EVERY THURSDAY MORNING

LINDSAY, ONT

OUR EXCHANGES

Adjourned Court of Revision on Tuesday next.

A musical convention was held in Uxbridge last week.

Belleville will be inaugurated as a city on Dominion Day.

Money Saved by buying Dry Goods from Sayer & Bowes for cash.

The price list pamphlet of the Central Exhibition, printed at THE WARDER office is now in the hands of the managing committee.

Fresh Oatmeal C. L. Baker has just received a car load of fresh oatmeal. 1095-3

Yacht The Beaverton "Boo" says:—At the raffle last week, the yacht "Rose of Allendale" was won by a party in Lindsay.

Ready-Made Clothing. A new stock at job prices to arrive this week. Sayer & Bowes 1095

Replenished This week our stock of Millinery, Dress Goods, and Clothing, will be completely replenished for the mid summer trade. Sayer & Bowes 1095

W P P & L R R The grain storehouse and station are almost completed. The walls of the station are all up and the roof on, and in a few days will be ready for the plasterers.

Central Exhibition The Central Exhibition grounds are looking fine; the stables and sheds are all completed, and in about two weeks the exhibition building will be finished.

To Farmers To those who want a Cutter for Christmas C. L. Baker would respectfully intimate that now is the time to get a cheap one, he has received the last car load for the season. Also received two car loads Wood Cutters. 1095-3

Victoria Railway For some days past a gang of men have been at work grading the line of the Victoria Railway through the town, on Victoria Avenue. There will be sufficient room for teams at each side of the track.

Sturgeon Point Hotel The hotel at this beautifully situated and favourite summer resort is temporarily closed. The Company, however, expect to be able in a short time to have it in full running order again.

Early Closing After Dominion day the dry goods stores will close for the remainder of the summer at 6 p.m. We see no reason why all the stores in town should not close early. If people know they have to make their purchases with in a certain time they will do it.

The half yearly examination of the pupils of the 1st grade of our Public School, under the tuition of Mr. Mac Murchy, will be held at the Union School, on Friday afternoon, June 29th, commencing at 2 o'clock. The public are most cordially invited.

Just Received at P. Grant's a choice Stock of Stationery, both Staple and Fancy, including Bill Cap and Letter Paper, Envelopes, etc., from the celebrated Monumental Mills. Envelopes at manufacturers prices. The Patent Rock Chisel, an excellent device for stripping wall paper, for sale. All school books and requisites supplied with them.

A Good Institution Mr. John Hewson has lately put on the streets a very handsome two horse carriage for the convenience of parties wishing an hour drive round the town, as well as for anyone passengers to and from the boat and cars. The hack has already proved to be just what would want and ought to be patronized.

Dangerous The fires which have been burning north of the town lately, were a cause of alarm to residents of that portion of the town. We understand that one man who had taken up the old Chinaman's land at the corporation limits, set fire to the brush, the place, the man, and other property in great danger. On Monday the town authorities put a stop to such work.

Nearly a Fire The residence of Mr. Peter Walters, of Ops, had a narrow escape on Wednesday of last week. A spark from the chimney fell on the roof, which was covered with tar and gravel, and in a moment was in flames. Fortunately it was discovered in time and water was near at hand, or his dwelling would have been destroyed.

Brock Fall Show At a late meeting of the North Brock Agricultural Society it was decided to hold their fall show at Connaught, on the 1st and 2nd of October, provided the above dates do not interfere with the Central Fair to be held in this town. As the Central Fair will be held on the 3rd, 4th, and 5th of October, we presume the Brock Society will change their dates.

St Paul's Church Next Sunday morning Rev. Dr Smithett will deliver the first of a course of special sermons to be delivered from week to week, subject to the object of his discourse. This attribute of God proved from the book of nature. At both morning and evening services collections will be taken up for the relief of the sufferers by the late calamitous fire at St. John, N. B.

Installation Last Monday evening the newly elected officers of King Hiram Lodge, A. F. and A. M., were duly installed by W. Bro Wallace, assisted by Bro Edward Flett, W. M., Bro A. H. Melville, I. P. M., Bro F. Forrows, S. W., Bro F. E. Hendry, J. W., Bro E. McTavish, Sec., Bro. T. F. Mann, Treas., Bro Rev. R. H. Harris, Chaplain.

St Paul's Church Next Sunday morning Rev. Dr Smithett will deliver the first of a course of special sermons to be delivered from week to week, subject to the object of his discourse. This attribute of God proved from the book of nature. At both morning and evening services collections will be taken up for the relief of the sufferers by the late calamitous fire at St. John, N. B.

Indignation Meeting [illegible]

Masonic Last Sunday being the Festival of St John the Baptist, the members of both Masonic lodges proceeded about 3 o'clock in the afternoon to the church, for the purpose of attending Divine Service. The turn out exceeded in numbers those on similar occasions in former years. The very able and appropriate discourse delivered on the occasion by the Rev. Dr Smithett and listened to by a very large congregation, will be found in another column.

Cost of Street Watering We notice by the Cobourg report, although the water limits have been greatly increased, that it will only cost the town of Peterboro' $480 this year. This includes $1.40 for the new watering cart built in Lindsay. The amount is divided in Lindsay $1.40 for cart, $140 for water in the city, and $140 for water supply. The latter of the "Powers" must be in error, and the above figure leaves no chance to howl.

Horticultural Show The Lindsay Horticultural Society will hold their flower show, strawberry festival, and promenade concert, at the Town Hall, on Thursday, the 5th of July next. The hall will be open from 3 to 10 p.m. Afternoon and from 7 30 to 10 in the evening. The ladies of St Paul's church will provide refreshments. Prince band will furnish music in the evening. Admission 10 cents.

Militia Orders The "Official Gazette" of Saturday, contains the following Militia orders. The attention of officers commanding Military Districts, Battalions, and all concerned, is called to the Queen's Regulations for the army, sec 6, par 11, viz "Officers non commissioned officers and soldiers are forbidden to institute, or take part in, any meetings, demonstrations, or processions, for party or political purposes, in barracks, quarters, camp, or elsewhere." Firing parties for funerals will, without special authority, only be detailed for funerals which are strictly military.

Get a Newspaper Whenever you want to go out of the city and do not know the hours when the trains leave, you get a newspaper and look at the time table; whenever you do not know the hour church begins, you get a newspaper and look at its advertising columns for the hour; whenever you want to know the price of gold, stocks, the condition of the grain, money, cattle, and other markets, you get a newspaper to obtain the information. And so it is with the current news of the day. If you want to be informed, you should read the newspapers. And herein lies the profit and success of those who advertise. There is no item of business that is not benefitted by advertising.

Police Court (Before Mr. T. W. Paget, P. M. Friday, 22nd June.) Thos. Dyke was charged by Acting Chief Bell with fighting in street. Dismissed with costs. Thos. H. McPhail was charged with assaulting Joseph Gardiner, a policeman. The complaint was withdrawn, the complainant, who was called defendant to be bound over to appear at the Sessions next September. Ann Osborne, Thos. Ingram, John Pollard and Mary Parkins were charged with being drunk and disorderly in the house of Anthony Kinnson the 14th inst. Pleaded not guilty. Not being able to find evidence to convict them they were discharged. Saturday, 23rd June. Thos. Wilson was charged by Isaac W. Rea with trespassing on his premises without consent. Adjourned from 9th inst. Fined $1 and costs. Thos. Dyke, 20th inst. Wm. Graham was charged with using insulting language toward Thos. Nasson in the Dominion Hotel. Case dismissed, complainant paying costs. Patrick Hutton was charged with being drunk and disorderly on the 19th at the house of Anthony Kings. Evidence in this case was the same as given in the case of Osborne et al on the same day. The magistrate, after considering the evidence, dismissed the prisoner.

Adjourned Court of Revision on Tuesday next.

A pic-nic party from Oakwood, accompanied by the Little Britain brass band, passed through this town yesterday.

Theatrical.— The Wallace-Villa Combination will not return to Lindsay on Dominion Day as previously announced.

Teachers Examination.— We inadvertently stated last week that there were no first-class candidates in this County. We should have stated that there are two from this County—one male and one female. They will both write in Toronto.

Base Ball.— On Monday last a return match was played between the Mutuals and Actives. Owing to the decisions of the umpire, who is said to know nothing about the game, play ceased on the 5th innings. At the close the Actives were ahead.

Agricultural.— On Saturday next there will be a meeting of the directors and members of the South Riding Agricultural Society, for the purpose of authorising the President to deed the land in the south of the town to the Whitby, Port Perry and Lindsay Railway Company. A full meeting is particularly requested.

Extension of Water Works.— A petition praying the Council to make a yearly extension of the water works has been widely circulated and numerously signed during the past week. The idea is a good one, as, in the course of a few years, the whole town would be completely protected from the ravages of fire; an end that would not be met by procuring more hose. The rates for insurance would also be greatly diminished.

St. Paul's Church Pic-Nic—About 100 persons joined the excursion party, on Tuesday last, to Kinmount from Lindsay and Fenelon Falls. A very pleasant time was spent and seemed to be enjoyed by all. Owing to the scarcity of cars seats were at a premium. The train returned shortly after nine o'clock in the evening. It is thought that about $10 will be realised over and above expenses, which amount will be for the benefit of the Parochial Aid Society. The children of the Sunday School went free.

S. R. Agricultural Society. A meeting of the directors of the South Riding Agricultural Society was held in the Town Hall, on Saturday last. Present: J. Connelly, President; Messrs. T. Thompson, W. L. Russell, P. N. Murdoch, A. Robertson, J. Deacon. Absent: G. Brown, J. A. Mann, A. McQuade, D. Scully, A. Wallace and J. Ray. Moved by J. Deacon, seconded by P. N. Murdoch, that the President and Treasurer be authorized to borrow from one of the banks or other institutions, a loan not exceeding $1,000 in anticipation of the payment of subscriptions and contributions. Carried.

Snowdon Iron Mine Last Thursday afternoon at the invitation of Jas. Rose, Esq., Manager of the Victoria Railway, a large party consisting of a number of our leading citizens besides some south men from the States and Toronto, paid a visit to the iron mine at Snowdon. Professor Chapman, of the Toronto University, one of the party, as well as the Americans seemed very favorably impressed with the appearance and apparent richness of the mine. The party returned to town on Friday evidently well pleased with their trip. Their inability to procure beds and having to sleep on a hay mow adding greatly to its novelty.

Bobcaygeon Fire As yet there is nothing certain as to the origin of the late fire in Bobcaygeon. While some say it was the work of an incendiary, others contend that it was caused by a spark from a passing steamboat. Preparations are in progress for rebuilding, and it is confidently expected that the village will be as good if not a better place than it was before the late fire.

Miscellaneous— Dog poisoning commenced. Whooping cough is prevalent here.— The "Murphy wave" at Omemee is "potato bug." It is proposed to sink a "test well" below the bridge in August. W. H. English's ice cream saloon has commenced the summer campaign.— Mrs. Bradburn has laid out a very pretty croquet lawn in connection with her gardens.

Accident.— A horse belonging to Mr. Jas. Smith, of the 7th con., blind of one eye, took fright at some boys fishing on Cowan's bridge, and bolted towards the blind side and fell into the river drawing with him the buggy and the occupants, Mr. and Mrs. Smith, whose presence of mind saved them from a watery death. The horse swam up stream and across to the shore, leaving the rig behind in the channel.

Result of Curiosity.— The curiosity of a commercial traveller of the Toronto "get up" led him on Thursday last to one side to take a look down Clarke's well when at 20 feet depth, leaning forward he took hold of the windlass rope, which giving way, he lost his balance, and clinging to the rope was unwound to the bottom the momentum driving the head of one of the workmen six inches into the muddy side with an oath. The fellow was hauled up none the worse but for the dirt and the loss of his eye glass.

Improvements. Mr. W. Beatty is improving the front of his store.— Mr. Stephenson is gravelling King street and is doing a most substantial job. Omemee is getting up to the times. Along the roads, north, south, east and west, already may be seen handsome black and blue signs for business houses with the words "best" cheapest, cash, &c. Call.— Mr. W. S. Cottingham is improving his dwelling houses on Mary street enlarging, repairing and repainting. The tenement will be convenient and comfortable.— The Bowman House is to undergo further repairs. The interior renovations and alterations thus far give the house an air of comfort generally.

LITTLE BRITAIN.

Correspondence of THE WARDER.

Farewell Sermon — Rev. T. Dunlop, Methodist minister, preached his farewell sermon here on Sabbath, he being removed to Prince Albert at the last Conference.

Sabbath School Anniversary. The annual anniversary of the B. C. Church Sabbath School was held on Monday, and was well attended, and addresses were delivered by several ministers and others interested in the Sabbath School movement. The proceeds, which were no doubt considerable, are for the benefit of the school fund.

Base Ball.— The base ball club of this place played a match with the Uxbridge club, at that village, on Saturday, 23rd inst., and were defeated, the game standing 16 and 11. In justice to the Little Britain club it should be stated that they were short of some two or three of their best men, that they expected would have played when the match was decided on, and to make matters worse, one of their men took ill shortly after getting there, and although he played had to get another man to run for him. On the whole, however, to be defeated by the Uxbridge boys, is no drawback, as they are, I understand, a splendid club. The return match is to be played here on Saturday, 14th July.

The case of money stolen from the paymaster's room of the Grand Trunk railway offices, Montreal, on Friday, was $35,000, not $50,000, as at first reported. It appears that Mr. Faulkner, as was his custom, had during the forenoon drawn out the above mentioned sum from the Bank of Montreal for the purpose of paying the employees of the Company in the afternoon. He had refused to carry the money in a small hand-bag, and having thrown it into his room, after his table he locked the door and went to luncheon. He was only absent some twenty minutes, but on his return found the door open, the room ransacked, and the money gone. The thief must have watched the opportunity and have entered the room during the absence of Mr. Faulkner, and have carried away the money in the same manner as he had seen Mr. Faulkner do. The fellow was hauled up none the worse but for the dirt and the loss of his eye glass.

Improvements. Mr. W. Beatty is improving the front of his store.— Mr. Stephenson is gravelling King street and is doing a most substantial job. Omemee is getting up to the times. Along the roads, north, south, east and west, already may be seen handsome black and blue signs for business houses with the words "best" cheapest, cash, &c. Call.— Mr. W. S. Cottingham is improving his dwelling houses on Mary street enlarging, repairing and repainting. The tenement will be convenient and comfortable.— The Bowman House is to undergo further repairs. The interior renovations and alterations thus far give the house an air of comfort generally.

The thief must have watched the opportunity and have entered the room during the absence of Mr. Faulkner, and have carried away the money in the same manner as he had seen Mr. Faulkner do. The fellow was hauled up none the worse but for the dirt and the loss of his eye glass.

In addition to this, there are some twenty other engravings of fashions. There are also colored patterns of butterflies and flowers for applique embroidery, besides a dozen or more other patterns in crochet, embroidery, &c., for the work-table. Mrs. Hooper begins a powerful novelet, "Blue-Beard's Closet;" Mrs. Stephens continues her "Dependent Cousin," a story which is alone worth the subscription price; and in addition, Frank Lee Benedict, and the author of "The Second Life" having thrilling tales: while all the rest are far above those usually found in periodicals. "Peterson," in fact, is celebrated for its stories. This is, undoubtedly the cheapest and best of lady's books; and it combines more attractions than any other. A new volume begins with this number affording an excellent opportunity to subscribe. Price, two dollars a year, with great reductions to clubs, and premiums to persons getting up clubs. Specimens sent, gratis, to those wishing to get up clubs. Address Chas. J. Peterson, 306 Chestnut Street Philadelphia.

DISTRICT NEWS.

OMEMEE.

Correspondence of THE WARDER.

Grist Mills.—Under the Messrs. Cameron the grist and flouring mills are regaining their former good reputation for gristing among the farmers.

The Crops.—The crops in the opinion of all promise well thus far. The complaint is insufficiency of rain.

Well Sinking.— Clark has sunk a well opposite his hotel, which will prove a great public convenience.

12th of July.—The Orangemen of the District of Emily will celebrate their anniversary at Omemee. Parade at 10 dine at 12— and speak at 2 p.m.

Concert.— The Orange Young Britons will give a concert on the evening of the 12th. An excellent programme is being got up.

Horse Killed.—A valuable horse belonging to Mr. Wm. Trotter was accidentally killed on Monday afternoon near the gravel pit, Dancey's hill, by the pole of a descending waggon loaded striking him in the breast and severing the jugular vein.

School Examinations.—The High School entrance examinations takes place on Tuesday and Wednesday next, the 3rd and 4th of July, commencing at 9 a. m. Candidates from a distance can make application on Tuesday.

Bazaar.— It is understood that the Ladies' Aid Society will hold their annual bazaar and strawberry and ice cream festival on Thursday, 12th July. A profitable and most pleasant time may be expected in the interests of a good work. All are cordially invited.

Personal.— Mrs. Black, of Rochester, is visiting her friends in town.— The Rev. Messrs. Godfrey and McIntyre leave for their new fields of labor this week. The former is transferred to Dunham, the latter to Brampton. They are to be succeeded by Rev. Mr. Chapman as Superintendent, and Rev. Mr. McCamus as Associate.

New Buildings.— Mr. J. J. English is rebuilding on the late Mr. Ivory's old site. The main structure and engine room are already up and in the course of a few weeks will be planted the full complement of machinery of the most improved description requisite for turning out first-class work in planing, shingle sawing and general wood work. Mr. English's enterprise will prove a boon to the village.

Pic-Nics.— The season for pic-nics has arrived, and on this Thursday afternoon will be enjoyed one of the largest and happiest occasions of the season. The gathering will consist of all the Sunday Schools of the Methodist congregation of the Circuit with their parents and friends. The preparations are sumptuous and extensive.

Miscellaneous.— Whooping cough is prevalent here.— The "Murphy wave" at Omemee is "potato bug." It is proposed to sink a "test well" below the bridge in August. W. H. English's ice cream saloon has commenced the summer campaign.— Mrs. Bradburn has laid out a very pretty croquet lawn in connection with her gardens.

Accident.— A horse belonging to Mr. Jas. Smith, of the 7th con., blind of one eye, took fright at some boys fishing on Cowan's bridge, and bolted towards the blind side and fell into the river drawing with him the buggy and the occupants, Mr. and Mrs. Smith, whose presence of mind saved them from a watery death. The horse swam up stream and across to the shore, leaving the rig behind in the channel.

The fellow was hauled up none the worse but for the dirt and the loss of his eye glass.

DOMINION DAY

CELEBRATION IN LINDSAY

It is now several years since a Dominion Day celebration took place in this town, and the energy displayed on this occasion, by the town Council and citizens will make the demonstration of Monday next a grand success in every particular. In the morning, at 10 o'clocks a large procession will be formed at the drill shed which will proceed through the principal streets of the town, headed by the excellent band of the 45th Batt. The procession will include a Costume Carnival on Horseback. The carnival promises to be one of the largest and grandest sights ever witnessed in this part of the Dominion, and already nearly all the horses in town, and many in the country, have been engaged by those who intend taking part in it. All gentlemen in town having horses of their own will no doubt join in the parade as their expenses will be trifling. As to the costumes which will be worn on the occasion we can only say they will be much the same as those usually represented at skating and ball carnivals, with slight variations. There will be a keen competition for the best equipment in character and most ridiculous representation, not only for the honor, but also for the handsome prizes offered by the committee of management. Apart from the carnival, in the rear of the procession will be several ludicrous representations never before witnessed. During the forenoon visitors will have an opportunity of witnessing our water works in operation at several points along Kent street. A base ball tournament will take place on the cricket ground, for valuable prizes. Several clubs have been entered, and lively ball tossing may be expected. At one o'clock the fireman will turn out, after which the attention of the multitude will be directed to the agricultural grounds, at the drill shed where the games and athletic sports will be entered into. A splendid programme has been arranged and suitable prizes will be awarded to the successful competitors. In the evening there will be a grand torchlight procession and display of fireworks. The Committee have worked hard during the past week, and are determined that their efforts will be crowned with success. The different railway companies and steamboat proprietors have signified their intention of conveying passengers to Lindsay on that day at almost nominal rates.

CATHOLIC PIC NIC

The concregation of St. Mary's Church have made all the necessary arrangements for the holding of a monster pic nic in Hutton's Grove, immediately west of the Catholic Cemetery. An excellent programme has been provided by the committee of management, which includes, dancing, games, athletic sports, swings, foot ball, &c. It is expected there will be a large gathering from the town and all parts of the county. A base ball match will be played on the Pic-nic ground, between the Wide Awakes, of Lindsay and the Fenelon Falls club. Excellent music has been engaged.

LITERARY NOTICES.

Peterson's Magazine for July is on our table, ahead as usual of all others. The principal steel engraving, "Cherry Ripe," after Mower, Von Bremen, is one of the most beautiful we have ever seen, even in our magazine. Other features are equally attractive, and the number as a whole is a very good one. Terms, $2 a year, or two copies for $3. Address, Chas. J. Peterson, 306 Chestnut Street, Philadelphia.

MANITOBA.

From the Free Press, June 16.

Salmon in Red River.—The Fargo "Times" says that Messrs. R. O. Sweeney and Wm. Colcher, two of the Fish Commissioners of Manitoba, deposited about 1,600 young salmon in the Red River at Moorhead, Minn., that being the last of a lot of 15,000 with which they left St. Paul. The Commissioners stocked nearly all the lakes and rivers on the line of the N. P. R. R., putting 2,500 in Detroit Lake, which they consider peculiarly well adapted to the growth of salmon. The young fish seemed to take kindly to the Red River, and the Commissioners predict they will do well. We hope it is not the intention to supersede the old reliable catfish.

The Fargo paper gives an account of the trial on Red River of a little steamboat built by Mr. DeCamp of Moorehead The boat is 21 feet in length and 6 feet in width, and is driven by a propeller wheel 22 inches in diameter. The boiler is 4 feet in length, built of the very best iron and is calculated to withstand a pressure of 200 lbs to the square inch. The cylinder is 3½ x 5 inches, and everything about the engine and boiler is as complete as could be made. The little steamer will run at the rate of twelve miles per hour. The cost of the boat and engine was about $500.

"Murder Will Out."—At the time of the fire at Swayze's hotel a quantity of clothing, and bedding, towels, etc., was stolen. The matter was kept quiet, and up to Wednesday no clue was obtained of the whereabouts of the stolen things. However, that afternoon there was a spat amongst the people who populate McDermott's Flats, one of the results of which was that one of them peached on her companions. The police searched the house of one Matilda Ward at night when some of the missing things were recovered, and Mary Jane Bremner, who was stated to have them in her possession, Mary Trottier, and Tom Taylor, alias Nattawa alias The-chap-wot-eat-Frank-Richie's dog, were arrested, the latter being the one from whom it was alleged the goods were purchased. The three Graces were commited for trial. Other goods stolen at the time of the fire have yet to be recovered.

From Fort Walsh.—Ex-Sub-constable McLean, of the Montreal Police, has arrived in the city from Fort Walsh, which place he left on the 31 st of May. He came with twenty-three others down the Missouri River to Bismarck, thence by the Northern Pacific to Fargo, where he left his comrades, who proceeded to eastern Canada, and came to Winnipeg. The party was composed of time-expired and invalid members of the force. From Mr. McLean we learn that the American Indians are quiet in the vicinity of Fort Walsh, with the exception of a little scrimmage between the Assiniboines and the Crows, arising out of shooting each others' dogs, about which complaint was made to the police. Major Walsh sent out ten men, who captured fifteen Indians, and brought them to the Fort, where they were confined three days, and some of them fined. Sitting Bull is reported by our informant to be camped on the White Mud River between Fort Walsh and the Wood Mountains, with 550 lodges, and has with him Custer's outfit of waggons, trappings, etc. A few of his braves came to the Fort on the 30th, previous to which date Major Walsh had interviewed him, and, Mr. McLean understood, the big Injun had stated that he had had enough war, wanted no more of it, but only wished for peace.

BIRTH.

At Prince Albert Settlement, North West Territories, on the 23rd May, the wife of the Lordship the Bishop of Saskatchewan, of a son.

MARRIED.

On the 27th inst., by the Rev. Dr Smithett, at the residence of the bride's mother, Township of Ops, Mr. William Clute, of Toronto, to Miss Agnes Brock, of Ops.
