A SUCCESSFUL RESULT.—Mr. Bloomer, of Hamilton, Ont., suffered for many years with a painful running sore upon one of his legs, which baffled all attempts to heal until he used Burdock Blood Bitters, which speedily worked a perfect cure.

A most strange and serious catalogue of losses has recently befallen Mr. Jas. Currie and his son of the 11th line, Euphrasia. On the 25th of May Mr. Currie lost a mare and colt, next day his son lost a mare and two colts, and the next day a mare and two colts and the next day his dearest and best friend on earth, the sharer of his joys and sorrows, his wife.—*Thornbury Standard.*

Years of experience and successful trial have proved McGregor & Parke's Carbolic Cerate the most complete and satisfactory compound for healing Old Sores, Festerings, Ulcers, Cuts, Wounds, Burns, Frost Bites or Felons, and for keeping out the cold and to cleanse or prevent proud flesh, sloughing or decay. Insist on having McGregor & Parke's Carbolic Cerate, sold at 25c. by Wm. Richardson.

Capt. Griffis, (Texas Joe) of the benevolent bible army of Jesus, who was married to Miss R. J. Rooney, also of the army, on Tuesday last, has a curious history. His mother was killed by the Indians and himself taken prisoner when a mere child. He was brought up and lived among them until about seven years ago, and the story of his life is a romantic one. We wish him and his fair bride a happy wedded life.—*Dufferin Post.*

To gain the public confidence is essential to business success, and it can only be gained by a steady course of faithful dealing with them. It is by this course that Messrs. Tuckett & Son have secured the great success of their "Myrtle Navy" tobacco. This confidence is not only a source of business to the firm, but also a source of economy which the consumers get the benefit of. The merchant never loses a moment of time in examining the quality of the tobacco. The name fixes the quality as absolutely as the mint stamp fixes the value of the guinea. It is not even necessary for the commercial traveller's trunk to be burdened with a sample of "Myrtle Navy," all his customers know what it is, and know in an instant when it has been supplied. There is no room for any dispute about it. No waste of time or postage in writing complaints about it. These may look like trifles to the uninitiated, but they save money, and enable merchants to perform the work of distribution at the smallest possible cost. They are part of the reasons why the finest quality of tobacco grown can be sold at so cheap a price.

—The ADVANCE is the best local and family paper in Grey. Balance of year or 60 cents.

**McGregor & Parke,**
of Hamilton, Ont., are the manufacturers of the greatest healing and purifying compound known for Sores, Burns, Cuts, Scalds, Salt Rheum, Frost Bites, etc. It is called McGregor & Parke's Carbolic Cerate. Be sure and get the genuine McGregor & Parke's Carbolic Cerate sold by Wm. Richardson at 25c. a box.

## CHASED ACROSS A CREEK.

*BIG BEAR COMES INTO COLLISSION WITH THE POLICE.*

WINNIPEG, June 7.—Lieut.-Gov. Aikens has received a message from Gen. Middleton's camp, near Fort Pitt, dated June 2, to the effect that Rev. Mr. and Mrs. Quinney, Mr. Cameron and two-halfbreeds, who have been prisoners with Big Bear, through the assistance of friendly Indians escaped, and were now in Gen. Strange's camp, twelve miles from Fort Pitt. Mr. Quinney states that none of the women have suffered any indignities. Gen. Strange says that Big Bear's band has broken apart, virtually into two parties, and he has still the McLean families and several other prisoners. The general is going to follow both trails with all his mounted men, and hopes to catch Big Bear yet.

Mr. Cameron, one of the prisoners rescued, gives the names of the Frog lake murderers. He says the Wood Crees saved the prisoners' lives, the Plain Crees wanting to kill them. He states that Mrs. Delaney and Mrs. Gowanlock have been well treated. All the prisoners were comparatively well treated, and no indignities were offered them.

FORT PITT, June 4.—Captain Steel with seventy mounted scouts and police had an engagement with Big Bear at Two Lakes, fifty miles southeast of here, yesterday. He came upon the Indians as they were striking camp and immediately attacked them. Finding their front too strong he executed a clever flank movement, taking the Indians in the rear and driving them in disorder across a creek, where he was unable to follow on account of his small force. The Indians numbered fully 250. He saw no signs of the prisoners during the fight.

Capt. Steel sent an interpreter to McKee with a flag of truce. He advanced but was fired on. He got near enough to be heard and called out to Big Bear in Indian, who replied indistinctly. McKee said, "If you will deliver our people we will cease firing." The Indian replied, "We intend to clean you out."

Capt. Steell's loss was three wounded, Sergt.-Major Furry in the breast, Bill West, a scout, in the knee, and J. Fisher in the forearm.

FEVER colic, unnatural appetite, fretfulness, weakness, and convulsions, are some of the effects of Worms in Children; destroy the worms with Dr. Low's Worm Syrup.

### "SCHOOL MATTERS."

The Beaver Valley *Times* had a lengthy article last week, in reply to our remarks under the above heading in our issue of the 21st May; but as it does not meet our remarks squarely, and as we have already expressed our sentiments fully and clearly in this connection, a reply is unnecessary. We might add that the word "analyze" is spelled correctly in our article of the 21st ult., and *incorrectly* spelled in the *Times* article of the 4th inst. Perhaps the *Times* man borrowed Inspector Grier's dictionary: hence the assurance with which he accuses us of bad spelling.

THE HECTIC FLUSH, pale hollow cheeks and precarious appetite, indicate worms. Freeman's Worm Powders will quickly and effectually remove them.

**Catarrh—A New Treatment.**
Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissue, Mr. Dixon at once adapted his cure to their extermination—this accomplished, he claims the Catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure Catarrh in this manner, and no other treatment has ever cured Catarrh. The application of the remedy is simple, and can be done at home, and the present season of the year is the most favourable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. H. A. Dixon & Son, 305 King street west, Toronto, Canada, and enclose stamp for their treatise on Catarrh.—Montreal Star, Nov. 17, 1882.
