RICHARDSON'S SALE COMMENCES TO-DAY, THURSDAY.

—Some of our neighboring farmers have, during winter, brought in some fine pork to Market, but the best average yet made is that of Mr. Joseph Taylor, of Singhampton, who on Monday brought in ten hogs, weighing a total of 3,439 lbs., or an average of about 344 lbs. each. This fine lot of pork was bought by C. Stephens & Co., who also purchased at the same time ten hogs from Mr. Sam. Taylor, weighing 2483 lbs.—*Collingwood Enterprise.*

BLANKETS AT LESS THAN MILL PRICES AT

RICHARDSON'S.

—We regret most sincerely to announce the death of Miss Watt, of this village. The sad event occurred yesterday, but was not unexpected. She has been a great sufferer for many years, and was a lady of superior intelligence.

—One evening last week Mr. Burnett, was driving a horse, attached to a cutter. Just when he reached the "Boyne water" bridge, Flesherton, the horse took fright at something and ran away. The cutter, driver and horse parted company rather unceremoniously a short distance north of Mr. N. Campbell's residence—the cutter, and driver remaining in the middle of the road and the horse continuing to rush on in his "wild career" in the direction of Markdale. The animal made straight for home and finding on his arrival, the stable door closed against him, smashed it in and took possession of his own stall.

Aall's Vegetable Sicilian Hair Renewer imparts a fine gloss and freshness to the hair, and is highly recommended by physicians, clergymen and scientists as a preparation accomplishing wonderful results. It is a certain remedy for removing dandruff, making the scalp white and clean, and restoring gray hair to its youthful color.

Coming!

The musical event of the season will be the grand concert to be given in the Town Hall, Flesherton, on Wednesday evening next, Feb. 11th, by the renowned vocalist, Mr. Chas. Kelly, and the no less famous Mde. D. C. Rossiter. The programme will consist of Pianoforte, English Concertina, Guitar and Vocal Music, Tragic and Comic Recitations, and will eclipse anything of a similiar nature ever presented to a Flesherton audience. Mr. Kelly has no equal as a baritone (or bass) singer in this country, possessing, as he does, a voice of wonderful compass, depth power and sweetness. We can assure our readers, that to hear Chas. Kelly alone is worth treble the price of admission. Doors open at 7 p. m., concert at 8. Popular prices of admission.

We do not sound a needless alarm when we tell you that the taint of scrofula is in your blood. Inherited or acquired, it is there, and Ayer's Sarsaparilla alone will effectually eradicate it.

"Osprey News."

A correspondent signing himself "Stranger," writes us a letter in which he tells of two young men who went from Osprey Township to the "shanties." At Stayner the young men got on a "bender," spending their hard earned savings in the most lavish manner. One of them became very sick in consequence, and was glad to continue his journey after dinner; the other got his toe badly frozen. They returned home in three weeks, but it is said have gone back again. "Stranger" hopes they will do better this time. He advises people to go past "those places" and keep their silver in their pockets, instead of spending what they have; and to those possessing a fifty acre farm, he says, "stick to it and bear the name of a respectable mossback rather than a shanty man." Of course we suppress names.

BY looking at the quotations of the Virginia tobacco markets it will be found that the highest price paid for 'fillers'—which is the tobacco which forms the body of the plug—very closely corresponds with the invoiced price of tobacco leaf imported into Ontario. As over four-fifths of all the leaf imported into the province is for "Myrtle Navy" stock, this fact is official proof of the claim that the "Myrtle Navy" is made of the finest Virginia leaf.

O'Donovan Rossa Shot!

On Monday evening last as the notorious O'Donovan Rossa was walking along one of the streets in New York city, a handsome young widow stepped up to him and, drawing a small revolver, cooly fired five shots at him only one of which took effect, lodging under the shoulder blade of his arm. O'Rossa walked all the way to the hospital, when it was discovered that the wound was not a dangerous one. The woman was promptly arrested and brought to the police station where she gave her name as Dudley, not long out from England. Her bearing was firm and dignified throughout. O'Rossa asserts that she is the tool of the English Government sent out to assasinate him.

THE SIGNS OF WORMS—are well-known, but the remedy is not always so well determined. Worm Powders will destroy them.

From our Correspondent.

Stormy weather: roads badly blocked up.

Miss A. Buchanan has returned home from Hamilton where she has been visiting friends for some time past.

Mr. G. Truman has rented Mr. J. C. Buchanan's farm.

—Mr. R. Thompson, jr., has sold his farm and is going to live in the valley where he has purchased Mr. Bannerman's farm.

The "beautiful snow" has had a tendency to make things lively around the Eclipse saw mill, and the obliging proprietor is consequently in his best humor.

The Sabbath School affair is still in a very unsettled state. The chasm is getting wider and will soon need a suspension bridge to connect both sides.

A DOUBLE PURPOSE.—The popular remedy, Hagyard's Yellow Oil, is used both internally and externally, for aches, pains, colds, croup, rheumatism, deafness and diseases of an inflammatory nature.

AYER'S
Cherry Pectoral.

No other complaints are so insidious in their attack as those affecting the throat and lungs: none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness. AYER'S CHERRY PECTORAL has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be taken in all cases without delay.

A Terrible Cough Cured.

"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me.

HORACE FAIRBROTHER."

Rockingham, Vt., July 15, 1882.

Croup.—A Mother's Tribute.

"While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude? Sincerely yours,

MRS. EMMA GEDNEY."

159 West 128th St., New York, May 16, 1882.

"I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effectual remedy for coughs and colds we have ever tried. A. J. CRANE."

Lake Crystal, Minn., March 13, 1882.

"I suffered for eight years from Bronchitis, and after trying many remedies with no success, I was cured by the use of AYER'S CHERRY PECTORAL. JOSEPH WALDEN."

Byhalia, Miss., April 5, 1882.

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung troubles. E. BRAGDON."

Palestine, Texas, April 22, 1882.

No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will *always cure* when the disease is not already beyond the control of medicine.
