Port Law

Intended for last week.

Seeding has been progressing very slowly on account of the unfavorable weather.

Fall wheat has stood the ordeal well in most cases, and gives good promises.

Prof. Jos. Stafford of McGill University, Montreal, and two little daughters, Minerva and Valeria, are visiting with the latter's mother, brothers and sisters.

Mrs. John Haney has been seriously ill. She has been with her daughter in Dundalk of late, to be convenient to medical treatment.

We understand that Mr. Abram McMaster has sold his farm to Mr. James McLennan.

Mrs. W. J. Bellamy and Mrs. W. J. Stewart of Flesherton visited Port Law friends lately.

Mr. Arthur and Miss Maud Robinson of Bethel visited with Mr. and Mrs. Robert Hannah.

THIS WEEK'S ITEMS.

Mr. J. A. Thompson's little daughter, Lizzie, met with a painful accident last week. She was watching a seed drill being operated in the field and reached out for a pea that was being discharged with other grain from the machine. The index finger of the right hand was immediately caught in the feeding apparatus and although the horses were at once stopped, the flesh was badly torn from the finger. It was a narrow escape from the loss of a hand.

The item re. A. McMaster having sold his farm, needs correction. The first deal was declared off and the place subsequently sold to Mr. John Winters.

The liberal convention held at Rocklyn on Thursday of last week was attended by about 125 delegates. The names brought before the convention were as follows: A. Patterson, Blantyre; E. East Mountain

Lovely weather, this. The farmers hope it may remain so for a while. Seeding is fairly well advanced, and some have finished.

Mr. Cooper and his gang of men are busily at work framing Mr. Martin's new barn.

A portable saw mill passed through this part last week. The complete outfit was hauled on three trucks by a powerful traction engine, and had come from over near Durham. It was bound for the townline where they have the job of cutting a large stock of logs for lumber.

In A Breath There's Rest

Breathe Hyomei and be Cured of Catarrh, Bronchitis, Asthma

Nature has a remedy for catarrh, epidemic colds and bronchitis that is far better than dosing the stomach with medicine and drugs.

It is the healing oils and balsams of Hyomei which medicate the air you breathe, reaching the most remote air cells in the nose, throat and lungs, killing all catarrhal germs and restoring health to the mucous membrane.

Hyomei acts like a curative internal air bath, and has the same healing and antiseptic effect as the air where the Pine and Eucalyptic forests give off their fragrant and healing balsams.

Breathe healing Hyomei and see how quickly you will get relief from catarrh and head colds. If it does not help you there will not be a penny's expense, as W. E. Richardson & Son agree to refund the money. The complete Hyomei outfit costs only $1.00.

Tell me ye winged winds that round my pathway roar, do ye not know some quiet spot where wives clean house no more—some lone secreted dale, some island, ocean girt—where life is not one ceaseless war with cobwebs and with dirt; where only nature's carpets spread their tired feet, and wretched men are ne'er compelled its emerald folds to beat? The breeze fanned my heated face, and said, "Beat on; there's no such place."

Chronic Coughs Cured

Mrs. Joseph Eccles of Dromore, says: "I took 4 or 5 bottles of Psychine, and a cough I had continually for nine months disappeared. It is the best remedy for chronic coughs that I ever used."

Thousands of living witnesses pronounce Psychine the greatest medicine in the world. It is not a patent medicine, but a prescription of a great physician. Put it to the test in any case of throat, lung or stomach trouble or any run down or weak condition. At all druggists, 50c and $1.00, or Dr. T. A. Slocum, Limited, Toronto.

Stabbed Brother in Breast

As a result of bad blood that has existed between them Walter Mournahan of East Luther was arraigned in court at Grand Valley on Saturday last on the charge of wounding his oldest brother, Henry Mournahan. The wound was caused by the stab of a knife in the left breast, and had it not been for the fact, the Crown contends, that the blade of the knife first came in contact with the man's watch, the wound might have been fatal. As it was, the knife pierced his side, striking one of the ribs. The ill-feeling between the two brothers is said to have existed for a number of years, but the cause is not definitely known. Differences are suppose to have first begun when the father, James Mournahan, divided his property of three or four hundred acres among four brothers. The quarrel, of which the stabbing of Henry Mournahan was the outcome, took place on Thursday evening last about 9 o'clock on the country road, and the injured man claimed in his charge that he was waylaid by his brother, while the accused claimed in his evidence that he committed the act in self-defence, as he had understood that Henry had threatened to kill him. The case was tried before Magistrates Tate, Richardson and McLellan, and was adjourned for a week. The injured man will recover.

Durham Local Option Stands

Mr. Justice Teetzel has refused the application to quash the local option by-law of the town of Durham. It was necessary to show that 28 votes were illegally cast. Eight of these were conceded as being illegally cast, by the town. It was shown that 18 voters whose names appeared as having cast their votes had no qualification whatever, and that 35 others had not sufficient qualification to enable them to vote.

His Lordship said; "The evidence shows that these names were put on without any color of justification. The only explanation the clerk offers of his extraordinary conduct is that they were not placed there with any intention of aiding either one side or the other in the said contest."

His Lordship, however, decided that he could not go behind the voters' list to the assessment roll, and that those whose names appear on the former are entitled to vote. He concluded: "In view of the unjustifiable and extraordinary conduct of respondent's clerk in preparing the voters' list, in adding a name to it after it had been certified by the county judge, and in unlawfully giving certificates, thus enabling many persons to vote without proper authority, I think that while the motion must be refused, it should be without costs."

Twenty-nine immigrants from the United States were sent back to Duluth from Port Arthur.
