Who would have thought it was left for Toronto to produce the greatest the world ever knew, but such is the case. Imperial Cream Tartar Baking Powder is the most wonderful ever invented. It makes the most elegant ever eaten. Sold by grocers.

Grip's Comic Almanac.

The twelfth issue of Grip's Comic Almanac is just out and is fully equal, if not superior, to any of its predecessors in point of humorous illustrations. [illegible] pencil has lost its cunning, and the stories, poems, sketches and funny paragraphs are among the best things of the kind ever issued from the Canadian press. The calendar of remarkable events including the future as well as the past affords much food for laughter. Grip's Almanac will compare favorably with any similar publication on this continent in point of snap, originality, and artistic excellence. It contains 32 pages, and is sold by all dealers for the remarkably low price of 10 cents. It will be sent by the publishers, for one, post paid, to any address on receipt of the price.

Amusement Notes.

Austin & Kinsley's "Old Chums" company made their second appearance Saturday evening last before a large audience, which appeared to enjoy the varied program. Prof. Austin's musical specialties were alone worth the price of admission while Messrs. Patton and Field earned well deserved applause. "Old Chums" should prove a gold mine to the enterprising and gentlemanly managers.

The coming attractions at the opera house will be the Dudley Family Dramatic Co., with twenty-one people in the cast. The band is composed of twenty-two musicians, elegantly uniformed, under the lead ship of Prof. Harry Rogers. The orchestra, under the direction of Miss Grace Swartz, one of the finest lady violin soloists in America), consists of eight solo musicians. The stage performances under the direction of Leslie Goldman, are classic and refined, as a special attention is paid to every detail in costuming, scenery and mechanical effect. The dates are Friday and Saturday, Nov. 28th and 29th. Further particulars will be given next week.

A Hunting Party's Adventure With Wolves.

The Minden Echo says: A very successful hunting party from Lindsay, including Messrs. Johnston Ellis, D. Sinclair, E. Hopkins, Thos. Bailey, R. P. Lapsley, James McLean, John Blackwell, Hiram McLean, John Hawkins and John A. [illegible] passed through Minden homeward bound on Tuesday evening last with a fine load of game, including eight head of deer and a wolf. [illegible] a victim to the deadly aim of Mr. Johnston Ellis, who also shot two others that got away from him into the bush. A Beachwood [illegible] that four wolves attacked the dogs belonging to the party, and after a serious conflict in which a couple of the dogs were badly used up, Mr. Ellis came to the rescue and took part in the melee with a pistol. The hounds, being unable to use his rifle while the battle lasted lest he should shoot the dogs as well as wolves, and dogs were in a promiscuous [illegible] the engagement one of the wolves grabbing at Mr. Ellis' [illegible] of his clothing without succeeding in getting hold of the leg he into the thicket and been shot in the back and disappeared with the [illegible] of his front legs and trailing his body. The game was taken in the neighborhood of Long Lake in the northwestern portion of Anson and Lutop. The party seemed to relish glee over their success.

General Sporting Notes.

Cornell university has added a gun club to its sporting institution.

McLean defeated Stanbury in a sculling race on the Parramatta river, Australia, last Monday.

The Australian cricketers Kempand Stanbury have booked to sail for San Francisco on the 20th instant.

Messrs. Mourbouce & Pepper were offered $5,000 for Maud after she jumped seven feet at Madison Square Garden on Thursday evening last.

Both Alcantra and Nutwood have beaten any other trotting sire that ever lived in the number of 2.30 performers added to their list in a single season.

W. Evans, the amateur champion swimmer of Great Britain, broke the world's record for 200 yards by 7½ seconds. He swam the distance in two minutes 30½ seconds.

Louis Cyr of Montreal, who has been doing the strong man act in England, has returned to America, and offers to give $500 to any athlete who can exactly copy his feats of strength.

C. H. Nelson of Maine says that the stallion King Nelson, will be retired from the turf next year, when that horse and Dictator Chief 2.07¼, will be trained double to beat the trotting record.

Records are like pie-crusts, made to be broken, but unfortunately they are frequently a little longer instead of shorter. The latest to be broken is that of Grey, who claims to have run 15 yards in 14 seconds.

The jury in the case of Frank Slavin and Joe McAuliffe, charged in London, Eng., with having committed a breach of the peace in engaging in a prize fight, disagreed and were discharged. Slavin and McAuliffe were rearrested on bonds.

VANCOUVER, B. C., Oct. 14th, 1890.

T. C. Mutchell, Agent C. P. R., Lindsay, Ont.

DEAR SIR,—I arrived here after a most comfortable and delightful trip, which I enjoyed very much. I was glad my brother-in-law, Mr. St. George, recommended me to come to you for my ticket, because everything turned out just as you said it would, and every one was so kind and attentive, the porter on the train especially. I had to take an upper berth, the car was so well filled, but the porter helped me up to my berth at night and down in the morning. I met some very fine people on the train, and we were a jolly party indeed. I thank you for your kindness and courtesy and hope you may have good luck. I like Vancouver very much. It is a beautiful city and the climate is delightful. I strongly advise anyone coming to the Pacific Coast to come by the C. P. R., a lady has no difficulty in travelling alone, nothing but kindness and attention from everybody.—Yours sincerely,

JAMES O'BRIEN,
Late Cameron P.O., Victoria Co., Ont.

Ontario Off-Hand Rifle Association.

The executive committee of the Ontario Off-Hand Rifle Association have completed arrangements for matches for the season of 1890-91, and some fine sport is anticipated. The association is in a very progressive condition, and it is expected that in the near future it will number among its clubs from end to end of the province, as several clubs have signified their intention of joining. Officers of clubs can obtain copies of constitution and by-laws on application to Mr. J. P. Davison, Unionville, Ontario, who will be glad to give any information required. At points where no rifle club exists it will be well to organize at once, as the first match will take place on December 2nd, when teams of five and seven will compete. Individual members of clubs belonging to the association will be allowed to compete for the challenge cups, valued at $25, besides many other prizes which will be offered at the annual tournament, full particulars of which will be found in the book of by-laws.

Large Cheese Shipment.

On Saturday last the Bobcaygeon and Star cheese factories made heavy shipments of cheese from Lindsay. Mr. W. Thurston, treasurer and salesman for the Bobcaygeon cheese factory, brought to town by the Returns 210 boxes or 14,560 lbs. of October cheese; and Mr. Morgan Jones, treasurer and salesman for the Star factory (Scotch line, Verulam) brought in 196 boxes or 28,616 lbs. of September and October cheese. The latter was brought in by seventeen wagons and made quite a procession. The shipment was consigned to the Imperial Produce Co. of Toronto and London, England, and in value exceeded $3,000. The cheese was shipped at Montreal for the English market. This product for one month of one factory and two months of the other shows the profit and possibilities of this growing industry. The two factories do not take up more than a sixth of Verulam. It is surprising that the number of factories is not much larger in this county. If there were ten times more it would be all the better, and then there would be a local market. There is no danger of over prodigious as the demand is almost limitless. Mr. Thurston and Mr. Jones are are to be congratulated on the results of their excellent management.

Stock Notes.

Mr. Thomas Cosser, lot 16, con. 8, Ops, possesses a fine specimen of the Berkshire breed in Provincial Lad, bred by S. Coxworth, Claremont, Ont.; registered No 1365.

Mr. John Giles of north-half lot 14, con. 10, Mariposa, has a thoroughbred improved Yorkshire White boar which carried off first prize at the Oakwood fall fair this year. No doubt his neighbors will keep this fact in view.

Mr. David Evans of Beaverton has in "Don 256" a fine representative of the popular Yorkshire strain with a "gilt-edge" pedigree. Don 256 will be kept for service on lot 3, con. 4, Thorah. He has also for sale a number of fine young animals of good breeding.

In the last issue of the Chicago Horseman, in answer to a correspondent, we find the following reference to the well-known Canadian sire, Kris Chief: "Kris Chief is given in the Year Book as a son of Rowe's Royal George, and Syndicate, 2 25¼, was got by him. Providing that these be established facts, Kris Chief would be eligible to registration (standard) under rule four." ..... The possibility of registering this animal is thus fully explained, and all that is now required is the attested fact that his breeding is as given, and that he is the sire of Syndicate. The benefits to be derived are far-reaching, as his progeny are scattered throughout the province, and many owners would be benefited by having their stock advanced one point nearer the standard upon his registration becoming an acknowledged fact. We draw attention to this matter with the hope that some interested person will ferret out the matter and, if honestly eligible, give Kris Chief the benefit of "rule 4." ..... There are other well known animals that if traced would be eligible to registration under this same rule. We might mention the old-time sire Green Mountain Morgan by Kihan Allan, sire of Honest Allie with a record better than 2 20 and other performers. Young Toronto Chief, sire of Minnie Moore, also comes in under this rule. No doubt, in the last named case, Mr Edwards of Manilla will see that the necessary proofs are furnished and duly forwarded to J. H. Wallace, 20 Broadway, New York. Now is the time to act.

COMMERCIAL NEWS.

OFFICE OF THE CANADIAN POST, LINDSAY, Nov. 21, 1890.

Business and Produce.

The local grain markets are quiet with small deliveries, partly owing to the bad roads, but mainly to the widespread dissatisfaction of farmers at the present situation. In fact the only way to bring in a rush of grain is for the grain dealers to pay the duty on barley, for instance, and then collect it from the consumer on the other side. One of them might try the experiment and see how it would work, that is, if the American would not pay the duty. The roads are likely to be hard in another week, and then large deliveries and more money may be looked for.

Toronto Live Stock Market.

Last week's receipts at the western cattle market was 3,246 cattle, 964 sheep and lambs, 1,699 hogs. There were 55 loads brought in Tuesday, including 350 hogs and 400 sheep and lambs. Business was a little slow at first, owing to sellers holding back in the hope of bringing up prices, but towards noon selling was fairly brisk and the market was pretty well cleared out. Good fat butchers' cattle brought from 3½c to 3¾c per lb; light stockers, weighing from 650 to 950 lbs, from 3c to 3½c. Light export feeders went at 3½c to 3¾c. There was one sale of 23 steers at 4c per lb that attracted some attention owing to the good condition of the animals. Owing to the close of navigation on the 20th export cattle were sent right through. There may be a few late shipments, but not many. About 2,000 stockers will be wanted for distillery feeding this winter, but these will be bought up any time within the next few weeks. One Toronto firm claim that since May they have sent 30,000 head to the old country, and that since the trade opened with England their total shipments has been 240,000 cattle.

Very little business was done in calves, springers and milkers, and prices were practically unchanged.

Hogs were a little weaker. Mixed lots sold at 3½c to 4c per lb, the demand is fairly good and all descriptions are wanted. Picked lots sell at 4c to 4½c.

Sheep are not selling well, prices varying from $4 to $4 50, and lambs at from $3 75 to $4 25.

Toronto Street Market.

The street market was more active to-day and prices ruled steady. Wheat unchanged, with sales of 200 bushels at 96c to 97c for fall and red winter, 96c to 98c for spring and 70c for goose. Barley 46c ady, 1,000 bushels selling at 46c to 47c. Oats firm, with sales of 600 bushels at 40c to 41c. Peas steady, one load selling at 56c. Hay unchanged, with sales of 25 loads at $17 to $19 a ton and straw quoted at $9 to $10. Dressed hogs firmer at $5 75 to $6 25.—(Globe of Thursday.
