Heard's Improv'd HARROWS.

Artemesia, June 16th, 1883.

MR. JOHN H. HEARD,

Dear Sir,—I take pleasure in testifying that the set of ten-bulled Harrows I purchased from you last April has given me entire satisfaction. It being given to me on trial, I closely watched its operations when at work to find a fault with it, but I failed to see any. It is no heavier on my team than my six-bull wooden harrow. I am yours truly, JOHN WHITBY.

Close of Parliament.

Orangeville Gazette.

On Saturday afternoon week one of the longest sessions of the Dominion Parliament was brought to a close, it having lasted three months and three days. The session was marked by the large number of important measures passed. There were in all about one hundred and sixty bills discussed and passed, some of them of merely local interest, but very many of the highest importance and affected the Dominion as an nation in a degree not equalled since the granting of the charter of the Canada Pacifi Railway. The total amount of money voted during the session exceeds $83,000,000, the larger portion made up of the loan to the C. P. R. of $22,500,000, and the increased subsidy to the various provinces. The policy of the Government has been marked with all those elements of boldness and true progression which characterize the actions of a stable and progressive Government and is calculated to inspire the people of this Dominion with renewed confidence in the ability and statesmanship of Sir John A Macdonald. The country is prosperous as has been admitted by the opposition and the finances of the Dominion are in a healthy condition so much so that the closest scrutiny on the part of the Reform leaders has failed to find a point of vantage.

No other preparation so concentrates and combines blood-purifying, vitalizing, enriching and invigorating qualities as Ayer's Sarsaparilla. Quality should be considered when making camparisons.

Young St. James' Route.

The thorough-bred young Roadster stallion, "Young St. James," the property of Mr. W. H. Johnston, will make the season of 1884, as follows:—

Monday, May 5th will leave his own stable, Lot 156, 3rd range east T. & S. Road, Artemesia, and proceed to Dennis' Hotel, Priceville, for noon; thence to his own stable by way of Stone's line for night.

Tuesday, May 6th will proceed by way of 8th line Artemesia, to Maxwell, for noon; thence by Gravel road to his own stable for night.

Wednesday, May 7th, he will proceed down the 3rd Con. East T. & S. Road, Artemesia, to John Johnston's Osprey, for noon; thence to Anglo American Hotel Dundalk, for one hour; thence to Christie Johnston's 3rd Line West T. & S. Road, Proton, for night.

Thursday, May 8th will proceed to his own stable, for noon, and will remain there until Friday morning.

Friday, May 9th, will proceed to Thurston's Temperance Hotel, Kimberly, for noon; thence to Eugenia for one hour, thence to his own stable, for night.

Saturday, May 10th, will proceed by way of gravel road, to McAlear's Hotel Markdale, for noon; thence by way of Vandeluer to his own stable, where he will remain until the following Monday morning.

THE SECRET OUT.—The secret of beauty has been at last revealed. Without good health, pure blood and a fair clear skin none can possess good looks. What is more repulsive than pimples, blotches and a sallow or pasty complexion? Burdock Blood Bitters reveal the fact that all can gain pure blood and freedom from the repulsive diseases of skin that result from impurities.

WHAT'S IN A NAME.—Scrofula is so called from the Latin *scrofa*, a pig, from the supposition that the disease came from eating swine's flesh. It is often inherrited from parents, and leads to abscesses, ulcerous sores, debility, king's evil and consumption. The case of the Rev. W. Stout, of Wiarton, who suffered 23 years from scrofulous abscesses, is one of the most remarkable on record. Burdock Blood Bitters cured him after the best medical skill had failed.

AYER'S Cherry Pectoral.

No other complaints are so insidious in their attack as those affecting the throat and lungs: none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness. AYER'S CHERRY PECTORAL has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be taken in all cases without delay.

A Terrible Cough Cured.

"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me. HORACE FAIRBROTHER."

Rockingham, Vt., July 15, 1882.

Croup.—A Mother's Tribute.

"While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude? Sincerely yours, MRS. EMMA GEDNEY."

159 West 128th St., New York, May 16, 1882.

"I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effectual remedy for coughs and colds we have ever tried. A. J. CRANE."

Lake Crystal, Minn., March 13, 1882.

"I suffered for eight years from Bronchitis, and after trying many remedies with no success, I was cured by the use of AYER'S CHERRY PECTORAL. JOSEPH WALDEN."

Bylhalia, Miss., April 5, 1882.

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung troubles. E. BRAGDON."

Palestine, Texas, April 22, 1882.

No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will *always cure* when the disease is not already beyond the control of medicine.
