WARNER AND PERRY

The Great Bankrupt Stock Dealers have experienced in their history this week two remarkable events. The FIRST was MOVING INTO THEIR

Large New Store in the Doheny Block, Two doors East of the Daly House.

where with our extensive premises you will avoid being crowded, and with our increased facilities will not be required to wait to be served as in the past. The SECOND EVENT was the

Purchase of the Splendid Stock of Sinclair & Co. of Orillia

at the very low price of 50 cents on the dollar for the General Goods, and for the Ready-made Clothing 55 cents on the dollar. The stock was bought from the largest wholesale dealers in the trade, and consists of the best goods of their respective kinds in the market.

This will ENABLE US TO SELL GOODS AT LESS THAN MANUFACTURERS' PRICES and make a fair profit

Don't be deceived into paying double our price at other stores. ☞ Try us in the new store.

WARNER & PERRY, - TWO DOORS EAST OF THE DALY HOUSE.

Brevities.

Mrs. W. Rea and her sister Mrs. Thomas Calvert, are visiting friends at Kincardine.

Wanted to exchange a Massey binder for a horse. Apply to Mrs. B. F. Jewett, Kent street.—36-4.

Mr. J. Keith of Toronto, is visiting his uncle, Mr. James Keith, in town. We are pleased to greet a former deserving and clever pupil.

D. M. Grant, Esq., B.A., headmaster of Sarnia high school, with Mrs. Grant and children is visiting his father-in-law, W. A. Sherwood, Esq., at Oakwood.

Itch, mange and scratches of every kind, on human or animals, cures in 30 minutes by Woolford's Sanitary Lotion. This never fails. Sold by S. Gregory, druggist, Lindsay.—36-13

Mr. W. Hickey, principal of Bobcaygeon schools, is enjoying holidays among Manvers, Emphro and Cavan friends, after which he purposes making a tour of the northern lakes.

Blackwell Bros., Messrs. Will and Geo. S., true to hereditary paternal training, enjoy honest amusement. They frequently take bicycle trips to the country, and are good riders.

Rev. Mr. Fallis of Janetville, was in town on Tuesday and spent the day with his friend, Rev. Mr. Dewey. Mr. Fallis is an old Cartwright boy, and has already made a name for himself in the ministry.

On Sunday night last the Orangemen of Tyro Block of Janetville, attended divine service in the methodist church. Rev. Mr. Fallis preached an appropriate and appropriate sermon. Nearly one-hundred were unable to gain admittance.

Some good road work is being done on the Valentia road leading south from the "big ditch" [illegible] Britain's road. It would be well however, to engage a man for a few days [illegible] stones among the otherwise splendid gravel.

George Laidlaw gladdened us and many other Lindsay friends last week, by dropping in in his own genial way for a few minutes' visit. His stay was short owing to the approaching marriage of his sister to the son of late Senator Macdonald. Vide report in another column.

Mr. Harcomb, mechanical superintendent G.T. Ry., Ontario Division, spent some time last week in Lindsay. He is one of the rising young men of the service. He is also an expert rifle man, having, until a few years ago, been one of the active crack shots of the Eastern Townships.

A ten cent piece was found on the main street the other day. This was just enough to buy a packet of Wilson's Fly Poison Pads, and could not be put to better use. For exterminating Flies, Ants, Cockroaches, Etc., nothing equals Wilson's Pads. Sold by all druggists. Take no imitations.—37-4.

Several Italian navvies employed on the ballast train by Mr. McGar, on the Manilla Jct. section struck last week on account of hot weather. Mr. McGar refused to take back the ringleaders. Why cannot the Canadians loafing around town roll up their sleeves, go to work, and not be hanging about the charity committee for help?

Mr. J. W. Graham, principal of Brantford public schools again, according to his annual custom, visits Lindsay, where his many warm friends and relatives extend him cordial greeting. Mr. Graham, while teaching, has been pursuing the course of doctor of philosophy in the National University of Chicago, and has already taken the degree of *Ph. B.* Next year we hope to greet him Dr. Graham.

Geo. R. Harper Esq., architect and valuator, with Mrs. Harper and family, has been enjoying a visit with Mrs. Wright in town. It affords us great pleasure to note that Mr. Harper's business has extended to require three offices, his central one on 54 Church street, with branches at West Toronto Junction, and at the East end also. Parties from Lindsay or Victoria county, moving to Toronto, could not do better than consult Mr. Harper.

The journalistic "scare" of an imminent war with England on the seal-fishery question industriously exploited by some esteemed contemporaries, was no doubt premature. So far nothing has happened to disturb the prospects of a peaceful diplomatic solution of the difficulty. Nevertheless, it is by no means unlikely that England deems it just as well to be forearmed against all possible emergencies. The ironclads which have been sent over to cruise in the waters of her North American possessions have no bellicose instructions. The expectation of the government is that the cruise will be a peaceful one. They desire it to be peaceful. But who can tell what the future shall bring forth? The presence of this armament almost in our midst should at last awaken Americans to the possible perils that environ us. Our seacoast is practically defenceless. Our navy is ridiculously inadequate, our ports would prove easy targets for modern missiles. In twenty four hours New York could be hurled into a shapeless mass of ruins. In our present crippled condition we [illegible] and build by every nation with a visible and tangible navy.—The Illustrated American.

We are pleased to note that Bro. W. Miller of Omemee, has been appointed D.D.G.M., for district No. 12, or the Ontario district, at recent meeting of the Masonic Grand lodge in Kingston.

Thomas A. Gregg of the Toronto News, gave the Warder a call on Monday, on his way home from Fenelon Falls where he had been attending the funeral of the late Mrs. Fitzgerald.

Henry Sloan of Churchill, a direct descendant of James Sloan, the founder of the orange order, was in the procession here on the 12th, and occupied a seat on the platform in the grove.—Orillia Times.

Herbert Middleton son of T. A. Middleton insurance agent of this town, caught a maskinonge in Lake Scugog near Washburn Island that weighed twenty two pounds and three quarters. Not bad for the boy.

Correspondence received from his business manager strengthens the hope, that Mr. Archer, the great English organist may visit Lindsay sometime during Sept. Mr. Archer's reputation as an organist is world-wide.
