Chest Protectors

to keep the winter cold out. Get them from E. Dobbony. 68-tf.

Another Carload

of the celebrated American coal oil received this week at A. Campbell's. 68-tf

J. D. Stewart, M.D. Doukist and Auristhetist

will visit Lindsay again and remain at his Jewett homes from Thursday, the 24th, until Thursday, the 28th of February, 1882. 68-3.

Cheap! Cheap!

Tweeds, blankets, winceys, flannels, woollens, ready-made clothing all bought at sacrifice sale, cheap at E. M. Taylor's. 68-tf

Aha!

Dontcha who have tried "Tonsoline" pronounce it the finest thing on the face of this or other climes and "Breath" a most sweet perfume.

A. Campbell

Announces the arrangement of markets and hung down from the country on a new day. Best competitive prices will be every day. 68-tf

Prof. Hotchkin,

Practical Hypnotist, from and upper Canada, will be at Beaverton, Feb. 1 to 3, Stouffville, Feb. 4 to 6, Lindsay, Feb. 7 to 10, Bowmanville, Feb. 11 to 13, Oshawa, Feb. 14 to 17, Whitby, Feb. 18 to 20, Port Perry, Feb. 21 to 24, Uxbridge, Feb. 25 to 27, Brooklin, Feb. 28 to March 3, Pickering, March 4 to 6, Stouffville, March 7 to 10, Richmond Hill, March 11 to 13, Aurora, March 14 to 17, Newmarket, March 18 to 20, Sutton, March 21 to 24, Keswick, March 25 to 27, Beaverton, March 28 to 31, Lindsay, April 1 to 4. 68-2

The Crown Drum Stove Heater

Is the price for the remainder of this month only, after which the price will be advanced. 68-tf

Tin ware, stoves, furnaces, etc., at Fowler & Oliver's, the leading photographers, Lindsay. 68-tf

Still Lower. On Tuesday morning was experienced the coldest "frigid wave" we have had yet. It begins to be cold.

In the report of the South Victoria agricultural society last week, Mr. E. G. Shines pig was given for Mr. Emily. It should have been Mr. Dennis Scully.

Rose Valley Division Grange opened its annual meeting in town yesterday with a large attendance. The Grange will remain in session to-day. Report next week.

A dog took up his quarters in one of our merchant's plate glass windows on Thursday. He evidently thought it was a dog house and was quietly curled up when he was ejected by a few strokes of a prime black snake whip.

Peterboro is to have a grand skating carnival on the 1st of February, at which prizes will be given for the best skater and the best costumes. Let there be no carnival in Lindsay this winter!

Farmers have no lack of opportunity to dispose of what horses they can spare or wish to turn into ready cash. Two other horse buyers are in town looking out for likely animals for the American market.

It is understood Mr. W. Ashman, the defeated candidate for the deputy reeveship of Ops, intends to appeal against the election of the whole council on the strength of some alleged informality on the part of the clerk, Mr. A. Morrison.

We understand the programme for the Masonic concert on the 7th February will be in hands of the printer on Monday next. It will be the same as that of the concert we have opened at Porter's, where tickets can be had also from different members of the committee.

Mr. Matthews is still receiving shipments of dressed hogs from the west. They are all very fine looking hogs. Mr. Matthews has let the contract for cutting and drawing ice to Mr. John O'Keefe. The work is now being pushed forward to secure a supply before a thaw intervenes.

Hacking coughs lacerate the lungs and hasten consumption; consumption fills our cemeteries. Plumped in the land with Dr. Wistar's Balsam of Wild Cherry and speedily relieved of its power. Pain is also subdued by this benign healing agent. Bruises, frost bites, burns and other troubles.

Ice Ball of Port Perry while out chopping last Friday at one of Bigelow & Co's shanties cut north, had his foot badly cut. He was brought to Lindsay on the evening train and was attended by Dr. Lodge, who had to put in four stitches when coming up the wound. These chopping accidents are becoming singularly numerous.

A good preventative for Fevers, Ague and Bilious Disorders is Dr. Carson's Stomach and Constipation Bitters, a strictly vegetable preparation. They invigorate the stomach, the blood and increase the appetite, and render those taking them almost proof against disease. Should be used in every case instead of pills. A. Higinbotham, agent for Lindsay. 68-1.

Messrs. Parker and Laird of Hillsdale, were in Lindsay last week with Mr. Dominion Scotland, and knowing the excellent qualities of Dr. Thomas' Eclectric Oil, concluded to take some with him, and the results have been very astonishing. We may add that in several instances it has effected a cure where ailments had been pronounced incurable by eminent practitioners. 68-1

There has been an unusually large number of accidents so far in the woods back north this winter. Every day almost two or three disabled lumbermen pass through here. One poor fellow came down on Tuesday who was suffering from a fractured ankle. He and another man were chopping together when the axe in his companion's hand dropped and gave him a very painful wound.

In the Post has in the past said any thing that might have sounded disrespectful and unbecoming of Mr. Vennor or his prophecies all back. The prophet said that we would have both snow and cold weather. Both have unexpectedly come to hand. As Mr. Vennor seems to have now caught up to and recovered his grip of the weather things, we may reasonably look for the balance of an orthodox Canadian winter.

Our Lake View correspondent states that Mr. A. Glenny, who filled the post of chairman at a recent meeting in that locality, got adrift from the usual course of things and for an opening speech delivered a long and elaborate sermon. Taking the matter as it stands, this attempt was an innovation as acceptable in an audience as it must have been amusing. Suppose the idea be adopted by the pious laymen in charge of meetings in Lindsay what an unpopular fellow we should have.

The annual meeting in connection with the Presbyterian church and Canning will be held on Wednesday, 1st Feb., commencing at four o'clock, p.m. An interesting one is expected as several popular speakers, including Rev. W. J. Smith, Omemee, Rev. J. Hecht, Lindsay, Rev. J. G. Scott, Cambray, and Rev. D. McRuvar, Glenarm, have consented to address the meeting. Excellent music will be provided and an enjoyable time may be anticipated.

Bishop Cleary preached an excellent and impressive sermon to a large congregation in St. Mary's cathedral on Sunday last, inculcating the virtues of sobriety, prudence and piety in the minds of his hearers as the path on which man must walk to avoid God. During the week his lordship made a flying visit to Downeyville and Fenelon Falls, remaining the guest of Father Stafford until Thursday, receiving visits from a good number of the congregation of his church here, by whom he is held in the highest esteem.

The cold snap has caused bootlickers to take stock of their wooden pile, to see how long the reserve will hold out. Wood has always had a strong hold on folks purely as wood. It looks as if wood would prove fully have a much better grip in the same direction as a mighty good equivalent for money. While the bad cut—and lack of snow prevailed both were advanced as reasons for the high price of fuel. Now that we have good road and a fair quantity of snow wood monopolists are asking $5 per cord for tamarac.

Miss McManus, who is to appear for the third time before a Lindsay audience, at the museum concert, on the 9th February, is thus criticised by the very best musical authorities of music having Toronto. The Globe says with reference to one of the philharmonic society concerts: "In the vocal order the gem of the evening was the exquisitely simple, touching and sympathetic rendering by Miss McManus of the air, 'I dreamt I was in heaven.' This young lady's voice is one of the most delicate tenor, especially in her upper register. For purity of style Miss McManus was fairly princess last night. The Canadian Monthly says: "By the great vocal sensation of the evening was undoubtedly the singing of the exquisite part by Miss McManus. The Hall in its criticism of the oratorio of Judas Maccabeus, as rendered by the philharmonic society, says the singing of Miss McManus throughout the evening was worthy in the highest praise. Her first number was sung with great purity of style and expression."

Quintal, Fenelmon as he calls himself the well known Montreal horse buyer, shipped for Montreal by the Midland railway last Saturday six thousand pounds, the largest shipment of horses made from this town and leaves a lot of money with the farmers. Twenty six of this number were bought in the neighborhood of Cameron and Coboconk and the remainder in Lindsay. Quintal had altogether sixty horses ready for shipment but could not get cars soon. The other twelve were left at Welch's hotel. Some very high prices were paid, especially for a large young team that cost over $300 and $140 for a large bay horse. Mr. Samuel Wilkes also bought for Mr. Boyd of Roberaycon several fine horses for the shanties.

Mr. D. C. Trow has been most successful at the poultry show at Peterboro, carrying off no less than four prizes. He takes first prize for bondan fowls, showing his fine pair "Java Chief" and "Java Lady." A second prize for bondan chicks, which were sold at a good figure to a Peterboro breeder. He also captured second prize for black cochin fowls and a third for chick of the same. As there was no first prize given in this class Mr. Trow's second prize ranked first. This shows that the early bird catches the coppers. Mr. W. Cummings also showed several varieties and was awarded a 1st prize for grey geese and 3rd prize for plymouth rock chicks. Owing to the distances from Peterboro Mr. Cummings was not have shown in many classes.

A number of Peterboro's leading citizens had a very pleasant excursion to Haliburton one day last week. It was intended to take a number of leading citizens of Lindsay, but by some oversight this was not done. When the Peterboro merchants saw the great natural advantages of Lindsay as a railway centre they resolved to recommend the removal of the car shops, the blacksmith shops, the head offices, the engine works, the Trent Valley Canal organization, and the proposed car factory with an annex for the manufacture of canal boats, to the banks of the Scugog. The numerous plate glass fronts in Lindsay struck terror and dismay into the hearts of the pious Peterboroughers, and they decided to abandon all idea of securing the trade of Ha ha bonton, unless they could make the Victoria railway tramway via Nogey's creek to lake Kishishamabuslagog where the Review reporter always catches big trout, a reality. They had a first rate time, and returned very well pleased with their trip. They made liberal contributions to the "poor curate's sustentation fund."

The shooting match which had been arranged between the men of Kinmount and crack shots of Haliburton did not come off. We are informed that a day or two before the date of the contest a couple of the Haliburton team were obliged to leave for the woods on business, leaving only four Haliburton men to stand the brunt of the siege. They telegraphed to Kinmount to know if the Kinmount men would shoot them four against four, would allow them to take another couple in place of the missing men or to postpone the match till some future date. To neither propositions would the Kinmount men agree. They put in an appearance promptly on time and claimed the stakes, which were handed over at once by the gentlemanly Haliburton sheoots. An experienced correspondent at Haliburton promised to send us an account of the affair, but as we have not heard from there we give what we have heard regarding the matter. It is a regrettable thing in the interests of sport that the match did not come off. Who knows but some hitherto unknown member of a Wimbledon team may have missed an opportunity of displaying his prowess. Try again, boys.

Sherry Seed Still.

For sale, one of Sherry's seed drills, in use only one season. Will be sold cheap. A bargain for any one. Apply at Sherry's office. 68-1.

Springtime Trusses and Supporters.

Prof. D. W. Holeskin of Albion, Orleans Co., N.Y., will again visit as follows: Lavinia, Hepworth House, Jan. 26, 27 and 28. Prof. H. having had thirty years experience has become master of his profession and prices the heroic that he cannot hold in its place. Prof. H. treats inguinal umbilical as well as varicocele, also children, all of which he treats successfully. Go and see for yourselves. 68-7.

Haliburton County Council.

The new county council of Haliburton met at Minden on Tuesday pursuant to statute. Mr. S. S. Peck, M.P.P., was elected warden of the county. A motion was brought by Mr. Gainer to rescind the motion dropping the cow against Mr. Peck, but it was not carried. The proceedings were of a somewhat spicy and interesting character. A full report will be given next week.

Local Brevities.

A thaw set in yesterday and seems likely to take the snow away.

The thermometer showed 35 degrees below zero early Monday morning.

A heavy rain fanned with this passed south on the Midland on Tuesday.

The ice harvest has commenced. Heavy loads of the article appear on the streets.

New back grounds, scenery, etc., at Fowler & Oliver's, the leading photographers, Lindsay. 68-tf

Still Lower. On Tuesday morning was experienced the coldest "frigid wave" we have had yet. It begins to be cold.

In the report of the South Victoria agricultural society last week Mr. E. G. Shines pig was given for Mr. Emily. It should have been Mr. Dennis Scully.

Land Plaster.

Ten cars of land plaster for sale cheap at G. L. Reaney. 68-tf.

Artificial Teeth.

Mr. Neelander, dentist, has now several hundred sets of beautiful teeth to select from, which he will insert at greatly reduced rates.

Ops Reformers.

A meeting of the reform electors of Ops is to be held in Adam's block, ground floor, next Bradshaw's hotel, to-morrow, Saturday, Jan. 28, at 1.30 p.m. for purposes of organization. A full attendance is specially requested.

McIlhargey vs. McGinnis.

This case was the first appealed from a county judge acting under his new capacity as local judge in chambers of the high court of justice, under the judicature act. Judge Dean on the application of the defendant made an order dismissing plaintiff's action on the ground that he had formed causes of action contrary to rule 116 O.J.P. From this decision the plaintiff appealed, and the appeal was argued before Chief Justice Wilson at Toronto, Mr. Thos. Hodgins, Q.C., for the appeal, and Mr. G. H. Hopkins contra supported the local judge's order. The chief justice reserved judgment, and after considering the matter gave judgment dismissing the plaintiff's appeal and affirming Judge Dean's order, with costs. A. P. Devlin, editor for plaintiff; Martin & Hopkins, solicitors for defendant.

St. Paul's Church.

The third entertainment under the auspices of St. Paul's church was given in the opera house on Tuesday evening last and was well patronized, as it unfortunately deserved to be. The arrangements were carried out with perfect satisfaction to all. Col. Deacon occupied the chair. The programme was opened by a part song, "Hark the lark," by the choir, followed by the song, "The Pushlion," rendered by Mr. Magachen in fine style and warmly applauded. Rev. S. Weston Jones read "The death of Montrose," which for elocutionary emphasis and dramatic rendering could not be surpassed. The tableaux were all effective and elicited much praise, but the first pair of babies in "The babes in the wood" were rather too much. The quartette, "Behold how brightly gleams," by Misses Jewett and Leary and Messrs. Jones and Magachen was very pleasing feature of the entertainment. Miss A. Jewett gave two admirable songs. Mr. H. Withers also gave a capital song. The Harris orchestra was in attendance and gave some fine selections.

Midland Railway Staff Changes.

Some important changes in the staff of the Midland and amalgamating railways will take place as the result of the consolidation. Mr. A. White continues general traffic agent, but such of his duties will be greatly increased as he will have a deputy for general passenger agent. Mr. W. R. Ferguson continues superintendent the right man in the right place. Mr. J. J. Cole, the popular secretary of the Whitby line becomes superintendent of the Grand Junction or Belleville division. His removal from Whitby will be greatly regretted. Mr. A. Burton, for many years agent at Lindsay, becomes superintendent of the Whitby and Victoria division, from Whitby to Haliburton. Mr. Burton has been over twelve years in the service of the Midland railway. This appointment is a good one, as he has the ability to fill it thoroughly. His many friends will congratulate him on the upward move. The Nipissing section will remain under the superintendency of Mr. W. R. Duncan. Mr. Samuel Wright will be the station agent in Lindsay. Some other changes will take place in short time. It is expected that the new timetable will go into force about the fifteenth of February. A new station on a large and stylish scale will be built in Lindsay, somewhere in the south-ward, south or southeast of the union station, and the mains line run across the river to meet the Whitby line.

Midland District Notes.

Cannington has a new carriage factory.

Dr. Powers of Colborne cut and secured a second crop of hay in December.

Many of the oldest settlers of Cavan propose to go to Manitoba in the spring.

The new Roman Catholic and Methodist churches at Midland were opened Sunday last.

A life boat crew has been organized at Colborne, with seven officers and sixteen of a crew.

Diphtheria still prevails at Garden Hill. Two of Mr. Coates' children were buried last week.

Mr. Alex. McLean of Telfer had five cows last season, from which he realized in butter $210.

Alexander McLeren, for many years treasurer of Eventinaga, died on Thursday in its 79th year.

A stockyards of Lemnox farmers recently sold 30,000 bushels of barley to a Buffalo maltster at 90c.

Ice boating, skating, shinnying, etc., are a few of the amusements to be enjoyed in Whitby on Sundays.

Mr. A. Poyner of Cavan has just had slaughtered a hog that turns the scales at 6,194 when it was dressed, exclusive of lard.

Dr. John Kidd of Tottenham has purchased 100 acres of timber limits in Muskoka district, where he intends erecting saw mills.

Mr. John Maloney, reeve of Douro, and two porkers recently had weighed 1,35 and 1,38 3, respectively. He received $8 per hundred.

On Thursday last Mrs. N. Mulholland of Cobourg was thrown from her cutter and broke the small bone of her leg just above the ankle.

The bishop of Toronto confirmed twenty-five boys at the Penetang reformatory on Sunday last.

The Midland Elevator Company at Port Hope has had two steam shovels placed in the elevator in order to facilitate the emptying of the cars.

On the farm of Mr. H. Covert near Cobourg, last summer four coachbuilt with oats there was a yield of fifty-two bushels and five pounds.

A Port Hope boy has been sent home from Toronto school for stealing. He is a young lady. They have queer manners in Port Hope anyway.

On Tuesday last a coroner's inquest was held in the town hall, Cannington, on the body of Walter Wilson, who died suddenly on Saturday evening last. From the evidence it seemed that death immediate cause of his death was syncope.

A large hot water tank in Severn's brewery at Belleville fell to the floor below on Monday morning, and shipped a flying visit to Downeyville and Fenelon Falls, remaining the guest of Father stuffed until Thursday, receiving visits from a good number of the congregation of his church here, by whom he is held in the highest esteem.

The cold snap has caused bootlickers to take stock of their wooden pile, to see how long the reserve will hold out. Wood has always had a strong hold on folks purely as wood. It looks as if wood would prove fully have a much better grip in the same direction as a mighty good equivalent for money. While the bad cut—and lack of snow prevailed both were advanced as reasons for the high price of fuel. Now that we have good road and a fair quantity of snow wood monopolists are asking $5 per cord for tamarac.

A number of Peterboro's leading citizens had a very pleasant excursion to Haliburton one day last week. It was intended to take a number of leading citizens of Lindsay, but by some oversight this was not done. When the Peterboro merchants saw the great natural advantages of Lindsay as a railway centre they resolved to recommend the removal of the car shops, the blacksmith shops, the head offices, the engine works, the Trent Valley Canal organization, and the proposed car factory with an annex for the manufacture of canal boats, to the banks of the Scugog. The numerous plate glass fronts in Lindsay struck terror and dismay into the hearts of the pious Peterboroughers, and they decided to abandon all idea of securing the trade of Ha ha bonton, unless they could make the Victoria railway tramway via Nogey's creek to lake Kishishamabuslagog where the Review reporter always catches big trout, a reality. They had a first rate time, and returned very well pleased with their trip. They made liberal contributions to the "poor curate's sustentation fund."

The shooting match which had been arranged between the men of Kinmount and crack shots of Haliburton did not come off. We are informed that a day or two before the date of the contest a couple of the Haliburton team were obliged to leave for the woods on business, leaving only four Haliburton men to stand the brunt of the siege. They telegraphed to Kinmount to know if the Kinmount men would shoot them four against four, would allow them to take another couple in place of the missing men or to postpone the match till some future date. To neither propositions would the Kinmount men agree. They put in an appearance promptly on time and claimed the stakes, which were handed over at once by the gentlemanly Haliburton sheoots. An experienced correspondent at Haliburton promised to send us an account of the affair, but as we have not heard from there we give what we have heard regarding the matter. It is a regrettable thing in the interests of sport that the match did not come off. Who knows but some hitherto unknown member of a Wimbledon team may have missed an opportunity of displaying his prowess. Try again, boys.

I'd show him how he'd larn my dog to worry sheep. I got the salesy impudence, and we left him off in a hurry, and I reckon there'll be no more grammer teachin' for a while."

—There is a family residing in East Durham the united height of three of the members of which is nineteen feet and three inches. "How is that for high?" asks the Port Hope News.

—A young man named Samuel McArthur of Arnprior, who had been working in Mr. Hall's camp at Gravenhurst, was found dead in bed at the hotel there on Sunday morning.

—For some time past a regular swindler has periodically visited Cannington, and under the pretence of dispensing of soap has been gulling the people out of their hard earnings.

—Michael Brown, of Oshawa, driving across the Grand Trunk track on Tuesday afternoon with a load of wood was run into by a mixed train going east. Brown was himself wrapped in a blanket, and did not notice the approaching train. The locomotive struck the wagon about the centre, smashed it to atoms, and carried Brown and a part of his load a distance of 200 yards. Brown escaped with a slight contusion about the head, and was able to be about a few hours after the accident.

LOCAL NEWS-LETTERS.

FLEETWOOD.

[Correspondence of The Post.]

OBIT.—The wife of Mr. John Arnott of this place departed this life after a short illness on the 23rd inst. She leaves behind her a husband and four of a family besides a large connection of sorrowing friends and acquaintances to mourn her loss. The husband has the sympathy of the neighborhood

SICKNESS is very prevalent in this neighborhood. Every other home has a patient, mostly all inflammation.

NORTH VERULAM.

[Correspondence of The Post.]

CHURCH SOCIAL.—A social in aid of St. Peter's church in North Verulam will be held in Lamb's school house, a short distance south of the church, on Tuesday evening, February 7. A good programme is being prepared. Dialogues, recitations and readings and vocal and instrumental music will be in order. A good time may be expected as some talented speakers have kindly offered to lend their assistance. A cordial invitation is extended to all.

REABORO.

[Correspondence of The Post.]

JOTTINGS BY THE WAY.—Mr. Joseph Hickson is getting material ready for a mammoth barn on his Mount Horeb farm. The building will be 80 ft. x 40, with stone cellar of the same size. Mr. Hickson intends going into stock raising extensively after some time....Mr. Jos. Hawkins has the contract for the timber for four frame barns....Hobbert's grain chopper is making good execution on all kinds of coarse grains, and the cattle, sheep and pigs in the neighborhood rejoice and are happy.

BEAVERTON.

[Correspondence of The Post.]

AUCTION SALE.—Cameron & Bruce have a large quantity of boots, shoes, hardware and fancy goods yet to dispose of and will offer them for sale by auction in the Orange hall here, commencing on Wednesday, 1st February. Sale will begin at two o'clock and all who want bargains should attend.

FOR THE NORTHWEST.—Dr. A. McKay leaves Whitby for the Northwest. Previous to his departure he will offer for sale by auction his horses, buggy, harness, etc. Sale on Saturday, 4th of February.

MOUNT PLEASANT.

[Correspondence of The Post.]

CONCERT.—A grand literary concert was held in connection with the I.O.G.T.'s of this place on Friday evening, the 20th inst., in the temperance hall, at which a most pleasant and profitable time was spent for about two hours. The programme was composed of choice selections, which were rendered in excellent style, those who took part in it being encored every time. The proceeds amounted to $36.50.

BRIEFLETS.—The I.O.G.T.'s of this place are purchasing a fine organ for their hall....Elder Hawkins and his troupe are to sing in the Methodist church of this place on the 26th inst. It is hoped there will be a good attendance, as the proceeds are to go towards helping the Sabbath school....Sleighing is good in this locality now, and the people seem to think that they have a good right to use it as it has been so long coming.

LAKE VIEW.

[Correspondence of The Post.]

MISSIONARY MEETING.—The Canada Methodist church of this place held their annual missionary meeting in Zion church on Sunday and, Tuesday as follows: Rev. Mr. Salter, of Brooklyn, preached a very appropriate sermon for the occasion from the 2nd epistle of St. Paul to Timothy, 1st and part of the 4th verse, to a very attentive audience. On Tuesday evening the deputation w s Rev. E. Hill and the Rev. Mr. Salter. After the opening services Mr. A. Glenny was called to the chair. After a brief speech from the chairman on his manner and custom of courting, which was very interesting to the audience, especially to the married men no doubt, he called on the Rev. E. Hill to read the report, which was very interesting, and showed the high standing of the missionary finances. The Lake View choir supplied the meeting with very choice and appropriate music for the occasion, much to the delight of their leaders, Miss Mallison and Mr. John Veale.

VICTORIA (POWLESS) CORNER.

[Correspondence of The Post.]

MUTUAL IMPROVEMENT SOCIETY.—The young people of this place having organized a society for mutual improvement in the temperance question intend giving an entertainment about the middle of February. We have no doubt it will be a success, as no pains will be spared in getting up dialogues, singing, &c.

CONCERT.—Elder Hawkins and troupe gave a concert here on Wednesday evening last. The attendance was large and all enjoyed the songs by the talented colored people.

AN ACQUISITION.—Our neighborhood has been greatly agitated by the appearance in our midst of a seemingly wonderful Indian doctor. A number of afflicted ones have placed themselves under his treatment who are ready to vouch for his extraordinary skill.

CHAPTER OF ACCIDENTS.—Mr. Wm. Powles had his wrist dislocated by falling from a ladder in his barn, up which he was climbing, a few days ago. Mr. R. C. Webster had his leg broken a little above the ankle, on Saturday, by the limb of a tree which he was falling. Mr. Wm. Parrish had a narrow escape from bleeding to death on Saturday last. It was with difficulty that the flow of blood from the nose could be stopped. Mrs. Hore, mother of Mrs. John Callis, of this place, has been very ill for some time past. Her recovery is doubtful, as she is a very old and feeble lady.

FENELON.

COUNCIL PROCEEDINGS.—The council elect for the year 1882, viz.: John Daniel, reeve; Thomas Smithson, deputy-reeve; Isaac G. Moynes, J. P. Palmer and Jas. Moffat, councillors, met at Cameron on the 10th inst. and took the declarations of qualification and office. Minutes of last meeting read and approved. The reeve appointed Mr. Wm. Fielding as auditor. Mr. Coppins presented a petition requesting the council to grant him the quarter line between lots 10 and 11, in lieu of the road running across his land. Moved by Mr. Moffatt, seconded by Mr. Palmer, and resolved, that Mr. J. Futral, collector, be granted an extension of time for the collection of the annual rates until the first day of March, A.D. 1882. Messrs. Moffatt and Moynes presented their report regarding the opening of the 7th concession at lot 11. Moved by Mr. Palmer, that he would, at the next meeting of the council, to be held at Cambray on the 6th March next, introduce a by-law to open that part of the 7th concession opposite lot 11. Moved by Mr. Moffatt, seconded by Mr. Palmer, that the following persons receive charity:—Wm. Hutchison, $5, Mr. Downer to expend the same; D. Scolls $5; J. Everson $5; Mrs. McNevin, to assist in supporting an orphan child, $5.—Carried. Moved by Mr. Moffat, seconded by Mr. Palmer, that Mr. James Hore's taxes be remitted for the year 1881.—Carried. Moved by Mr. Palmer, seconded by Mr. Moffat, that Mr. Wm. Downer be appointed assessor for the year 1882, and that a by-law confirming the said appointment be received and read a first time.—Carried. By-law received, read and passed in the usual manner. Mr. Palmer in the chair. Moved by Mr. Smithson, seconded by Mr. Moynes, that Mr. James R. Scott be appointed auditor for the council, and that a by-law confirming the appointment of Messrs.
