VOL. XXI. No. 3 LINDSAY, ONT., THURSDAY, JULY 12, 1877. WHOLE No. 1060

LAKEFIELD.

From the News.

M. R. C. S.—We are pleased to learn that our old friend, Dr. Fraser, formerly of this village, has passed a very creditable examination at St. Thomas Hospital, London, England, and has been admitted a member of the Royal College of Surgeons.

PERSONAL.—Messrs. T. Bassett, W. and Frank McKay, D. S. Weir, R. Reid, Samuel Burden, Esq., Reeve of Bowmanville; and John Milne, all of Bowmanville, were having a good time up the lake before last week. On Friday Messrs. Burden, Milne and Weir dropped into our sanctum in company with Mr. C. R. D. Booth of this village, and expressed themselves as being delighted with the scenery, &c., up the lake. We were further pleased to learn from Mr. Burden that, although for years a stiff Reformer, he has seen the folly of his ways, and like David of yore, repented in his old age. He now declares most emphatically that he is forever done with the "party of purity," but as his antipathy towards the Conservatives is too great to allow him to vote with them he declares himself an Independent and defines his politics thusly: "Myself first; my native town (Bowmanville) second; and my country, third."

BEAVERTON.

From the Bee

HEALTHY.—We understand from the medical men of Beaverton that the past month has been unusually healthy, and, from their depressed and woe-begone countenances, we should judge it must be so. Poor fellows, they long for the unripe fruit, so that they can dose the little ones with their nauseous drugs.

DRINKING.—There have been several cases of pretty heavy drinking in the village during the past few weeks, and we cannot help thinking, if a few of these roughs, who make night hideous with their howling, shrieking and blasphemy, were deposited in the lock-up for a night or two, they would be less likely to indulge so freely in their bibulistic tendencies. A word to the wise is sufficient.

SMOKING.—We understand some of the young ladies of Beaverton propose establishing an "Anti-Tobacco Association" and to bind themselves by the most solemn vows, never to press a gentleman's finger, squeeze his toes with their pretty feet under the table, or on any consideration permit his lips to ever closely approach theirs, if the hideous youth useth the vile weed in any way, shape or form. The married men are now the lucky ones, as they needn't mind, but we pity the lads, who strut about with big cigars, and meerschaum pipes. Give them up, boys, not the girls, but the pipes and cigars, unless you want to come under the ban of the "Beaverton Young Ladies' Anti-Tobacco Association."

PORT HOPE.

From the Times.

RUNAWAY AND ACCIDENT.—On Monday afternoon last while R. C. Smith, Esq., was driving over the railway crossing on Augusta street, near the Baptist Church his horse took fright at an approaching train, and ran away, throwing Mr. Smith forcibly out of the buggy south of the viaduct. Although considerably hurt, fortunately his injuries are not so bad as at first anticipated, and he is progressing favorably.

SAILING ACCIDENT.—On Sunday morning last, while six young lads went out in a punt with a sail, a squall struck them, and the boat was upset. They clung on to the frail craft until succor arrived, and received only a wetting. It is well that the accident was no worse. Some time ago we drew the attention of the Council to this question of boating on Sunday, which has been quite prevalent of late, and suggested that, if possible, an ordinance be passed prohibiting such in future but no action was taken thereon. We trust some member of the Council will take hold of the matter, and bring in a by-law prohibiting the sailing or rowing of boats in the harbor on Sunday.

BURGLARY.—One night last week the house of Mr. J. A. Smith of "J. A. Smith & Sons) was entered by burglars who gained admission by placing a ladder to one of the rear windows, and extracted the cash box, containing over a hundred dollars in cash, and several valuable papers. There has been no trace of the robbers found.

BELLEVILLE.

From the Intelligencer

OBITUARY.—We regret to announce the death of Mr. Edward Sherwood, Registrar of the County of Carleton, father of Mr. E. Sherwood, of J. Glass & Co., and brother of Hon. Geo. Sherwood, Judge of the County of Hastings.

UPPER CANADA COLLEGE.—Mr. A. D. Ponton, of Belleville, has won the highest honors at Upper Canada College having taken the Lieut.-Governor's prize as head boy in the College. Mr. Ponton secured also first prize for general proficiency in the sixth form.

BANK CHANGES.—We understand that Mr. James Young has resigned the Agency of the Consolidated Bank in Belleville and that Mr. Wm. Hamilton has been appointed in his place. During the management of Mr. Young the Royal Canadian Bank Agency has done a large and successful business, and to Mr. Young this success is no doubt largely owing; and he leaves the position as active Manager of the Bank with not only the good will and confidence of the Bank officers, but with the best wishes of a large circle of friends and acquaintances for his future prosperity. In his official relations with business men he has, by good tact and honorable management, secured their confidence, and as a citizen he has won the esteem and respect of a large number of friends. It is gratifying to know that his services will not be lost to the Bank or the community, as he has been retained as a Local Director of the Consolidated Bank.

PETERBORO.

From the Examiner

NICHOLLS & HALL vs. PETERBORO.—We understand that this case has been decided against the town. The costs will be something nice. Quite a pass about nothing (a cipher). Who should foot the bill?

BUSH FIRES.—During the past week several parties sustained considerable loss in the way of having their property burned in the southern suburbs of the town, by bush fires. The residents were busily engaged in keeping back any further advance on their property.

POPULAR.—Horse-back riding is becoming popular with both sexes in this town just at the present time, and almost every evening numbers can be seen passing through the streets.

CUT THE WEEDS.—On the country roads, in some districts, dry brush, burs, thistles, etc., are removed when cut, while in others they are allowed to accumulate or increase from year to year at their pleasure. The latter method gives strangers a suspicion of slovenly or careless management on the part of the farmers adjoining. As the law makes the destruction of noxious weeds a part of their duties, we think that the path masters should be fined wherever these disgraceful evidences of neglect are observed prominent.

From the Review.

WELL DONE.—A draft for $124 was forwarded on Friday, 29th ult., by Mr. McNeil, to the Mayor of St. John, in aid of the sufferers of that city, being the amount realized at the concert in aid of that fund, which was held in Bradburn's Hall, on the 27th ult.

and found a bright light shining through the bedroom window, and on getting up to ascertain its cause discovered the building in a blaze; any effort to stop the progress of the flames was useless.

DISTRICT NEWS.

WHITBY.

From the Chronicle.

DUNKIN BILL IN DURHAM AND NORTHUMBERLAND.—The Dunkin Bill is to be submitted on the 25th July next in the united counties of Durham and Northumberland. Both sides are working hard. From the contradictory reports furnished it is impossible to form an opinion as to how the vote will stand. The towns of Port Hope and Cobourg are not included in the counties.

WANTON MISCHIEF.—Some boys, with more than ordinary inclination to wanton mischief, cut and hacked one of the new cars received by the Whitby and Port Perry Railway Company last week. Their names have been ascertained, and they certainly deserve the severest punishment that can be inflicted upon them, not only in the way of damages, but for an offence at once so discreditable and inexcusable.

COBOURG.

From the Star.

NEW BATH HOUSE COMPLETED.—The bath house which Messrs. White and Hand have been engaged in erecting on the lake shore is now completed, and those who want a good bath will find it furnished with everything to be found in a first-class bath house.

THE "ARLINGTON."—The first hop for the season was held on Saturday evening, the 30th June, and was largely attended. A large number of Americans have already arrived, to spend the summer months at this well-conducted hotel. A good man is at the head of affairs, which speaks well for its present management.

FIRE.—About one o'clock on Tuesday morning, the feed mill, the barns, sheds, &c., of Mr. Scarf, about three miles east of this town, were totally destroyed by fire. It appears that Mr. Scarf awoke

Consumption Cured! Again physician, retired from active practice, having had placed in his hands by an East Indian missionary the formula of a vegetable remedy, for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, and all throat and lung affections, also a positive and radical cure for Nervous Debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive, and a desire to relieve human misery, I will send a copy of the prescription, free of charge, to all who desire it, in German, French or English, with full directions for preparing and successfully treating for themselves. Parties wishing the prescription will please address, Rev. E. A. Wilson, Williamsburgh, Kings Co., New York.
