Percheron Horses The Breed that Refits Best

It is a generally accepted fact, says the Rural Home, Rochester, N. Y., that the breeding of what are termed fancy horses, cannot be successfully done by the ordinary breeder. With rare exceptions, breeding for speed is a venture

[illegible] breed of horses, and that the most readily at our present time. Every one knows a fine, good formed, large sized, vigorous, early ripe horse, are in active demand, and that the buyers are scattered all over the country in every portion where these horses can be found in any considerable numbers, and pay very large prices, $300 to $500 for animals that weigh from 1,800 to 1,900 pounds. How with this class of horses is some popular fashion, fashions, a thing that interests every farmer throughout the country. A few years since, when there were no pure bred, or so-called pedigreed horses to be found here, it was a practical impossibility to do so with any degree of certainty from our ordinary stock mares, but latterly, the importation of heavier classes of stallions from foreign countries, and especially the admirable Percherons, that are being imported from La Perche, France, has made the hitherto most valuable object easy to accomplish. Nearly all classes of large horses have been tried, the English draft, the Clydesdales, the Belgians, the Boulonais, a cross of the French [illegible] in this country imported Normans; but none have seemed to pick up well with our so-called stock as the smooth-built, clean-limbed, powerful muscled, clear-eyed and active Percheron horses of France. Since 1874 several hundred of them have been imported and sold to nearly every state in the Union, and wherever found are held in the highest estimation. Quite a number of both imported and grade stallions have crossed the mountains and are doing the country valuable service. This is very fortunate in the clear sightedness and enterprise of our breeders, and we cannot too strongly urge the continuance of such a worthy enterprise, as every one of these animals that is brought into our state will add greatly to its future weal.

Pam Notes

Price of Hops. The farmers of New Zealand are anxious to raise clovers, which they cannot do, because, as it is claimed, they have no humble bees to fertilize the blossom. Orders have been sent to Los Angeles for several colonies of these bees.

Care of Horses. The close confinement of all factory work gives the operatives pallid faces, poor appetites, languid miserable feelings, poor blood, torpid liver, kidneys and ordinary troubles, and all the physicians and medicines in the world cannot help them unless they get out of doors or use Hop Bitters, the purest and best remedy ever made, especially for such cases, having abundance of health, sunshine and rosy cheeks in them. They cost but a trifle. [illegible] Record. 37-2

Cheapness in Mutton. The manufacture of milk in the Channel Islands, the home of the Alderney, is peculiar, and has the merit of cleanliness, at least. Milking and stealing the milk are combined in one operation. The milk maid with her tin pail, times steamer and cow shed proceeds to the pasture. Seating herself beside the cow, she thus completes her arrangements. The cleaner is securely tied over the narrow mouthed bucket, and placing the large hollow shell on the cleaner she vigorously directs the streams into the shell; swallowing the hollow helm, the milk passes through the cleaner into the receptacle beneath, the shell being used simply to prevent wasting a hole in the cleaner strainer.

Ashes as a Fertilizer. Unleached wood ashes contain all the constituents of plant food that the ordinary of worn out soil needs, except nitrogen. By their chemical action they render much of the most nitrogen in soils available, and in that way may be said to furnish nitrogen. This is true of lime, and on this power of making nitrogen available the greatest value of lime, when applied as a fertilizer, depends. Ashes also have a good mechanical effect upon the soil, especially heavy clay soils, which are made lighter and more porous, so that air and water circulate more freely. Ashes do not suffer waste by being washed out to the extent that is true of the more soluble and concentrated fertilizer sold in the markets; their effects are therefore more lasting.

Dog Vegetables. Our vegetables are not as progressive as they might be. Fruit culture has been brought upon the whole, to a higher degree of perfection than vegetable culture, and there is still much to be desired in the way of growing vegetables. We believe that much fault lies in the manuring of vegetable grounds. The soil is often allowed to get too poor and it is believed that vegetables can be grown anywhere. Many vegetables require a rich, moist soil and wherever droughts are feared particular pains should be taken to give the earth a moist and full manure. Those dried up beans really lack manure, as do many carrots and turnips now in the market. The carrots that we have examined have not half the sugar in them they should have and the beet roots are poor in color. Turnips are woody, and that delicious vegetable, the kohl rabbi, is as hard as a stone, instead of possessing a moist, soft flesh. There is no doubt about it, we want much teaching in the growth of vegetables, and those small green tomatoes tell their tale also. There is not much encouragement given at fairs for the growth of vegetables. There would be no harm if all agricultural societies, colleges and meetings were to give their very best attention to the vegetable market.

Fashionable Fripperies for Maids and Matrons.

Ladies' boots are made in Russian leather.

Feather head-dresses are adopted by fashionable matrons.

Muffs of velvet and lace will be much in vogue this winter.

Frost grasses adorn some of the latest imported felts bonnets.

The cardinal, or French refugee cloak is considered very stylish.

Immense white satin bows are worn at the belt with white evening dresses.

Slippers with vamps thickly embroidered in steel beads are fashionable for home wear.

Fronts of dresses are the bases of the elaborate trimming. There is no end to the variety they are made up in.

Large Vestings have taken of entire silk are worn upon the head both by young and elderly ladies, the latter choosing black alone.

Red plush bonnets adorned with drooping red feathers, held by large, oblong pearl paste buckles, are the choice of a few eccentric ladies.

Fashionable wreaths of pure white or gay colored flowers will be very fashionably worn with full evening toilets, with the hair arranged a la Josephine.

Real silver and also the steel buttons are displayed, cut in facets which sparkle like diamonds and look exceedingly rich upon street jackets of embossed velvet.

Pearl-gray silk stockings, either plain or delicately embroidered in floral or other designs, are the mode of the hour. They are worn with Stephanie sandals of plain black satin, fastened with tiny silver clasps.

Scarfs, sashes and revers are made of the new striped and plaided fabrics of silk and wool. In dresses of mono-chrome color the panel facing, camisole, pelerine, and cuffs are frequently made of these bright materials.

The "Coquelicote John," or the coachman's redingote, as it is otherwise called, is a very fashionable early fall wrap. It is tailor-made and has a coachman's cape of the same material, with long coat tails, after the style of a coachman's overcoat. Later on this cape will be changed for one of fur or plush.

A handsome reception toilet recently worn was of deep hunter's green sarsh, with long panels faced with canary colored satin. The bodice trimmings were faced to correspond, including a dainty shoulder cape fastened with a rich gold clasp set with concealed silk. The sleeves of the sarsh bonnet worn with this dress was covered with smooth Venetian green feathers, and the helm of drawn satin was of the darkest green, with face trimmings of canary colored satin. Outside the bonnet was adorned with deep green ostrich tips and Isabella roses.

August Flowers.

The most miserable beings in the world are those suffering from Dyspepsia and Liver Complaint. More than seventy five per cent of the people in the United States are afflicted with these two diseases and their effects; such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heart-burn, Waters brash, gnawing and hurtling pains at the pit of the Stomach, Yellow Skin, Coated Tongue and disagreeable taste in the mouth, coming up of food after eating, low spirits, &c. Go to your druggist and get a 75 cent bottle of August Flowers or a sample bottle for 10 cents. Try it. Two doses will relieve you. 38-15

Mr. Sleeper is the name of a Connecticut clergyman. He'd better swap names with some of the farmers.

If you suffer from any chronic disease arising from Impure Blood, sluggish Liver, disordered Kidneys, or inactivity of the Bowels, if your Nervous System is debilitated from whatever cause arising, do not despair, but procure a trial bottle of Hunter's Blood Bitters, it will only cost 50 cents. Large Bottles $1. For sale by all Medicine Dealers. 37-3

I rather too heavy Nebraska clergyman has had occasion to allude to a back sliding member of his flock said that "Brother Smith had been fired from grace."

Yellow Oil is par excellence the remedy for Pain, Lameness, Rheumatism, Cramp, Deafness, Burns, Frost Bites, Stiff Joints, and all flesh wounds. Any medicine dealer in Colorado is [illegible]

Young lover (facetiously). "Well, I'm sure sweet you look this morning, who gave you the new bonnet?" John (laughing) "Pa, dis time, pa gave you pain!" The parch. 37-2

Do not let prejudice stand in the way of relief from any thing from any Dispeptic Bitters. Hop Bitters are no others, why should it not benefit you? It is a specific for all forms of Blood Liver and Kidney Complaints. Nervous Headache, General Debility, Scrofula and all Diseases of our Secretory system. Trial bottles 10 cents. 37-2

Too pious. Yes most men are religious even when under extreme circumstances. A preacher recently asked the prayer of the congregation for the low lived son of a pirate that stole his melons.

For all symptoms of a Family Medicine Hop Bitters Vinegar, this is all the hand of the doctor. It is used with unprecedented success. Both internally and externally. It cures Sore Throat, Bitter Scaldy, Fever Sores, relieves, and cures Asthma. 37-2

The bashful young man who asked a lady on the beach if he could see her home, was much surprised to hear her reply "that he could go on and count if he wanted to, but she didn't think her father would do it." Then she really walked off with the man of her choice.

Ask your druggist for trial bottles of Burdock Blood Bitters, it will only cost 10 cents, and a few doses will prove its efficiency as a health restorer. Dose regular size, 50 cents. Burdock Blood Bitters is specific for all diseases arising from impure blood and disordered conditions. 37-2

Miss Arcadia Jenkins to discover the opinion of the new novelist on her favorite sentiment "I hope you don't disapprove of jealousy, Mr. Bulwer-Lytton." The Rev. Mr. Bulwer (on his hobby) "Well, no, not exactly, although my experience leads me to prefer shoe horses."

A Mistake

It is a great and often fatal mistake to have repeated drastic purgatives for constipation of the bowels, they induce piles and cause debility of the bowels. Burdock Blood Bitters is a safe and perfect regulator of the Bowels, strengthening the torpid liver and all the functions to a healthy action, acting on the kidneys and eliminating and toning the system in the most perfect manner. 37-2

"Chicago clergymen can buy lithograph sermons for 20 cents each." Many persons have often wondered why Chicago clergymen took vacation only three months during the summer to compensate their worn out mental faculties. The sentence quoted solves the mystery.

Rest and Comfort to the Suffering.

"Brown's Hoosehold Panacea" has an equal for relieving pain, both internal and external. It cures Pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, Lumbago and any Kind of pain or ache. It will most surely quicken the Blood and Heal, as its acting power is wonderful. "Brown's Household Panacea," being acknowledged as the great Pain Reliever, and of double the strength of any other Kind of Liniment in the world, should be in every family handy for use when wanted. As it really is the best remedy in the world for Cramp in the Stomach, and Pains and Aches of all kinds, and is for sale by all Druggists at 25 cents a bottle. 30-1y

"Have you spoken to pa about that yet?" anxiously inquired the oldest daughter of her indigent mother. "No, my child, not yet. Your father is too busy with his creditors to think of puny pleasures and sweet harmony to soothe just now." "Bother the creditors!" was the snappish reply. "That's just what your father is doing, my dear. After he has compromised at fifteen cents on the dollar you shall have your turn out."

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately. Depend upon it, there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle. 30-1y.

Holloway's Pills.

The diseases common to our climate and endangering man's physical condition will always exist, though many may be mitigated and their effects removed by timely aid appropriately applied at the proper time. Holloway's Pills are acknowledged far and wide to be the most effective purifier of the blood, the most certain regulator of disordered organs, and the most innocent aperient that can be prescribed. This medicine is applicable to all ages, young or old, robust or delicate, it increases the appetite and controls all derangements of the bowels. After the disorder is subdued occasional doses of these Pills will prevent any relapse, and moreover secure, promote and intensify the good results which flow from perfect purity and regularity. 38

Why Allow a Cough to Lacerate Your Throat and Lungs?

Why in our the imminent danger of consumption, when in an incredibly short space of time, and for an insignificant sum, you may cure yourself? Dwat of Kingston Ont. writes the business thoroughly. A single bottle often suffices to relieve the difficulty. This peerless remedy overcomes with equal certainty coughing of the week, inflammation of the muscles and stiffness of the joints, hoarseness and crick in the back, tumors, piles, dysentery and a variety of other painful and harassing disorders. It may be taken inwardly with as much safety as it is applied outwardly. Colic, whether of man or beast, is cured by it in fifteen or twenty minutes. Sores, excoriations and abrasions of the skin are healed by it with gratifying rapidity. All medicine dealers sell it. Price 25 cents. Prepared only by NORTHROP and LYMAN, Toronto, Ont. Agts. Eclectric-selected and Eclectric. 37-2

Give Heed to a Cough.

If we except those tremendous epidemics which sometimes often half depopulate the regions of country where they prevail, no disease is destructive as those which affect the breathing organs. Unfortunately also, there are few maladies which at the outset are so frequently disregarded as trivial. No warning is heeded with greater meaning than this. Give heed to a cough! To neglect it is simple madness. So rapidly does inflammation spread and deepen that often in a few short weeks a simple cough culminates in tubercular consumption, that terrible enemy to human life. The best palliative agent which medical science has developed, and which seems peculiarly adapted to the suppression of a cough or cold, Asthma, Spitting of blood, Bronchitis, or other throat or lung complaint, is Northrop and Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda. Experience has shown that the oil obtained from the Cod's liver exercises a powerful control over pulmonary diseases. In the above preparation, not only is the main ingredient specially pure, but its efficacy is greatly increased by addition to it of those hypophosphites which are the most invigorating and blood fertilizers known to materia medica. While the lungs are soothed and healed by the Cod Liver Oil, the rapid physical decay attending pulmonary disease is stayed and the system built and fortified by the hypophosphites. Ample evidence proves this. Ask for for Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda. 38-8.

DAVIDSON'S GRIST MILL

NEAR LITTLE BRITAIN.

Having recently fitted up this mill with every modern convenience, I feel that the very best satisfaction can be given to all who may favor me with their patronage. The mill is equipped with three run of stones together with bolts which are capable of doing FIRST-CLASS WORK. CHOPPING done at all times, as the water supply is never-failing, and farmers can have their grinding done while they wait. Forty-two pounds of flour per bushel will be guaranteed to be the yield from first-class wheat. My miller, Mr. CHAS. DOUG has had a good deal of experience in other mills in different parts of the province, and I can recommend him to those who may patronize me.

THE BEST PLACE.

ELI WILLIAMSON'S

ART GALLERY

is the

Best Place in the Town

to go if you want pictures taken and finished in the latest and best style. It is the opinion of the public that he had the best collection of pictures got up in Lindsay shown at the exhibition. Had his landlord been a judge he would certainly have got the prize. However, his work will compete with anything in our town that got a prize. You will do well by giving him a call before going elsewhere. His TIN TYPES are noted in the town, and have been reduced to 25c. Note the place, Corner Lindsay and Kident Streets, opposite Chas. Britton's, Lindsay.
