Rev. Newman Hall is universally known in England as the author of the tract "Come to Jesus." Some time ago, it is related, he wrote a reply to some of his critics, and, having a good deal of "the old man Adam" in his natural make-up, used some pretty stinging language therein. Before publishing it he read it to his friend, the late Dr. Binney, and then said: "Now Doctor, I'm going to print it in tract form, and I want you to suggest a name for it." "Well," said the other, "while you were reading some of those hard hits at your enemies, it occurred to me that you ought to call it 'Go to the Devil,' by the author of 'Come to Jesus.' Mr. Hall saw the point, and didn't publish the tract at all.

THERE is no end of law mixed up in the county affairs, and it all adds to the taxes, but we shall get through it all right in time. A good many are of the opinion, however that it is time all this law business and squabbling was put an end to and the different municipalities tried to pull together. All that is accomplished by the fuss and fighting is to make expense and increase the taxes.

HALIBURTON.

Correspondence of The Warder.

ELECTION AFFAIRS.—Times are getting pretty lively now in respect to election affairs. It is the general opinion that a new council will be elected all through. At a meeting of the electors held at the Haliburton house on the 13th inst., it was unanimously agreed that a new reeve as well as councillors was wanted, and the following gentlemen were elected as candidates for the offices, namely: James Dover, Esq., reeve, and Messrs. Robert McKelvy, McEavers, Dutton and Moon councillors. The meeting was attended by the most influential citizens and electors generally.

WATCH MAKER.—We are pleased to record the arrival of Mr. Dewjug, who has been here for a few months each year for some time past, repairing clocks, watches and sewing machines. This will supply a want greatly felt here, as we were obliged to send our watches, etc., to Lindsay or some other place to have them repaired. We are informed Mr. Dewing is better prepared than ever before to do the work, and intends to remain all winter, and perhaps longer. Bowen's boarding house is the place to find him.

SOCIAL.—A social is to be given in the town hall on Jan. 3, in connection with the church of England Sabbath school and temperance society. As nearly all the members of the dramatic company are connected with this affair something pretty good is expected.

JOYS.—Sleighing good now. Lots of Xmas toys at Curry & Crawford's drug store. Dr. Spilsbury and some of the merchants have good assortments. Business is getting much better now.

THE Kingston Presbytery met here Monday evening, Rev. David Mitchell, moderator, presiding. A missionary meeting was held which Rev. R. H. Warden addressed. He said $2,300 would be required of Kingston Presbytery for augmentation of ministers' stipends. The claims of superannuation, French evangelization, college assembly funds and foreign missions were set forth. This evening the Presbytery is considering the question of whether Rev. Dr. Gallagher, minister of the church, was guilty of a a breach of discipline in marrying a man to his deceased wife's sister.

HIGHWAY ROBBERY.—One night shortly after 9 o'clock Alex. Patterson, treasurer of No. 3 fire company, left his house on Foster avenue with $900 in his pocket. The money was the annual grant of the corporation, which was to be distributed to the men. On reaching the corner of Dundas street and Foster avenue a man who stood there struck him on the forehead with a club or a slung-shot, knocking him down. His assailant at once threw himself on Patterson, whose pockets he rifled but did not get the money, which was in an inside vest pocket. Patterson partially recovered his senses and raised an outcry, when the would-be robber ran off. The wound is a bad one, and was sewed up by a doctor. It is said that Patterson knows who his assailant was.

THE BAY.—The bay was frozen over on Friday night, but the ferry was running on Saturday.

A COLOURED man who gave his name as George Foster, was arrested Monday night on the charge of stealing a whip the property of James Smith, of Tyendinaga. In his possession were found two saws, two pick locks, a pair of false whiskers, a box containing about $6 in coppers and a quantity of ribbons, braid, knives, thread and other articles which are usually found in the stock of a country store. There is little doubt that Foster is the thief who burglarized a store at Harrowsmith on Saturday night and stole a horse there. The horse which he drove was not that stolen from Harrowsmith, but he traded that one for the one he has now got while passing through the Indian reserve in Tyendinaga next day. The prisoner was brought before the police magistrate and elected to be tried summarily. He was remanded for a week.

THERE is an interesting sequel to the arrest of Frank Yates and Mary Belch at Union station, Toronto, Monday night. The pair was taken into custody on the strength of a telegram from Belleville, charging the man with larceny. They were remanded in the police court, pending the arrival of an officer from Belleville. The case is an elopement. Yates is, or was up till last Monday, foreman weaver in a woollen factory at Belleville. He has a wife and four children. Mary Belch operated a loom in the room over which Yates was foreman. The two were thus daily brought into contact with each other. In the course of time Yates began to regard the girl with feelings that were not compatible with his position as a husband and father. While weaving his woollens he at the same time began to spin a web in which to entwine the affections of Miss Belch. There is nothing handsome or clever about the weaver. He is a small, almost diminutive man, of dark complexion and apparently about 33 years of age. But he wove his web skilfully and with much persistency, and at last his victim was caught in its meshes. Latterly the two were frequently seen together at the Salvation army meetings, where Yates professed to see the error of his ways and determined to lead a better life. But this profession of religion proved only a cover under which he plotted his wicked scheme. Miss Belch did not go to work Monday afternoon. Yates quit the factory at 4 o'clock, ostensibly for the purpose of buying wood. By pre-arrangement the couple subsequently met and proceeded to the depot, where they boarded the western express. The girl's flight was not discovered by her family till 8 o'clock at night. They are highly respectable and keenly felt the disgrace that their erring one had cast upon them. Mr. Belch reported the case to chief McKinnon, who on enquiry learned that Yates had laid himself open to the charge of larceny, goods belonging to the factory in which he worked being found in his house. The chief at once telegraphed to the authorities at Toronto. Yates will probably be prosecuted for larceny. There is no charge against the girl. She is of comely appearance and about 22 years of age.

Messrs. Churchill & Co., gents,—I have been afflicted with Salt Rheum for the past three years, and have been treated by some of the best doctors in Eastern Ontario without any lasting benefit. I was recommended by Mr. C. J. Lindsay, of Kars, to try your Fountain of Health. After using five bottles of the Fountain and two bottles of your Climax Salve, I believe I am perfectly cured. My general health is also much improved, and I now feel like a new man.

OUR Canadian Silk Industry Is prosperous. The great difficulty to be contended with is the low grade of goods required. In nothing is this more apparent than in the comparatively small article of sewing silk. The great demand in Canada seems to be for a cheap quality, buyers forgetting that a cheap thread must necessarily be a fine and consequently a weak one. Messrs. Belding, Paul & Co. make three grades of spool silk; of these different qualities the poorest one has by far the largest sale, at the same time they constantly hear of complaints of poor sewing silk. If ladies will take the trouble to ask for Belding, Paul & Co's own brand, *and see that their name is on the end of each spool*, they will be sure of getting the best made.

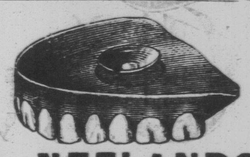
The oldest dentist in Victoria county. Over 23 years' experience; from June, 1860, to December, 1883.

For any kind of Dental Work that will stand the test of time call at GROSS' DENTAL ROOMS, Lindsay.

ENGLISH BLACK RUBBER PLATES have no superior in the world for durability, cleanliness, purity, perfect adaptation to the mouth and comfort to the wearer. Hundreds of people who could not use any other kind of plate are wearing them with the greatest satisfaction. Mr. Gross is the only dentist in Lindsay who uses the genuine English Black Rubber. The inferior American black variety is well calculated to deceive, and the public are cautioned to be on the look out for it. Also for that mammoth humbug called "Gold Alloy." No sensible man or woman who reads the papers will allow themselves to become victims of this glaring fraud. Mr. Gross makes a specialty of the preparation of plates for lower jaws, wasted by shrinkage or absorption. He made last week for parties in Manvers two perfect fitting sets of lower teeth, given up by another Lindsay dentist, after repeated trials with his "new process." ABOUT 10,000 ARTIFICIAL TEETH to select from; most likely the largest, and certainly the best selected, stock of teeth ever brought to Lindsay. The natural teeth permanently filled and saved. Gold fillings inserted by the Electro-Magnetic Mallet, a new thing in Lindsay. Fillings guaranteed for FIVE YEARS. A FULL UPPER OR UNDER SET OF TEETH FROM $5 TO $35. Liquified Gas and Electricity successfully used. Gross' Dental Catechism, containing valuable information on the subject of teeth. Call and get one free. Remember the place,—over Kennedy's store, Kent street, Lindsay.



J. NEELANDS,
DENTIST.
OVER 20 YEARS' EXPERIENCE.

The above is now using the Gold Alloy Plates for Artificial Teeth with great success. People are delighted with it. Nothing before ever introduced equal to it. Mr. Neelands has purchased the right for this section of country. The amount of gold and other materials used is a secret, and only known to Mr. Neelands. The person who says there is no gold in it evidently knows nothing about it. Mr. Neelands will put up $500 to $100 that every set of teeth made by him on this material for patients contains gold.

Black Rubber has been used by him for the last 17 years, and is nothing new. Any person making any pretentions to the name of a dentist can make teeth on the "only Genuine English Black Rubber." It is kept constantly on hand by J. Neelands.

By a new process Mr. Neelands will guarantee to insert lower sets of teeth where they are considered hopeless on account of the absorption of the jaw. Mr. Neelands has recently received a letter from Dr. Colton, of New York, the inventor of gas, for extracting teeth without pain, in which he states that he has given the gas to 136,613 persons without an accident. Mr. Neelands GIVES THE SAME KIND OF GAS, and made a special study of it under Dr. Colton. Has splendid success. Teeth filled to last a life time. A book of nearly 60 pages of valuable information given away. Office next door to R. Smyth's store. May be found after hours at private residence, Mill street, near Kent. Persons from a distance will please send postal card before coming.
