The Liberal Convention. A Quebec Liberal on What it Should be and do.

(Huntingdon Gleaner, reform.)

The Globe of Monday contained an announcement that Mr. Laurier is about to issue a call for a convention of Liberals to be held in Toronto next month. The Globe correctly states that there is wide-spread discontent with existing conditions, but we submit it errs when it adds that the general feeling is in favor of unrestricted reciprocity as the remedy.

The feeling is as profound as it is wide-spread among the farmers, that a change in the administration of the government is needed. Many were induced to support the N.P., on the assurance that it would give them a home market and higher price for their produce. In that they have been disappointed, and they would like to see a government in power which would not legislate as manufacturers ask or let railway men dip their hands into the treasury as they pleased.

That the situation would be improved by placing Mr Laurier and Sir Richard Cartwright in power is not clear, for their policy consists in obtaining unrestricted reciprocity with the United States. Unrestricted reciprocity is a pretty phrase, but it really means bringing Canada under the McKinley tariff What our farmers want is cheaper goods, and that unrestricted reciprocity would not give them.

To S. Hughes, Lindsay.

SIR.—In THE WARDER of 16th January, 1891, you appear to think Sec. Blaine of United States of America, means war, in the matter of the Behring Sea seal fisheries dispute. He don't mean anything of the kind, so far as shot and guns are concerned. The army and navy men of the United States, who fear this talk about seizing British sealers in Behring Sea, look upon the matter as a political dodge, and consider the political scheme calculates to do harm. They point out the fact that there is not a modern gun mounted in any one of the fortifications of the United States, that the government is in no condition to invite a controversy of arms with Great Britain. It is also considered absurd to talk of bluffing Great Britain in the matter, that there is not enough of glory in the Jingo plan to divide it between Blaine and Harrison, and give either enough capital to ride into the presidency upon, yet there is a supposition that Harrison is convinced that a quarrel with Great Britain, if properly managed, and only carried to a point from which a safe retreat can be made at or his renomination, would be a popular venture and that it would help him in securing a re election. And as Mr. Blaine having in hand the correspondence between the United States and Great Britain can immortalize himself by conducting a warfare of words with Lord Salisbury, and by making a large nuisance that is not intended to result in war. But the movement in the United States Supreme Court on the part of the British government and Sir John Thompson, Attorney-General of Canada, in the case of a schooner in the Behring Sea seems to have been unexpected by Messrs. Blaine & Co. Supposing Canada should purchase Alaska from the United States would it settle the difficulty, or would they try to sell the frozen region and keep too seal? You will see by the enclosed how the Japanese view the United States of America, and by publishing may help the incoherent and careless to understand their factious leaders. The electors of North Victoria may see their way more clearly to send to parliament, one who not only protects the farmers and their interests, but is ready at all times to assist in good government of Canada, and the union of the British Empire; and not be absent or derelict in his duty, or try to pull down that wall of protection in the south, and raise it in the north, the east, and west, against all other countries, especially that one who is advocating our rights in the seals.

CONGRATULATIONS.—We congratulate Masters Ormond, Perkins and Edwin LeCraw in successfully passing the entrance examination.

ON looking over the high school entrance examination we were surprised in reading that Miss Agnes Dickson of Fenelon Falls obtained the scholarship standing first in the county, her marks being 561, while Edwin LeCraw of Norland obtained 572; also Alice Stuart of Cavan obtained 555. GET A FLAG

FOR YOUR

SCHOOLHOUSE

The movement for hoisting the Canadian flag on the schoolhouses on anniversaries of noted events in our history is spreading rapidly throughout the Dominion and evoking the hearty approval of all patriotic citizens. Already

The Empire

has done its share in helping on this movement, by awarding a handsome flag to one schools in each county of Ontario, but the number of enquiries from all parts of the Dominion as to how flags can be obtained by other schools has determined the publishers of THE EMPIRE to offer a handsome

of best bunting, 12 feet long (regular price $15), as a premium for 30 new yearly subscribers to the WEEKLY EMPIRE at $1 or eight new yearly subscribers to THE DAILY EMPIRE at $3 per annum, or a proportion of each, one subscription to Daily counting for FOUR Weekly.

Every school in the Dominion ought to have a national flag, and this offer presents an opportunity for each obtaining it without cost, and with little trouble. Let those who are interested in getting a flag for their schoolhouse join in getting up a club, and while subscribers get full value for their money in the best newspaper in the Dominion, the school obtains its flag FREE OF COST.
