In fact, we have have found on examination, varicocele, present in hundreds of cases where the patient did not know he had it at all. In time it will produce such symptoms as the following: Nervousness, weakness in the back, unsteady limbs, tired and exhausted feeling, pains in the loins, irritation of the bladder and kidneys, sediment and loss in urine, emissions at night with lewd dreams, sexual weakness and decline of manly power—these symptoms gradually develop into NERVOUS DEBILITY and IMPOTENCY. Among the Canadians returning from the United States to Canada, a notable man to be repatriated is Gabrel Dumont, one time lieutenant of Louis Riel, who was on his way to Duck Lake, Saskatchewan, where he will take up land. Dumont has accumulated some little money, but is probably not worth as much now as when the Dominion Government placed a valuation of $5,000 on his head. In the rebellion of 1866 Dumont practically conducted Riel's military operations, and was recognized as being the only capable man, in the matter of carrying on a campaign, with the rebel army. Sympathizers with the cause of Louis Riel regretted that Dumont was not in command at Batoche, instead of Riel himself, in which case they would have expected a rebel victory. Dumont, with his rugged, splendid physique, is a notable figure. He is 66 years of age, and still as active as when he led his half-breeds twenty years ago. Between 1865 and 1870 Dumont shot 205 buffalo in the Saskatchewan Valley. He now owns some land there, and intends to take up farming, being protected by the amnesty proclaimed after the rebellion.

The Mercantile and Financial Times, referring to the purchase by Madden Bros., Chicago, of a British Columbia gold mine through one McArthur, the story of which was given in The Advance a few weeks ago, says:—"The real estate firm of Madden Brothers occupies an eminent financial position which lends increased interest to their successful mining venture The aggressive methods which have made the career of the firm conspicuously successfull, were highly affected in this mining affair and the firm's good fortune is a source of gratification. To show the enormous output of this mine a recent carload shipped gives $6,067 for twenty-one tons of ore, over $100 per ton being in gold, which shows this mine to be one of the foremost in the world."

The principal of the Walkerton public school addressed a public letter to the parents of the younger children, in which he says: "It is the almost unanimous opinion of the teachers that no child should attend school until at least six years of age and many not till seven. While teaching in an ungraded school, I noted the age at which every pupil started to school, and in every instance those who started at seven or eight years passed those who had started at five in two years or less, with no apparent fatigue or injury, while many of those who started at five were permanently injured in bodily and mental powers. At five years of age children have not the ideas or command of language to profit by formal teaching, and their brains are not strong enough to study for several hours a day, any more than their little bodies are strong enough to endure regular body work for the same time.

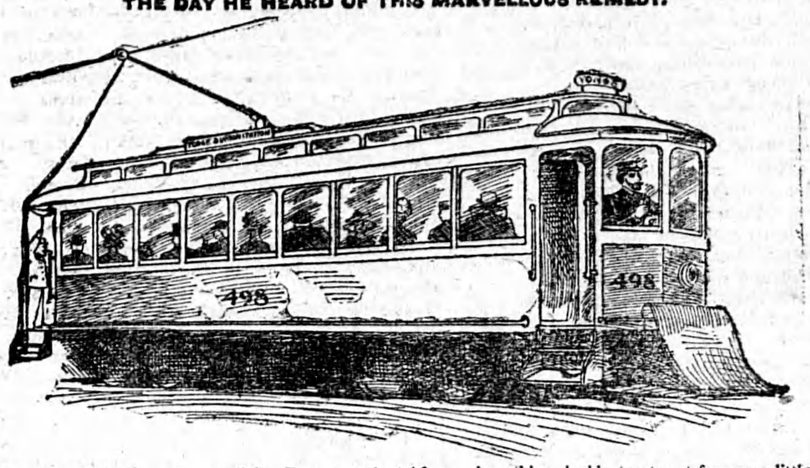
THRILLING EXPERIENCE

Of Motorman Walden, in the employ of
TORONTO STREET RAILWAY COMPANY.

DID NOT WANT TO GIVE UP WORK BUT WAS FORCED TO DO SO—TELLS HOW FOR EIGHTEEN MONTHS HE HOVERED BETWEEN LIFE AND DEATH, TREATED BY THE BEST PHYSICIANS IN TORONTO AND HIS CASE PRONOUNCED SO SERIOUS THAT HE WAS ADVISED, AS A LAST RESORT, TO USE THE DR. SLOCUM TREATMENT—IS NOW IN GOOD HEALTH AND BLESSES THE DAY HE HEARD OF THIS MARVELLOUS REMEDY.



Mr. Alfred Walden, 7 Cornwall St., Toronto, who has been in the employ of the Street Railway Company for a number of years as motorman, informs us that he had an attack of la grippe, followed by typhoid fever, and after many weeks of suffering it resulted in a complication of throat and lung troubles. During this illness he was under the care of one of the best physicians in this city, who pronounced it a very serious case and advised him to stop work, which he was finally compelled to do.

Mr. Walden heard about the Dr. Slocum Remedies and commenced their use and after using them but for a few weeks he noticed a great improvement. After using this valuable treatment for some little time, the cough stopped, pain in left lung ceased, appetite improved and night sweats were checked; and in about three months he was able to go back to work, feeling as well as ever.

When interviewed, Mr. Walden seemed to be in the best of spirits and expressed himself in the most grateful terms, as he considers himself completely cured and in the enjoyment of good health.

What the Dr. Slocum Remedies have done for Mr. Walden has also been accomplished in thousands of other hopeless cases, which testimonials we have on file.
