A TRAIN LOAD OF GRANITEWARE

On October 17th last we received and placed in stock, from one of the largest and best manufacturers in America, two carloads and 11 cases of Graniteware of every conceivable kind. This lot opened out so satisfactorily that we immediately bought six carloads more, which reached us on December 7th, the total wholesale value of which exceeds $23,000, and every dollar's worth paid for with SPOT CASH. It is needless to state the incidents leading up to this enormous granite deal—suffice to say that the manufacturers preferred ready money to carrying in stock this tremendous quantity. Representative cases of this entire lot are now on sale at the smallest prices you've ever known dependable graniteware sold at—hardly as large as the average hardware store price of common tinware. Were we disposed we might turn over this entire lot to outside dealers at higher prices than we are asking retail, but we prefer to give our thousands of customers all over the county of Grey an opportunity of reaping the benefits of the biggest graniteware deal you or we have ever heard of. Come prepared for great surprises, and come as soon as you can. Here is a partial list—read it through carefully.

Local Option Carried

The local option bylaw submitted to the vote of the ratepayers of Euphrasia last Monday was carried by a splendid majority; this notwithstanding that the roads were almost impassable with snow, and that no public meetings were held to advocate the adoption of the bylaw. This shows that the township of Euphrasia is strong for the abolition of the barroom. There is at present, however, only two licensed hotels in the township. The official declaration of the poll is as under:

	For	Against
