A Grand Rapids Letter

We received last week a chatty and very acceptable private letter from Mr. Geo. Holman, of Grand Rapids, Mich. There are some things in it which we cannot forego the pleasure of giving to our readers, and we are sure George will pardon us for thus making use of some of his very welcome communication.

He says: Mother has been a very welcome guest in our home for six weeks, but went to visit my brother and his family a week ago at Freeport—30 miles distant—where chickens are hatched by the hundreds—yes, thousands—and shipped by express to all parts of the United States and Mexico. My brother's hatchery last year recorded the astounding number of 14,000 hatched chicks, and this season's capacity will be much greater, and it is anticipated that the shipments will be more than doubled. Three leading Michigan papers have recently given the hatchery a write-up, one of which headed the article,—"The Queerest Farm in Michigan." It certainly is unique.

Our Uncle Samuel is enjoying a huge measure of prosperity since the Republican party got thoroughly imbued with power and secured the reins of government, notwithstanding the hosts of trust companies which have been organized and incorporated. However, methinks the United States is enjoying no greater substantial prosperity than John Bull's fertile colony across the border, if one can judge from the exodus of our population to North-Western Canada and other points in the fair Dominion.

Many prejudiced Americans in speaking of Canada, always refer to it as a cold, desolate region failing to give that country any credit for its varied industries and institutions, which are on a par, at least with those of their own land, and quite forgetful of the fact that several states are quite as frigid as portions of the British Colony

The Lincoln Club, a political organization of republican principles, gave it's annual banquet last week, and among the noted speakers from abroad was Hon. W. H. Montague, of Toronto, who delivered a very forceful address upon the subject of "Reciprocity." I was about to quote some of his remarks, but, instead, will send you the report of the meeting in full. Suffice it to say that the Canadian politician made a good impression on his audience and gave his hearers something new to think about.

A Chicago Alderman Owes his Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St. Chicago. "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflamation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the Council." This remedy is for sale by W. E. Richardson.

Honor Rolls

MORE MILK

The cow for the dairymen is the one that can make the most profit in milk, butter, or cheese for the food consumed. A large number of cows are kept for dairy purposes that don't yield sufficient milk to pay for their keep. They consume as much as profitable ones and require as much time and care in their milking. Also many a good "Milker" has gone to the butchers block owing to improper care and feeding. Many of the milk producing qualities of the feed are lost owing to improper digestion and assimilation. This can be overcome by the addition of Clydesdale Stock Food to the ordinary feed as it puts the stomach in such shape as to help her to digest and assimilate her food, besides enabling her to eat more of it, as it is made more appetising. This makes her capable of secreting more milk, and, in many instances, richer milk. If it could be demonstrated that more bushels of wheat could be grown on a piece of ground than ordinarily, and without injury to the land, in fact improving it, and at an extra profit, wouldn't you take up the proposition. Clydesdale Stock Food will add to the milk production, and with extra profit, and without injury to the "Milker," because it gives a tone and sleekness to the animal that cannot otherwise be had. The use of Clydesdale Carboline Antiseptic will keep the stables in a healthy condition ensuring healthier milk. If after using the above, you find you are not satisfied, your money will be cheerfully refunded by our dealer. Clydesdale Stock Food is sold in your district by:

Boyd, Hickling & Co., Flesherton	D K. McArthur, Hopeville.
Knott Bros., Markdale	W. W. Collingbrown, Dundalk
Taylor & Co., Dromore	Barclay & Bell, Durham
