He will take no Risks.

Shrewdness of a wellknown City Merchant.

HE KNEW WHAT WAS GOOD FOR HIM.

In winter when Canadians spend a large portion of their time indoors and can't have the same variety of fresh food as in summer and fall, indigestion and dyspepsia afflict a majority. "If anybody will tell me that dyspepsia in its advanced stages is perfectly curable," said a Toronto merchant, "I will take his word. Personally I run no risks. As soon as I feel a sense of weight in the stomach, after a meal, I know that my blood is sluggish in circulation. In my business I cannot take much exercise, and I fight the first sign of stomach troubles with Scott's Sarsaparilla. It has never failed me, and has saved me many a doctor's bill."

Scott's Sarsaparilla possesses medicinal properties superior to all other so-called sarsaparillas made. As a remedy for indigestion, rheumatism, pimples, scrofula and all blood diseases, physicians state that its equal was never known. Sold at $1 per bottle, of all dealers.

From Widdleton to Waddleton.

When we set out a-journeying, my baby girl and I,
It really is a wonder how the way goes fleeting by;
The course is from the sitting-room, her charger is my knee,
And the minstrel music with us is her little laughs to see.

Oh, from Widdleton to Waddleton its eighteen miles,
But from Waddleton to Widdleton its nineteen miles
(Which is just a freak in distance which my conscience reconciles
With the theory that baby scows are full of tricks and wiles)—
Oh from Widdleton to Waddleton its eighteen miles.

Her grandma is so jealous when we set about our trip,
She claims to see a clear shade in the quiver of her lip.
She says the way is rocky and the steed is roughly shod,
But we tell her of another path that's smooth and clear and broad.

We never have arrived at where we set about to go,
But always on the journey [illegible] a curly head drops low,
And then I draw her closer, closer, closer to my breast,
And the steed is turned to pasture and its rider is—undressed.

"Still from Widdleton to Waddleton its eighteen miles,
And from Waddleton to Widdleton it's nineteen miles,
And the breezes bring a murmuring from drowsy afterwhiles,
And a little prayer is uttered for a life to know no trials—
Oh, from Widdleton to Waddleton its eighteen miles."—

Chase's Kidney Liver Pills.

Chase's Pills have gained popularity because they are a specific for the uric acid condition, prevent Bright's disease, cure Rheumatism and all Catarrhal conditions of the Kidneys and Bladder. They do this because they possess remarkable alterative, tonic and diuretic properties, exerting a wonderful soothing influence on irritated or inflamed mucous membranes of the kidneys or bladder. One pill a dose. 25 a box. The cheapest medicine in the world.—27 1

VICTORIA ROAD.

Special to The Warder

IT seems some time since your scribe sent you any news from here and as I think our town is of enough importance to appear in print once in a while, here goes

IMPROVEMENTS.—Mr. S. Caverly has built a handsome addition to his shop..... Mr. Wesley Jones has completed his elegant residence.....R. B. Jeffrey Esq., has put the finishing touch on his lovely home and has rented one half of it to Mr. S. Howe. The other half will probably soon be occupied by himself; at least Dame Rumors connects his name with one of our most estimable young ladies... Messrs Morris, Demorest, and Marshall, have also made their homes on Poverty Hill more comfortable.....Dr. Blanchard has refitted his office.....The Barrett house has put on a new suit.

ITEMS.—Entertainments and parties seem to be the order of the day.....Mr. J. Clapsaw has received the contract to furnish the timber for the Trent Valley canal in adjacent to this village.

STRANDED.—A travelling show consisting of five males and two females have been playing here and in the little hamlets of Kirkfield, Coboconk, Kinmount and Mindemoya to poor houses, with the result that they are "out in the cold"

THE blasting in the canal is still going on and tons of rock are taken out every day.

HAY AND STRAW are very scarce.

THE excitement at Ottawa does not seem to raise the temperature much here. Remedial legislation does not seem to figure in it—give us secular schools and let the clergy do a little more work.

For Headache, Constipation, Biliousness, or Torpid Liver, Burdock Pills are the best cure. 24-6.

KINMOUNT.

Special to The Warder.

KINMOUNT DISTRICT L.O.L. held their annual meeting in the orange hall at Silver Lake, on the 14th inst., when the following officers were elected:—W. T. Craig, W.D.M; Albert Budd, W. Deputy master; Rev E Soward, district chap; G Train, district rec. sec'y; Fred Dettman, district fin. sec'y; Arthur Martin, district treas'r; Edgar Harrison, district D of C; W. C. D. Stewart, district lecturer. It was resolved that this lodge hold a district celebration on the coming 12th July in the village of Kinmount and that the secretary be instructed to invite the surrounding lodges to take part in said celebration.

THE Kinmount pocophone and zobo band made quite a stir on the street recently. This is something new. Let us have some more of it boys.

AN application will be made to the county council for a grant to build a lockup here.

W. S. SCOTT of the Minden hotel is seriously ill. Drs McAlpine, Frost and Corry are in attendance.

THE young man from Ewan, will lose his best girl it not careful. School teachers are not plentiful.

INGRAM lodge loyal true blues held their regular meeting in the Orrange hall, Kinmount, on Thursday evening, when the officers for the ensuing year were duly installed. A resolution to form a fife and drum band of thirteen pieces was passed unanimously. It was also decided to hold a grand tea and concert in Morrison's hall on Friday, March 6th. The members are determined to make this lodge second to none in the district of North Victoria. "No Surrender."

WHO says our town is not booming? Messrs. Sam Parkins and Richard Davis are about putting in an electric light plant with power house in Craig & Austin's mill. Already over two hundred incandescent lights have been signed for by our business men and others. A petition will also be presented to the township council to have our streets lighted.

ACID WORKS.—It is expected that the acid manufacturing company will also locate here, whether they get a bonus or not.

SICKNESS.—Mr. J. C. Train's youngest child has been very ill for the past three week.....Mrs. F Train is very ill with ulcerated sore throat.....Miss Selina Carr, Monk Road, is laid up with diphtheria, the house being placarded by the board of health.

MR. Geo. McKee, postmaster of Ewan, Galway, was in our village on Saturday last.

Hay is very scarce. Wood finds a ready sale here. A large amount of birch, elm and pine timber is being hauled here for shipment.

PORT PERRY.

WELCOME. — Our townspeople gladly open their ranks to receive and welcome a desirable acquisition to our numbers Mr. N Ingram and family. Mr. Ingram is grand secretary of the loyal true blue association. He has purchased that fine property on Cochrane st., known as the Chestney property on which he now resides. Since his purchase he is having the premises completely renovated and overhauled and making every repair necessary to add to the comfort of the premises. We commend his enterprise and and liberality and with the rest of the town offer a hearty welcome to Mr. Ingram and his interesting family as permanent residents in our midst.

L.T.B.—At a regular meeting of Canada's own lodge, No. 9, loyal true blues, held on Thursday evening, 9th inst, the following officers were duly installed:—W.M., G. J. Morrish; D.M., A. A. Bowerman; chaplain, W. H. Clark; rec. sec'y, J. N. Mark; fin. sec'y, E. H. Purdy; treasurer, T McLaughlin; D of C, Chas. Alldred; I.T., J McConnell; O.T., Chas. Mowat; committee—John Abbott, James Balfour, L. Hicks, B. F. Crandell, M. L. Crandell; trustees—J. G. Hardill, James Balfour.—Observer.

A mirror could not lie if it wanted to. The glass has nothing to gain by flattery. If the roses of health and plumpness of beauty are leaving your face, your mirror will tell you so. Health is the greatest beautifier in the world. When a woman sees the indications of ill-health in the face, she may with almost absolute certainty look for the cause in one or both of two conditions—constipation, and derangement of the organs distinctly feminine. Dr. Pierce's Favorite Prescription will cure permanently and positively any so called "female complaint" Dr. Pierce's Pleasant Pellets will cure constipation. There is no reason in the world why a woman should not be perfectly healthy She will gain in health, strength and flesh. Hollows and angles will give place to fullness and grace. She will be that noblest and most beautiful of all creation—a perfect woman.

Send 31 cents in one cent stamps to World's Dispensary Medical Association, Buffalo, N Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

It Saved our Child.

"My little daughter, three and a half years old, suffered three years with Eczema. Her little body was covered with the itching rash, and doctors did no good. Four boxes of Chase's Ointment have entirely cured and saved our child. Her skin is clear and not a sign of rash is to be seen." Andrew Alton, Harland, N.B. Mr. Alton is one of thousands benefited by this unfailing cure for piles and skin diseases.—27 1

Sick Headache.

Dyspepsia, Biliousness, Sour Stomach and Constipation arise from wrong action of the stomach, liver and bowels. Burdock Blood Bitters cures all diseases of these organs.—26 8.

CAN BE MADE NEW!

Your Husband and Children Will Rejoice and be Glad.

Have you ever tried to renew and recreate your husband's and children's cast-off clothing? Why, this work is done easily by thousands of women, every day of the year. They are successful in the work, because they use the wonderful, strong and never-fading Diamond Dyes. Old and faded dresses, jackets, capes, coats, pants and vests can be made to look like new garments, at a cost of ten cents When you decide upon doing dyeing work, be particularly careful to use only the Diamond Dyes. See that your dealer does not offer you substitutes or imitations. If you are unfortunate enough to be deceived, your work is in vain, and your garments are ruined.

Bobby's Composition.

Parents are things which boys have to look after them. Most girls also have parents. Parents consist of Pas and Mas. Pas talk a good deal about what they are going to do, but mostly it's Mas that make you mind.

Sometimes it is different, though. Once there was a boy came home from college on vacation. His parents lived on a farm. There was work to be done on the farm. Work on a farm always has to be done early in the morning. This boy didn't get up. His sister goes to the stairway and calls: "Willie, 'tis a beautiful morning. Rise and list to the lark." The boy didn't say anything. Then his ma calls: "William, it is time to get up. Your breakfast is getting cold." The boy kept right on not saying anything. Then his pa puts his head in the stairway, and says he, "Bill" "Coming sir!" says the boy.

I know a boy that hasn't got any parents. He goes in swimming whenever he pleases. BUT I AM GOING TO STICK TO MY PARENTS.

However, I don't tell them so, 'cause they might get it into their heads that I couldn't get along without them.

Says this boy to me, "Parents are a nuisance; they aren't what THEY'RE cracked up to be." Says I to him, "Just the same I find 'em handy to have. Parents have their failings, of course, like all of us, but on the whole I approve of 'em"

Once a man says to me, "Bobby, do you love your parents?" "Well," says I "I'm not a quarreling with 'em."

Once a boy at boarding-school went to calling his pa the governor, and got his allowance cut down one half. His pa said he ought to have waited till he was going to college.

Much more might be written about parents, showing their habits and so forth, but I will leave the task to abler pens.—Harper's Round Table.

Blisful Joys of Motherhood.

Isabel A. Mallon writes of "For His Royal Highness, the Baby," in January Ladies' Home Journal and discusses the infantile wardrobe, bed and all belongings, concluding her practical article with this pretty thought: "I wonder if those women to whom comes the great blessing of motherhood ever realize what it means not to have a child of one's own? At the mere hint of a baby's going from her the loving mother draws him closer and closer, and while his eyes close she dreams out what life is to be to her. It may never be as she thinks—but oh, are any hours so happy, is life ever so full of bliss as when a mother holds her child in her arms and knows that she makes sunshine or shade for it, and that it is to her a joy forever?"

Wasting Your Life.

FAILURE OF PHYSICAL AND MENTAL FORCE—TO ADD TO LENGTH OF LIFE—USE DODD'S KIDNEY PILLS.

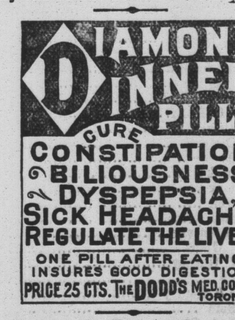
With a pathetic sigh how often it has been said: "Well, then, I suppose I must let go my hold on life."

To fathers and mothers of unreared children this is tragic.

But whence cometh sure and timely help? If death is preventible, how?

The timely answer is: By scientific and successful kidney treatment—by using Dodd's Kidney Pills.

Hundreds write to thank us and tell of their cured, but none to say that Dodd's Kidney Pills have ever failed.—27 1.



To Neatly Roll an Umbrella.

The proper way to roll an umbrella is to take hold of the ends of the ribs and the stick with the same hand, and hold them tightly enough to prevent their being twisted while the covering is being twirled around with the other hand.—December Ladies, Home Journal.

A Merchant Testifies.

GENTLEMEN,—I write to tell you how good I have found Hagyard's Yellow Oil for sore throat. In one family alone the Yellow Oil several bad cases, and my customers now recognize its great value. The Newest Skirt.

The latest skirt shown by French designers requires ten yards of twenty-two-inch silk for a skirt forty inches long, writes Emma M Hooper in December Ladies' Home Journal. It is cut in nine gores, with the straight centre of each breadth being in the centre of the gore. Make the sides slightly bias, which will give them a bell-like flare. Be sure that a bias seam comes at the centre back and that the lining is cut just like the outside. With wider goods two gores gores can come out of the same width. The skirt is five yards wide and should be interlined stiffly ten inches deep all around. The front and sides should be slightly gathered to the belt and the back laid in three narrow box-plaits at the top. Skirts should be made to open at the left of the back rather than made to lap the centre back. A pocket can be put on the right side in the seam next to the back one. No dresses are interlined throughout now by any one understanding skirt making. The flare effect, however, requires the stiff interlining from ten to fifteen inches deep all around. If a skirt is made with two double box plaits in the back they must lap slightly at the top or all of the fullness will fall toward the sides instead of the centre back. Made-over skirts may be lengthened by a bias band of velvet, velveteen, silk, plaid, etc., but trimmings on skirts are only used when necessity requires. A broad braid bordered with loops or trefoils of a narrower braid is sometimes seen on the edge of a skirt.

Mr. C. Donnelly, wholesale liquor dealer, Alliston, Ont., was troubled for years with Itching Piles. He was persuaded by Jas. McGarvey, Alliston, livery man, to use Chase's Ointment, which he did, was cured, has had no return of them and highly recommends this Ointment as a sovereign cure for Piles.—27-1.

The Modern Ideal Kitchen.

"The ideal kitchen" is treated at length, described in detail by James Thomson, and illustrated in December Ladies' Home Journal. Mr. Thomson says that in the model kitchen of the present the walls should be of glazed tiles or enameled brick to the height of six or seven feet. In place of these, painted brick or plaster may be used. Soapstone is also excellent. The tiles or brick should be carried clear to the floor, no wooden baseboard must be used. The floor should be of tiles, plain mosaic, stone or cement, all hard and dirt-resisting and easily kept clean. Have as little woodwork as possible, and what you are obliged to have let it be plain, with as few joints and crevices as possible. Your cook will at first object to this style of flooring, but a few days' care of this cleanly surface will convince her.

How to Reduce Your Weight.

When you are dieting to reduce flesh you must eat stale bread, and give up potatoes, rice, beets, corn, peas, beans, milk, cream, all sweets, cocoa, indeed, anything which even suggests sugar or starch. Dry toast without butter, tea without either milk or sugar, rare meat with no fat, and, as far as possible, no vegetables at all should form your diet. Take all the exercise you can in the way of walking; go twice a week to a Russian bath (where possible) and invariably go to bed hungry. Anybody brave enough to live up to these laws will certainly lose flesh.—December Ladies' Home Journal.

ATTENTION.—We are now sending out notices to those who are in arrears for subscription to THE WARDER, to which we hope to have a prompt response. The amount to an individual subscriber is small, but in the aggregate is quite an amount to us. Those interested will kindly attend to this matter at once, as it is not pleasant for us to be reminding delinquent subscribers every week or two, nor can it be very pleasant to them to be thus reminded. The way to get out of this worry is for those in arrears to pay up at once.

"SMYTH'S GROCERY," opposite the market, will close at 9 o'clock on Saturday evenings in future. We are receiving New Teas and other groceries of this season's production. —18-tf.
