Lindsay High School Literary Society.

The election of officers for the ensuing term in connection with the high school literary society took place at the regular meeting last Friday evening. The following were elected: President, Mr. Thomas Kennedy; 1st vice, Miss A. Skinner; 2nd vice, Miss Jennie Smith; secretary, Mr. A. Lee; treasurer, Mr. Albert Tipley; councillors, Messrs. H. E. Preston, A. Thornbury and C. S. Doyle. The library has received from Toronto and will prove a valuable source of information to the school. Several speeches were made during the evening and the speakers evinced creditable oratorical power.

Town Council.

A regular meeting of the town council was held on Monday evening last. Present, the mayor, Reeve Deacon, Dep. reeves Wallace and Diament and Couns. Brooks, Finney, Ingle and Cahill. The clerk read communications from the following: Canada Permanent loan and Savings Co. as to rate of interest to be allowed on deposits to be filed; from Mr. Calvert, asking the council to take cognizance of his claim for a drain built, referred to the street and bridge committee; from H. F. Jewett, collector, asking for an advance of salary of $25, referred to the finance committee. Reeve Deacon gave a report of the committee appointed to examine into the charity accounts. The list of tax remittances, amounting to $130.38, recommended by the tax collector, was read by the clerk and on motion of Deputy reeve Wallace, seconded by Couns. Finney, the remittances were allowed. Couns. Ege entered and took his seat. Dep. reeve Wallace submitted the report of the street and bridge committee which recommended the adoption of the following tenders: for nails, Mr. J. G. Edwards at $3.50 per 100 lbs.; for cedar, P. H. McIlhargey, $1 per 100 ft. running measure; plank, Hobt. Bryans, $7.75 per m. The committee also recommended more attention being paid this year to drainage than in former years. The report was adopted. A communication was read from Mr. John Mason asking the council to remove a house occupied by Widow Lane on the street in front of his premises. Referred to the street and bridge committee. Couns. Hamilton submitted the report of the fire and water committee, which stated that the committee had received two tenders for lighting and supply in the street lamps but could not recommend the adoption of either as they were too high, the committee being of the opinion that the maintenance of the lamps should not exceed $40 per annum. It was recommended that Mr. Noonan continue to light the lamps for the summer months for $31 and bring the winter months attend to this duty along with his other work without extra pay. It was also recommended that the hose carts and hose be insured against fire. Reeve Deacon submitted the finance report which recommended payment of a number of accounts and gave a statement of the assets and liabilities of the town. The auditors report was also submitted. A by law was then passed extending the time for the collection of taxes till April 18th, after which the council adjourned.

A young couple, both under the age of any sense, appeared before a Lindsay clergyman last week and asked him to be married at eight o'clock. When the clergyman remarked that they were a very youthful couple, the bridegroom braced up and replied that it was better to begin it young. They were married.

A fire broke out in a large wood pile at Mr. A. Fox's brick yard, south of Lindsay, Tuesday morning, and destroyed about sixty cords of soft wood. It is supposed the fire was caused by a spark from the engine smoke stack. The large brick and the building was endangered but through the exertions of the people living in the vicinity, among them being a number of ladies, the buildings were saved. There was no insurance.

The third Great Western excursion to the North west which left on Wednesday morning April 6th, arranged by Mr. John Williams, general agent here, took over thirty people mostly for Manitoba. They had two cars freight, and one passenger car, which left a few days ahead.
