CHAS. D. BARR, EDITOR AND PROPRIETOR. [POSTAGE PREPAID BY THE PUBLISHER.

Vol. XX. Whole Number 1051. LINDSAY, ONT., FRIDAY, OCTOBER 31, 1879. Terms, $1.50 in Advance.

MUSKOKA.

JOURNALISTIC.—Mr. F. F. Graffe has severed his connection with the Bracebridge Herald and the business is now to be carried on by Mr. Henry Oaten.

PORT HOPE.

SENTENCED.—Lloyd, the tramp who dangerously assaulted Mr. Gamble, was sentenced to twenty-three months in the dungeon de central at Toronto Bridget Ostrum, for stealing rings from Mr. Bywater's store, Colborne. got nine months in the same retreat.

CAUSE CELEBRE. Mr. B. M. Meredith of London has had to pay $100 and costs for assaulting Capt. C. H. Williams, of this town, in Toronto on Sept. 9th. The case was tried before Judge Burton and a jury in Toronto on Tuesday week.

COBOURG.

NOTES.—Mr. Crossen is building thirty platform cars for the Canada Pacific and twelve hand-cars for Purcell & Co., contractors on the same line.

FIRE. On Friday midnight of last week the barn on the Grosjean farm, occupied by Wm. Gallicher, caught fire. The barn, stables and contents were all consumed, except three horses which were got out. The barns and stables were insured for $400, loss $1,000. The contents were insured for $1,000, loss over $2,000. The fire was evidently the work of an incendiary.

BIG LOAD. Mr. Dan. Houston lately took into Cobourg a load of 102 bushels of barley.

BOBCAYGEON.

GRAIN STOLEN. Mr. Joseph Pogue of the 2nd con. Verulam, had about 30 bushels fall wheat, 5 of spring and 15 of oats stolen from his barn Sunday fortnight or the previous night. The barn door was not locked in consequence of the key having been stolen.

ACCIDENT. A little eight year old son of Mr. Pogue while playing with a pet 18 year old bull that he was driving with a rope got his feet entangled in the rope and falling was dragged across the field by the animal and somewhat severely injured. The bull was fortunately stopped by an elder brother of the little boy. Dr. Wilson of Fenelon Falls was called in and the little fellow duly cared for.

BURY'S GREEN.

[Correspondence of The Post.]

TEA MEETING. The tea meeting recently held here in aid of the Presbyterian church was a complete success, but owing to the unfavorable weather few persons from a distance were in attendance. The people of all denominations in the vicinity, however, were equal to the occasion, and displayed fraternity interest in the success of the entertainment by turning out in large numbers. The total amount received after deducting expenses, amounted to over $80, and no doubt the amount would have been much larger had the weather been fine.

FURNACE RAILS. Owing to the yorable condition of the grain markets many of the farmers in this vicinity have commenced to haul their grain to Lindsay as the roads are good. The greater number, however, intend of shipping to Lindsay by the Victoria Railway as formerly, prefer either to haul it through to Lindsay or to Fenelon Falls, as the freight rates of 100 lbs. are as low as the lowest on record. As the distance to Fenelon Falls is much shorter than to Lindsay, it is thought by some of the farmers in this section of the country that it will be much the better for themselves to patronize the Fenelon Falls market. The people of Lindsay, as well as the farmers, are interested in this matter. Having taxed themselves heavily to enable the company to build the road they are entitled to the consideration of the company, and have a number of reasons from them than they have yet received.

BELLA VILLE.

EDUCATIONAL FIXTURE. The result of the recent educational meetings at Belleville is that four candidates have been found to be more or less impaired in their health, and have resigned after having proved their innocence. The whole matter is referred to the Minister of Education for his decision.

TAKE ONE. A gentleman from Toronto arrived here Thursday afternoon at a disreputable house a short distance outside city limits. Two young men who happened to be in the house, followed him there, and after a short time the former became engaged in an altercation with one of the inmates named Lulu Montague, it is alleged, took out the money and ran for home when overtaken by the latter. He afterwards attempted to strike her with a bottle, but did not succeed. He afterwards struck the man a blow with a revolver and fired a ball lodging above the left ear. The wounded man was brought to town and his wound probed, but the bullet could not be traced. He died next day. The girl has been arrested.

GOLD MINING. Within the last few months there has been considerable activity in connection with the gold mines of Madoc Township, and there is a prospect that some five crushers will be in operation this winter. The work of preparing the machinery at the Dean & Williams mine, Marmora, under the direction of Mr. McFarlane is being pushed on vigorously, and other mines in the district are being made to commence active operations. From recent developments it would seem as if enough gold would yet be profitable returns.

ORILLIA.

SERIOUS. On Tuesday Mr. Will Thompson of South Orillia was struck by the tumbling shaft of a threshing machine, and had his clothing torn off. He was severely shaken but received no serious injury.

A NARROW ESCAPE. The workmen who were engaged yesterday in tilting down the injured portion of the Opera House, and the adjoining building owned by Mr. Mulcahy, had a lucky escape. A scaffold had been erected and work began in the morning by picking at the bricks, that by noon had nearly all been removed, and while the men were all busy, the wall began to totter, swayed for a moment or two, and then fell with a crash into the street. The men had barely time to jump out of them and never left the top of the wall and leaped into the street bunting; one fellow sprang at an upright pole at the end of the scaffold and slipped down to the ground, another managed to time his descent into the cellar was to come after him and instead of before it. Although falling a distance of about 30 feet he escaped with the scare with a few scratches. Altogether it was a most fortunate escape, and the startled citizens who witnessed the occurrence were loud in their praise of the men and confusion had subsided, there no one was hurt.

NEARLY POISONED. One day last week a boy in the employ of Mr. A. T. Moore put some quantity of paris green into the drinking water and Mr. Moore drank of it. He soon discovered the mistake and procured the proper remedies, but it was not until the second day after that he felt strong enough for business.

PETERBOROUGH.

A BROKEN RIB. On Saturday afternoon Mr. B. Green, laying from the unused mill path an overshot wheel, remaining about 40 feet, stepped upon the wheel of one of the farm wagons when his foot slipped and he fell across the wagon body, breaking one of his ribs.

INTERVIEW. Mr. E. A. Bradshaw, who owns the Taylor mill near Oshawa, has a very fine herd of Jersey cattle.

A SUCKER. Mr. Mark Doe, Baxter has spite against Frank Shoman of Douro, and as he was driving into Peterboro on the 15th, he climbed into the wagon and made for him, and he situation being taken up with the ire which had been frightened by Mr. Jane's actions, she had not much difficulty in boosting him out on to the road, by which he was much more Mark Jane paid $13.20 fine and cost for this little bit of sport.

INTERVIEW CAST. A girl named Bridget Sullivan, a waiter in the Hotel House, gave birth to a child on Friday last and made away with it in the vicinity of the hotel water closet. At the coroner's inquest it was proven that the child was alive when born.

AT DRILL. About fifty pupils of the Norwood school, under the instruction of Mr. Fraser of the high school are now regularly undergoing military drill and have been in the exercise of muskets and what is termed in military parlance "setting up" drill as well as through their "facings." The lads are making good progress.

WRESTLING TO BOYS. A son of Mr. Weller the other day had a narrow escape from being burned to death. A penchant for firearms led him to make some red fire and he put it in his pocket whilst he went on an errand. The stuff exploded and the boy's clothes caught fire. The only injuries received were slight roasting of the right leg, the skin being peeled off from his hip to his ankle.

GERMAN SYRUP.

No other medicine in the world was ever given such a test of its curative qualities as BOSCHEE'S GERMAN SYRUP. In three years two millions four hundred thousand small bottles of this medicine were distributed *free of charge* by Druggists in this country to those afflicted with Consumption, Asthma, Croup, severe Coughs, Pneumonia, and other diseases of the throat and lungs, giving the American people undeniable proof that GERMAN SYRUP will cure them. The result has been that Druggists in every town and village in the Canadas and United States are recommending it to their customers. Go to S. Perrin's and ask what he know about it. Sample bottles 10 cents. Regular size, 75 cents. Three doses will relieve any case.

DENTIST.
Lindsay, Ontario.
NITROUS OXIDE OR LAUGHING GAS used for extracting teeth without pain. I have been asked, the question, is the use of gas safe, and the action on the different temperaments over SEVEN YEARS, during which period it has been used with the greatest success, and never yet have I had one of any other dentist in the Midland Counties, having used it in my practice without any bad effects whatever since 1863. It is given at my office every day, and often to the most delicate persons with the most satisfactory results. Persons coming a distance will find it to their advantage to take it.
ARTIFICIAL TEETH. As an inducement to those who are either "commencing it" or trying to make a little go a long way in the purchase of teeth, I have recently introduced every improvement in the profession after it was fully tested. For EXTRACTING TEETH WITHOUT PAIN be side Gold-crown and Bridge, he used Electricity and Freezing or Local Anæsthetics. Over 12 years that introduced Nitrous Oxide Gas and since near all good it undoubtedly and has had testimonials expressed to its use. Thousands of teeth, Block teeth all set can be produced by them who wish, do not, if the find in the Dentist with gold having worn down while filling teeth give relief. New York Barnum, the inventor, has been Mr. Nelson's cousin for the time before the Dental Association for the first in mechanical dentistry he has used at Ontario, and of plate that has ever been introduced by holding Artificial Teeth firmly in the mouth for has used the various dies patented by Yemans, Office on Kent Street, Lindsay, Ontario.

Money to Loan.

MONEY, MONEY, MONEY.

I am now prepared to negotiate straight loans on good farm property security for any term of years at eight per cent interest, with the privilege of repaying any portion of the principal at any time, the interest ceasing on the sum so paid.

This gives the borrower every chance. He can pay on his mortgage any sum he may be able to spare at any time and stop the interest on so much, or he can release his farm at any time without being obliged to pay the Company a heavy bonus for taking their money. Expenses very little more than those of private loans.

FALLING.

The last leaves are falling,
Falling and fading.
Along the dark air
The tempest is crying,
The trees are all bare,
With its voice of despair,
Winter is calling.
The leaves are their shelling.

How fair was their budding;
Their golden unfolding;
Their verdurous gloom,
And
