SEE IN EIR.

The tides slips up the silver sands
Dark night and rosy day,
It brings sea treasures to the land,
Then bears them all away.
On mighty shores, from east to west
It wails and gropes and cannot rest.

O tide, that still doth ebb and flow
Through night to golden day,
O, turning tide, you come and go
Thou give, thou take at away
But something, on some gracious shore,
Thou shall lie and cloth no more.

LOCAL NEWS LETTERS.

WOODVILLE.

[Correspondence of The Post.]

RECOVERING. Mr. George Smith, who was quite ill last week, is now able to be around again.

BETHANY.

[Correspondence of The Post.]

GREAT MEETING. Mr. Cain intends to build a grist mill in the village in a short time.

RECOVERED. Mr. A. Richardson who has been for the past month been laying dangerously ill is now a good deal better. He was attended by Dr. Brereton.

FIRE. Monday morning of last week the blacksmith and carriage shop and dwelling house owned by Robert Fallis, and occupied by Robert Bradburn, was totally destroyed by fire. The fire originated in the workshop, cause unknown. The loss is estimated at On the buildings, $600; on the stock, $1,000. The furniture in the house was saved, but all in the shop was destroyed. The stock and buildings were partly insured.

COBOCONK.

[Correspondence of The Post.]

LEG BROKEN. Mr. Wm. Wellwood had the misfortune to break his leg on Saturday evening when out with a sleighing party to Kinmount. In stepping out of the sleigh his foot caught in the folds of the robe which caused him him to step heavily on the other, break it above the ankle. The limb was set by Dr. Pitcher of Coboconk, and Mr. Wellwood is now doing as well as could be expected.

NOTICE SERVED ON GOSE. We are sorry to note the death of Mr. John Ham, sr., which took place at his residence in Laxton on Friday the 5th ult. He was one of the oldest settlers having come here when the country was all a wilderness. He was one of the most highly respected residents of this north country, which was made manifest by the very large concourse of people who followed his remains to the Norland burying ground on Sunday. The funeral services were conducted by the Rev. Mr. Davies. Thus one by one the old landmarks are passing away and we venture to say that none will be more missed than the late John Ham, sr.

CEMETERY FENCE. A subscription has been got in circulation by Mr. E. Leroy for the purpose of raising money to fence the burying ground at this place and it is to be hoped that it will be well and numerously signed, as the ground has been open to the commons for a number of years.

NEW MILLER. Mr. A. H. Carl has secured the services of Mr. Alex. Clifford, late of the Kirkfield mills, to act as his miller. Mr Clifford is one of the first-class millers, and having had eight years' experience in the Kirkfield mills he is well acquainted with the grain of this back country and will be able to handle it to the best advantage. Mr. Pettinger, the former miller, has gone to the Norland mills, having leased them for a term of years. While here he gave good satisfaction.

LUMBERING. The stock of logs got in by the saw mill here for the season's cut is the best obtained for a number of years. Mr. Gould, the foreman, has been particularly successful in getting none but the best and a large quantity as well.

DANGEROUSLY ILL. Miss Keys who has been seriously ill for the past month was taken suddenly worse on Monday night and for a time her life was despaired of. She is in charge of Dr. Pitcher, who thinks that she will yet recover.

[illegible] A number of men went to work on Tuesday morning to repair the approaches to the bridge nearest the station. The work is not being done any too soon, as the strangers were in a very rotten condition.

BADDOW.

[Correspondence of The Post.]

REVIVAL SERVICES. During the past four weeks our esteemed pastor, Rev. Mr. Glover, has been conducting special revival services at Somerville in Kade's settlement. Much good has been done by Mr. Glover's ministry here. Members of different churches have been revived and about forty persons converted to God. The work is going on with increasing spiritual power.

DUNSFORD

[Correspondence of The Post.]

AN EXPLOSION. Mr. Robert Nugent, a young blacksmith in the employ of Mr. Jas. Bell, was loading a revolver last Saturday evening and one of the cartridges being a little tight he gave it a tap on the anvil to force it into the chamber. This caused an explosion the ball carrying away a portion of Robert's forefinger but luckily doing no other injury.

ACCIDENT. While Mr. John Hay's son, a lad about 11 years old, was leading a horse it reared up striking the boy with its foot on the shoulder, dislocating it. The boy is under the treatment of Dr. Dellrassi and is recovering fast.

DEATH. We are sorry to have to record the death of Mr. Alex. Burnett's eldest daughter, who died on the 2nd inst. She was interred on the 4th inst. Much sympathy is felt for the respected parents.

SONYA.

MAMMOTH BARN. Mr. William Treemee of Brock township is going to erect a large barn this spring, 60 feet long and 40 feet wide, with large stables underneath for cattle. Mr. Jonathan Philip of Manilla is the contractor.

HORSE TRAINING. Prof. Brush & Sons gave a free lecture on the education of the horse at Mr. Alex. McTaggert's, north of the village. After the free exhibition a school was organized when some fifteen of our young men joined. There will be a number of young men professional horse trainers after this.

IMPROVEMENT IN STOCK. Mr. Alex. Ferguson has purchased a thoroughbred cow and calf at the sale of Mr. Brown, near Ashburn, paying a large price for them.

MORE CEMETERIES. Mr. Neil McFadden, blacksmith, has purchased a lot and intends erecting a large blacksmith shop. We wish him success, as he is an industrious and obliging mechanic. Long may the sound of his hammer ring in our village.

CORRECTION. In the notice of Mrs. Currie's death it should read mother of the Rev. Arch. Currie, instead of the late Rev. Arch. Currie.

[illegible] Notes. Surplus parties every week. Business booming in our village. Prayer meeting in the St. Andrew's church, Sonya, every Thursday evening at seven o'clock.

SEAGRAVE.

[Correspondence of The Post.]

BRIDGE REPAIRING. A cash job was let of repairing the bridge across the Nonquon river last week. The job was taken by Mr. J. Noon, to be completed by in two weeks time.

ACCIDENT. Mr. Donald Stalker of this place slipped on some ice and falling on his right hand, broke the bones between the knuckle and the wrist. It will be a long time before he will be able to use it.

BUILDING. Mr. James Proffit of this place has let the contract of building a frame barn this summer, and he also contemplates building a new brick house.

STORE BURNED. On Thursday of last week the store and dwelling-house of Mr. John Fox took fire and was totally destroyed. The fire was caused by a defective flue. The loss will be several hundred dollars over and above the insurance. We hope Mr. Fox will rebuild at once as his store was much needed and he was very obliging and well liked by those who patronized him.

RESUMED. Mr. George Truss, brakeman on the Whitby railway, who lives here and who has been seriously ill for the past few weeks, resumed his duties Monday.

CHURN MAKING. Mr. Thomas Wakefield, the noted churn-maker, is putting up seventy five of his excellent churns for the summer's trade. It is said they excel anything in the market.

PERSONAL. Mr. James Ferguson, our village shoemaker, paid his friends at Coboconk a visit last week. We are glad to know that he intends to remain with us as a shoemaker is much needed.

LITTLE BRITAIN.

[Correspondence of The Post.]

DUNKARD MEETING. The society known as the Dunkards held a meeting in the R. C. church last Sunday afternoon. Messrs. Baker and Lamb conducted the services and the church was comfortably filled. The speaking was simple but to the point and we hope some good may come therefrom.

HORSE BUYERS. Mr. Crossman, the American horse buyer, visited this place Saturday week buying several horses. The prices ranged from $80 to $120.

BEEF CATTLE. Mr. Gumbagger shipped a carload of cattle at the station here last week. A number of carloads have been shipped from here this winter. This shows that our farmers are going more into cattle raising, as advised by The Post, and they find it pays.

IMPROVING. Mr. J. Pogue is preparing to build a brick dwelling on his lot on Front-st. north.

CHANGES ALIVE. The grangers from the surrounding country made a grand rally at the Whitby stations several days last week after salt for their land. We have been informed they have already received seven carloads (eighty four tons) at this station and we understand more is yet to be ordered. This speaks well for salt as a fertilizer. Quite a change seems to have come over the farmers since our grandfathers' time, when if they got salt enough to cure a barrel of pork they thought they were doing well. As for dressing the land that seemed to be thought but little of. The land was so strong all they had to do was to scatter the grain and reap a bountiful harvest. We heard a farmer tell a story of a very large farmer who left the manure in the barn-yard for a number of years and then let a job of removing the manure to a party, who found three horse-powers in the hill stacked one above another. We would like to hear George Calvert's opinion on salt as a fertilizer.

CHEESE. Our hotel-keeper has secured his summer's ice. Weather has been very cold 24° below zero.

JANETVILLE.

[Correspondence of The Post.]

TEMPERANCE HOUSE. The house of entertainment kept by Mr. Trow is well patronized, and if the proprietor will conduct it on temperance principles he will do a good business and we wish him success.

PERSONAL. Mr. Hill, who formerly rented the flouring mills here and has been latterly working for Mr. Trewin, intends treating his friends to an oyster supper at the temperance house on the eve of his departure.

SCHOOL MATTERS. Our public school is prospering under the able management of the Misses Richardson and Mitchell.

WOOD SAWING. The farmers are busy at this season of the year sawing wood and laying in a good supply against the coming summer.

SOME NOTES ABOUT A THRIVING PLACE. As I have not seen much of our local news in your paper for some time I want to let your readers know that we live and thrive as a village. Our business places consist of two saw-mills which are both doing a good run of work this winter, one by Mr. J. McDermid and the other by Maguire & Son, who have lately added steam power both for carding and sawing. The old man also does quite a large run of weaving. We have a good grist mill which does a large business in that line. It has lately changed hands. We have now two good mills having steam and water power, so that farmers need not fear but that they will get well and promptly served. Mr. Francis Perchard & Son, who have lately come into possession, are practical and obliging men. We have one good waggon-maker Mr. R. Armstrong, jr., does a good business in this line, as well as in general blacksmithing. Mr. J. Maguire, who has been been doing well in blacksmithing, is going to leave, having bought a farm in the west. We have a good shoemaker, Mr. R. Cherry, who is always pegging away. We have one good store, kept by John Burn & Co., where we can get almost anything at fair prices. And last but not least we have a splendid doctor, Mr. J. McAlpine, who has more than a local fame and whose practice extends from Hobcaygeon and Fenelon Falls in the north (when there are critical cases requiring attention) to Bethany and beyond in the south and very largely through the township of Cartwright. With these places and means for doing business, and a first-rate farming country all round, and the chiefest of blessings which were so earnestly prophesied from every hill and dale (the national pocket emptier bearing its banefull fruit) why should we not be peaceful and happy.

A Great Chicago Enterprise.

The laboratory for the manufacture of Electric Bitters is one of Chicago's greatest enterprises, giving employment to a large number of hands. The extensive sale already attained for this wonderful remedy is astonishing. Wherever once introduced and becomes known, it is almost impossible to supply the demand, because of their true merit—curing where all others fail—and at a reasonable price (fifty cents). Sold by S. Pamalee. (1007)c.

The Greatest Remedy Known.

Dr. King's New Discovery for Consumption is certainly the greatest medical remedy ever placed within the reach of suffering humanity. Thousands of cases hopeless sufferers have loudly proclaim their praise for this wonderful Discovery to which they owe their lives. Not only does it positively cure consumption, but coughs, colds, asthma, bronchitis, hay fever, hoarseness and all affections of the throat, chest and lungs at once yield to its wonderful curative powers as if by magic. We do not ask you to buy a large bottle until you know what you are getting. We therefore earnestly request you to call on your druggist, S. Perrin, and get a trial bottle for ten cents which will convince the most skeptical of its wonderful merits and show you what a regular one dollar size bottlewill do. For sale by S. Perrin. 1008-(2)

Sopena from Brazil.

As a result of the new commercial enterprise just assuming importance with Brazil, is the introduction of Sopena, so justly celebrated where it is known for the cure of all forms of indigestion. The company have opened a laboratory in Toronto. Sopena comes to us highly endorsed and recommended, its wonderful affinity to the digestive organs, its certainty to relieve and cure dyspepsia and constipation, makes this remarkable compound a necessity in Canada. The company make sample bottles at the trifling sum of 10c., to be had of F. GREGORY.—18-tf.

Nothing Short of Unmistakable Benefit

Conferred upon tens of thousands of sufferers could originate and maintain the reputation which AYER'S SARSAPARILLA enjoys. It is a compound of the best vegetable alteratives, with the iodides of Potassium and Iron, and is the most effectual of all remedies for scrofulous, mercurial, or blood-disorders. Uniformly successful and certain in its remedial effects, it produces rapid and complete cures of Scrofula, Sores, Boils, Humors, Pimples, Eruptions, Skin Diseases and all disorders rising from impurity of the blood. By its invigorating effects it always relieves and often cures Liver Complaints, Female Weaknesses and Irregularities, and is a potent resource of vitality. For purifying the blood it has no equal. It tones up the system, restores and preserves the health, and imparts vigor and energy. For forty years it has been in extensive use, and is to-day the most available medicine for the suffering sick, anywhere. For sale by all dealers.

Every dealer in medicine can supply you with Burdock Blood Bitters. Sample bottles 10 cents, regular size $1.00. 21-3.

Persons who are very susceptible to sudden changes of weather would do well to keep a supply of DAVY'S SUMMER OR RED STARCH GUM in the house. This Syrup is a scientific preparation of the Gum which exudes from the Red Spruce Tree, and holds a large quantity of the Gum in perfect solution, never separating. Its remarkable power in relieving certain forms of Bronchitis, and curing obstinate, hacking Coughs, is now well known to the public at large. No remedy can equal it as a safe and thoroughly reliable Cough Medicine. Sold by all chemists. Price 25 and 50 cents per bottle. -20-4

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.—20-1y.

Rest and Comfort to the Suffering.

"Brown's Horsehound Panacea" has no equal for relieving pain, both internal and external. It cures Pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, Earache and any Kind of pain or ache. "It will most surely quicken the Blood and Heal, as its acting power is wonderful." "Brown's Household Panacea," being acknowledged as the great Pain Reliever, and of double the strength of any other Elixir or Liniment in the world, should be in every family handy for use when wanted. "As it really is the best remedy in the world for Cramps in the Stomach, and Pains and Aches of all kinds;" and is for sale by all Druggists at 25 cents a bottle. 20-1y.

Holloway's Ointment and Pills.

Dangerous chest complaints. The enumeration of these diseases is scarcely necessary, as, unfortunately, most Englishmen know them to their cost. Coughs, common colds, influenza, bronchitis, asthma, pleurisy, inflammation of the lungs, and even consumption in its early stages, are best treated by rubbing Holloway's Ointment upon the chest, and upon the back between the shoulders. It penetrates internally, checks the cold shiverings, relieves the over-gorged lungs, gradually removes the oppression from the chest and restores the obstructed respiration, hitherto so distressingly disagreeable and highly dangerous. In treating this class of diseases, Holloway's Pills should always be taken while using his Ointment; they purify the blood, promote perspiration, and allay dangerous irritations.—22-1.

Why allow a Cough to Lacerate Your Throat and Lungs?

Why incur the imminent danger of consumption, when in an incredibly short space of time, and for an insignificant sum, you may cure yourself? Thomas Eclectric Oil does the business thoroughly. A single bottle often suffices to relieve the difficulty. This peerless remedy overcomes with equal certainty, swelling of the neck, inflammation of the muscles and stiffness of the joints lameness and crick in the back, tumors, piles, dysentery and a variety of other painful and harassing disorders. It may be taken inwardly with as much safety as it is applied outwardly. Colic, whether of man or beast, is cured by it in fifteen or twenty minutes. Sores, excoriations and abrasions of the skin are healed by it with gratifying rapidity. All medicine dealers sell it. Prepared only by NORTHROP & LYMAN, Toronto, Ont. 16-8.

Extract of a Letter from Rev. Richard Eden, of Bolton, Mass.

"For years I was a sufferer from boils, so that my life became enormous through their frequent and persistent recurrence. A carbuncle, which ultimately occupied a space of three or four square inches, formed in the small of my back. During its progress large pieces of decomposed flesh were every day or two cut away; and the prostration and general disturbance of the system were great. Before I had recovered from this attack two smaller carbuncles broke out higher up, and I was again threatened with a recurrence of the sufferings to which I had so long been subjected. It was at this time that I commenced taking the Peruvian Syrup. I continued taking it until I had used five bottles; since then I have had nothing of the kind. I attribute this improved state of my system entirely to the Peruvian Syrup; and I feel that I cannot express my obligations to it in terms too strong. For years I was one of the greatest sufferers. Other medicines gave me partial and temporary relief; but this remarkable remedy, with a kind of intuitive sense, went directly to the root of the evil, and did its work with a thoroughness worthy of its established character."—28-1.

Thousands Perish

before the meridian of life is reached, in consequence of disregarding lung disease in its earlier stage. Consumption fastens its relentless grasp upon them while they do not even suspect its advent. Trifling or tampering with a cough will not answer. Delay, and unwisely chosen medicines both encourage its progress. The proper course is to select a well-known and tried remedy, and use it systematically as the cutset. The best is Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda. The value of cod liver oil as a pulmonic is too well known to require comment. The hypophosphites are specially useful for their invigorating properties, contributing to the development of muscular and fibrous tissue, both of which are greatly depleted and weakened in case of pulmonary decline. The bones are also strengthened by their use. This time-honored specific and tonic also possesses properties as a blood purifier, which render it valuable in cases of scrofula. Persons of weakly constitution derive from it a degree of vigor obtainable from no other source, and it has even proved itself a most efficient protection to those troubled with a hereditary tendency to the malady it is adapted to prevent and relieve. As before intimated, its prompt use is particularly recommended. In a climate rigorous at our own, and where the summer is so fleeting, persons with weak chest and lungs are specially in need of a reliable medicinal safeguard. They will find none so well adapted to their purpose as this thoroughly tested and highly approved article. Prepared by Northrop & Lyman, Toronto, and sold by all druggists. 16-6.

—Ask your dealer for "Gestorine" Machine Oil, and see that the barrel is branded "Gestorine" and none other is genuine. 1108-tf.

SCOTT'S EMULSION

OF PURE COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA

As a Remedy for Consumption and Wasting Diseases.

PRITCODIAC, N.B., Nov. 5, 1880.

Messrs. SCOTT & BOWNE:—I have used and prescribed for some time "Scott's Emulsion of Cod Liver Oil," and find it an excellent fixed preparation, agreeing well with the stomach, easily taken, and its continued use adding greatly to the strength and comfort of the patient.

A. H. PECK, M.D., Penn. Med. College.

AMHERST, NOVA SCOTIA, Nov. 5, 1880.

Messrs. SCOTT & BOWNE,—Gents: For nearly two years I have been acquainted with Scott's Emulsion of Cod Liver Oil with Hypochosphites, and consider it the finest preparation now before the public. Its permanency as an Emulsion, with the pleasant flavor, makes it the great favorite for children, and I do highly recommend it for all wasting diseases of the system.

Yours, very truly,

C. A. BLACK, M.D.

ELORA, ONT., JULY, 1880.

This is to certify that my daughter has had Lung Disease for some time, and was very much reduced in flesh, and had not strength enough to walk across the street. She was advised by a lady friend to try Scott's Emulsion, and to our great surprise before she had used three bottles her health was completely recovered. I recommend it to every one troubled with the same disease.
