Postmaster Not Threatened

An item of news has been going through the press lately that Mr. Murat, the postmaster at Mildmay, had suicided because he had been threatened with dismissal. The Postoffice Department gives authority for the following statement of the facts of the case:—"The Mildmay postmaster was in no way threatened and had not been communicated with by this department since the advent of the present Government to power. On the 23rd of December a complaint was received that this postmaster had opened a registered letter, which is a criminal act. The Post-Office Inspector was instructed to investigate the matter at once, and the postmaster admitted his guilt, asking for leniency and mercy. However, the postmaster committed suicide even before the inspector's report reached Ottawa and consequently before the department had occasion to take action." The registered letter opened by the late Postmaster was one addressed by A. W. Weber of Mildmay to Mr. J. J. Donnelly, M. P., at Pinkerton, complaining that the Mildmay Postoffice was not being properly conducted and urging that Mr. Murat be dismissed and Weber himself appointed. An inducment to appoint him, Weber offered Mr. Donnelly $300, part of which was to be paid down and balance after he should get the office. In his reply Mr. Donnelly spurned the offer and intimated that in case there should be a vacancy only fitness for the position and service the party would be considered by him. However, Mr. Murat was was never threatened with dismissal and his rash act was entirely uncalled for.—Bruce Herald.

Dr. Hamilton's Pills Cured

"I think it should be the duty of the schools to teach children how to keep well," writes Miss Nannie E. Naydon, a well-known and highly esteemed resident of Bristol. "Ignorance of the laws of health and the use of improper remedies destroyed my vigor, and led me to the verge of invalidism. I was as a girl ruddy and strong. Nothing seemed to affect me until I was about thirty. Then gas began to form in the stomach. I suffered with bloating and a general failure in strength set in. If I went upstairs my breath hurt. My system was very irregular, and until I grew pretty bad I didn't pay much heed to my condition. Then I got blue, worried all the time, wakened in the night, and couldn't get to sleep again. None of the medicine I took helped me. One day I was reading of a very interesting case like mine cured by Dr. Hamilton's Pills. I took the same treatment. It was just right—didn't physic me to death, but took hold of the weak, sick parts of my system, and set things right. It seems as if Dr. Hamilton's Pills have made me young again, and all my color, spirits, vigor, and health of former days have returned to stay."

Every girl and woman should use Dr. Hamilton's Pills regularly. They help a woman in many ways. Beware of the dealer who asks you to take an inferior pill on which his profit is larger than on Dr. Hamilton's. Sold in yellow boxes, 25c per box, all dealers, or The Catarrhozone, Co., Kingston, Ont.

THREATENED WITH PARALYSIS

BEFORE TREATMENT

Peter E. Summers relates his experience: "I was troubled with Nervous Debility for many years. I lay it to indiscretion and excesses in youth. I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me guessed my secret. Imaginative dreams at night weakened me—my back ached, had pains in the back of my head, hands and feet were cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair loose, memory poor, etc. Numbness in the fingers set in and the doctor told me he feared paralysis. I took all kinds of medicines and tried many first-class physicians, wore an electric belt for three months, but received little benefit. I was induced to consult Drs. Kennedy & Kennedy, though I had lost all faith in doctors. Like a drowning man I commenced the NEW METHOD TREATMENT and it saved my life. The improvement was like magic—I could feel the vigor going through the nerves. I was cured mentally and physically. I have sent them many patients and continue to do so.
