An Important Decision.—In the case of Thornley vs. Reilly an important decision has been rendered. Mrs. Thornley entered an action for damages against E. J. Reilly for having sold her husband liquor after she had forbidden the defendant to do so under the Crows act. The decision of the county courts went to the court of appeal, where the learned judges were divided in opinion, but since then certain legislation having a bearing on the case was settled by the Ontario government, and the defendant paid all damages and costs, in all amounting to $265. Vendors of liquor will now watch and hereafter not sell to persons forbidden to obtain liquor from them.

Serious Accident. On Friday night about half past nine Mr. Adam Davis of Eldridge township was operating the railway track in this town when it is said a loose car, of what is known as a running shunt, caught his rig, threw him and the box back on the east side of the track, the horse getting safely on the west side of the track, and the gear or under part of the rig being carried on and ground up by the car. Mr. Davis was picked up and carried in an insensible condition to the Mansion House. Medical aid was at once summoned and his injuries examined. He looked worse than he really was, his face being all covered with blood. His nose was found to be broken and a large deep wound in his right leg had to be sewed up. Otherwise there seemed to be no serious injury. He locally were at once communicated with by telephone and arrived during the night. In the morning he was conveyed to his home, about two miles from Goodwood, where he will have to spend a few quiet days, if not weeks. The horse did not run away but turned around and looked at what had happened.—[Journal.

Gratitude.—(To the editor of The Post)—Sir,—Would you kindly allow me space in your valuable journal to express my heartfelt and very much deserved gratitude to the people of Dalton and Black river for their exceedingly kind attention to me during my recent serious illness while in the employment of the Longford Lumber Co. I would also remember gratefully the sympathetic kindness of the officials of the above company who so kindly exercised every means within their power to alleviate my intense sufferings.—Yours truly, James Ford.

OMEMEE

Obituary.—It is with regret we chronicle the death of Mr. Matthew Wilcox of Emily, in the 76th year of his age. The sad event took place on Sunday morning last. Deceased had been a resident of the township for upwards of 60 years, and was highly respected and esteemed by all his acquaintances. The funeral on Monday was largely attended.—[Herald.

Destructive Fire.—Last Monday morning about four o'clock fire was discovered in the old Blackwell house, an old brick hotel unoccupied for some time past, and the alarm was quickly sounded. Despite the efforts of the firemen, assisted by the citizens, the flames spread rapidly, and the adjoining stores were soon ablaze in places. A message was sent by the railway operator to Lindsay asking assistance, and the Lindsay brigade arrived by the six o'clock train with a hand engine, and by hard work at last succeeded in checking the conflagration, but not before the four adjoining residences and stores had fallen a prey to the flames. Following is a list of the losses and insurances:—Blackwell house, loss $3,000, insured for $2,060; Williamson's boot and shoe store and harness shop, loss $6,000, insurance, $1,800; T. Ivory & sons, general merchants, loss estimated at $10,000, insured for $7,600; Miller's tailor shop, loss $3,500, insurance $1,500; Mrs. Moore, whose store was occupied by W. H. Spence, implement agent, loss $1,000, insurance $500; Dr. Thompson, drugs, partial loss about $1,000, no insurance. The Royal Western and Gore District companies held the risks. The fire is believed to have been the work of an incendiary.

BALSOVER.

(Correspondence of The Post.)

The Recent Foot Ball Match.—In the issue of The Post dated May 30th there appeared an item under the head of Brechin correspondence which deserves some notice at my hands. Wrong impressions should not go uncorrected, and the item referred to is astray on more than one point. "An easy victory is an hour and a half" your Brechin correspondent says they won. In that short statement there are two untruths. It was not a victory for Brechin, as any one knows who was there, and the time of playing, according to indisputable authority, exceeded by several minutes the regulation hour and a half. We are under the impression that "easy victories" are usually gained in less than the time stated. No, Mr. Brechin, you did your best and went home chagrined at the poor showing your men made against a team almost who are entirely untrained. You also stand in need of correction when you say that John Koster shot the ball through the Balsover goal. Mr. Koster's kick was sending the ball ten feet wide of the goal when unfortunately one of our own men interrupted its course and accidentally sent it between the stakes. Nor did you play against eleven goalkeepers, as you untruthfully assert. If our men crowded together in scrums, sometimes so thick that they could not kick the ball without danger of hurting one another, instead of playing each man his appointed position, it only goes to show their lack of training and almost total ignorance of the game, and that with a short season of steady practice the Brechin boys would require to hustle themselves to hold their own with them.

EldON.

Council Proceedings.—The Eldon township council met at Long's hotel, Lorneville, on the 26th day of May. Members all present. The reeve in the chair. The minutes of last meeting of council were read and approved. A communication from the clerk of Thorah council was read re Eldon and Thorah drain. Moved by D. A. McIntyre, seconded by J. Staples, whereas it is expedient that the council of the township of Thorah should carry out the work of extending the drainage works under by law "A" of this township to an outlet within the township of Thorah in accordance with the report of the township engineer, be it therefore resolved that this council do request the council of Thorah township to assume and complete the said drainage work in accordance with the said report; and that the corporation seal be affixed to this resolution to give it the effect of a by-law.—Carried. Mr. Donald Campbell, sr., appeared before the council representing that the road as now travelled at the jog at the centre of the 5th con. on 4th qr. line was not on the proper allowance for road, and requesting that council take steps to have the road opened on the proper allowance for road. Moved by A. Hawkins, seconded by J. Staples, that the matter concerning the jog on the 4th qr. line at the centre of the 5th con. be left over for further consideration.—Carried. Moved by D. A. McIntyre, seconded by J. Staples, that the reeve give his orders on the treasurer for the payment of the following accounts: A. R. Campbell, assessor, salary, $65; Wm. Reid, rent for hall, two days, $3.—Carried. Moved by Neil McMillan, seconded by D. A. McIntyre, that part of the resolution of last meeting of council, abolishing road beat No. 53, be rescinded, and that said beat No. 53 be restored as formerly, and that for the current year Robert Campbell be overseer for the same.—Carried. Moved by J. Staples, seconded by D. A. McIntyre, that D. Hawkins be appointed pathmaster in road beat No. 61 in the room of D. Jackson, resigned; L. McQuerrie, pathmaster in beat No. 14, in place of J. Kirkland, and A. C. McKenzie, pathmaster in beat No. 92 in place of A. Boynton.—Carried. Moved by D. A. McIntyre, seconded by A. Hawkins, that the sum of one thousand dollars be expended on roads in the township during the current year, and that the same be divided equally between the four wards, and that for expending the same A. Hawkins be commissioner in ward No. 1, Neil McMillan be commissioner in ward No. 2, J. Staples be commissioner in ward No. 3, D. A. McIntyre be commissioner in ward No. 4.—Carried. Moved by D. A. McIntyre, seconded by J. Staples, that the reeve give his order on the treasurer for the sum of $8, a charity grant for Sarah Shaw, to be expended by Mr. Neil McMillan, and that Mr. McMillan be directed to expend $2 monthly, commencing with the month of June, for each of the following named indigent persons, namely, Sarah Shaw and Ann Carmichael.—Carried. Moved by D. A. McIntyre, seconded by J. Staples, that the clerk be instructed to notify Messrs. Hector and John McLaurie to remove the fence placed by them across the 6th con. line north of Portage road, the said fence having been complained of as obstructing the road.—Carried. A by-law was duly passed for the preservation of public morals within the township. A by-law was likewise passed regulating statute labor and defining the duties of pathmasters within the township.

Court of Revision.—The members of council were then sworn as a court of revision, when the following appeals were disposed of as follows:—Wm. McIntosh complained of being overcharged for certain lots at Balsover.—Appeal dismissed. John Murchison and Alex. Gilchrist were entered on the government roll as joint tenants of part of lot 11 in 11th con., at an assessment of $1,100, instead of Seth Rickaby, and the said Seth Rickaby was placed in the proper column as owner. W. H. lot 21 in 10th con. was struck off the non-resident roll and assigned to Donald Brown as owner at $600. Moved by J. Staples, seconded by D. A. McIntyre, that the assessment roll as now revised be confirmed.—Carried. Moved by J. Staples, seconded by A. Hawkins, that this council do now adjourn to meet next at Johnston's hotel, Victoria Road, on the first day of August next.—Carried.

S. S. Excursion.—The Sunday school in connection with the Presbyterian church, Dunsford, had a very successful excursion on Wednesday, 4th inst. The excursionists and officials of the Sunday school have much pleasure in conveying to Capt. Everybody returned home highly delighted with the day's pleasure and the management of the gallant captain.

TORONTO.

Sad Result of a Boating Accident.—A sad accident occurred on the bay on Sunday afternoon. Mrs. Dussette and her daughter, Miss Mary Dussette, aged 18, from Sutton, county of York, arrived in the city a few days before to visit some friends. Sunday afternoon Miss Mary Dussette, accompanied by a gentleman companion, went for a row to the island. They capsized the boat and both were thrown into the water. They were rescued by the occupants of another boat and taken ashore, wet through, but apparently not any the worse for the ducking. Miss Dussette laughed at the accident. She got up on Monday morning in her usual spirits and feeling none the worse for the accident. Towards evening she complained, but nothing serious was anticipated. Her mother left for Sutton by the afternoon train on Tuesday, her daughter saying she would leave for the same place by the afternoon train Wednesday. Tuesday night Miss Dussette was taken seriously ill and she died early Wednesday morning, presumably from the effect of the accident. Her remains were sent to Sutton by the same train she told her mother she would travel by.

ONTARIO COUNTY.

Action for Damages.—The case of Miss Meachim of Gamebridge against ex-police Magistrate George Horne of Cannington for false imprisonment on account of non-payment of Scott act fines was thrown out at Whitby at the last assizes by Chief Justice Armour. An application has now been made in the Toronto courts before Mr. Justice Falconbridge for a new trial, but has not been decided. Miss Meachim had paid a constable a portion of her fine, but the magistrate refused to accept and sent her down. She sues for $5,000 damages on the ground, as we understand it, that a person cannot be imprisoned after portion of the fine has been paid.—[Chronicle.

A Narrow Escape.—Wm. Ireland, who resides on the base line, had rather a peculiar experience the other day. While he was harrowing the horses took fright and ran away. Mr. Ireland fell and the harrows passed over him. Although somewhat shaken up he was not much the worse, but feels pleased that the process did not cost him his life.—[Pickering News.

Killed on the Esplanade.—Farmer O'Brien of Pickering, a married man with a large family, was instantly killed at 5 30 Tuesday afternoon on the Toronto esplanade at the foot of Jarvis st. He was driving a wagon across the track when G.T.R. locomotive No. 151 struck the wheel, smashing it to pieces and throwing O'Brien out. No one witnessed the accident, but when picked up, which was almost immediately, the man was found to be dead. It is surmised from the fact that there were no bruises on the body that the engine did not strike but that he died of concussion of the brain, the result of the fall from the wagon. Coroner Johnson held an inquest Wednesday afternoon.

Heavy Freshets.—The worst freshet ever known here occurred Thursday evening. Terrific thunderstorms raged Tuesday and Wednesday and the waters were high; but the climax was reached Thursday night; four small dams north of Greenwood gave way and the mighty flow of water carried away F. L. Green's large dam. Then the new dam and the race broke away, and last of all the dam of the Oatmeal Milling Co. broke away. Roads were submerged and gutted, cellars were flooded, bridges were carried away and telegraph wires broken. Timber and trees were seen in all directions. Several lost cattle and horses; the roads in the vicinity are in a terrible state. M. Gleeson loses heavily from his store cellar being flooded. The loss to F. L. Green will be from $1,500 to $2,000.

A Big Wash-out.—Holding the Chronicle back a day enables us to give an account of one of the greatest washouts this county has known for many years. Thursday afternoon a great rainstorm passed along about eight miles north of the town, and the downpour was so great by the time it reached Brooklin that the milldam was broken away and a terrible rush of waters ensued. To start on, Mr. W. A. Murray of Brooklin tried to save some of his live stock and was surrounded by the rushing flood. He had to climb a tree to save himself and remained there until the freshet subsided. The water rushed along down Lynd's valley towards the lake. At Pherrill's the new $1,000 township bridge was almost destroyed and the road way broken up about thirty rods. Then every bridge was swept away until the $1,300 bridge at Jeffrey's, on the Kingston road, was reached, but that bridge though damaged was not destroyed. The water brought a terrible flotilla of logs and other debris. A great many from town went up to Jeffrey's to see the great rush of water, and all declare the sight was worth the two-mile walk. The whole damage to bridges and other property will be very great.

Oshawa's Disastrous Experience.—Oshawa was visited Thursday night by a flood the like of which has never been witnessed by the oldest resident, carrying everything before it and leaving destruction in its track. The very heavy rains of Tuesday and Wednesday nights and that of Thursday afternoon swelled the creeks to the north of us and caused the dam at Goodman's mill to break. The Milling Co.'s dam, in the north part of the town, withstood the pressure for a long time, but finally gave way and a raging torrent swept over the road on King st., west of the bridge, and in the vicinity of the skating rink and and Dingle's works. The roar of the running water could be heard for a long distance, and the scene of the devastation was visited by the whole population. The certainty of the dam at the south giving away, as well as the several bridges and the Cedardale dam, caused intense excitement, and large crowds repaired thither to find their worst fears realized, for a clean sweep was made of everything on the line. A boy was observed clinging to a fence near Hare's foundry, and the gravest fears were entertained for his safety. It seemed madness to attempt to ford the miniature Niagara, but Jonathan Hurst jumped on a horse and rescued the lad, not without great danger, for the two were carried a considerable distance and finally reached a place of safety, where they remained until the water receded. Charles E. Dingle, previous to this, attempted to rescue the boy, but had to seek refuge in the dwelling of Mr. Richard Hare, whose family was confined to the upstairs portion of the house, the lower part being totally submerged. Trees were uprooted and came rushing down with mighty force across the road, endangering the splendid bridge on King-st., which fortunately was saved without much damage. The skating rink was badly wrecked, and the moulding shops of Messrs. Dingle, Robson & Louchland's sheds, Edmondson mill and the Whitby Company property suffered losses. Nearly every bridge was swept away, and the loss to the corporation is large. The principal losers, however, are to the owners of the several dams, which were considered the finest in the land, and which cost a great deal of money. At 11 o'clock the residents of the western portion of the town were enabled to cross the street, the water having subsided. The greatest praise is heard on all sides of Hurst's heroic action, and everything will be done to show appreciation of his gallant action.

MILLBROOK.

Struck by Lightning.—During the thunder storm on Wednesday night the barns belonging to Mr. Matthew Sutton, east which were on the farm occupied by Mr. Thos. Bowers, were struck by lightning and burned down. Two fat cattle were killed, and a large amount of oats, hay, etc., were burned. No insurance on the contents. We understand the buildings were insured, but to what amount we have not learned.—[Reporter.

VERULAM.

Council Proceedings.—The council of Verulam met according to adjournment. Present the reeve, deputy-reeve and Couns. Braden and Patterson. Reeve in the chair. Minutes of the last meeting read and confirmed. Moved by J. Lithgow, seconded by J. Braden, that a by-law be read and passed appointing W. J. Read as treasurer.—Carried. Moved by J. Braden, seconded by J. Patterson, that Mrs. W. B. Read, widow of our late treasurer, hand over the balance due the municipality, viz., $1,196.59, now in her hands, to W. J. Read the present treasurer.—Carried. Moved by J. Kelly, seconded by J. Patterson, that a by-law be read and passed appointing road commissioners, defining their divisions and the amount to be expended by them.—Carried. Moved by J. Lithgow, seconded by J. Patterson, that twenty-five dollars be granted specially for repairing Moffat's hill, and that Jno. Kelly be the commissioner on the same.—Carried. Moved by J. Kelly, seconded by J. Patterson, that Coun. Braden see that Little Bob bridge be put in a safe state of repair.—Carried. Moved by J. Kelly, seconded by J. Patterson, that the following accounts be paid and orders drawn on the treasurer for the same:

Alex. Dunseath, salary as assessor	$55 00
Alex. Dunseath, equalizing N. S. Ss.	6 00
Est. W. B. Read, salary as treasurer until his decease	25 00
Jas. Dickson, locating road across Dobson's lot, 1889	6 00
Daniel Morrow, work on roads	27 00
John Johnston, salary as collector	100 00

—Carried. Moved by J. Braden, seconded by J. Lithgow, and resolved, that it is with profound sorrow that this council is called upon to place on record the death of W. B. Read, its late treasurer, who was one of the most efficient and painstaking officers that has done business for this township for a number of years, he having filled the office of treasurer of this municipality with credit both to the public and himself. In common with the entire community this council feels keenly the severe loss of one who was ever to the front in promoting the best interests of the public. While regretting the great loss sustained by the community this council desires to extend to the widow and family of the deceased their sincere sympathy in their great affliction.—Carried. On motion the collector, having completed his duties, was relieved of his sureties; and Dr. Bonnell's account for attendance on the late Wm. Myles was not entertained. The council adjourned to the 28th inst.

DESCRIPTION AND PEDIGREE.

MARMION, No. 1116, registered in vol. II of the Yorkshire Coach Horse Stud Book, was foaled in 1885 and bred by Christopher Bower, Pickering, Yorkshire, and imported in September, 1888, by Barrett Bros., Manchester, Ont.; now the property of J. H. Wilson, Lifford, Ont. He is rising five years old; stands 16 hands, 2 inches high; weighs 1,500 lbs. and is a beautiful dark bay. He is a wonderfully powerful horse, with great action, and his equal cannot be found. He has deep, good appearing feet, set under very strong bone with useful joints. He has strong arms and stifles, long, hindquarters well coupled to a strong back; round bodied and well-sloped shoulder running to a high wither, from which arches a long, fine cut, stylish neck, with a very pleasant domestic appearing countenance, and looks like a horse that must be a useful, impressive sire, and as an individual certainly is a beauty, and such as would please the most fastidious

MARMION, No. 1116, Vol. II, was sired by Salesman (417); first dam by Emperor (145), by Salesman, (417), by Salesman (416), by Drover (722), by Topsman (669), by Luck's All (792), by Ploughboy, by Bay Richmond; second dam by Magnificent (229), by Elegant (129), by Rainbow (285), by Dart (716), by Rainbow (834), by Dart (712), by Blacksmith's Horse (697), by Boye's Horse (696). Salesman (417), was sired by Salesman (416), by Drover (722), by Topsman, (669), by Luck's All (792), by Ploughboy, by Bay Richmond. He has been very successful in the show ring, and has generally been to the front. Those who have used him speak of him as a fine animal.

Dam, Bell of Hillbrachon (9318) Vol. XII B.C.S.B.; sire, Lary's Joch (444), Vol. I, g sire, Old Clyde (574), Vol. I; g g sire, Scotsman (754), Vol. I; g g g sire, Lochfergus Champion (449), Vol. I; etc.

Jordanshaw (3343) is the Galbraith Bros. stock horse, and has had the Kinross premium for three years; his dam, Marion (235) was by Prince of Wales (673), a horse well known to everyone as having had the highest honors and won the most prizes of any horse in Scotland, with the exception of Darnley (222), which is g. sire of Just The Thing. Prince of Wales (673) won 1st prize at the Highland Society Show at Edinburgh in 1869; 2nd at Dumfries in 1870, 1st at Kelso in 1872 and 1st at Royal Agricultural Show at Manchester in 1869; was sold at Merryton in 1884 for $5,000.

Darnley won 2nd prize at the Highland Society Show at Stirling in 1873, the premiums of the Glasgow Agricultural Society in 1876 and 1877, 1st prize at the Highland Society Show at Edinburgh in 1877, and the champion cup at the Highland and Agricultural Society Show at Dumfries in 1878; also 2nd prize at the Royal Agricultural Society Show of England at Limburn, London, in 1879, 1st at Royal Agricultural Society Show at Carlisle, in 1880, 1st at Highland and Agricultural Society Show at Glasgow, in 1882, as sire of a family of five aged animals exhibited, and 1st prize and champion cup at the Highland and Agricultural Society Show at Edinburgh in 1884.

JUST THE THING is without doubt one of the finest bred horses that ever travelled this district, being bred on both sides from horses who have produced more prize winners than any other horses in Scotland, and whose progeny have been shown in groups at the largest shows in Scotland, and have never once taken second place.

JUST THE THING (1248 C.C.S.B.), [7360 B.C.C.B.] is a beautiful seal brown animal, possessing a great breadth and depth, weighing 1,900 pounds. He is a grand mover; stands on short legs with good feet and pasterns, showing excellent bone and silky feathering. In point of breeding let it suffice to say that he is a grandson of Darnley (222) who has a world wide reputation, and whose progeny heads the list of prize winners at the great fairs in Scotland. For fashionable breeding and rare individual merit Just The Thing stands second to none. A brief resume of his career in the ring for the past year speaks for itself.

In Scotland, being exhibited in the five largest local shows with from thirty to sixty horses in his class, he was in short, best every time. Surviving a boisterous fifteen day's passage across the Atlantic he appeared first at Toronto Industrial in a field of twenty-one horses and took a second prize; at the County Fair he had naturally a walk-away; he next appeared in March last at the Toronto Spring Stallion Show in the three year old class, which a leading Journal (Farmer's Advocate) doubts if ever on this continent there was a stronger field of Clydesdales shown. In this he stood fourth, and as the leaving city papers said of it, it was only the toss of a copper which would be first.

JUST THE THING has proved himself a sure foal-getter, having foaled eight out of eleven mares served last year.

TERMS.

To insure a foal, $15, to be paid 1st February, 1891. All mares tried must be returned regularly to the horse, or they will be charged the same as if they were with foal; Mares disposed of before foaling time will have to pay full insurance whether in foal or not. All accidents at the owner's risk. Groom's fee, 50c.

No business done on Sunday. Mares from a distance will be kept free of charge on first-class pasture with abundance of water, there being a running stream in each grazing section. Visitors always welcome to inspect stock.

CARD TO THE PUBLIC.

In presenting the pedigree, as above of my horses I beg to call the attention of farmers and breeders of Clydesdale and Coach horses to these horses, and would ask them to examine the same carefully. I extend a cordial invitation to all interested to call and see them, believing in the old saying that "like begets like," and that in order to breed good showy animals you require to use the best. As will be seen, these horses from their long line of superior bred ancestors, which are rarely equalled and never surpassed, they cannot fail but to be first-class stock getters, as they are from the best blood in Scotland at the present day. I am, yours truly,

J. H. WILSON.
