, which sold at $10 to $14 for the first grade, $6 to $8 for the second, and $2 to $4 for the third.

Bobcaygeon and Lindsay Railway.

BY-LAW No.

A BY-LAW to aid and assist the Whitby and Bobcaygeon Extension Railway Company.

1. Whereas, the construction of a railway from some point within or near the Town of Lindsay, to some point in or near the Village of Bobcaygeon, and connecting at or near the said Town of Lindsay with one or more of the Railways now built and in operation to the said Town, is desirable for the public convenience and the accommodation of the inhabitants, and for the development of the resources of that section of the Province, such road to be commenced within two years after the passing of this By-Law, and to be completed within three years from that date.

2. And Whereas, the said Railway cannot be constructed without the aid and assistance of the Municipalities to be benefited thereby, and it is desirable that aid should be afforded by that portion of the Township of Verulam, lying East of the Concession Line between the Fifth and Sixth concession, and North and South of Sturgeon Lake, to the extent of Twenty Thousand Dollars by way of Bonus, as hereinafter provided, and the requisite number of freeholders who are qualified voters of the above described portion of the Township of Verulam have petitioned the Council of the Municipality of Verulam as required by the statute in that behalf, for the submission of a By-Law to the ratepayers of the said described portion of that Municipality, authorizing the raising of the sum required for such bonus.

3. And Whereas, it is necessary for the Municipality of the Township of Verulam to raise the said sum of Twenty Thousand Dollars for such purpose in manner hereinafter mentioned.

4. And whereas, the existing debt of the said Township of Verulam is Eight Thousand Seven Hundred and Seventy-Seven Dollars and Ninety Cents ($8,777.99) for principal and nothing for interest, and there is no principal or interest in arrear.

5. And Whereas, the total amount of the whole rateable property of the Municipality of Verulam according to the last revised assessment roll is six hundred and sixty-two thousand one hundred and eleven dollars, and the amount of the rateable property of the above described portion of the said Township according to the last revised assessment roll is three hundred and thirty-one thousand one hundred and thirty-two dollars.

6. And Whereas, the total amount to be raised annually by special rate for payment of the said debt and interest thereon as hereinafter provided is two thousand and two hundred dollars.

7. And Whereas, an annual special rate of six mills and seven-tenths of a mill in the dollar upon the whole rateable property of the above described portion of the said Township of Verulam will be necessary and required for paying the interest and forming a sinking fund sufficient for paying off the principal of the said debt at the expiration of the period of twenty years hereinafter limited in that behalf pursuant to the statute in that behalf.

Therefore the Municipal Council of the Corporation of the Township of Verulam enacts as follows:—

I. This By-Law shall come into force upon from and after the First day of September, One Thousand Eight Hundred and Seventy-eight.

II. It shall be lawful for the purposes aforesaid for the Reeve of the said Township of Verulam, and he is hereby authorized and required to issue debentures to an amount not exceeding Twenty Thousand Dollars, in sums of not less than one hundred dollars each bearing interest at the rate of six per cent. per annum, and being payable on the First day of September, A. D. One Thousand Eight Hundred and Ninety-eight.

III. The said debentures shall be respectively sealed with the seal of the Corporation of the said township and shall be signed by the Reeve and countersigned by the Treasurer of the said township, and shall bear date respectively on the day and date on which this By-Law shall take effect, and shall be payable to the bearer thereof.

IV. There shall be attached to the said debentures Coupons for the payment of interest yearly during the currency of the said debentures, which coupons shall be made payable at the Ontario Bank, in Lindsay, on the First day of September in each year.

V. The debentures to be signed and issued as aforesaid, shall be delivered by the Reeve of the said township, to three trustees, to be named as follows:—One by the Lieutenant-Governor in Council; one by the said Company; and one by the majority of the Councils of the municipalities or portions of municipalities which may have granted bonuses, to be by them held in trust, first, to convert the same into money, second, to deposit the amount realized by such sale in the Ontario Bank, in Lindsay, in the name of the Whitby and Bobcaygeon Extension Railway Company Municipal Trust account
