Publish My Letter, The World Over

The Words of Harold P. Bushy, Who Was Permanently Cured of Chronic Lumbago by "Nerviline."

"Three years ago I discovered that a man subject to lumbago might just as well be dead as alive." These words open the sincere, straightforward letter of H. P. Bushy, a well-known man in the plumbing and tinsmithing business in Portland.

"One attack came after another, and lumbago got to be a chronic thing with me. I could scarcely get in a day's work before that knifing, cruel pain would attack my back. I used a gallon of liniments; not one of them seemed penetrating enough to get at the core of the pain. I read in the Montreal Witness about Nerviline, and got five bottles. It is a wonderful medicine—I could feel its soothing pain-relieving action every time it was applied. When I got the disease under control with Nerviline, I built up my strength and fortified my blood by taking Ferrozone at meals. This treatment cured me permanently, and I urge everyone to give up the thick, white, oily liniments they are using, and try an up-to-date, penetrating, pain-destroyer like Nerviline.

"Please publish my letter the world over. I want all to hear of Nerviline."

Don't be cajoled into receiving anything from your dealer but "Nerviline." Large bottles 50c., trial size, 25c. Sold everywhere or The Catarrhozone Co., Kingston, Ont.

One of the very happiest events of this winter was the marriage on Wednesday, March 1st at the home of Mr. and Mrs. Archibald Buie of their daughter, Christena, to Mr. George H. Taylor of Madill's. Rev. W. C. Mercer performed the ceremony in the presence of about fifty relatives.

As Miss Jessie Zeiggle, the bride's cousin, played the Wedding March, the bridal party entered the parlor, the bride looking charming in a dainty dress of white mull. After the ceremony and congratulations the company partook of the wedding feast and spent a pleasant evening in games and music.

Mr. and Mrs. Taylor are two of our most popular young people, and the friends evidenced their esteem for them in the many handsome gifts bestowed. All regret their removal to the West in the near future. Mrs. Taylor will be much missed in the Presbyterian church where she has been a faithful, active worker in the choir Sabbath school and Ladies' Aid. The best wishes of this community go with the happy couple to their Western home.

The Horses Went to Church

Feversham is laughing behind its hand at the escapade of a local farmer who drove into town with a hayrack and a number of eggs recently. A feeling as of something amiss smote him as he entered the village, and people wending their way churchward set his thinkery busy on the problem of whether it was Sunday or not. Entering a house to quench his smouldering suspicions, he was told that it was Sunday sure 'nough.

His team of horses attempted to make the amende honorable by strikeng off at a a spanking pace, without their driver, for the church. Followed by a trail of fractured hen fruit they dashed up to the church shed where they were quited despite a manifest desire to smash several cutters which happened to be in range.

Now, why on earth should those horses run to the church shed instead of the mill or one of the stores? It was surely not from force of habit.
