A novel and excellent farmer's gate is advertised in other columns by Mr. J. F. Dix. The whole thing is simple and effective, and the gate fills a long felt want.

Persons wishing to improve their memories or strengthen their power of attention should send to Prof. Loisette, 237 Fifth avenue, N. Y. for prospectus post free, as advertised in another column.

A extremely handsome piece of furniture has been added to the fittings of the Victoria House bar. It consists of a handsome and massive board, the top being divided into panels and partitioned off into advertising spaces that have been stocked up by leading merchants working at $5 and $10 each. Large mirrors fill the spaces between the panels. It was the work of Messrs. Cathcart Bros. and is a specimen of such work.

The very latest fashion dodge is that of birth cards. A prominent insurance man in St. John, N. B., recently found himself the happy father of a baby, and duly sent word to his friends in the usual manner. In a few days a parcel addressed to the express, which on being opened was found to consist of a quantity of tiny envelopes, each containing a card with the name of the child and date of birth. The idea is a pretty one and is likely to become popular.—Halifax Chronicle. The new fashion has reached this city. Several birth cards have been received at the Post office.

Contributors of the Post this week cannot help noticing the half page advt. of Messrs Warner & Perry, the well known dry goods merchants. It is precisely the object sought after—bargains in plenty on hand they don't believe in allowing them to get "musty" on the shelves if the people want them and can be induced by plain statements and low prices. The plan has worked well, and to-day (Friday) they take possession of the large and handsome premises in the Doheny block two doors east of the Daly House, that have been in preparation for them for some months past. Every one should call and see them in their new quarters.

—We have repeatedly referred to the vandalism and cruelty of boys in Lindsay. We suppose they are no worse than the boys in other towns, but they are bad enough, and a source of great loss and annoyance. They pluck flowers, injure shrubs and trees by breaking branches off or hacking and destroy or injure fruit trees, pelt horses at large and indulge in various other acts of vandalism and mischief. An example should be made that will teach these young ruffians a lesson. A resident of Kent-st. West caught a young rascal the other day and had him in the lock-up for a time. The boy should have been brought up before the magistrate and fined. The police should be a good deal more active than they are. There are scores of the street corners occasionally that would not occur if the police were as active as they should be. A word to the wise is sufficient.

—The applications made by Messrs. Kilally & Kennedy to the council last Monday evening for permission to erect a weigh-scale opposite their coal shed on the east ward is a step in the right direction, and the town fathers should lose no time in according a gracious permission. It may not be amiss to say that every consumer of that class of fuel has felt "in his breast" for years past that it was possessed of uncanny properties the effects of which were chiefly calculated in the region of the householders pocket. As appears to obtain tendency to acute conversation has caused many an honest citizen to look askance at his ton of coal and feel his heart soften towards last year's lemon. See however, every consumer wishes to have his order weighed and properly affected is a fact to be certain that he is getting what he pays for—both in weight and quality; and this he is entitled to and must have. "As honest and diligent coal dealer is an ornament to any community" especially so when coal sells at $6.75 a ton.

Stock Notes.

—Mr. W. J. Fanning of Cambray last week disposed of the well-known chestnut stallion Young Kentucky to Mr. J. Booth, after making a very successful season with him.

—Mr. Talbot Kyane, the well known Clydesdale importer of Top Gallant farm, Yelverton, arrived home by the s. s. Amaryanthis from Glasgow on Friday, July 4th, with a consignment of fourteen head of choice equine stock, consisting of seven fine Clydesdales and seven Welsh and Highland ponies. Mr. Kyane reports the voyage home as very pleasant throughout, with the single exception that at certain times they were brought into rather close proximity with mammoth icebergs and large fields of floating ice. As an importer Mr. Kyane's fancy inclines to the blood of the famous Darnley, and, as on previous visits, his purchases this time are mainly of this line of blood. Among the leading Clydes in this lot are the following: Royal Salute, a winner of many prizes in Scotland including a £100 premium, by Darnley; Rustic Lad, by Knight of Lothian, by Darnley; Island King, a grandson of Darnley, out of the prize-winning mare Victoria by What Care I, by Prince of Wales; Early Castles by Harold; McGregor, by Darnley. A couple of fine fillies which have appeared in the show rings of Scotland with credit to themselves and their famous grandsire Darnley, complete the list. The ponies are a choice lot, and, while all are good, there is one phenomenal beauty of the Welsh family, who has secured sufficient "red tickets" to cover him. The stock stood the voyage well, and arrived without a single mishap. An invitation is extended to all to call and inspect this last importation.

Obituary.

—We deeply regret to have to record the early death of the young wife of Mr. A. R. Jewett of Campbellford. Mrs. Jewett was the eldest daughter of the late W. J. Smith of Lindsay, and lived in this town until her marriage to Mr. Jewett about three years ago, when they removed to Campbellford, Mr. Jewett being science master in the high school at that place. The deceased was admired for her beauty and accomplishments and was beloved by a very wide circle of friends who mourn her premature death. About a year ago indications of a consumptive character appeared, and early in the winter the deceased was brought home to her mother in Lindsay where she received every attention that affection could prompt, but without avail. The fell destroyer had marked her for his own; and on Wednesday after much suffering, borne with patient resignation the spirit took its flight. The husband and relatives have the deep sympathy of many friends. The funeral yesterday to the Riverside cemetery was largely attended.

—Rev. Richard Clarke, late chairman of the Brace bridge district of the Toronto Methodist conference, passed quietly to his rest at the residence of his son, R. W. Clarke, Millbrook, on Tuesday, July 1st, aged 69 years. Mr. Clarke commenced his ministerial labors in the city of Kingston, in 1851, and continued in the active work of the ministry until within a few weeks of his death. His loss is a sore one and a sorrowing widow to mourn the loss of a devoted and loving husband and father—Dr. J. A. is practicing his profession in Meaford; R. W. is in the merchantile business in Millbrook; Dr. S. S. W. is a dentist in the same place; Frank is in the drug business in Stayner; Dr. William is practicing his profession in the town of Lindsay; Adam, the youngest son, is attending the high school in Lindsay; all are doing well and are a credit to their deceased father. The funeral (which was private) took place at Lindsay last Thursday afternoon. Service was conducted by Rev. John Shaw of Toronto, an old friend. The six sons were all present and acted as pall-bearers.

General Sporting Notes.

—M. H. Johnston broke the world's 125 yard running record at Carson, Nev., last week. His time was 12 1-5 seconds, beating the former record by three-tenths of a second.

—The amateur oarsman Postin was beaten in his heat for the Diamond sculls at Henley, Eng., last Tuesday, by Kennedy. Now that the Americans is out of the contest Guy Nickalls is the favorite.

—Sunol will not start to lower a record at Detroit, neither will she be started in a race. The only race talked of for her is with Axtell, which will probably take place during the month of September.

The international baseball league has, after a brave struggle to secure public patronage, gone the way of all flesh. This week the league was suspended, the different clubs disbanded and the players paid off.

—The world's record in putting the 16 pound shot was broken last Saturday at the games of the National Athletic Club of Brooklyn. Geo. H. Gray, N. Y. A. C., put the shot 41 feet and 1 inch, being one inch over any previous record.

—It is stated that Mr. J. E. Smith of Cannington has succeeded in removing the "ban of ostracism" placed on the trotting goldine *F. O. P.* by the National Trotting Association, and the speedy son of Aberdeen will no doubt again respond to the starter's bell.

—The fine five year old stallion Alvin, which won the four year old stake at Barrie last year in 2 28, and many other good races throughout Ontario, will start in the 2.27 class at the Dundas grand circuit meeting, and it is expected it will take a great horse to beat him.

—Senator Stanford's famous stallion Palo Alto has been matched against the grey gelding Jack, owned by G. Middleton of Chicago. The conditions are that the horses shall trot a race of mile heats best three in five in harness, Saturday, July 26th, either at Windsor, Detroit, or Cleveland. The match is for $1,000 a side.

—The well-known Canadian pacer John Turner lowered of three heats in 2.26, 2.25½ and 2.25 over a slow track at Port Huron last Friday, and captured five money in a 3:00 purse. Mr. R. Jones, at the same meeting, won the 2.30 trotting stake in straight heats with his Kentucky gelding Almont Wilkes. Time, 2 27½, 2.26½, 2 28.

—The summer meeting of the Sutton Trotting Association took place on Wednesday and Thursday. First prize to the record of the first day's proceedings—2.40 race—1st, A. Colquhoun's Jessie; 2 W. A. Kinton's Sunnyside Chief; 3 J. Fleming's Aurora; 4 J. Walker's Tippecanoe. Best time, 2 41. 2.40 race—1 J. Hoag's Little Kilton; 2 R. Darling's Maud E.; 3 J. Fitzsimmons's Dan Rice; 4 W. Carter's Lady Marie. Time, 2 41.

COMMERCIAL NEWS.

OFFICE OF THE CANADIAN POST, LINDSAY, July 10, 1890.

Toronto Live Stock Market.

Last week's receipts at the western stock yards were 1,488 cattle, 1,579 sheep and lambs and 992 hogs. Tuesday 46 loads came in, including about 500 sheep and lambs, 300 hogs and 200 calves. The general market was fairly active and steady, the only weakness noticeable being in export cattle. Small stock is now meeting with a more active sale, for though receipts have been large in this line of late, prices are firmer rather than weaker, and there is a ready sale for all that comes in. Cattle, of course, have a tendency towards further weakness. It is argued by some that the demand for beef may be expected to become lessened from now on, owing to the freer arrivals of small stock and the fact that there is always a curtailment of the demand for beef during the hot weather. However, small stock is yet too high to admit of any free consumptive demand, although should it become lower there would be more of it sold locally. This also applies to the sale of beef, however. Undoubtedly lower prices would stimulate the sale. There were buyers present Tuesday from Ottawa and Montreal, but purchases from these places were light. Almost everything was cleared at the close of the market, excepting, perhaps, a few odd lots of inferior stock.

Export cattle and stockers—Although our cables reported a slight advance in the English markets local exporters state that their private advices are no better, and that their shipments are losing money right straight along. Space this week has been taken out of Montreal at 40s uninsured and 45s insured, but it is understood that several outside boats are offering at 35s, and some expect freights to decline even lower than this. In this market there was practically no business doing in export cattle Tuesday, although there was a demand for all the stockers that came in. The supply of stall-fed cattle being almost exhausted there is no really fat grass-fed stock coming in, so that there are no really good export cattle to sell. The business doing is principally in stockers, and these sell at 3½ to 4c per lb. Reports from Glasgow of sales of stockers there are also unfavorable this week, and it is said that some of the counties have shut out Canadian store cattle. Among the sales were:

27 steers,	900 lbs	at $ 0 04	per lb
11 cattle,	970	0 04½	"
6 "	990	35 00	per head
4 "	925	0 04	per lb,
3 "	750	0 03½	"
2 oxen,	1,400	0 04½	"
20 cattle,	800	0 03½	"
14 steers,	850	3 35	per cwt.

Butchers cattle—Any really good stall-fed cattle sell well, but grassers are moving at about Friday's figures. Several loads were bought for Montreal and one for Ottawa, but beyond this there was no outside demand. Stall-fed went at 4½c to 4½c for medium to good, and a couple of choice lots brought $4 80 per cwt. Grassers are mostly in poor condition, and are still quoted low. It will be several weeks yet before they are in good condition, and in the meantime the tendency is towards a lower range of values. They sold Tuesday at 3c to 3½c per lb. Representative sales were:

20 cattle,	1,070 lbs	at $4 30	per cwt
21 "	1,100	44 50	per head
22 "	1,025	35 50	"
10 "	1,020	0 03½	per lb
7 "	1,000	40 00	per head
20 "	980	37 00	"
10 "	1,050	4 80	per cwt.
12 "	925	3 75	"
12 "	1,000	3 75	"
20 "	1,000	41 00	per head
21 "	1,000	39 00	"

Sheep and lambs—Arrivals continue very free, but an increasing demand absorbs all offering, and there is no weakening in prices. The bulk of receipts consist of export sheep, which are now being sent forward freely to the old country. Indeed, since the season opened more sheep have been exported than up to the same time last year. The market on the other side, however, is not in as favorable a condition, and the proceeds are not so good for the future. Shippers here have received advices from their agents in the old country, warning them not to pay more 4c per lb for sheep here, but the condition of the market does not warrant it. However they were selling Tuesday on the market at 4½c to 4½c per lb, and about 350 changed hands at these figures. Some sheep are coming in now that have been contracted for at the higher price, but shippers say they will no longer be able to pay these figures. Some in fact are holding off till values are lower, in order that they may do business on a more profitable basis. There are not many butchers' sheep coming in, and there is but a quiet demand for them at $3 to $3½. One lot of 5 sheep, 120 lbs, sold at $3.25 each, and a small bunch of export sheep, 150 lbs, went at $4 each. Lambs continue in good demand, and are high considering their weights. Good run from $4 50 to $5 each. A bunch of 32 sold at $4.75 each; 20 sold at $4 75 each, and 30 at $4.85 each.

Calves—Are firm and active. A good many are coming in, but there is a demand for all. Good veil from $6 to $8 each, with choice going as high as $11. Inferior are quoted at $3 to $5 each. A lot of 31 calves, 160 lbs, sold at $6 25 each; 9, 150 lbs, sold at $6 25 each, and 1, weighing 170 lbs, sold for $11.

Milk cows and springers—Were both offering freely and sold well. For good stock pretty good prices are being paid, and there is ready sale for all that come in. Values range from $30 to $50 each, according to quality. A lot of 8 milkers and springers sold at $30 each, 2 springers at $32 each, 6 at $38, and 1 at $31 50. Two milkers sold at $33.50 each, and 2 at $45 each.

Hogs—Good light fat are in request at $5 to $5 25 per cwt, and stores will be bought at $4.75 per cwt. A double deck of light fat sold Tuesday at $5.25 per cwt. Other sales were:

103 hogs,	150 lbs	at $5 15	per cwt
4 "	375	5 00	"
8 "	185	5 10	"
35 "	180	5 25	"
2 sows,	280	4 60	"

Victoria and Peterboro Cheese Board.

At the meeting of the cheese board at Peterboro, on Tuesday last, 1,061 boxes of cheese were boarded—3,116 Peterboro section and 945 Victoria. The following Victoria cheese were boarded:

Minden	57	Stanhope	50
Haliburton	50	Dysart	21
Fenelon Falls	134	Reaboro	30
Scotch Line	130	Downeyville	115
Lorneville	50	Cambray	30
Mariposa	75	Kirkfield	100

After considerable bidding Mr. Cook got Norwood and Westwood for 8½c; Mr. Clurton bought Keene, Warminster, Shearer, North Smith, Centre Smith, Cherry Grove, Missisquoi Link, Warsaw and Maple for 8½c; Mr. Wrighton bought Peterboro, Lakefield, Pine Grove and Myrtle for the same figures; Mr. Flavelle bought Fenelon Falls Scotch Line, Downeyville, Cambray and Mariposa for 8½c. His further offer of 8½c for the balance of Victoria was refused. Mr. Cook bought South Dummer for 8½, but Otonabee Union, the only one left of the Peterboro board, would not sell at that price. The unsold factories were given permission to sell off the board.

CARD OF THANKS.

Lindsay, July 10th, 1890.

To the Leader and Officers of Lindsay House Circle No. 24:

GENTLEMEN,—I hereby acknowledge receipt from your Treasurer of check No. 2,159 for the sum of two thousand dollars, ($2 000), the amount payable to me under the beneficiary certificate of one hundred Leaveness Member. I tender to the Leader, for your prompness in paying me this merited amount, and gladly embrace your Order to all who may wish to make some provision for their loved ones at death. Respectfully yours, LYDIA MAGUIRE.—54.

ROYAL CANADIAN INSURANCE COMPANY.

STEAM THRESHERS.

That part of the ROYAL CANADIAN contract referring to Steam Threshers is as follows, viz.: "It is understood and agreed that the assured shall have permission to use any Standard Steam Thresher on his premises." This is all there is about it. No other conditions or restrictions whatever.

The new form of policy, now being issued by the LONDON MUTUAL, has the following alarming conditions, viz.: "No loss occasioned by the use of Steam Threshing Machines will be paid, unless the furnace or firebox is placed at least Two Hundred Feet, or such other distance as may be set forth in permits, hereafter to be issued by this company, from any building or stacks covered by this policy." See any of their policies issued within the last few months.

The ROYAL CANADIAN takes all the Steam Thresher risk. The LONDON MUTUAL takes little or none of that risk, but they take the farmer's money all the same, while imposing conditions which cannot be complied with and which leave the contract open to be made even worse at any future time at the will of the company.

The net surplus of the ROYAL CANADIAN as regards policy holders is over half a million dollars. Its conditions to farmers are unequalled for liberality. It is a very great privilege to have the offer of such security with such conditions. Send me a postal card stating when your insurance in other companies expires.
