NOTES BOUGHT, money lent on notes. Greenbacks exchanged. Mortgages negotiated. O. BIGELOW. 1077-tf.

DON'T fail to see the elegant Majolica China and Glassware at Keighley's; they are certainly the cheapest goods ever offered.

THE municipal canvas is being conducted quietly but surely and each is doing his best to ingratiate himself into the good opinion of every man who has a vote.

ON Saturday evening before Christmas Mr. R. Sylvester presented each of his married men with a turkey for Christmas and each of the unmarried men with a can of oysters.

SEPERATE SCHOOL NOMINATIONS.—Mr. H. O'Leary for north ward; Mr. S. O'Connor for the south, and Mr. J. W. Diament for the east. The nominations took place Wednesday.

MR. T. FEE, of the Homewood Farm, yesterday delivered in one load to the paper mill three tons of straw, and if that is beaten he proposes teaming four tons as a record.

A SUGGESTION.—A correspondent writes us asking if the Lindsay merchants would not go in for some fancy lights and various illuminations in front of their stores the night the gas works start by way of celebrating the event.

A DESPERATE AFFAIR.—A wager was made one day this week between John Deacon better known as "Hell Fire Jack" and a certain Kent St. sport, about cock fighting, the sport claiming that his bird could not be beat. Jack put up a stake of ten dollars that he could produce a bird that would beat him. Arrangements were accordingly made and the fight took place in a cellar. Jack's bird sports in the name of Pink-eye. We have not found out the name of the other bird. At the appointed time the owners of the birds with a few of their particular friends met and proceeded to the cellar. There they found all ready for the desperate conflict, which was about to take place. The birds were brought to the place in covered boxes. At a signal from the referee the lights were turned down low, which left the place in complete darkness. Then the covers were taken off the boxes and the birds were put on the floor. Then the lights were turned up, and to the astonishment of all a cloud of feathers flew in the air for about two minutes, and when they got settled down all that was visible on the floor was Jack's bird and a pile of some owl feathers. Jack's bird was an owl.

A HAPPY new year to all our readers and many of them.

CHRISTMAS passed off quietly here, the whole day being given up to holiday making and good cheer.

A MEETING of the town council took place last evening to wind up the year's business. Besides passing accounts little remained to be done.

THE Dunsford correspondence as well as a letter from an occasional correspondent from the same place is unavoidably held over till next issue.

THE display of Christmas beef by our butchers was very good and fully up to former years, especially the display of Messrs. Bartlett and O'Halloran.

NEAT.—The dining room walls of the Jewett house are very tastefully decorated and the various mottoes displayed neatness and taste of design.

THE Georgia Minstrels are to appear here Monday, the 1st Jan. They are a good show or Mr. Hobbs would not bring them through. Those who desire some fun on that night should not fail to attend.

MERCHANTS in every line did a fine trade during Friday and Saturday. Some of the grocery stores were so crowded during the whole of Saturday afternoon that it was almost impossible to get in or out of the door.

A large number of Lindsay people attended the funeral yesterday in Peterboro.

THE LINDSAY TEMPERANCE ASSOCIATION.—A meeting of the Lindsay Temperance Association was held last Friday evening for the purpose of formally organizing this association. Hamilton's hall was nicely filled with an audience whose sympathies were strongly in favor of the temperance cause. Rev. Mr. Jones filled the chair, and Mr. Steele acted as secretary. The constitution drafted at the two previous meetings was submitted for approval, and adopted after some slight amendments were made. The pledges were then submitted to the meeting and signed by thirty-five in all. The following officers were then elected for the year 1883:—President, L Maguire; 1st vice-president, Judge Dean; 2nd vice-president, J. B. Dundas, M. P.; 3rd vice-president, P. S. Martin; secretary, A. C. Steele; finance committee, J. W. Wallace and J. H. Knight; room committee, Dr. DeGenest, J. Britton and J. Lynces; entertainment committee, J. Bruce Smith; publication committee, Dr. Burrows, Walter Darling and J. B. McNeillie. Rev. Mr. Jones then left the chair, and the president-elect, Mr. L. Maguire, took his place, and the association was at once an accomplished fact. As the hour was late the president said he would make no opening address that evening. It was then moved by Mr. Darling, seconded by Dr. Burrows, and carried, "That this association do now invite the clergymen of the town to at once form similar associations in their respective churches to work in harmony with this." Some other resolutions were also passed, after which the meeting was dismissed by Rev. Mr. Jones pronouncing the benediction. The next public meeting of the association will be held in Hamilton's hall on Tuesday evening, Jan. 2nd, 1883, when fourth and fifth vice-presidents, treasurer, and ten members of different committees will be elected. Mr. J. Bruce Smith has charge of the programme, and consequently a good time may be expected. It is intended to secure a large [illegible] meetings in order [illegible] may find room.

OYSTERS by the plate or in bulk at Mrs. B. F. Jewett's.—30-tf.

ALL the favorite brands of tobaccos sold cheap by J. Duck.—35-

SEVERAL of the church edifices have been very tastefully decorated with evergreens and appropriate mottoes and look very beautiful.

SEVERAL old and once familiar faces were seen on our streets on Christmas, many of them having come long journeys to be at home over the holidays.

33⅓ OF DISCOUNT.—Call early and get the full benefit of a rare bargain of the entire stock of samples of a leading wholesale dry goods house at the above discount. R. Smyth.

LIQUEFIED GAS AND ELECTRICITY.—Two of the safest and most perfect destroyers of pain known for extracting teeth lately introduced in Lindsay by Mr. Gross, dentist, and used at his office with unparalleled success.

SCHOOL NOMINATIONS.—The nomination of school trustees, Wednesday was as follows: East Ward, Mr. Geo. Crandell and Mr. P. J. Pilkie; south, Mr. J. A. Barron, re-elected; north, Mr. Alex. Wray.

RACING ON THE STREETS.—The police should put a stop to the practice of racing on the public streets. It is a dangerous practice and should not be tolerated.

LIVERY.—The streets presented a lively appearance Saturday afternoon. The number of vehicles out was large, while pedestrians were very numerous. The stores appeared to be doing a rushing business.

SIGNS OF THE TIMES.—When you see men, women and children rushing to the fur department of R. Smyth's great dry goods, millinery and clothing house, know ye that the assortment is large and the prices low. D. C. Trew, manager.

THE weather, which has been exceptionally mild during the past week, is beginning again to feel like old times, and the fears expressed that the sleighing would disappear have now been dispelled. In fact the thaw will rather improve the sleighing than otherwise.

WEEK OF PRAYER.—The week of prayer will be observed in town by union services as follows:—Monday evening, Jan. 8th, in Baptist church; Tuesday, Jan. 9th, in B. C. church; Thursday, Jan. 11th, in Presbyterian church; Friday, Jan. 12th, Methodist church. Service each evening to commence at 7:30. The Moody and Sankey hymn books are used, and parties having such will please bring them.

THE PAPER MILL.—The Lindsay paper mill started to make paper at the beginning of the week and is now in full operation. It is quite a sight to see the huge machinery working, some slowly and as quietly as possible, while other parts are working away at a lively rate. Not much straw board, which is the only manufacture they will at present work on, has been turned out as yet, but the make is pronounced to be first-class. The amount of straw that is used up daily is very large and although they have now several very long stacks it will be used up in a short time.

UPSET.—A rather strange accident happened to the Jewett house bus on Wednesday morning as it drew up to the hotel. The snow had been cleaned off the sidewalk and was piled up in the gutter, making quite a high ridge and very solid. The sleigh came up on it rather swiftly but sideways, when the ridge of snow turned the whole concern clean over and the occupants lay sprawling in all directions. One passenger, from Peterboro, was somewhat severely injured about the shoulder, and others received various bruises, but fortunately no bones were broken. Would it not be as well when cleaning the snow off the sidewalks if the snow was thrown further into the road and levelled down so as to guard against accidents of this kind in the future?

A MEETING of the directors of the South Victoria Agricultural Society was held in the council chamber, Lindsay, on Saturday, 23rd Dec., 1882. Members present: John Connelly, pres.; N. P. Murdoch, Dennis Scully, Wm. McBurney, J. W. Reid. Absent: A. McQuade, Thomas Ray, C. Reeder, P. S. Martin, M. Thornbiir, J. Berry and J. Deacon. Moved by J. W. Reid, seconded by Wm. McBurney, that Jas. Deacon, Esq., be noinated as our representative to the bureau of agricultural and arts for the fifth division.—Carried. Moved by D. Scully, seconded by P. N. Murdoch, that the treasurer be and is hereby authorized to pay the prizes on foals as returned by judges, and not to pay the first prize on grade cows as protested against as the society finds she was shown under misrepresentation.—Carried.

GOING AHEAD.—Mr. R. Sylvester has just received at his agricultural works here a shipment of 50 tons of bar iron direct from Glasgow, and 10 tons from Montreal to be used in the manufacture of all kinds of farm implements for next season, on which the works are now actively engaged. This institution has met with steady and increasing success since its opening here last summer and the rapid increase in the business is continually requiring more hands to keep up with the work. Up to lately they have been engaged on ploughs, etc., for the fall and winter work, but now the manufacturing will be severe, mowers, hay rakes, etc., and which will fully test the capacity of the works so great is the demand for the Sylvester manufactures. This [illegible] for the Lindsay public to see, we [illegible] not more manufactures here with the energetic firm of Mr. Sylvester.
