Factory at Stanstead, P. Q. Northrop & Lyman, Toronto, general agents for Ontario.

SOMERVILLE.

COUNCIL PROCEEDINGS.—The council met the 30th of April, 1883, pursuant to adjournment; the members all present and the reeve in the chair. The minutes of last meeting were read and passed. The account of W. H. Robertson, proprietor of the Peterborough Times, for printing, and the application of Frederick Train, of Kinmount, for the office of township treasurer, were laid before the council. Moved by Mr. Rumney, seconded by Mr. Perdue, that this council, having heard Mr. Wm. Wilson as regards expenditure incurred in caring for and maintaining one George Reid, an indigent person, resolves that this council grant to Mr. Wilson the sum of eight dollars for care and maintainence of the said George Reid.—Carried. Moved by Mr. Graham, seconded by Mr. Suddaby, that the collector be allowed the following abatements from the roll of 1882: Thos. Baker, jr., part of north part of south half of lot 1, con. 13, $3.14; George Coulter, north half 1, con. 3, $; Daniel Fitzpatrick, north half 14, con. 3, $26 77; John Gardiner, south half 10, con. 12, $2.14, Robert Wallace, lot 15, con. 6, $9 44; Mary McKay, west Elizabeth street, 7 and 8, Coboconk, $16 08; Jas. Pudsey, west part of reserved acre, front range 39, $37.95; Wm. Richardson, Water street, lot 11, Coboconk, $7.19; Richard Windrim, north half 18, con. 8, paid by county treasurer, $23.80; abatements on statute labor, $13; total; $139.73.—Carried. Moved by Mr. Rumney, seconded by Mr. Perdue, that Mr. Henry Perdue be authorized to have the pond on the line between lots 21 and 22, near Coboconk, repaired as soon as possible, and that Mr. Samuel Suddaby be authorized to arrange for repairing the bridge at Kettle's mill, damaged by floods, and also the bridges across Union creek, near T. English's; and that Mr. Henry Graham be instructed to have the bridge on Kinmount road, near Watson's repaired.—Carried. Moved by Mr. Suddaby, seconded by Mr. Perdue, that the following accounts against the municipality be paid:—Wm. H. Robertson, for printing, $7.50; R. Frost, M. D., attending on G. Reid, $4; W. Mitchell, order overpaid statute labor, $3; Henry Doughty, salary as collector for 1882, $60, and extra for services performed $5.—Carried. Moved by Mr. Suddaby, seconded by Mr. Perdue, that by-law No. 236, a by-law to relieve the township treasurer of his duties and define the date for delivering up all corporation property in his possession, be now read and finally passed.—Carried. Moved by Mr. Graham, seconded by Mr. Rumney, that by-law No. 235, a by-law to appoint for the year 1883 the pathmasters, fence viewers and poundkeepers in the township of Somerville be now read and passed.—Carried. Moved by Mr. Graham, seconded by Mr. Rumney, that the county treasurer be instructed to charge the township of Somerville the following sums from the non-resident funds: Part of south half of lot 1, con. 13, $2.14; north half of lot 12, con. 12, $3.42.—Carried. Moved by Mr. Suddaby, seconded by Mr. Perdue, that the council do now adjourn to meet on the fourth day of June next as a court of revision.—Carried.

Fifty-four thousand church members have petitioned the General Assembly of the Free church of Scotland to withhold sanction to the introduction of instrumental music as part of the church service.

A Dilapidated Cabinet.

(Hamilton Spectator.)

The Hon. S. C. Wood has formally retired from Mr. Mowat's Cabinet. For nearly three months he has acted as treasurer without having a seat in the Legislature, without intending to have one, and while attending to private business. Before the elections Mr. Mowat knew that Mr. Wood intended to go into private life, and the proper course for him to take was to let him go at once and appoint his successor. But he seems to have dangled the office before the eyes of several members as he did that of the Minister of Education, and at the best he will disappoint several aspirants, and put a constituency to the trouble and expense of a second election. Mr. Crooks has gone to Europe on six months' leave of absence, and the intention to shelve and put Mr. Harcourt in his place has apparently been abandoned. There are whispers that Mr. Mowat dare not give the place to Harcourt for fear of Mr. Gibson's resentment, and he dare not give it to Mr. Gibson, because he knows that gentleman cannot be re-elected.

Mr. Mowat is in a somewhat forlorn condition. Two of his best officers are off duty, and he does not know which way to turn for men to fill their places. Competent men like Mr. Gibson hold their seats by the frailest possible tenure, and ante-election promises rise up in the most aggravating way to complicate the situation.

Then the seats of nearly half his supporters are protested. He cannot tell till these cases have passed the courts what the prospect of losses will be, but in the nature of things he must face the probability of losing some. His organs are protesting vehemently that independent members like Messrs. Neelon and Gillies are good Reformers. So they are—they have always been Reformers, but they are not Mowatites; and the St. Catharines News, itself Reform, intimates that Mr. Neelon could be induced to vote against Mr. Mowat on the National Policy, even if it were to take the shape of want of confidence or an amendment to the address.

The public will watch with some curiosity for Mr. Mowat's proceedings—whether he will give cabinet offices to men whom he has promised at the risk of losing their seats; to other men whom he has promised at the risk of offending Mr. Gibson and others; or whether he will try to get along till the Legislature meets with his Cabinet in its present crippled condition.

Midland District Notes.

A building in Millbrook, occupied by Mr. W. Irwin, and owned by Mr. Jas. Collins, of Port Hope, was destroyed by fire on Tuesday. Owing to the high wind prevailing at the time, a serious conflagration threatened the village.

On Monday afternoon a little son of John Woon, Oshawa, while returning home from school, was drowned in the creek at the back of the high school there. He took a short cut across the fields, and as he was crossing the creek on a slipperly log fell in.

Mrs. Hill, a former resident of Brighton, brought an action against the corporation for $1,000 damages by her falling in a hole in the sidewalk. The case was tried last week before Justice Armour at the Belleville assizes. Though the judge's charge was in favor of the corporation, the jury brought in a verdict of $450 in favor of Mrs. Hill.

Orillia is much agitated over the fact that an idiot asylum stands at the entrance of the town from the lake. Some time ago the Ontario Government fitted up a large and vacant hotel for the purpose of accommodating the rapidly increasing number of idiots contained in the various gaols in the Province. It is probable that a large addition will be made to the existing asylum during the summer.

Monday Mr. M. Neils, of Prince Albert, lost the two middle fingers of his right hand, by accidentally allowing them to come in contact with a circular saw while at work in Messrs. W. J. Trounce & Co's. saw mill. He was in the act of reaching over the saw to remove a piece of slab, which was in the way of its working, when the action of the saw drew his hand near enough to do the injury referred to.

Mr. C. T. Young, of Beaverton, is erecting a large extension to his woollen mill. He also intends putting in a lot of new machinery, which is now on the way. These additions will add very largely to the capacity of the mill, and it is also expected to its trade. Beaverton has now two first-class woollen mills, and with the grist mill fitted with its new machinery, the village industries should form the nucleus of a prosperous town.

Two enterprising townsmen of Woodville, H. & W. Cameron, cousins, purchased a ranche of over three thousand acres of what was looked upon as a barren plain in the township of Carden, and fit for nothing but the bears and deer to roam over. They built a house on it and engaged Mr. John Holland as ranchero, who is the right man in the right place, as he knows every hole and corner in Carden, even to where the deer and bears hide themselves. They purchased a lot of steers a year ago and sent them out and took them back in the fall rolling fat. As they found the experiment a success they have purchased a larger lot this year and have sent out already a drove of one hundred head. They intend to go out every second or third day with a drove till they have them all enclosed in their new pasture. May their expectations be fully realized this year as well as last year. They are also taking other cattle for pasture at four dollars a head for the season. Some of our boys who are not allowed to stay home to "drive ducks to water" are quite willing to assist the Camerons to drive cattle to Carden.

Mr. A. P. Macdonald's quarry, on Pigeon lake shore, has a business like appearance at present. The site is exactly at the spring well known to boating men, on the north west shore. The spring is being carefully ditched, and will not be in any way damaged for use. The work is now in charge of Mr. Gardner, a gentleman of large experience in such work, having been engaged for some years on the Lachine canal. He has about forty men employed, who have already prepared some thousand yards of massive masonry. The stone is a lime formation of a quality that will make a magnificent piece of work, but is rather hard to cut, on account of the quality of flint that is mixed through it. Some of the blocks, the hollow quoins particularly, display skilful workmanship. Two teams of horses are employed, and two blacksmiths are kept busy. During the week, Mr. Macdonald has opened another quarry, further down the shore, on the top of a cliff that stands perpendicularly some fifty feet in height. At this point Mr. Macdonald expects to obtain larger blocks with less flint. The operation will be continued all summer, and this development of one of our greatest resources will add materially to the prosperity of the neighborhood.

A commercial traveller named George March, of the firm of Amos, Holder & Co., Montreal, was found dead in his bed on Saturday at the Queen's hotel, Millbrook. He had been ailing for some days, but was not considered seriously ill. Death is supposed to have been caused by excessive flatulant distension of the stomach pressing on an enfeebled heart. No inquest was considered necessary.

Those who were fortunate enough to stroll down to the harbor of Port Hope on Sunday afternoon had an opportunity of witnessing a rare sight, Nicholson's Island, which is forty miles east of us, could be distinctly seen. The trees growing on it were quite plain to view. Scotch Bonnet light house, a few miles distant from Nicholson's Island, loomed up as though but two or three leagues away.

A seven-year old Port Hope boy was taken last Friday out to his grandfather's, who lives about a mile and a half south of Millbrook, on a visit. On Tuesday last while his grandpa was absent at Millbrook, the young citizen, who had become homesick, concluded to walk to Port Hope. He found his way to the railway near the Summit and inquired the way to Port Hope. He then "struck for home," and reached it in the evening, completely played out. The section men had given the youngster something to eat on the way. He had walked at least sixteen miles. Pretty good for a seven-year old boy.

On Wednesday morning a fire broke out in the north end of the driving-shed of the premises formerly known as J. Raper's hotel, opposite Sargent's factory, Millbrook, and lately occubied by Mr. W. Irwin, tinsmith, whose place of business is directly opposite. So rapidly did the flames progress, owing to the heavy wind from the north, that the inmates barely escaped with their lives. Mr. Irwin was not at home. Mrs. Irwin, with a little boy and a six months' infant in her arms, escaped in their night dresses, and had to borrow clothes to put on next morning. Their servant, in rescuing some of her things, got her face and hair scorched. Mostly everything was burned. In the stable a valuable horse, harness, rigs, etc, were all burned. The surplus stock, stored in one of the small shops at the south end of the building also was lost. Mr. Irwin was not insured. The building belonged to Mr James Collins, of Port Hope, and was insured

Mr. Wm. H Clemence, of Cobourg, described as an old sailor, has lost a sum of $1,500, the savings of a lifetime and his whole fortune, under circumstances of peculiar hardship, which were learned on Friday last at Osgoode hall. About two years ago he advanced this sum to a man named Menhenitt, a Cobourg storekeeper, upon the security of a chattel mortgage of the borrower's stock in-trade. All went well, and Mr. Clemence was thoroughly satisfied with his security till a loan co. obtained judgment against Menhenitt for a large sum—$12,000 or thereabouts—and the sheriff seized the goods, which were mortgaged to Clemence. On the latter endeavoring to prove his claim upon the goods by virtue of his chattel mortgage, he discovered that the mortgage, though registered in the proper office lacked what was essential to make it good as against Menhenitt's creditors, viz.: affidavits of execution and good faith. The astute conveyancer (an unlicensed one) had drawn the mortgage in duplicate, and had the affidavits sworn and attached to one copy of the mortgage, and filed the other copy with the county court clerk, who apparently did not notice the omission. The unfortunate victim of this mistake has been obliged to abandon his claim on the goods which will be entirely swallowed up by the execution of the loan company.

News of the Week.

A report finds credence that an infernal machine was recently placed aboard a steamer carrying a large number of emigrants just before leaving Liverpool for New York. The machine was discovered by the steward, and the contents thrown overboard.

Latest despatches from the scene of the lamentable tragedy in Grey county state that the prisoner displays an utter indifference concerning the terrible crime, and asked for some one to shoot him to save him from the gallows. He claims that his relatives will prove that the shooting was done at the request of his victim.

Thirty years ago an orphan lad named Demers, 9 years old, who had been under the care of an uncle, a hotel-keeper, in Montreal, suddenly disappeared. A week ago a man of middle age went to Durand House and told the uncle that he was the missing boy. He said that while returning from a store to which he had been sent he was kidnapped by an American planter from Tennessee, who took him South and made him work with his slaves until the war broke out, when he joined the Confederate Army and made the full campaign. Since the war ended, he says he has been acting as trader in the South. The uncle, who is old, wealthy and has no family, believes the story.

A report comes from Loughboro', near Kingston, to the effect that a young man named Delaney, who recently got married, disappeared on the evening of the 30th of April. His wife woke up early in the morning and found him gone; a window was open and it is supposed he went through it. Thinking that he might have committed suicide in Sydenham lake, a search was made in its waters, but without success. Sydenham village was also searched, but the missing man could not be found. He is a stout muscular man, having a prepossessing appearance. One of his eyes was slightly disfigured, and he wore a slight auburn moustache.

The present week has been a prolific one for fires. Through the carelessness of a smoker, nearly the whole of the town of Qu'Appelle, in the North-west was destroyed, the loss amounting to $88,400, and not a dollar of insurance. Among the places ournt were the station and immigrant sheds, and a large quantity of settlers' effects were destroyed. This is a serious loss. At Harrodsburg, Ky., a large fire occurred on the same day, May 14th, which destroyed twenty-four buildings, besides a new church. Loss $45,000. The same night a fire occurred at Bracebridge, which, although the loss of property was trifling, was a sad one, as a woman and child were victims to the devouring element. A fire broke out in the house of a Mr. Pawson. Upon discovering it, the mother rushed upstairs, where two children were sleeping, a girl aged 13 years, and a boy aged 11. The daughter was aroused and escaped, but when the mother went to awake the boy, her retreat was cut off by the smoke and flames, and both were consumed.

Hotel Cards.

BENSON HOUSE,
The only first-class house in town, Kent street, Lindsay. Charges moderate. E. BENSON, Proprietor.

SIMPSON HOUSE,
Corner Colborne and Francis street east, Fenelon Falls. All modern improvements. Bus to and from all trains and steamboats. W. H. SIMPSON, proprietor.—1343.

Dentistry.

W. H. GROSS
The oldest Dentist in the County. Over 21 years Dental experience. About 3,000 sets of teeth made during that time. Mr. Gross's insertion of ARTIFICIAL TEETH is bringing the mirror up to nature; they are life-like in appearance, and perfect in eating and speaking. All kinds of plates made, ranging in price from $9 to $65 for a full Upper or Under Set. The reputation of his English Black Rubber Plates is established. Those who value excellence and purity, particularly in an article to be worn in the mouth, will have nothing but Black Rubber. It is free from mercury or anything injurious and makes a more durable plate than any of the rubber compounds. One or more of Mr. Gross's English Black Rubber Plates may be found in almost every neighborhood within 30 miles of Lindsay, and all giving the greatest satisfaction. Red Rubber Plates made for those who prefer them. Teeth extracted without a particle of pain by use of ELECTRICITY. Sufferers are daily relieved without pain or risk, and voluntarily offer to testify in its favor. Mr. Gross experimented for months with a view of regulating the Electric current to suit the different temperaments. He was the first in Lindsay to introduce it, and is the only one in the place using it successfully. A great many certificates in favor of this great destroyer of pain have been taken. No extra charge for its use. Pure Gas is kept, but, as it is considered unsafe and injurious to health (accidents from its use being of frequent occurrence), it will be given only to parties who insist upon having it, and who are physically sound. Natural teeth preserved by filling with gold and other reliable materials. Fillings guaranteed for Five Years. A call upon Mr. Gross will consume but little time, and cost you nothing. Many have expressed deep regret for having got a set of teeth, a tooth filled or extracted, without first calling on GROSS, over Kennedy's store, Kent street., Lindsay.—1319.

J. NEELANDS. The oldest established dental practice in the County of Victoria, and the most successful in the Midland district. He has now a stock of about 8,000 teeth, perhaps one of the largest held by any regular practicing dentist in the country, and many of these of the most celebrated makers, such as Ash & Sons, London, Eng., S S. White & Juste, Philadelphia. The advantages to persons getting teeth are apparent as they have a splendid opportunity of being able to get teeth of all sizes and shades of colors to suit all complexions and thus avoid detection. Mr. Neeland's success in this respect has been such that in several cases persons have been married for years before even the husband or wife were aware that either had false teeth. A large stock of the best English and American Black, Red, Pink and White Rubbers for plates on hand. Mr. Neelands will insert teeth on any color advised—would prefer putting on black as the plates of that color are more easily finished and polished. Many have a strong prejudice against the black on account of the color. In fact Mr. Neelands has had a number of black plates that have been exchanged forred. An upper or under set from $10 to $60. GAS.—Mr. Neelands has had almost unparalled success with it in Canada and has no objection to being called a disciple of Dr. Colton. He has used it uninterruptedly for nearly 16 years, and given it to thousands of persons with the most perfect satisfaction. One gentleman, a physician, has taken it at different periods some seven or eight times to get teeth out, and always speaks in its favor. Mr. Neelands knows numbers of persons who have been ill for years and have had their health restored after taking gas and getting their diseased teeth out. Mr. Neelands made a special study of this gas under Dr. Colton, of New York, the inventor of gas for extracting teeth without pain, who has given it up to April 29th, 1882, to 128,161, without an accident. Liquid Gas was introduced by Mr. Neelands in March, 1882. Electricity also used—was introduced by him 16 years ago. All other operations connected with the teeth skilfully performed. A book on teeth sent to any address free of charge. Call and see his thousands of beautiful teeth. Office—next door to R. Smyth's store. Private residence—Mill street, near Kent. Persons from a distance will please send postal card a day or two before coming.
Lindsay, November 2nd

Miscellaneous.

WISE people are always on the lookout for chances to increase their earnings, and in time become wealthy; those who do not improve their opportunities remain in poverty. We offer a great chance to make money. We want many men, women, boys and girls to work for us right in their own localities. Any one can do the work properly from the first start. The business will pay more than ten times ordinary wages. Expensive outfit furnished free. No one who engages fails to make money rapidly. You can devote your whole time to the work, or only your spare moments. Full information and all that is needed sent free. Address STINSON & Co., Portland, Maine.
