McLean, Smith & Co.

Golden Fleece.

A REVOLUTION IN THE HAT TRADE.

We show to-day the largest and most stylish assortment of

MEN'S, BOYS' AND CHILDREN'S HATS

Ever offered in Lindsay, including all the novelties of the season. Our unequalled display of Felt Hats is a marvel of surprise to everybody who sees our Hats, ranging in prices from 50c. up.

ORDERED CLOTHING.

We were never in such a good position to place you as this Spring. We have one of the largest Stocks of Tweeds in town, including all the novelties in Scotch, Irish and English Tweeds, a few specialties in Fancy French worsteds. Everytime the tape goes around a perfect Fit Guaranteed.

DRESS GOODS, MILLINERY, HOISERY AND GLOVES.

Our Stock in these Goods never was so cheap and complete. A call at the Golden Lamb will save you from 15 to 20 per cent. The only store where you can get 25c. corsets.

McLEAN, SMITH & COY'S,

Sign Golden Fleece, Kent-st., Lindsay.

Lindsay, April 5, 1888.—91.

Fowler & Co.

FIRE! FIRE! FIRE!

In consequence of their late fire FOWLER & CO., Photographers of Lindsay, have given up their old stand and have leased for a number of years the old gallery so long occupied by Mr. Scott. Fowler & Co. have renovated the gallery through out and furnished it with the best of Instruments and Furniture. They have as fine a gallery now as will be found in the county, and their work is equal to any city work. They are the leading photographers of Lindsay. They use the so-called new process, lightning process, instantaneous process and every other process required to do first-class work. We would advise all parties requiring a first-class photograph to call on Fowler & Co. and see their samples before going elsewhere.

CHILDREN'S PICTURES AND GROUPS A SPECIALTY.

Remember the place, over R. Gregory's Drug Store, Corner Kent and William Streets, Lindsay.

Lindsay, April 5, 1888.- 91-12.

R. Smyth & Son.

THE GOLDEN LION.

SPRING 1888.

MILLINERY AND MANTLE ROOMS RE-OPENED.

MRS WHYTE is still in charge of the Millinery, assisted by a competent staff.

Show Room Down-Stairs.

The Custom Mantle Department will be managed by a specialist. Material purchased from us will be cut free of charge.

Custom Cutting by Mr. BRUXER, a recent graduate of the J. J. Mitchell cutting school of New York.

Also a complete assortment of Boys' and Mens' Ready-Mades.

We mean business, and will lose money if we can't make it.

The Cockshut Plow.

Parties wishing to see the celebrated Cockshut Plow, either the Riding or Sulkey Plow, should call at R. Kylie's carriage works. I have also the improved Oshawa Mower and the Wilkinson Steel Scraper, etc. J. H. HOPKINS, local agent.—91-3.

New Spring Goods.

W. E. GILLESPIE has just received an immense stock of Ready-made Clothing, consisting of all the latest styles and patterns, and as these goods have been manufactured expressly for our own trade these will be found superior in style and workmanship to anything heretofore shown in Lindsay. W. E. Gillespie, The Clothier, two doors east of Daly house, Kent-st., Lindsay.—89-tf.

Personal.

—Miss Jessie McSweyn, Miss Genie King and Miss E. Duncon went to Port Hope on Wednesday to sing at a concert under the auspices of the Y. M. C. A. of that town the same evening.

—Mr. James Blain, junior clerk in the Lindsay express office, has been promoted to the position of express agent on the Victoria railway. J. B. is a careful and efficient as well as reliable young man, and will take a good rank in the service.

—Mr. C. E. L. Porteous, manager of the Bank of Montreal at Lindsay, has returned from a month's holiday trip south with Mr. Jas. Ross and other friends. They got as far south as Florida, and the weather becoming rather warm they returned to more congenial climes. Mr. Porteous has been greatly benefitted by the needed vacation.

—Mr. E. K. Perry, late of the C. P. R. engineering staff, having completed his work with that company has accepted a responsible and lucrative position on the permanent staff of the Coast railway running from San Francisco southwards. Mr. Perry will have his headquarters at Fresno City, about a hundred miles south of San Francisco, as resident engineer in connection with the construction staff and permanent way. Mr. and Mrs. Perry (the latter a daughter of our worthy townsman Coun. J. L. Winters) will leave for their new home in a few days and will take with them the best wishes of many friends.

—The Toronto News of Saturday gives a portrait and the following sketch of a Lindsay boy: "Mr. Wm. Bateson was born in Lindsay, Ont., in 1850. He learned the trade of a carpenter, and came to Toronto in 1881. In 1882 along with others he formed L. A. 2,687 Knights of Labor, the third assembly formed in Toronto. He was elected their secretary for two terms. In 1885 he transferred to Parkdale, joining 5,429, and has been its Master Workman for two terms. He has been a delegate to district assembly No. 125 since its formation. He assisted at the formation of the Parkdale Workingmen's Association, and was nominated by that body for councillor for St. Martin's ward and elected at the head of the poll, securing the greatest number of votes ever polled by any councillor in the town previously. He is on several important committees in the council and has proved himself a thorough good man. In the cause of labor he is also an earnest worker and can at all times be relied upon."

Dutch Bulbs.

Best at HIGINBOTHAM'S.—90-3.

Oranges and Lemons

25c. per dozen at TERRY'S.—92-2.

Clover and Timothy Seed

at A. CAMPBELL'S.—92-2.

Five Set "Diamond" Iron Harrows

for sale cheap at R. D. THEXTON'S cheap hardware store.—92-tf.

Knockabout,

the nobbiest soft felt hat manufactured, in any shade, at W. J. GALLON'S.—92-1.

Hats! Hats!

For the latest style in Hats go to W. E. GILLESPIE. He has all new goods from the best makers.—89-tf.

The Canada Life.

Those joining this old and reliable Life Assurance Company now will receive three year's profits in 1890. F. C. TAYLOR, agent, Lindsay.—92-2.

Amusement Notes.

—The J. A. Sawyer comedy company commence a week's engagement at HIGINBOTHAM's opera house on Monday evening, 16th—not 9th, as announced last week. The company has been playing to crowded houses in Peterboro this week and is well spoken of. Play-goers, make a note of this.

—The Beethoven quartette club concert on Thursday evening of last week was a decided success, as any all the entertainments given under the auspices of the Lindsay Oddfellows. There was a large audience and an admirably rendered program. Mr. Chas. Kelly was unfortunately suffering from a very bad cold and was unable to give most of his numbers. He rendered some pleasing selections on the banjo, of which instrument he is a perfect master. Mr. Silas Richards was in fine voice; but the taking member of the company was the comic vocalist, Mr. Fax. He brought down the house every time, and was repeatedly encored. Should the company re-visit Lindsay they may expect a warm welcome and a crowded house.

River Notes.

—The water is already at its normal spring height at this season, and will likely go above last season's mark.

—The steamer Mary Ellen is in dry dock, having necessary repairs made; A. W. Parkins & Sons little propeller Water-Witch is in the hands of workmen and will be refitted and arranged for towing; the steamers of the Crandell line—Eva and Dominion—have been deprived of their winter sheathing and will be got ready with all expedition.

—Considerable improvements will be made on the palace barge "Paragon" before May 24th. Experience gained during a couple of showers last season demonstrated the advisability of closing in the sides even at the expense of fresh air, and this will be done at once. Small tables will be scattered around and card-rooms provided. The benches now used as seats will be replaced by chairs.

—An exceptionally large river and lake traffic is predicted for this season. Several steamboat men have already entered into towing contracts which will occupy the better part of the summer to execute; large blocks of sawlogs will require considerable "tugging;" and immense quantities of cordwood, ties and other forest produce lie piled here and there along about seventy-five miles of shore line awaiting shipment to Lindsay. M. Boyd & Co.'s large mills at Bobcaygeon will be kept running day and night, and several steamers will be required to convey the cut to Lindsay.

Local Brevities.

—Report of town council unavoidably crowded out. Will appear next week.

—By ordering your Boy's Spring Suit from McGaffey you save money.—91-tf.

—Peterboro has been holding a successful calico ball for the benefit of the Protestant home.

—We are compelled to hold over to next week a number of local news-letters and some editorial matter.

—Mr. Ancil Mills has gone to Muskoka to superintend the work of making a canal between Fairy and Peninsula lakes.

—The Peterboro spring assizes opened Monday before Mr. Justice Falconbridge with four civil and three criminal cases in the docket.

—If you want

Linen or Celluloid

Collars and Cuffs,

A Natty Tie or a Nobby Hat

Go to W. J. GALLON'S.—92-1.

—Another carload of Brantford steel binders was unloaded at Lindsay station this week by Mr. E. P. Gilliogly, the company's local agent here. These machines were all sold before their arrival, and principally to farmers in Emily and Fenelon. On Tuesday Mr. C. G. Cody was in Brantford attending the annual meeting of the travellers for Harris, Son & Co.

—Mr. John Bond of Cobourg, the well-known manufacturer of ornamental stone, was in town the other day taking orders. Mr. Bond has supplied window sills, caps and other ornaments for the residences of Sheriff McLennan, Dr. Degrassi, Messrs. A. O'Leary, R. Sylvester, J. A. Gilleo-y, R. D. Thexton (2), J. Lovell P. S. Martin and H Workman in Lindsay; and Wm. McKenzie, Kirkfield. His card appears in another column.

—Those who noticed the huge piles of hardwood stored in the various yards at the close of navigation last fall, and taking into account the large deliveries made by farmers, would hardly predict a scarcity before navigation again opened. However, for the past month it has been difficult to procure hardwood—in fact any kind of decent wood—and the yards are empty. A prominent dealer estimates that 30,000 cords of wood are consumed yearly in Lindsay, although coal is largely used. This would foot up to about $100,000.

—The marked improvement in the appearance of the Keenan block, opposite the Benson house, by the introduction of plate glass windows and other tasteful improvements, has made the place a most desirable and attractive business centre. The stores are spacious and convenient, and being centrally located are each doing a good business. There are really no better positions in town. There are offices in the block to let, suitable for professional men. Mrs. Keenan has displayed commendable enterprise in improving this block, so that it is a credit to the town.

—A. W. Parkins & Son's shingle mill was started for the season last week.....Mr. J. Dovey's mill is being refitted with some new machinery and will resume operations next week....Burke Bros. shingle mill is about ready to start work upon a large contract.....A Mr. Rodd is, we understand, about to commence work on a shingle, saw and tie mill, to be erected near the old Yankee mill property, in the east ward. A quantity of the machinery required is already upon the ground.....Sadler, Dundas & Co's saw mill will be given a trial on Saturday or Monday.

—Bobcaygeon is to have a railway! Fact—strong, startling, incontrovertible. Four or five carloads of iron rails arrived last week for consignment to that burg, and were loaded on sleighs and taken down over the ice-road, enabling enormous loads to be drawn. The horses' tugs were about three times the ordinary length so that if the heavy load broke through the ice the animals might escape. The rails are intended for a system of tramways in connection with M. M. Boyd & Co.'s large saw mill there, and will greatly facilitate handling the immense quantity of lumber cut during the season—ten or twelve millions of feet.

—Vessel owners are now upon the alert, and are making arrangements for an early resumption of hostilities by engaging engineers and crews. The Lindsay service will likely be the same as last year. It is rumored that the screw propellor "Stranger," the property of the Ontario bank, Port Perry, has been purchased by a fishing syndicate at Midland....At Bobcaygeon Capt. Bottom has again tired of a landsman's monotonous life and has purchased the fine little screw propellor Maple Leaf, which he will place upon the route between Bobcaygeon and Bridgenorth, with stage connection for Peterboro. This will be a great boon to tourists and pleasure seekers, as for the last four or five years the beauties of Pigeon and Chemong lakes have been like unto a "sealed book."

—The last Ontario estimates contained a further appropriation of $5,000 for the improvement of Scugog water navigation. The general understanding was that the amount should be devoted to deepening and widening what is known as the "cut," about six miles down the river—a work that is imperative, in fact, to render navigation safe. A good many of the townspeople, however, are clamoring that the money should be devoted to widening and deepening the channel of the river below the lock, so that the passenger vessels might ascend the river to that point, thus shortening the long walk to the lower wharf at present necessary, which in hot weather is extremely fatiguing. It is feared, however, that this suggestion cannot be entertained, as the sum granted would be only a "circumstance" to the cost of the work, which would require an immense amount of blasting and excavating, as the channel of the river is mainly a rock formation. The Dominion government should be petitioned regarding the matter. It certainly would be a great convenience and prove of great advantage to the town, as many visitors are unaware of the exceptional facilities afforded for taking a delightful day's trip, owing to the distance of the steamboat wharf from the town.

Water Rose Bulbs,

5 cents per ounce at HIGINBOTHAM'S.—90-3.

Big Hats

for Big Heads,

at W. J. GALLON'S.—92-1.

Homespun Corn.

Just arrived at A. CAMPBELL'S.—92 2.

Wedding Cards.

See the new styles at THE POST printing office. All the latest novelties. Moderate prices.

Overcoats at Less than Cost.

We are now selling the balance of our Overcoats at less than cost. W. E. GILLESPIE, two doors east of Daly house, Kent-st., Lindsay.—89-tf.

Deer Stalkers.

Just arrived, a fine assortment, of Deer Stalkers in light and dark tweed and corduroy. Tweed Hats in variety, and some Jockey Caps in velvet, plush and corduroy at W. J. GALLON'S.—92-1.

Big Wood Cutting.

Mr. Thomas Puley and Mr. John Pethick of Mariposa cut for Mrs. Richardson 25 cords of hardwood in four days with the "Champion" cross-cut saw and also felled the wood. They also cut 16 blocks off a maple tree, averaging 18 inches, in 35 minutes. Whoever "saw" anything to beat this!

Society Notes.

—The members of Lindsay Lodge, I. O. O. F., No. 168, will commemorate the 69th anniversary of Oddfellowship in America by attending divine worship in the Methodist church, on Sunday, April 29th, at 11 a.m. The pastor, Rev. M. L. Pearson, will conduct the service. The brotherhood will assemble at their hall at 10 o'clock and march to the church in a body. Resident members are invited to participate on that occasion.

Curling.

—Owing to a crush of other matter last week we neglected to mention that four rinks of the Lindsay curlers went to Peterboro on Good Friday, and were wiped out by the Peterboro curlers to the tune of 21 shots.

—Mr. J. D. Flavelle was present at the meeting of the Ontario branch of the Royal Caledonian Club, held in Toronto on Tuesday, as the representative of the Lindsay club.....Mr. W. L. Boyd officiated in a like capacity for the Bobcaygeon club.

—What was probably the last match of the season came off Saturday night between club rinks, Skips v. Vice-Skips, the losing side to be taxed for 196 lbs. of "roller process" flour. The ice was first-class—in fact as keen as at any time during the winter, and every player strove to attain a reputation that would carry him through the warm months. A draw took place for position, changing the usual order somewhat. The vice-skips after an able effort were defeated by 14 shots. Following is the score:

VICE-SKIPS.		SKIPS.	
	Rink No. 1.		
J. McLennan,		J. D. Flavelle,	
A. McDonell,		W. Needler,	
W. J. Hallett,		J. W. Wallace,	
H. Farquharson, skip,	13	J. G. Edwards, skip	20
	Rink No. 2.		
H. Gladman,		D. McGribbin,	
C. Cornell,		J. M. Millar,	
S. Hughes,		W. McLennan,	
J. C. Harstone, skip,	11	J. Keith, skip	17

General Sporting Notes.

—The Y.M.C.A. lacrosse club is now thoroughly organized and an effort is being made to arrange a match for the 24th of May.

—It is stated that Mr. J. McCarthy purposes fitting up the premises just south of his hotel as an athletic ground. This is an excellent idea and would be thoroughly appreciated by our citizens.

—Where are our base-ballists, and what are they about? Come, boys, wake up and get down to solid practice for the coming fray. With the steady increase in our population no doubt there will be found an additional number of enthusiastic ball players.

—A meeting of the high school boys was held on Wednesday, 11th instant, to decide whether base-ball or foot-ball should be played with cricket. The meeting decided in favor of base-ball and the following officers were chosen:—Captain, M. Stacey; secretary-treasurer, A. Knowlson; committee, W. Burden, Chas. Matthews, Fred Smale.

—The Lindsay high school cricket club was re-organized last week for the coming season. Hon. president, A. Hudspeth, Q C., M.P.; patron, J. A. Barron, M.P.; president, J. C. Harstone; vice-president, C. Matthews; field-captain, W. J. Hallett; official scorer, A. F. Barr; sec-treas., F. F. Macpherson; committee, M. Hudspeth, E. Martin, A. Knowlson, W. S. Milner, F. J. Walters. The club intends to begin practice as soon as possible to get ready for the spring matches.

Railway Notes.

—Mr. J. Stephenson, general superintendent G. T. R.; Mr. J. M. Riddell, ass't. supt.; Mr. J. G. Macklim, chief engineer Midland Div.; and Mr. J. G. Barnett, mechanical supt., passed this town Monday morning on a visit of inspection as far as Orillia.

—It is understood the Grand Trunk intend, when putting down their double track to run the additional line three-quarters of a mile nearer Whitby. If this plan is pursued in relation to Oshawa, Bowmanville and other front places it will effect a very desirable improvement.

—Belleville's latest railway project is the Black Valley line. The train starts from Tippletonville station at 6 a.m., passing Toperten, Drunkville, Quarrel Town, Deliriumville, Demon's Land, etc., at various stated times and reaching its destination, across Dead River, Destruction and Damnation, at midnight—A. L. Cohol, agent; T. O. Bacco, assistant. "Blind" shares are offered.

—The Orillia Packet hears that Mr. Macklin chief engineer of the Midland division, Grand Trunk railway, intends to take up his residence in Orilla for the next two years or so. The Packet "trusts this is so."..... Why should not Mr. Macklin come to Lindsay to live? This is the most convenient point on the system; it has the most genial people and the prettiest girls; it will have the finest station and the best offices. Lindsay is the place for you, Mr. Macklen. Fine house all ready for you, cheap; telephone connection; most desirable location. You would put on 50 lbs. in weight in a year by living in Lindsay.

Church Notes.

—Services for St. Andrew's church in the opera house Sunday, at the usual hours.

—Methodist church, Sunday, April 15th, 1888, Rev. M. L. Pearson, will preach morning and evening.

—St. Mary's congregational Easter offering to Rev. Father Laurent, V. G., amounted to about $175.

—Rev. Principal Sheraton of Wycliffe college will preach in St. Paul's next Sunday morning and evening.

—Mr. Blain, contractor, is making excellent progress with the work of putting in the galleries in St. Andrew's church.

—Last Sunday afternoon Rev. J. Cooper Robinson conducted services in the Y.M.C.A. rooms at 4.15, which were largely attended.

—Rev. Mr. Emsley of Napanee has been transferred to the Montreal conference Mr. Emsley is one of the most eloquent and scholarly of the younger ministers of the Methodist church and will take a front rank in the metropolis.

—Next Tuesday evening the members of the Y.M.C.A. will devote to the transaction of general business, when they will discuss the advisability of employing a permanent secretary. The members are requested to assemble in force.

—A series of evangelistic services will be held in the Baptist church during the ensuing week. Rev. Joseph Parker of Peterboro will come on Monday, 16th inst., and spend a week with us. Mr. Parker has been much blessed in evangelistic work in the past and we believe that his work will bear fruit in Lindsay.

—There was a large audience in the Methodist church last Friday night for the organ recital and lecture. Mr. Carter, however, failed to appear, for what reason is not known. This part of the program will be given on some other occasion. Rev. Manly Benson gave his lecture on "Men Wanted," which was wise, witty, entertaining and instructive—the lecture, not the men.

—Rev. J. Cooper Robinson of Wycliffe college who intends going to Japan as a missionary gave two very earnest and able sermons in St. Paul's church last Sunday on the mission cause. Mr. Robinson showed the urgent need of greater zeal and liberality in this work....An "at home" was held in the school-room Monday evening in connection with Mr. Robinson's visit, and was well attended.

—Rev. Wm. Meikle, evangelist, having closed his services in London after a very successful series of meetings, has gone to enjoy a few days rest with his family in Nova Scotia. He has been engaged almost daily in work for nearly five months, holding on an average two meetings a day, and the continuous strain was telling on his physical strength. He is expected here about the end of next week and will begin evangelistic services in the opera house on the 22d if nothing happens.

Sootheran, Cathro & Mark.

THE "LORD STANLEY" HAT,

THE "LORD CHURCHILL" SUITINGS,

All the Rage at the City Dry Goods & Tailoring House of Lindsay.

MERCHANT TAILORING.

What looks prettier in the early Spring than a handsome man of fine physique with a nobby, new City Store SUIT topped off with our new "LORD STANLEY HAT." Many there are who are good looking, and yet lack in form. It is necessary therefore for the purpose of improving your physique, to patronize a tailor who is capable of supplying the deficency: a little added here; a little there; a curved seam one place and a straight seam in another completely transforms a man of ordinary appearance into perfect form. To accomplish such results requires experience and skill, an artistic and mechanical eye.

Our Mr. CATHRO possesses the above qualifications and is not only willing but anxious to prove his ability to please you. Our stock of Imported and Domestic Suitings, Coatings and Trouserings is perfect, we have a range of prices to please all. Our values we will leave to your own judgment for approval.

NEXT WEEK.

We will elaborate on Dress Goods, Black and Colored Silks, Dress trimmings and Spring Dry Goods generally. In the meantime, if you are on the buy, please come to the City Store, get quotations and take a look through. Remember, we always deem it a pleasure to show goods.

FASHIONS.

It is not given to every man to be so miraculously handsome that he can affect indifference to the HAT he wears. The majority of our customers are good-looking but we have noticed several of late who have fallen off considerably in appearance, the result solely of a limited supply of HATS.

This is a serious matter and must be looked into. Step to the front, gentlemen, at once and do your duty by your country, by yourselves, by us and b(u)y a HAT.

SOOTHERAN, CATHRO & MARK,

MANAGERS, Dobson's Block, Kent-st., Lindsay.

Lindsay, March 28, 1888.—90.

A. Campbell.

A DROP IN CROCKERY.

AWAY BELOW USUAL PRICES.

A Two Weeks Sale that will prove an Eye-Opener.

In order to make room for our Crockery and Glassware, which will arrive in about two weeks, we will sell off the balance of our present stock at close-cut prices. The goods are of the best quality and most recent patterns. We have a most attractive assortment and people can find all sorts of articles to suit their purses and pockets.

To enjoy the advantage of our great reduction we expect our customers to pay cash, as the closeness of the prices will not admit of our charging purchases in this line.

Clearly understand that this is an opportunity for Bargains. Con it over in your minds and you won't refuse the offer—in fact you can't afford to. The sale is a special one, so look out for special bargains.

Our well assorted and superior stock of Fresh Groceries is complete, as usual, the quantity we handle assures everything fresh and reliable.

Our PURE GOLD SPECIALTIES continue to enlarge their sphere of usefulness, their sale is increasing every day. Every housekeeper should use them.

ARCH. CAMPBELL.
