(Correspondence of The Post.)

TOO GOOD TO KEEP.—Hallo'een is always a busy time amongst our boys, so much so that it sometimes takes a month or so for the correspondent to find out the best thing of all in order to record it. It was rather too good this year. The boys had followed their usual practice of inventing new and original annoyances and had long since been overtaken by the profound slumber of the innocent when our whole neighborhood was suddenly alarmed by a terrific explosion. All the seven horns which blow around Jerico could not by a united effort have awakened us so quickly. A momentous study, however, was sufficient to satisfy our minds that such a 'splosion could come from no other source than friend McCracken's old British musket. But though the unearthly report gave the thing away so far as to assure us who was at the bottom of the earthquake imitator, friend McC's reticence prevented us from knowing its objects and results till the matter leaked out itself, as such matters always will. The boys had amongst others, paid brother McCracken their annual depredatory visit, and by way of keeping alive the traditions of hallo'een had lowered the plough head into the well to soak, turned the potash kettle over the dog, and fed the pump a pail of swill, and as usual hollored in token of farewell, Mr. McC. jumped up hastily and grabbed his exploder, but no one was to be seen. He thought he would keep sentry awhile, when, lo! he saw a light coming over the hill. Friend Long John had been escorting one of the south end girls home from bible class and after a delay sufficient to take another look through the family album was getting what company and assistance he could from a lantern on his way home. When he came in proper range Mr. McC. raised his mighty discharger till it covered all that part of the country and pulled the trigger. The stone fence which fortunately sheltered Long John from this fusillade is said to bear the loss of having been the victim of a four hours' bombardment with thunder bolts. We congratulate our long friend on his narrow escape from being borne across the lake and distributed for miles along the other shore.

NEW CHURCH.—The new Methodist church is just about completed and the necessary arrangements are being made to dedicate it at Christmas. A number of prominent clergymen have consented to deliver addresses and a choir is being formed to furnish music. Choir practice takes place once a week and as all who choose may sing, a lot of boys are in the habit of joining in about five octaves below the lead on the key which Duffy designates as beef flat, but which sounds more like calf blat. Whatever it is let it be choked off before the dedicatory both in the choir and in the congregational music. Anyone who would dare to call such groaning bass ought to be dragged forward and basted.

SOMERVILLE.

COUNCIL PROCEEDINGS.—The council met 5th November, pursuant to adjournment; members all present except the reeve. On motion of Mr. Rumney, seconded by Mr. Perdue, Mr. Graham took the chair. The minutes of last meeting having been read and passed the following pathmasters' lists were examined and passed: Nos 1, 2, 3, 4, 5, 6 and 13, 7, 8, 9, 11, 12, 14 and 15, 16, 17, 18, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 57, 58 and 59. Carried. The reeve entered and took his seat. The application of the trustees of s. s. No. 5 to have a by-law passed to enable them to issue debentures for building a new school house was laid before the council; also the reeve read to the council a statement of E. Train about the repairs made by him on the bridge at Crego's creek. Moved by Mr. Graham, seconded by Mr. Suddaby, that the petition of the trustees of s. s. No. 5, Somerville, be received and the prayer of the petition complied with. Carried. Moved by Mr. Graham, seconded by Mr Perdue, that by-law No. [illegible], a by-law to authorize the levying of a school section rate in section No. 1 of Somerville for the year 1883 for school purposes be now read and finally passed. Carried. Moved by Mr. Graham, seconded by Mr. Rumney, that Mr. J. L. Read of Bobcaygeon be appointed by this council on behalf of s. s. No. 1 to act in conjunction with whomsoever may be appointed by the township of Galway and the inspector of schools to report on the expediency of forming a union section, including section No. 1 and a portion of the township of Galway, and to do all necessary acts as the school law requires for the purpose of forming a union school section. Carried. The auditors' report to the second day of June of the present year was submitted. On motion of Mr. Suddaby, seconded by Mr. Rumney, the report was adopted, and the clerk authorized to give up the late treasurer's bonds to his bondsmen. Moved by Mr. Suddaby, seconded by Mr. Perdue, that by-law No. 245, a by-law to provide for holding the annual municipal elections and appointing returning officers be now read and finally passed. Train, the treasurer of the Kinmount cemetery, be instructed to grant certificates free of charge to parties who had lots in the cemetery previous to the township council taking possession thereof. Carried. Carried. Moved by Mr. Graham, seconded by Mr. Perdue, that the following accounts against the municipality be paid: E. Hopkins, two days work on 1st con. between lots 6 and 7, $2; E. Egan, do, one day, $1; George Perryman, work on Four Mile lake bridge, $2.50; E. Train, account for repairing the bridge over Crego's creek, $12.54; E. D. Hand, advertising voters' list, $2.40; Mr. Fell, selecting jurors, $2; Mr. Doughty, do, $2; W. S. Dowson, do, $2; Thomas Watson, repairing on the Fenelon road, $10.50.—Carried. Moved by Mr. Rumney, seconded by Mr. Suddaby, that by-law No. 246, a by-law to authorize the reeve to invest sinking funds in certain securities, be now read and finally passed.—Carried. Moved by Mr. Perdue, seconded by Mr. Suddaby, that Messrs. THE LEADING MAGAZINE FOR GIRLS AND BOYS.

ST. NICHOLAS,

Edited by Mrs. Mary Mapes Dodge.

The New York Tribune once said: "In the avalanche of immoral literature that threatens the children, some strong, vitally wholesome, and really attractive magazine is required for them, and St. Nicholas has reached a higher platform, and commands for this service wider resources in art and letters, than any of its predecessors or contemporaries." The reference to the wide resources in art and letters commanded by St. Nicholas was never more fully illustrated than by the extraordinary list of attractions which that magazine announces for 1883. The following will be some of the leading contributors:

Louisa M. Alcott, J. T. Trowbridge, Captain Mayne Reid, Hjalmar Hjorth Boyesen, Maurice Thompson, Frank R. Stockton, Charles Dudley Warner, Joaquin Miller, Elizabeth Stuart Phelps, Mrs. A. D. T. Whitney, Julian Hawthorne, Celia Thaxter, Mary Mapes Dodge, Lieut. Fred. Schwatka, Rose Hawthorne Lathrop, E. S. Brooks, George W. Cable, Chas. G. Leland, Susan Fenimore Cooper, John G. Whittier, "H. H.," W. O. Stoddard, C. P. Cranch, and scores of other distinguished writers. The best artists and engravers illustrate the magazine. It has been truly said that the reading of St. NICHOLAS is

A LIBERAL EDUCATION

for the boys and girls who are fortunate enough to have it. In no other book or periodical is instruction so happily blended with recreation and amusement.

The price is $3.00 a year, or 25 cents a number. Book-sellers, news-dealers, and postmasters receive subscriptions, or remittance may be made direct to the publishers, by money or express order, bank check, draft or in registered letter.

OLD ENGLISH CONDITION POWDER.

Tested and tried. Used by the best farmers in the country. Rain or shine it won't hurt any animal.

Read what some reliable men say of it. Joseph Staples, Manvers, says: "Have used all kinds of condition powders, but the Old English beats them all." George Werry writes: "There is no condition powder made that can touch it." Henry Gain, butcher, Lindsay, says: "Wouldn't think of using anything else." Thos. Wetherup says: "I can't say too much for the Old English Condition Powder."

This cut is no exaggeration, but shows exactly what the powder will do. It will restore the most dejected looking animal to a sound, healthy and vigorous condition. It purifies the blood, improves the appetite and makes the animal's hair sleek and glossy.

Remember! Every package of the Genuine has my name in it.
